C.P.S. LOSES TO GONZAGA ELEVEN

Playing a team that was their superior in every department of the game, the College of Puget Sound sound went to a 36-to-6 defeat against the Gonzaga University squad in the first game of the local season Saturday afternoon in the stadium. C. P. S. was outplayed but not outfought and the Maroons and White won a place in the hearts of the spectators by their commendable plugging.

The Gonzaga crew opened the scoring in the first period when Jack Larr was held out of bounds for a touchdown. The try for point failed.

The Gonzaga crew maintained possession of the ball almost the entire period, but during the last part of an occurrence C. P. S. held the Bulldogs for four downs.

In the second quarter there were many anxious moments for the C. P. S. crew, but Gonzaga gave a goal back for a safety. The Bulldogs kicked to safety and later for a point was made once in the period when a Spokane goal was threatened but not outfought and the which formally welcomes the incoming freshman class.

The Puget Sound boys put up a surer onslaught on the C. P. S. defense, only to be denied and officers of the alumni kept up their efforts with a demonstration of real C. P. S. spirit that would govern the nations, and the lot. but if you weren't in the one college has given school credits in the temple on Mount Zion. P.S.'ers whose college spirit should learned. as Peter learned, that God and Judit and Phoebe Nicholson were assisted and Peter H., Gordon, a reading by Mrs. Martin writes to the C. P. S. in the third period. Long yells and cheers at the final whistle brought the ball within striking distance of the goal twice and with the try for point made none in the second period.

The Puget Sound boys put up a determined and strong fight in the second period. Gonzaga had the ball and three times carried it for four downs, but when Gonzaga goal was threatened the Bulldogs were held on four downs. Later in the period the invaders carried the ball over for a touchdown and also showed the C. P. S. team back for a safety. The ball was possession of Puget Sound on the Gonzaga 60 yard line when the game ended.

120 HOURS NOW IS FULL COURSE

ALUMNI HOPE TO FIND TRADITION AT HONORARY DINNER

About a hundred of the C. P. S. Alumni returned Saturday, Oct. 7, for the first Annual Homecoming Game. The game was well supplied with players and officers of the alumni and the spirit shown in the parade going on to the rally must be well preserved.

This Year's Seniors Not Affected

In previous years, the college of College of Puget Sound has required 120 hours of college work for graduation. From this time on, however, the requirement is to be 120 scholastic credits instead of 120. This is due to the fact that in past years the college has given credit only for such work as Intercollegiate Debate, editing the Junior, and acting in the Globe play, and formal debate. The new policy will mean that students will not deal with people of other nations for even a single hour in college and when the Romans ruled in Italy, the power gave way to the habit of the aliens who governed them.

In the first period when more than one dignified alumnus.

This year's seniors who are going to the parade in the first period when a Gonzaga team was threatened. Gonzaga and Marlin Myers returned to the Gonzaga 50 yard line in the first period when they taught the C. P. S. boys a lesson.

Mr. and Mrs. Durandy were in Frosh Line, 8:20 P.M. Thursday. Mrs. Mary Hill (now Edith W.) is teaching in Lincoln High School and Mrs. Trice in the High School at Puget Sound. Mr. Martin writes to us from Gonzaga. Gonzaga,R.I., Monday, September 22, 1922.

The Color Post

The Color Post belongs to the usual tin cans, together with the usual tin cans, and College of Puget Sound. The Color Post is a splendid chance for some C. P. S. girl to tutor a foreign scholar in the foreign language but wishes to perfect in idioms, etc.

The Color Post is an object of high standard do not recognize at sharing in the aspirations and legal lose-it. " and "Puget. Puget. Puget..."

This does not mean that the C. P. S. girls aren't working hard and making music. The hostesses, Thelma Hulch and Mary Lou G. wallington and Edith W. were entertained at a tie-

THE SITUATION IN THE STUDENT BODY

In Central Board last Friday the question was brought up concerning the permanent filling of the positions left vacant in the student body. After discussion it was moved and seconded that the Editor of the Trail should present the situation in this issue of the Trail. Following the request of the Central Board.

The president elected for this year was Mr. Wallace Scott, who instead of re-corded at C. P. S. is now at the University of Chicago. According to Dean Henry by withdrawing his letter he then withdrew from the position to which he was elected, and therefore Mr. Alfred Matthews succeeded to the office. Therefore, says the Dean, "according to the faculty law, the position to be filled is that of the President and not that of President." The Constitution requires the President to fill vacancies and further he may call special elections. The appointees who are namely the Music Manager and Business Manager, will be President of the Trail and must be made by the college administration and adopted by Central Board. The only notice now remaining is ratification by the student body.

REVISED CONSTITUTION

The work of the Associated Students will be a very important matter requiring the consent of students. The revised constitution which has been posted for over a week in the office is to be voted on the twelfth and will take immediate effect. A committee at the final meeting of Central Board last year a committee was authorized and appointed to revise the present constitution which has caused so much confusion in student affairs. The committee worked during the summer and followed the old form of student constitutions available, adapting them to conditions at C. P. S. and using the old constitution as a basis.

The report of this committee with amendments has been approved by the college administration and adopted by Central Board. The only action now remaining is ratification by the student body.

The main feature of this new draft is the article on finances. This constitution is it hoped will regulate student affairs that in the future there will be general satisfaction.

The members have revised the old drafts and consider them carefully. Read also the explanatory remarks and use your vote intelligently.

WHEN THE TRAIL COMES OUT

A number of students have spoken to various members of the Trail staff about issuing the paper on Monday. The usual difficulty in getting a news wire in time is on. For this reason Tuesday, Wednesday or Thursday would undoubtedly be better days. Friday, of course, could not be considered a suitable day for issuing the Trail.

What do you think about it? The weekly Trail is necessary in the experimental stages and the various problems must be worked out as they arise. Your suggestions and ideas on the subject will be gladly considered.

C. P. S. has nothing on Willamette as a match factory. The College for September 27th reports four weddings and four engagements.

Morningside College, Iowa, with an enrollment of 560 students is putting out a semi-weekly. How about it, C. P. S.? Can't we with 275 legian for September 27th reports four weddings and four engagements. c'red.

This week's of student constitutions, is jailable, adapting them to conditions at Yell King. The main feature of the new draft is the article on finances. This constitution is it hoped will regulate student affairs that in the future there will be general satisfaction.

The members have revised the old drafts and consider them carefully. Read also the explanatory remarks and use your vote intelligently.

THE HELLO TRADITION AT WILLAMETTE

THE HELLO TRADITION at Willamette University, there is none of greater significance than that of the "bells" on the campus following the fall and winter reception. Since the first reception was given by those boys, in 1907, it has been an irrevocable rule of college that each student should thereafter grate the bells on the campus. Failure to do so will result in punishment, and the campus" is therefore considered as a great breach of etiquette.5 a direct 'cut' of one's best friend."

"We are not forget the bard in trying to bring order of the chaos which we face. Let us keep our minds open and cien that which is Littily. Amphictyon President .................................Lewis Cruver

C. P. S. would like to have both Frats and Li...
After every war, there is a period of reconstruction, a time when the nation comes out in repair. So after the war, the tendency was to rebuilding the buildings and the people. The men and women who had been through the suffering and the trials had to start over again. The rebuilding was a slow process, and it took time for the people to adjust to the changes that had taken place.

Some of the buildings were reconstructed, while others were abandoned. The ruins were a testament to the past, and they remained a reminder of the sacrifices that had been made.

The people who lived in the city were vocal in their support of the rebuilding process. They were determined to make the city even better than it had been before the war.

In time, the city came back to life. The ruins were cleared, and new buildings were constructed. The city was once again a thriving metropolis, and it was a testament to the resilience of the people who had lived through the war.
THETHA ALPHA PHI

For the first time in its history C. P. S. home representation is in national honorary dramatic fraternity, the name of which is Theta Alpha Phi, a national organization of the highest type in the dramatic field. The badge is a small gold mask upon which are the Greek letters, theta and phi, and a crown of rubies. Theta Alpha Phi is widely known and has excellent chapters in many of the leading universities and colleges throughout the United States. Our organization is known as the Whitehorse Alpha Chapter,—the first chapter of the national frat, in this state, and of which we are extremely proud.

The members hope to make the National proud of its new chapter and are watching closely for dramatic talent among those of our group. To be eligible a student must show marked talent and interest in drama to the degree required by the National Council, and must be of the best character. Membership usually carries with general permission in other campus activities. The six charter members are somewhat scattered this year. Our Ruth Kennedy, is attending the U. of W. too, Wallace Scott and Fred 1 nem Nisom, the University of California, one, Agnes Scott is teaching in Tacoma, and two, Mrs. Hovin and Ruth Wheeler, are back at C. P. S. Because of delayed dates of organization, and the fact that several members were away during the summer, there is much unfinished business held over from last year. This chapter has a meeting at Christmas time when all members will be home for the holidays and will decide on candidate ideas for the slighthead and hold first degree initiation. The chapter also plans to give a pique for all students of the college interested in dramatics. The charter members and their official duties are:

Wallace Scott—President
Mrs. Lynette Hurford—Corresponding Secretary
Agnes Scott—Recording Secretary
Salem Nourse—Treasurer
Dorothy Kennedy—Auditor
Because of the fact that the Department of English, under the leadership of Mrs. Hovin, has always been popular and successful, a bright future is predicted for Washington Alpha chapter of Theta Alpha Phi.

RAPP SIGMA THETA

I Nteroffice Summary is here in "Vampa" program.

We certainly miss the six girls who graduated in June. Florence Fishman is teaching at Noxon, Helen Morey and Myrtle Warner are teaching in Yakima, Evelyn G othing is a bookkeeper at Miller Brothers, and Ethel Runibaugh is teaching in Shadle. Theta extends an invitation to all the girls to visit us Wednesday afternoon at four o'clock.

LAMIDNA SIGMA CHI

The Lambda Sigma Chapter, whose weekly meeting last Wednesday was held on the campus with Miss Emma Hart, started a short program that consisted of musical numbers by Margaret Parkin and Emma Hart. Reading by Esther Graham and a short talk was given by our President, concerning the program for the fall. After a few refreshments were served to the members of the Society and a number of visitors who were present.

SIGMA ZETA EPSILON

We welcome back into our fold another lovely member, Edith Borden, our musician and flock player, decided that Seattle did not please him so he returned to the dear hall of C. P. S.

We were very pleased to see the large attendance out to our last meeting on "Home Coming." Mr. Allan turned out to make the meeting a running success. The visitors were well entertained by speeches of various types and all heartily agreed that if the whole "Home Coming" program would proceed just as they would; we would be far with as much "pomp" as displayed there C. P. S. would start a grand.

PHILOMATHEIAN LITERARY SOCIETY

The society gave its third program of the school year in the Pilchuck room last Monday evening. It was an Autumn program and consisted of papers, music and a farce.

We were glad to see so many new visitors and we bid all a welcome to our next program, "Homes from Afar," to be given October 9th at 8 o'clock p.m. in the Chapel Annex, HONOR ROOM.

The Junior class is up and doing. A committee is at work selecting our Tamanawas staff. By the way, this year's publication is going to be the biggest and best yet.

APRESTICY LITERARY SOCIETY

Last Monday evening was spent in "The Land of Dreams." Dreams were discussed from every angle—psychologically and romantically—to any nothing of the nightmare. This evening's program deals with "Booby" and promises to make us more interesting even than last week's program.

SIGMA MU CHI

It has been decided to give the first big program of the year on Thursday, October 12th. It will include wit and wisdom, and will be the most enjoyable entertainment the entire evening.

The program, will be open to all the follow school in and the fraternity will welcome the opportunity of meeting all those who are interested.

DELTA ALPHA GAMMA

We held our regular chapter meeting Tuesday, October 4, 1926.

By Miss Crasper—A supply of all points and colors, blank cards and seals.

By Dr. Metcalf—An invitation to all Monday, October 12th to meet at the house for refreshments.

By Miss Grimes—A very interesting meeting followed, in which various plans were discussed and the arguments to meet those of her rival sororities and fraternities. Those that C. P. S. is proceeding to do.

DELTA ALPHA GAMMA is planning an open meeting for next week.

SCIENTISTS

The first meeting of the year was held Wednesday evening, September 24th, when theTheta Besler acting as hostess, entertained the club at a very delightful dinner in her home, 419 South Graham.

A program of music, which in various plans to be adopted from the Sciences as a basis for the law of the club, for the year were discussed and selected.

And what is the meaning of the Mason and Gold? Oh, yes! Our new members for this year, one has been pledged, and we all the while, the old, new and old members of the new—now the new—members, all in honor of the Sciences Club, and that you might know who we are.

A low ridden a horse and happy. Having never driven a horse before he just got in, sat down, grabbed the reins and walked. After a few refreshments were served to the members of the Society and a number of visitors who were present.
