YOUR PAPER
The staff this year is trying to make the Trail the best paper Puget Sound has ever put out. We want to make it interesting and full of information about every line of activity that occurs upon the campus. If you are not satisfied with the result of our efforts, come and see us and talk it over. Above all else remember, that the Trail is your paper and we are here to serve you.

BE FRIENDLY
Now is the time to meet new friends. Greet your schoolmates. Don't be stiff and formal. Say, "Hello" and smile as if you really mean you are glad to see them. The older students are liable to forget that the freshman is having as much fun as they and the older students are liable to forget that the freshman is having as much fun as they.

WHY GO TO COLLEGE?

"WHY GO TO COLLEGE?"
By President W. B. Hyde of Bowdoin College.
"To be at home in all lands and all ages: To understand the nature of things and, at an intimate friend: To gain a standard for the appreciation of other men's work and the appreciation of life; To carry the world's library in one's pocket and feel its resources behind one in whatever task he undertakes; To make of friends of men of one's own age who are leaders in all walks of life:

CHRISTIAN ORGANIZATIONS

The Christian element of a college will not become predominant unless the influence of the Bible, which is the foundation of all religion, is taught. The Christian influence is to be found in every corner of the college. The college aims to spread the Christian gospel throughout the entire college.

Cabinet is organized under the supervision of the Philo Song Society.

PHILO NOTES

The Hub Gas-station and Snappy Service store has moderate prices, and the influence of the Kingdom of God. This is not restricted to certain qualifications, but each student is eligible to membership. There is an equal opportunity for all students. Each member holds one vote.

Two other important organizations are the Student Volunteers Association, and an organization devoted to study of missionary literature. The Student Volunteers Association aims to maintain a Christian home in each college, and each member receives diligence to live up to the work in keeping with the fellowship and promise of the Bible. It is the aim of the entire college to form a foreign missionary society. It is held as a duty to be a foreign missionary. The ideals of this organization are to be kept alive in the foreign fields, and the student body is encouraged to be a missionary society. Meetings are held every Monday night.

The Delta Alpha Gamma entered to please the doors of their house after opening an eventful summer vacation. After a wedding, fishing trips, mountain trips, and all the other usual college activities, they stayed another year's work at dear C. P. S.

The Lambda Sigma Chis are a sister club of the Science Men's Club and our main social events of the year are held in conjunction with them. This year the Science Men's Club is being organized under the supervision of the Philo Song Society.

WHAT BECOMES OF THE FIFTH GRADE BOY?

By the time of the 3rd grade, many of the pupils that you see today will be in high school or college. Some of these boys will go on to become college graduates, while others will drop out before graduation. It is important for teachers to help students develop good study habits and teach them how to manage their time. With proper guidance, many of these boys will go on to become successful men and women.
