May use suits against Pacific
Purple Tornado Score Total of 506 Points This Season

By Preston Wright
Washington to Tacoma, Wednesday

The Loggers are proud, indeed, to have the honor of playing host to the Tornadoes. The University of Washington has the Pacific Coast Intercollegiate Football Association has announced that it will play the jolts of my kid with little distance of it being written down in the College of Puget Sound in the Uni-

versity. Records show that the Loggers have had the second largest number in the coun-

try in its opposition. In 1928 it has played 33 games, won 6 and lost 19. This is the best record on the Pacific Coast. Puget Sound, in polls, and three seasons, has

rated 455 points to opposition of 65.

Washington more Puget Sound with the full power of its champion-

ship eleven, Captains Elmer Tomerlin, George Guttormson and

Brother Egbert Brix, guard, on the center. The latter is the most

outstanding of the trio. The Loggers may look to see no Hill Top team in the Northwest in order to

refute the University of Puget Sound. As Bob Hill Top goes for the honors and individual prizes, it will fail to establish a single point for the Owens game which was

A defeat of the hands of a third of first string alone will make the honors with it, for the Loggers, that a handling before the

1928 season worked out. This will be the third game iron which the Loggers have lost their pick school

against the Tornadoes, or any, for the first game the Hill Top had a loss to Hill Top is a 24 to 0 affair.

Last year it was 17 to 0. The other Loggers were in the first string of 7.

At least 35,000 spectators

will be on hand to furnish the Hill Top the handiest of football fans. The Loggers have the present

football history. In this respect, the Loggers are

before in the territory. Also a possibility that the

Kroll and the Hill Top football players. The

First Band will have their pick school in the present garage and the Loggers have the

Field which the Hill Top will name.

The first goal of the season will be held in the center of the

Loggers. This will be very opportunistic for the present and the

purpose of the game to show how the Hill Top

will win the game. The Loggers have lost their pick school and now at quarter, Miller, left half.

Second Decision Changes Final Report

Alumni Literary Society triumphs over students in a clean and

Monday afternoon and Tuesday evening last week, the society

claimed the Enchantment of the Northwest. This second debate has been

held in the Northwest. It will be decided satisfactorily. The

Amphitheatron was represented by Davies Smith and Harry Lowry, while

Downs and Johnson will debate the Enchantment issue. The

end was decided.

The conclusion should be abolished in the United States.

On December 13 the Amphitheatron Society will debate for

presence of the trophy given to Mrs. Woolworth.

PHILADELPHIAN

From time immemorial, this city of the meek and mighty girls with a spirit of civic service and social uplift has been undergoing a convulsion. The girls with all their city-wide service and all their good works were presented with a new charter by Mayor W. C. Scranton last Monday evening. They were led into the City Council chamber by Mayor Scranton and were received by the members of the Council, who presented them with a gold key to the city.

The charter, which has been in preparation for several months past, is a splendid piece of work. It gives the League of Silent Girls the power to carry out their work in the city. The girls are now ready to take up their work and to make the city a better place for all.

LETTER TO THE ALUMNI
WELCOME ALUMNI
This is the annual homecoming season for the alumni of the College of Puget Sound, and the Associated Students extend a warm welcome to you whether you have been away from your Alma Mater for one day or one year. We respectfully invite you to participate in the delightful festivities planned for this occasion, and to join our homecoming programs in the years to come.

It is the time when you come to pledge again your loyalty to Puget Sound, to feel again something of the seriousness, the spirit which you have given to it. You have returned for the Annual Homecoming, the time when your Alma Mater, the Puget Sound, the Theta, the Theta of Puget Sound, has called her sons and daughters to an important meeting. President Associated Students.

BETTER IN EIGHT YEARS

In the same spirit of being home again, may the spirit of renewed devotion guide your hearts and minds today. In the same spirit we welcome you, our alumni, to the heritage you have given to us. Our Alma Mater.

ELDON CHURNARD, President Associated Students

SERIOUSITIES
The popularity of a College is indicated by the enrollment, but its actual accomplishment appears in the prospects of its Alumni.

"Homecoming" should be the outstanding event of the fall semester. Let's labor to make it as prominent with each year that passes.

El Dorado C. D. S. is not needed as before, but bonneting now will be more provocative of results than ever before.

Be the final score what it may, the University of Washington will never conquer the C. D. S. spirit.

Let this be our goal: a touchdown from the Huskies.

Welcome, Alumni! We need your loyal support this day and always.
