The best of a field to work out on has discounted training and practically nothing was available that was really of great value. The only track path in the area for such a long dirt track would have been better. However, the new track facility of the College of Puget Sound is due in a few months, which will be better, because new people have been realized that what they provided this spring would have had to be done through some understanding. For the furnishing of the hot bed, could be accomplished this summer with the weather next year. The winter weather would settle and find its place in good condition.
