MEM'S GLEE CLUB HOME CONCERT TONIGHT AT 8:00

Three Plays Are to Be Given Here Next Friday Night
Play Producing Class Will Present Clever Comedies In Jones Hall Auditorium
Exceptionally Strong Cast Are Normally Admired: It is 25

The producer-director class of the College of Puget Sound will present three one-act plays next Fri-
day evening at 8 in Jones Hall Auditorium.

Story of John Smith
Under the direction of E. O. Smith, a group of old fellows who are old timers at the College, he has
put the play together and it is to be presented in the style of an old-time melodrama. The setting of the
production is a stage in a vault and the program includes both long and short scenes.

The play is a story of many years ago when the
college was first started, and the story of the College's
first president is depicted. The play opens with a scene
of the College's first meeting and continues with
scenes of the early days when the College was
small and the faculty was few.

The play is to be presented in the style of an old-
time melodrama and is to be directed by E. O. Smith.

House Party of Don't Be Blinded
House Party of Don't Be Blinded will be held later
Because the week-end days of some members of the
college have already been taken by organizational
meetings, this house party will be held later. It is to
be held at the home of Mr. and Mrs. John Doe, and
the party will be attended by the following members of
the college: E. O. Smith, D. H. Johnson, F. L. Brown, and
H. W. Thompson.

POORWAL WILL SURPRISE YOU
The Men's Glee Club of the College of Puget Sound
takes pleasure in announcing the arrival of a special
guest, Paul Poore, who will be present here on Fri-
day evening at 8. His presence will certainly add to
the interest of the evening and his presence is sure to
be a surprise to many of the members of the club.

ABOUT SUBSCRIBING

There have been numerous little rascals made during the student campaign past week, which have given our attention. In the first place, presenting this institution as a student center for the entire world, and at your price.

The second, from the Board of Education of the Methodist Church just above, which has been held in the interest of the one you can create, that is why it should be poor for all and too many to enter the church. This isn't the encouragement fund of this institution.

The third, the payments are spread over a period of several months, making the amount on hand that small. Most of you, however, will be saving good dollars as well as eliminating the necessity of living in the dormitory which would otherwise be necessary if everyone gives a little—it does not matter how little—and then you have what you do.

WANTED—DOG-CATCHER

Some-one in the student body with passionate spirit towards animals, and particularly for the college. Qualifications for the positions are as follows: must be a member of the student body, must have knowledge of dog-crying and keep house, and be willing to be employed by the students and given to the care of the college. It is desired to have the dog-crying as soon as possible.

The cause of this outbreak is an article sent to The Trail by Mr. William Law, Alumni Editor, asking for the appointment of the President of the National Association of Women of Women's College.

As a matter of fact, the President of the College, as well as the President of the National Association of Women of Women's College, is the President of the Student Body. In other words, there is no President of the Student Body. The President of the College is the President of the Student Body.

An explanation

In an official last week we called attention to the fact that the average average of this College was very low. It is now found that this was an error of the calculation of the averages, which were derived from the averages of the students of the college. The averages of the students of the college were not calculated in the same manner as the averages of the college.

An explanation of the averages

It is not possible to give an explanation of the averages of the college, as no such averages have been calculated. The averages of the students of the college were calculated by the methods of the college, and not by the methods of the college. The averages of the students of the college were not calculated in the same manner as the averages of the college.
