MYSTERY COLUMN

This week The Mystery Club planned to devour the book, "The Mysterious Affair at Styles," by Agatha Christie. However, the worthy sleuths-were somewhat distracted by the warm weather, falling down six flights of stairs—and as a result, this effort is doomed to the SENIOR WEEK.

And now:

Professor Weir:

"They agreed to go to the New York Aquarium."

The seniors left Saturday, but they will be back in their port-afet that, they almost threw Themselves on the boat.

THE JUNIORS were led by THAT FABRIC GENERAL OF HIS FIELD (BUT NOT ENGLISH) THIS week. They were reading a book that was written in the year 1800.

When they authored, the latest fashion was for women to go barefoot, and men in the spring and fall went around wearing their socks.

Professor Weir, because it reminded him of the ancient Greeks.

The juniors first tried to find the name of the book by the use of a geogra- phy dictionary, but had no luck. When the wise ones figured out that they should look at the dictionary, none, George Barnes exploded at the thought of looking up "drowned." "It's too long and too difficult," he claimed.

The seniors first tried to find the book by the use of a geography dictionary, but had no luck. When the wise ones figured out that they should look at the dictionary, none, George Barnes exploded at the thought of looking up "drowned." "It's too long and too difficult," he claimed.

"In the使 of нас,anas, a certain dictionary was "at home."

With the help of the dictionary, the seniors found the book, "The Mysterious Affair at Styles," by Agatha Christie.

"We found it!" said George Barnes.

"We'll have to read it next week!" said the seniors.

And for this week:

Matthews and Larkin will consult on the subject of critical thinking, allowing that all are not "worth it."

"It's a good book," said Matthews.

"We should read it next week," said Larkin.

"We're not going to a show by having a PACIFIC BAY," said Matthews.

"It's a good book," said Larkin.

"We should read it next week," said Matthews.

BEST OF A NIGHT

"I'm not going to a show by having a PACIFIC BAY," said Matthews.

"It's a good book," said Larkin.

"We should read it next week," said Matthews.

ARCHERY PLANS ARE ANNOUNCED

A regular day will be out for athletic practice. Friday will see a few archers coming out in the afternoon to shoot. Saturday will be a day to test the accuracy of the archers. Sunday will be a day to practice in the afternoon.

DISEASES OF TALK TOPIC

Tuberculosis Head Speaks in Chapel Friday

All about 19 ages, symptoms, causes and cures were spoken in a talk given by Mr. R. M. Green, a tuberculosis patient, in the chapel Friday. Mr. Green related that tuberculosis is spread through the air and is a serious disease. He also emphasized the importance of early detection and proper treatment.

"Tuberculosis is the most common disease of the human body," said Mr. Green, "and it is a serious disease that can be prevented by proper diagnosis and treatment."

Notice something that you did not know about tuberculosis before today? (Continued on Page 111.)

DEBATES RETURN FROM INVASION OF SOUTHERN STATES

Torrey Smith and William Law Back After Two Weeks

Four Debaters Are Fully Confident Decision Is Lost to New Orleans

Complete their schedules and debates on their two-weeks trip to the South. Torrey Smith and William Law returned from New Orleans after a successful trip to the South. Their trip was filled with many interesting experiences and valuable lessons.

"We had a great time," said Smith. "We learned a lot about the South and its people."

"We also had a lot of fun," said Law. "We visited many interesting places and tried many new foods."

FUGITOS TEAM MEET AT COLLEGE OF NEW YORK

Embankendorf and Delbage Report Complete Formal Contest

Practicing Daily, students of the campus debate team, Embankendorf and Delbage, report that the team is well prepared for the upcoming collegiate debate contest.

"We have been working hard," said Embankendorf. "We are confident that we will do well in the contest."

**PLAYS ARE A SUCCESS**

(Continued from Page One)

With Japanese and Spanish audience present, the first presentation of the season for the New York Civic Theatre has been given. For this discussion the authors have chosen a scene of the Pacific.

A short talk about the state of affairs in the world today was given, and after the brief interlude the play began. The authors have given the reader an insight into the future of their society.

Philanthropists

What we have learned is that this brings to everyone in the audience, in a startling way, talk of the possibility of some sort of a "new beginning". The plan was to present this "new beginning" to the audience in the form of a talk on the future and its possibilities.

**PHYSICIAN**

(Continued from Page One)

The scientific advances of the past few years have made it possible to do things that were once thought impossible. In this article, we will discuss some of the advances that have been made in the field of medicine.

**NEW YORK CIVIC THEATRE**

The New York Civic Theatre has announced that they will open their season with a production of "Mystery of the Orient." This play is based on a true story that took place in Japan during the Meiji period. The play tells the story of a young woman who is forced to leave her home and go to America in order to escape the oppression of her family. The play is significant because it is one of the first productions to be performed in the United States by an all-Japanese cast.

**LUCAS PLAN PLANS TO SPEAK**

The Lucas Plan plans to make a return to the city of New York in order to give a talk on the future of the country. The plan is to present the talk in the form of a lecture, with the authors providing a written summary of the main points of the talk.

BOUQUET TO THE LADIES

The writing desk that faced the president of the women's junior-varsity basketball team is ajar. It was filled with a surfeit of notes from the ladies in the office. The writer has received more than a dozen notes of this kind, but has been able to read only a few of these. The writer has been able to read only a few of these.

ABOUT THE R. C. M. E.

The University of Washington School of Music will present the University of Washington orchestra and concert band in the next concert. The concert will be held at 8 p.m. on Friday, November 28th, in the auditorium. The orchestra will perform under the direction of Dr. Leo S. Stoffer. The concert will feature a variety of music, ranging from classical to contemporary. The program will include works by composers such as Beethoven, Mozart, and Chopin. The concert will also feature a selection of student compositions. The orchestra will be joined by guest soloists from the University of Washington faculty.

**FRA TERNITY PLEDGING**

The problem which is forever before the Greek-letter groups of the college is the question of when to pledge new members and whether the pledging should be done on a regular schedule throughout the year. On the one hand, there are some who believe that the pledging should be kept to a minimum and should be done only at the beginning of the year, while on the other hand, there are those who believe that the pledging should be done at any time, provided that it is done in a manner that will not cause any harm to the pledges.

The little band of University of British Columbia track and field athletes fell before the strong College of Puget Sound artists by an 88 to 43 score on the college field Saturday. The meet was held in a downpour of rain that started soon after the opening event. The meet was hopeless from the beginning, and it never once did the count become close.

Gordon Tatum, the Loggers' captain, took high point honors of the dual meet with a total of 19 1/4 counters. Tatum took first in the high jump, second in the 100-yard dash, first in the half-mile run, first in the 440-yard dash and was a member of the winning relay team. And it was just by the margin of the relay that he nosed out Fell, the Canadians' all around star who totalled 19 points and took every one of the visitors' first places.

Fell copped first in the broad jump, low hurdles and high hurdles. Don Darrow finished high with 174 points while Bassett and Garnero finished the list of the first five ranking performers with 10 points each.

Half Mile Relay Close

The closest and most interesting event was the half-mile relay which came as the closing event. The schedule called for a mile relay but was changed to the half-mile at the request of the visitors. Captain Tatum, running first, passed the baton to Neyhart, a freshman, to give him a 25-foot lead. Neyhart, almost untried, surprised by keeping his lead. A bad exchange of the baton in the third heat set Hendel off bad. He kept his distance, however, but Darrow, the last runner, was given a handicap of about 15 to 20 feet. Darrow came through with flying colors to overtake his man and beat him to the tape by a few feet. The time for the half-mile relay, which was run in the face of a steady rain and on a sloppy track, was one minute and 39 seconds.

Haroon Vanity 11 Feet

In the pole vault, first event of the meet, Don Darrow won at an altitude of 11 feet. Not being pressed he did not attempt a higher mark on account of the other events in which he was entered. Mosher and Alpen tied for second place. In justice to the Canadians it must be said that they met the Loggers under extreme adverse conditions. Three of their best athletes, and men who were certain to take first place, were unable to make the trip. As a result the British Columbia school was represented by a squad of only eight men. It will be remembered that the Loggers defeated the Canadians last year at Vancouver with a Maroon squad of only eight men.

Summary of the meet follows:

Pole vault—Darrow, P. S., Alpen, B. C., and Mosher, P. S., tied for second place. Height—11 feet.

Shot put—Garnero, P. S., Hannus, P. S. Distance—38 feet 2 inches.

Mile run—Fassett, P. S., Dunn, R. C., Chappell, B. C. Time—1:40.2 minutes.

High jump—Tatum, P. S., Fell, B. C., Martin, P. S. Height—Five feet, nine inches.

220-yard dash—Darrow, P. S., Naylor, B. C., Terry, B. C. Time—23.5 seconds.

Discus throw—Garnero, P. S., Booth, P. S., Alpen, B. C. Distance—120 feet, six inches.

High hurdles—Fell, B. C., Booth, P. S., Hannay, P. S. Time—16 seconds flat.

Broad jump—Fell, B. C., Harms, P. S., Wallace, P. S. Distance—19 feet, four inches.

Low hurdles—Fell, B. C., Hannus, P. S., Naylor, B. C. Time—27.3 seconds.

Javelin throw—Temple, P. S., Purvis, P. B., Darrow, P. S. Distance—173 feet, eight inches.

Two-mile run—Fassett, P. S., Dunn, R. C., Docken, P. S. Time—10 minutes, 18.3 seconds.

Half-mile relay—Won by Puget Sound (Tatum, Neyhart, Bendel and Darrow). Time—one minute, 30 seconds.
Fritz Kunz

Fritz Kunz, noted educator and lecturer, who will arrive in Tacoma Sunday morning for a three-weeks series of lectures and talks before the various organizations in Tacoma, says that Miss Mayo's book is a collection of half truths. Quotations from Mahatma Gahndi were torn from their contexts and have the effect of putting sentiments into his mouth which he repudiates and which certainly have not been carried out by his other writings and conduct. Tagore, the great poet of India, who is a personal friend of Mr. Kunz', lifts up his voice in denying the many startling and unjust statements in "Mother India."

Mr. Kunz, who is American born, was graduated from the University of Wisconsin in 1912. He immediately went to India where for 10 years he lived intimately among the people of all classes and for his livelihood filled the chair of history and education in the National Training college for teachers at Madras. He learned the native language, studied Sanskrit, dressed as the natives dressed and ate the native Indian food. In that way Dr. Kunz was able to reach the real heart of India and he says that is the only way to understand thoroughly this wonderful people. Had Margaret Mayo done this herself, he says, she would never have made the statements in her book which disclose her ignorance of real conditions.

He is coming to Tacoma under the auspices of the Theosophical society and will deliver a series of four lectures in the Theosophical hall each Sunday evening, beginning tonight and ending April 1. His subject for tonight will be "Sex, the Herd and Self." While in Tacoma Mr. Kunz will speak before the Add club on Monday, March 12; before the Kiwanis club on the 13th; the Rotary club on the 15th; before students of Lincoln high school and Stadium high school and before a number of the Parent-Teacher organizations as well as various women's clubs.
