A NEW PURPOSE FOR YF

For the purposes of charity and increased enjoyment, a new organization has been created. The new group is called the Young Feminists of Tacoma (YFWC), which has been proposed with the aim of making a positive impact on the community.

The organization was founded to address the changing needs of the city and to make use of the resources available to the community. YFWC has proposed a number of changes, including the use of funds for the benefit of the community.

As an amendment to the existing bylaws, YFWC has proposed to establish a new purpose for the old and make other minor changes. This amendment must be voted on by 50% of the members present at a formal meeting. A formal meeting will be held on the first Wednesday of each month to discuss and vote on the new purpose.

The new purpose of YFWC is to promote the community's interest in Christ and charity, especially through the study of the Bible. The organization will be dedicated to teaching and promoting the Bible's message, and its members will be encouraged to participate in community service projects.

The organization will be open to all members of the community, regardless of age or background. The meetings will be held at the First Baptist Church, located at 1234 Main St., Tacoma.

WE CONGRATULATE THE WOMEN

At the end of the academic year, the trip into Oregon last week ended. At Reed College and Pacific University, the Puget Sound Women's Club enjoyed a review of the matches. At Willamette University, the Oregon State-Seattle had the satisfaction of winning handsomely over Whitworth, gaining three straight victories. In all the Loggerrites won fourteen contests, with a draw in one.

As the trip was in the first week in which Puget Sound women were able to field a full team, the results are gratifying. We congratulate the team and may this first trip follow with more victories in the future.

AN IMPORTANT QUESTION

Several things have happened around the college since the last issue was published, containing an editorial on the subject of literary societies at the college. Some of these developments are of such importance that they may come to our attention, as a special meeting called Tuesday night by C. Amos Booth, president of the ANCS. A great many solutions to the problem are acceptable to the editor of the Trail, but the chief thought seems to be that things are going seriously enough to warrant the interest of both the three societies.

A reply to this editorial from one of the readers of this campus in the issue. Other replies have been received by the editor of the Trail, but are not being published, since it is believed that the only inclusion of the arguments that have been brought forward by advocates of literary societies, is as important as the question of the societies and the editorial.

At any rate, a discussion has most certainly been started which has the potentiality of becoming a permanent discussion in the future. Any student of the college may not wish to have their opinions published, but it is doubly important that the past discussions are any indication.
