WOMEN SCORE THREE VICTORIES ON OREGON FORENSIC INVASION

Lillian Burkland and Mildred Martin Win From Lufkin at College of Idaho.

Tribal Groups With Women's Teams Will Go to Convention at Washington State College.

The girls debate team scored three outstanding victories over the debaters at the College of Idaho before an appreciative audience yesterday afternoon. Burkland and Martin represented the College of Puget Sound from among the girls' debating teams. Miss Burkland, who was first place, is a senior; Miss Martin, who was second place, is a freshman.

The topic on hand was: "Resolved: That the Federal Congress should establish health insurance for all American citizens." Miss Burkland was "For" and Miss Martin was "Against." In their opening speeches, Miss Martin said that she was "against" the idea of health insurance because it would mean more regulation and control of private individuals. Miss Martin further said that the government should not interfere in the personal lives of the people.

Miss Burkland, on the other hand, said that the government has a responsibility to take care of its citizens. She said that health insurance would provide a safety net for those who are sick or injured and that it would be a wise investment for the country as a whole.

The judges were: Judge William G. B. Hulse, who represented the "Activity of the Month" award; Judge William B. Johnson, who represented the "Activity of the Year" award; and Judge William B. P. Hulse, who represented the "Activity of the Decade" award.

The debate was held in the College of Idaho auditorium and was attended by a large audience.

WEATHER AND OTHER THINGS

This is Thursday afternoon. Less than twenty four hours after the first day of spring, a light mist has settled down for a spell. The office of the Puget Sound will appear on the back page of the Trail as the weather. Great changes can and may take place.

The tone of this discussion will fail directly, or indirectly, the weather. For the last three days life at the College was an enigma to the casual observer. Most of the time it was a misty and cold one, but occasionally it was a bright and sunny one.

But while the inviting warmth of a March sun was pressing us in and lifting our spirits, the weather was to be taken as a sign of the future.

FAIR AND WARMER

By Hank Norton

On a spring day, the sky is a brilliant blue, the sun is shining brightly, and the air is warm and balmy.

One spring day, the sky was almost completely covered with small white clouds, but the sun was shining brightly, and the air was warm and balmy.

HALLIBURTON’S LIFE ONE THOUSAND AFTER ANOTHER

By Mr. Ginger

The expression “to live a thousand years after another” is often used to describe a person who lives a very long life. It is usually used to describe a person who lives to see their children and grandchildren.
