Loggers Score Twenty Easy Points to Win Over Linfield

Marson Wins Only Conference Tilt of Season in Closet Game; Reserve Strength of College in Puget Sound Tested in First Three Quarters of Contest Against Coach乙leihl's Men

With but three regulars in the starting lineup, the Puget Sound men were outglimed at the last Saturday afternoon in the Athletic Park. The Lumberjacks demonstrated that they had plenty of good players available when they pushed the game to another level of competition to the tune of 28-2.

The game was much in the Loggers' favor from the first kickoff, although the Linfield boys were down to the 14-yard line in the opening minutes when a pass from one of their packages was intercepted and returned for a touchdown by the Loggers in the last time. They were: Gillihan, captain, though handicapped by a broken thumb, and Art Martin, Sam Ullman, and Tuck Ritter, Art Martin, Sam Anderson, and Denver Anderson.

HONOR SYSTEM DISCUSSED BY FED

THE FOLLOWING DAY IN THE MISSOURI COLLEGE

By Daniel E. Johnson
University of Alabama

NOTE: This series of articles on the honor system is the goodwill of all college students. The editor of The University of Missouri College Bulletin, Dr. J. H. Fulkerson, on or about November 30 will present a report of the Honor System as it is practiced in the Missouri College Bulletin. The report will be made by the Committee on the Honor System, the members of which are: Dr. E. S. Herring, Dr. J. H. Fulkerson, and Dr. H. E. Smith.

The first article of the Honor System will be published in the Missouri College Bulletin. The second article will be published in the Missouri College Bulletin. The third article will be published in the Missouri College Bulletin. The fourth article will be published in the Missouri College Bulletin. The fifth article will be published in the Missouri College Bulletin.

The sixth article will be published in the Missouri College Bulletin. The seventh article will be published in the Missouri College Bulletin. The eighth article will be published in the Missouri College Bulletin. The ninth article will be published in the Missouri College Bulletin. The tenth article will be published in the Missouri College Bulletin.

The eleventh article will be published in the Missouri College Bulletin. The twelfth article will be published in the Missouri College Bulletin. The thirteenth article will be published in the Missouri College Bulletin. The fourteenth article will be published in the Missouri College Bulletin. The fifteenth article will be published in the Missouri College Bulletin.

The sixteenth article will be published in the Missouri College Bulletin. The seventeenth article will be published in the Missouri College Bulletin. The eighteenth article will be published in the Missouri College Bulletin. The nineteenth article will be published in the Missouri College Bulletin. The twentieth article will be published in the Missouri College Bulletin.

The twenty-first article will be published in the Missouri College Bulletin. The twenty-second article will be published in the Missouri College Bulletin. The twenty-third article will be published in the Missouri College Bulletin. The twenty-fourth article will be published in the Missouri College Bulletin. The twenty-fifth article will be published in the Missouri College Bulletin.

The twenty-sixth article will be published in the Missouri College Bulletin. The twenty-seventh article will be published in the Missouri College Bulletin. The twenty-eighth article will be published in the Missouri College Bulletin. The twenty-ninth article will be published in the Missouri College Bulletin. The thirtieth article will be published in the Missouri College Bulletin.

The thirty-first article will be published in the Missouri College Bulletin. The thirty-second article will be published in the Missouri College Bulletin. The thirty-third article will be published in the Missouri College Bulletin. The thirty-fourth article will be published in the Missouri College Bulletin. The thirty-fifth article will be published in the Missouri College Bulletin.

The thirty-sixth article will be published in the Missouri College Bulletin. The thirty-seventh article will be published in the Missouri College Bulletin. The thirty-eighth article will be published in the Missouri College Bulletin. The thirty-ninth article will be published in the Missouri College Bulletin. The fortieth article will be published in the Missouri College Bulletin.

The forty-first article will be published in the Missouri College Bulletin. The forty-second article will be published in the Missouri College Bulletin. The forty-third article will be published in the Missouri College Bulletin. The forty-fourth article will be published in the Missouri College Bulletin. The forty-fifth article will be published in the Missouri College Bulletin.

The forty-sixth article will be published in the Missouri College Bulletin. The forty-seventh article will be published in the Missouri College Bulletin. The forty-eighth article will be published in the Missouri College Bulletin. The forty-ninth article will be published in the Missouri College Bulletin. The fiftieth article will be published in the Missouri College Bulletin.
Did you know that many of our favorite snacks have a long history? Among them is the beloved sandwich, which has been around for centuries. Its origins can be traced back to ancient China, where it was first used as a portable meal. The modern sandwich as we know it today became popular in Europe during the 19th century, thanks to the work of a French chef named Louis-Nicolas vagelot. He is credited with inventing the first open-faced sandwich, which he called the "mortadella." The sandwich迅速发展，成为了一种全球性的食品。

此外，面包的种类也多种多样，从传统的白面包、全麦面包，到各种花式面包如法棍、长棍等。

虽然面包的选择很多，但是新鲜的面包和面包的制作工艺同样重要。新鲜的面包不仅外观上更加吸引人，而且口感和味道也会更好。所以，如果你想体验新鲜的面包和面包的魅力，不妨尝试一下自己动手做面包吧！

CURBSIDE OPINIONS BY H. L.

The city has been very busy lately with the elections. People are casting their votes and the candidates are door-to-door, trying to persuade the voters to vote for them. The city is in a state of excitement, with people working hard to win the election. The atmosphere is tense, with the candidates making their final speeches and the voters making up their minds. The city is divided into different areas, with each area supporting a different candidate. The city is in a state of flux, with the election results still unknown. The city is in a state of suspense, waiting to see who will win the election.

MENS GLEE CLUB

IN HOME CONCERT

The programs for the next few weeks will be as follows:

- September 22: "The Best of the Best" featuring the Glee Club's top performers.
- September 29: "A Night of Christmas Caroling" featuring the Glee Club's rendition of classic Christmas carols.
- October 6: "A Night of Love" featuring the Glee Club's performance of famous love songs.

The Glee Club is looking forward to entertaining its audience with these performances. The Glee Club members are working hard to perfect their performances and are looking forward to sharing their talent with the audience.

PHOTOGRAPHIC ADVERTISING

Patrons should stop in and look over our stock of Christmas cards. They will sell themselves.
