

COLLEGE TO OPEN BOOKSTORE; SANCTIONED BY ADMINISTRATION

Service to Be Offered for Mid-Semester Trade; Mrs. David L. Bryant to Be Operator; Favorable Report on Project Will Now Be Successful At Puget Sound

Plans are definitely under way for the establishment of a permanent bookstore at the College of Puget Sound, to be located in the old Thrift building at the end of Adams Ave. and P.U. Rd. last week. Mrs. Bryant stated that the board of trustees and administration have been considering the matter for some time, and that they are now ready to proceed with the project. It is expected that the store will be open and ready for business by the fall semester. Mrs. Bryant has considerable experience in operating a cooperative bookstore at the University of California.

In addition to handling new textbooks for sale and exchange, the store will also carry a variety of supplies and stationery. Books will also be sold for students who do not wish to pay the high price of books at the University of Washington.

THREE CHEMISTS PLAN

Students in the Chemistry Department have announced their intention to propose a petition to the Administration for the recognition of the Chemistry Club. The three students who signed the petition are: C. P. S. M. Craven, E. B. Bell, and F. L. Link.

The three students are interested in the proposed club because they feel that it would be a valuable addition to the College. They believe that the club would provide a good opportunity for students to study chemistry together and to share their interests in the subject. They also believe that the club would be a valuable addition to the College's offerings, as it would provide a forum for the exchange of ideas and the development of a community of scholars.

The students have been in contact with the Administration to discuss the possibility of the club's recognition. They hope to receive a favorable response from the Administration and to see the club become a reality as soon as possible.

STUDENTS AWAIT CHRISTMAS VACATION; BEGIN TOMORROW

Books to Be Laid Aside For Two Weeks; Upper and Lower Classmen Pack Knapsacks, Journey Home for Holiday Season. Many Parties and Reunions Are on Program

Christmas vacation at the College of Puget Sound begins tomorrow. Students will be packed and wriggling of college life left behind as they make their way back to homes and family. For many, the Christmas vacation will be a time of relaxation and enjoyment, free from the stresses of daily college life. For others, it will be a time of reflection and introspection, as they take a break from the rigors of academic study.

Many parties and reunions are on the agenda for the Christmas vacation. These events provide students with an opportunity to socialize and enjoy each other's company, while also providing a break from the demands of college life. They are a time for students to unwind and recharge, as they look forward to the new year and the challenges that it will bring.

As the students prepare for the Christmas vacation, they will be taking time to pack their knapsacks and make their way back to homes and family. The Christmas vacation is a time of joy and celebration, as students look forward to the festivities of the holiday season and the warmth and love of family and friends.
SPORTS BULLONEY

Some weeks ago the editor of the Northwest commented on the tragedies of the college players when considered in their production for the colleges. He pointed out that in this respect the one disadvantage of college football is the amount of time and the amount of money spent on college football.

The nature of college football is such that a player must have a great deal of patience if he is to succeed in it. A great deal of the work and sacrifice for which he may have to go through will never be noticed by the public or even by those who are his friends. The results of his efforts will be in the future, and not in the present.

Will You Share in Tacoma's Great Profits and Prowess?

It is expected that this Christmas season will be one of the most prosperous and profitable in recent years. Business is improving and the outlook is bright. The people of Tacoma are looking forward to a season of enjoyment and prosperity.

The following are some of the events that will make the holiday season memorable:

- The annual Christmas parade will be held on December 23rd.
- The annual holiday tree lighting ceremony will take place on December 24th.
- The annual holiday market will be held on December 25th.
- The annual holiday fireworks display will be held on December 31st.

Please plan to participate in these events and support our local businesses.

VACATION STARTS TONIGHT

The most important news of the week was the announcement of the vacation plans for many of our college students. Many of them have planned to travel to different parts of the country and to enjoy the holiday season in a different environment.

CORBUSTIONS OPINIONS BY H.C.L.

GLORIFYING THE AMERICAN GIRL

We visited a high school yesterday for high school girls only. It was a typical American\n
institution. The students were all dressed in uniform uniforms, and as a\n
whole they seemed to be happy and contented. It seems to us that this is the ideal way to educate young girls. They learn reading, writing,\n
and arithmetic, and they also have the opportunity to participate in various activities such as sports, music, and drama. It is a well-rounded education for young women.

The teachers are all well-prepared and enthusiastic, and the students are motivated to learn. The atmosphere is positive and supportive, and the school seems to be successful in preparing girls for college and life beyond. It is a good example of how American schools can be run.

The school also has a strong emphasis on extracurricular activities, with many clubs and organizations available for students to participate in. It is clear that the school is committed to providing a well-rounded education for its students.

In conclusion, we believe that this school is a model for American education, and we hope that other schools will follow its lead in providing a supportive and positive learning environment for young women.

LETTERS TO THE EDITOR

DearEditor,

I recently visited a high school for high school girls only, and I was very impressed by the atmosphere and the level of commitment to education. The students seemed to be happy and contented, and the teachers were all well-prepared and enthusiastic. It is clear that the school is successful in preparing girls for college and life beyond.

Sincerely,
