All-Star Team Is Picked by Grant

The members of the All-Star teams have been announced. The guards were outstanding by maintaining team play, especially in the third period when the teams were more closely matched. The forwards played strong defense and did their part in winning the game.

CURSTONES OPINIONS by H. C. L.

In Praise of Genius

After a serious struggle H. C. L. was rescued to give us a little note to the effect that, by his letter of work on appreciation of the art of Lennard of London, he has raised the standard of the work. As an example of that, his letter of appreciation is as follows:—

"To the Editor—"I am not sure if I have your address, but if I have your address I will be glad to send you a copy of my book. I am sure you will like it."

Thus Up On Bennett!

At the annual meeting of the Colby College Alumni Association in April, the Secretary of the association presented the following resolution:

"Be it resolved that the Colby College Alumni Association hereby expresses its appreciation of the services rendered by the late Professor Bennett, and that the Alumni Association hereby dedicates to the memory of the late Professor Bennett, a monument to be erected in the Colby College campus.

The resolution was adopted by a vote of 20 to 0."
