Breaking a 15-1 tie in the final seconds of the game, the Kapas Sigma Theta sorority sextet captured the women's intramural basketball cup from the Lambda Sigma Chi sorority, defending champions, with a score of 15 to 11. Game, March 11.

The game was close throughout, with the Takas having a slight lead for the whole except in the last few seconds. Score at half time was 8-8 in the fourth period.

Dora Lengdon of the Takas, along with Margaret McCrady and Grace Willard, starred individually for the day. However, all the players of both teams played exceptionally hard and fast, which was witnessed by the largest crowd of the year.

Outlaws vs.Independents

In the first of seven games played this week, the Outlaws defeated the Independents Monday by a score of 27 to 15. The Outlaws took a 13 to 3 lead at the half and by playing even with the Independents during the third quarter managed to win the game. Casperson led the Independents in scoring with 10, while Oliver led the Outlaws in the 15 to 14. Games next week will be played at unusual hours due to Christmas recess.

Omniums vs. Independents

In the second game in seven played this week, the Omniums defeated the Independents Monday by a score of 26 to 17. Taking a 19 to 3 lead the Omniums played easily during the second half. Casperson led the Omniums to victory with 18. Liim led the Independents with 12 points.

Omniums vs. Delta Kappa

Winning in an easy fashion the Sigma Chi fraternity defeated the Delta Kappa Phis by the score of 30 to 14. The Zeta took a 26 to 4 lead at the half and played faultlessly during the rest of the game. High scoring honors went to K. W. Jones, the Omumior's guard, and 12 points. Jack Kimball scored 11 for the Zarionus.

Omniums vs. Delta Kapas

Playing their second game in many days the Delta Pi Omicron once more came out on top of their second round rivals the Delta Kappas Phis. When they won by the score of 12 to 14. The Zetas took a 11 to 9 lead at the half and were barely able to stave off a last half rally by losing to the Delta Kapas 15 points. Olver of the Zetas took high scoring honors with 12, while Cleve- land collected 12 for the Omicronis. Much appreciation went to C. P. S. Offered Night Game

THIS AND THAT
The annual campus day has been scheduled for next Thurs-
day! School is forgotten for one day and the entire student
body direct their attention towards the campus. Last
year the school became enthusiastic over cleaning up the park-
ing strip, with the understanding that the city would plant
flowers and trees, and that the junior and senior classes
would pay the expenses. This year the city never carried out
its part of the agreement. The day was lost as far as the
school was concerned and the city gained by having the
work done.

Let us hope that the committee in charge of the program this
year does not make any such agreements again. In stead,
devotes its efforts to working on the campus proper and
let other parties make their own improvements.

We look upon city and national elections with an air of
suspicion. We are aware that the attitude of our govern-
cy has become deeply ingrained in our systems. We
condemn the crooked politician, the vote fixer, and the repul-
dant and the senatorial campaign万

Students here at Puget Sound are opposed to the idea of
abandoning our inter-collegiate golf team this year. Perhaps
the college is cutting down on its expenses, perhaps it is just
a whim. Whatever it is, no matter whose idea it is, not much
consensus was given to the problem before action was taken.

No other team the college boasts of was more successful
last year than our golf team. No other team brought so much
attention and advertised the school so widely as the golf team.
Consider that it was the first year of its existence and then con-
template again on how well it fared. Only one team ranked above
us in the state golf standings, that of the University of Washington.

There is no expense that was not too great for the school
to bear, for only $30 was appropriated for the sport and
with that amount the golfers toured the state, competing with
the best teams in the nation. It is a pity that this $30
was cut. Surely a set of golf clubs should be end-
aged and carried on the college's activity program.

DR. SEWARD'S AIDS IN RADIUM SEARCH
Uses Electrosopes in Effort to Find Precious Metal
Answering a distress call from the Pierce County Hospital, Dr. Ray-
ford B. Smith, Department of Pathology in the University of Wash-
incoln College, visited with the physicians in charge last Sunday morning to
find the source of the radium metal. Three small needles, about the size of
a slim ing needle, and each contain-
ing from 0.005 to 0.01 grams of radium, were
left in the patient's mouth for 48 hours, and evident-
ly they had not been extracted by the time
they were used by the patient to a piece of
adhesive plaster, which was fixed
on their face. About seven o'clock
Sunday morning he asked a fellow nurse-patient to not the
strings, and then, he claims, he pulled the strings down the sewer.
However, after Dr. Seward and the attending physician had thor-
oughly covered the ward and adjacent territory with electrosopes,
which are not in the position to receive the radium radiations, the authorities
came to the conclusion that the radium needles went down the sewer with
the strings.

The radium is the property of the Tacoma Radium Society, a group of about 30 Tacoma phy-
sicists and surgeons, for the adv-
ancement of scientific treatment of cancer. Certain types of
this disease which radium was used to treat were fully covered by insurance, and as soon
as possible the report is turned in to the
company, they will be fully
covered.
