year; paying the students.” The coach went on to say

the cooperation of the students and the student body was everything that it should be.

However the cooperation of the students is lacking in some respects. In time this system will be worked out to the mutual benefit of all.

At present there is a deficit of $250 in the accounts according to a financial report made by O. P. Hite, general manager. This is caused by the fall of royalties at the College of Idaho game when a loss of $700 was encountered. However a gain was made on each of the other games as follows: P. L., $113.92; St. Mary’s, $112.04; Pa-

University, $82.45; Whitman, $50.45. This made a total of $325.07.

VIKINGS CLASH WITH LOGGERS IN GRID FRAY
Bagley and Sulkosky of 1931 March 13, 1934, White, Alexander With Invaders

Coming as a breather after the stiff schedule of four conference games in as many weeks, the Loggers will take on the Vikings of Bellingham Normal next Friday after-
toonight at 1 o'clock in the Tacoma stadium. The Vikings have not been up to par the entire season, but an invader from the northwest is easy as possible as they are putting everything they have in preparation for this game. According to reports from the north, the Vikings seem to think that their season will be a success if they can win from C. P. S. This year.

Former Loggers With Vikings
At least two members of the team from Bellingham will consider a Puget Sound draft as a token of a successful season. They are R. Sulkosky and Art Bagley, both members of the Logger squad last year, who transferred to the Normal school. They will undoubtedly be on edge Friday to defend their former team-mates and both are expected to pro-
vide plenty of trouble for the locals. Bagley at fullback had been named as one of the best men in the state, and Sulkosky has been one of the founda-
tions of the line.

If comparative scores of the games for so far this year mean any-
thing, the Loggers should have little trouble winning 30 to 0, but the Belling-
ham Normal are playing within their weight at 7 to 0.

Gridders Excel

An interesting article, in which Warren Brown, a sports writer, surveys the national football situation in 1932, for which the Pacific Coast has the best teams, the best coaches and the largest crowds, appears in the November issue of CollegeHumor.

"Mr. Brown," he adds, "that's since the Pacific Coast's drive for recognition nationally in football was launched seriously in 1926, some 16 major games have been under- taken, which may indicate that Pacific Coast's representatives with teams from all parts of the country? And that, of these 16 games, the Pacific Coast has won 34, lost but 15 and tied seven?"

Finally, did you know that, if It is convenient, you can mail a check or money order to the address given on page 3 for the purchase of this magazine or to support the college's scholarship fund?"
