New Semester Shows Slump In Enrollment

Partial Figures Place Registration at 546, New Students Total 29

According to information issued from the Registrar's office by Christian Miller, there has been a heavy slump in the number enrolled in school for the second semester. At the present time only 546 have completed registering as compared with last semester figures of 638.

The latter number was an increase of 16 over the previous year's registration. Although there has always been a tendency for a slight decrease in the number enrolled for the spring semester, this year's decrease is unusually large. 595 students signed up for instruction until after the final registration turned and that final figures on registration could not be compiled until after the final registration date, which was February 11.

New Students Enter

Mr. Miller stated that there are 29 new students, 24 freshmen and five transfers. The colleges from which the five transferred are: Whitman, Oregon State, Linfield, Santa Clara and Moran Jr. College. The latter two being California schools.

The Registrar also stated that 586 cards were given out, but that 40 of these had not as yet been returned and that final figures on registration could not be compiled until after the final registration date, which was February 11.

LOGGERS LOSE TO WHITMAN

Defeats Practically Eliminate Sandberg's Men From Conference Race

By losing two hard fought games to Whitman at Walla Walla, the College of Puget Sound’s hopes for a championship in basketball were diminished considerably. The Loggers lost the first game by the score of 39 to 35 after they had come from behind to take the lead with only a few minutes to go. The second game went to Whitman by a 32 to 24 score.

In the first game the Maroon and White completely out-fought and out-played the Missionaries, but in the final minutes of the game the Blue and Maize squad was strengthened by substitutes who were “hot” and who sunk baskets from all points on the floor. In this game both West and Mills, starting forwards for Whitman, were ruled off the game on personal fouls. Bates for the Loggers was high point man in the game with 16 points.

Loggers Hold Early Lead

The second game opened with the Loggers taking a big lead, but the Missionaries gradually closed the gap and at the half had brought the score up to 13 to 12 in favor of the Maroon and White. In the second half the Whitman five continued to score and although the Loggers fought desperately and staged a rally at the close of the game they were unable to overtake the Maize and Blue squad.

In the second game the entire squad took part, with scoring honors going to Gagnon with seven and McCoy with eight. Nelson, Whitman center, was high point man of the game with nine counters.

On Thursday the Omicrons beat out the Mu Chis 25 to 17, Sterling and Minniti being the main cogs on the winning machine. In the second event the Chi Nus trounced the Peter Pugets 28 to 11, lack of practice by the independents giving the league-leaders the advantage.

RETRENCHMENT

It is with deep concern that the staff publishes this week's Trail. However the size of the paper is not a matter of choice but one of necessity, a step that is hoped will guarantee the issuance of a Trail every week. Besides the panning of apportionments, advertising is exceedingly difficult to contract and the present plan is to put the paper out on what funds come from student body fees and without much promise of securing many ads. If advertising does not pick it up it will be necessary to run the paper on what funds are available and then discontinue the paper.

It is far better to give the students a paper each week, even though it does not come up to your and our desires, than to edit a larger paper every other week. Every department in college has felt a reduction of apportionments and it is our purpose to conduct this department on the depleted funds given us. You have paid for this paper and with a careful budgeting, and a strict adherence to that budget, a Trail will be issued every week, thus making it possible for the staff to give the students a little something to show for their student body fees.
