Mural Sports Receive $250 For This Year

Manager Is Appointed to Help Reorganization Department; Needed

With an increased appropriation in the school budget the physical education department is planning an immediate impairment of three intramural activities and varied than ever before. The appropriation for intramural activities this year is $300, of which $150 is needed for basketball and $150 to defray the expenses for the year.

Intramural Manager

Reorganization of the department has been attempted by the appointment of Howard Smith as intramural manager. His duties, although not clearly defined as yet, will be to take charge of equipment, arrange practices, tabulate standings of the participants and to help with the publicity of the whole program. An assistant manager will be appointed if it is found necessary. This manager will automatically become secretary of the intramural managers committee.

New sports to be added to the program include horseshoes and swimming. Horseshoes will be available for everybody as a recreation and in the football spring games. There is a sufficient demand, an intramural manager will be appointed to take care of this program and a swimming meet will be held at the YMCA sometime during the winter.

Intramural tennis players will compete this fall, rather than the spring, if the weather is suitable.

Louis Omar, physical education instructor of the university, feels that touch football in his gym classes as a possibility for an outdoor sport to be held in the fall. If it is found successful an attempt will be made to include it in the intramural program next year.

GRID GLIMPSES

George Nace

George Nace, stocky halfback, is a first vision in this fall’s lineup. He picked because of the fact that he was the only freshman to break into the starting lineup of the first game of the year played by the Loggers.

George Nace, a native of the Olympic Peninsula, lived at Lincoln Hills of Tacoma, having finished last June. While in high school George Nace was a star footballer being quarter his first season and quarterback his second season. In his second year he was named fullback on the all-city team.

George Nace was not only his activity. He was the president of the Knights of Lincoln, president of the Junior Class, member of the Hi-Y, senior representative to the student council and president of the Letterman’s club. Besides these activities he was active in dramas and on various committees. At CPS George is taking a pre-medicine course and expects to take part in many other activities. He has been elected treasurer of the Freshman class.

Nace is five foot six and weighs about 150 pounds and plays the blocking halfback position on the Loggers now. For the bad news at this time, George is all wrapped up in a cute little girl at Lincoln so there is not much chance for the Loggers of playing with him this season.

Indoor Baseball Begins Tomorrow

Platform athletic managers hold their first meeting of the year Thursday noon and drew up the first round schedule for indoor baseball. The schedule is official, which is to be followed out exactly as printed with no exceptions. Games will start at 12:05 with the second game immediately after the first is completed.

Tennis is also scheduled this fall since the rainy season last spring was a fairly mild one and the crowds desired from being carried out.
