CPS Track Men Begin Training For '33 Season

Prospects for Successful Season Evident to Coaches To Participate

The 1933 season and winter "squad" built around five returning lettermen will be in top condition for the season. Thus far 36 men have been invited by manager Scott Huston, with prospects for two more. The Zetes should take this second round with the Mu Kappas. The Loggers put up a poor showing in both the first and second contests. In their last game the Loggers lost a close contest and this fracas should be repeated this week. Both teams will have their strong men in action and the season is expected to be a great one.
