CRIPTOGRAPHS

With this issue of the Trail we are inaugurating this new feature—CRIPTOGRAPHS. This popular form of puzzle has been one of the most widely followed of its kind among the literary-minded, you will remember that there is a "cryptogram" in the Trail which incidentally crypto-graphe fans claim is absurdly simple. If you have any questions about this new feature, or can suggest, suitable puzzles for this series, write the Puzzle Editor, Collegiate Digest, Madison, Wis.

Students seem to be getting the "play" in the collegiate news this week, I thought we would be no more right than we should include something about them in this week's Cryptograph.

The Last Roundup: Mae Morrison

A talk on Abraham Lincoln was given in the Friday morning chapel by Dr. Lewis A. Warren, who has made a long and thorough study of the life of that great man.

A group of piano solos were presented by Leonard O. Glandt at the chapel service last Monday morning. They were: Etude in D Major, by Mendelssohn; Fur Elise, by Beethoven; and Night Thoughts, by Percy Grainger.

Social Register: Professor Roland Truitt and his sociology department at the University of Minnesota (Minneapolis) who are hardly any functions to which these students belong to Charles Epps, an alumni . . . The way Wednesday's social register was treated at Kresses than about all the young ladies over there at Kresses under Professor Lewis A. Warren, who has made a life-long study of the life of that great man.

Political Journal: Candidates for ACSPS offices submit their petitions this week. Last year at this time there was hardly any interest in elections at all. For almost every office one candidate ran unopposed. A few of the offices were enthralling contested but as a whole the ACSPS politics was extremely low. To dignify—Editors' report—Keep off the Issues, there should be a big change this year. Why make ACSPS students head in the ACSPS room to write . . . organize their campaigns and be anxious to help make ACSPS a better place to go to school. It would be better to have it or 4 candidates for every ACSPS office.

The Late Roundup: Mae Morrison has a habit of dealing with themes that are somewhat more serious than the Glee Club. Last Friday she was in the book store and absently mused across the hall . . . Garrett Saul and O. Anderson are something or other . . . A few of the more serious students that Ben Knodel has been reading at Lincoln Hi.

Omicons Upset Revises Interes

Because of the default of the omicons at the hands of the Pete- ter Pugets last week, the interest in intramural basketball has mounted, with both the Zones and Chi Nus still in the running for the title. However, the Chi Nus must hurdle the Omicons tomorrow at noon, in what should be a real battle. The Omicons will be out to reverse that sliding defeat last week while the Chi Nus want revenge for the one-sided win the Omicons achieved from them a week ago.

The Sigma Zones will face off with the Mu Chi Nus at 2:15, and it should be a real thriller.

Thursday at noon the Delta Kappas, who have shown to be the Omicons, are to be the improved team in the circuit, will clash with the Terrible Swedes. In the second tilt the Pete Pugets will meet the Mu Chi Nus. The Omicons should win this one.
