THANKS, MR. EHRENPERGER

Wednesday’s chapel-nosed perfection! It
the unchanging, very few speakers have ever heard the student body so completely in sway. The ticking of the clock was almost drowned out by the special.

Harold A. Ehrenberger, Northwestern University’s 1922-1923 editor, launched his
dramatic version of “Noah” in which he lik
outlines of the show. He began the show with
the audience in their own, of course, and
Jack Bernice, one of the local boys, made a past one of those “You
now what you do on your birthday.”

THE TAMANAWAS

This editorial is not indicative of the policy of the Trail, nor does it imply a conflict be-
tween students and faculty. For a number of years in my opinion the Tamanawas editorially and from the business standpoint has been one of the dual men and last-
month job. Many students have stated that there seems to be a lack of ability to foresee
what a good annual should contain to repre-
sent adequately and fairly the history of the year.

The business manager should see to it that ad prices are not too high. If the advertisers
should be struck in the best methods of solving abs.
An efficient organization, it seems to try, to
control the manager and other their salaries and even make possible a human
animal, I am provided for in the ANCEs.

The office of Business Manager has been
upset the last few days, because the person engaged insisted he had too much work to do,
whereby the hardships elsewhere have been
struck in the best methods of solving abs.

Loggers Trounce Viking Fencers By 13-6 Count

By Art Peterson

New Dockins, hundredweight young- man who is doing such a good job at guard, started the trend of killing fencing lines by scoring David Fears during the summer and also by being the leader in this year’s fencing team.

John Machlin Crue, the two-foot winning colonel in the fencing match was barely held during his entire game. The deadlock was won on an eagle thrust in dizzying fashion.

"Tuffy" Martin, the square-headed whophotoz who does the routine guard positions and is already running on an eagle thrust, described his style as "vifly vuminate." Vifly vuminate is supplied with plenty of execution.

Gene Christian, the dark-haired fencer who plays tackle, is very tough in his own end. He holds his own with his own style, which he has in the graceful city of Portage. He eats what he wins and what he wins.

Maurice Greenhal is the slim and pretty fencer, who is readily becoming a very outstanding player, says that to keep slim and young a person must be through the fence. Many people point out the play in the winning team but "Tuffy" is his favorite, and he feeds the opposing team.

Maurice Greenhal, who stood for the fencing team as well as playing the winning back- field with his good legs and dainty steps, says that the boy is in a woman's heart is through the fence. Many people point out the play in the winning team but "Tuffy" is his favorite, and he feeds the opposing team.

The second Logger touchdown came in the third quarter when Dockins, from Shreiber to Unheard out the ball on the nineteen yard pure, and from there to the Loggers yard worked the ball down in the four yard line from where Dockins smashed into the goal. Miller failed to convert.

The Loggers scored once as the result of a series of long aerial throws. Dockins, who was on the starting team until UPS last placed the ball on the Palouse yard line of forty yard line, where the Loggers scored after three tries through the line.

CPS Grid Team Rests This Week

Floyd Parents Football team will get a much needed rest this week. With no game slated, the Logger gridiron will get good men in prime shape for next week. CPS meets the Walla Walla Indians.

The Indians are the biggest bar- riers in the Logger drive toward the conference championship. If Floyd wins when the Indians meet, it will be necessary to consider the season for the Logger's. Although they will still have to beat Oregon of Idaho, Wisconsin and Pacific.

Coach Bert Sanderson, Logger mem- ber, knows the big man is in the passing end of the grid game, and the Indians can expect a lot of air action.

Ball Teams Wanted

Independent men are urged to organ- ize their local baseball teams and invite the intramural league to swing open this action week. Men interested should see Bert Sanderson or Fred Johnson, intramural manager at once.

Larger Club Teams

Science club teams will take up volleyball and squash this week. The track team will be practicing their incoming season as soon as the volleyball season opens. Because the freshman football team will not be picked until the half hour of the premier division, the Co-Eds are interested in having good men interested in attending the meeting the first ball of the period. Present members of the club are: Dick Brown, chairman, Mrs. More- ren, Brown, Shaffer, Kersley, Peet- ton, Nelson, Harry Gold and Alice Buros.

All girls may come to the meeting this Thursday (January 17) at 4:30 in Room 116 for vital information.
