**EDUCATIONAL RESEARCH PROGRAM NO. 1.**

... This week's column marks another effort to instill study in students and encourage programs in colleges. We are beginning to see ourselves more clearly, to learn more about our own problems and how to solve them. The key to educational success is in the hands of the students themselves. They are the ones who must take the initiative and work to improve their own learning environment. The success or failure of any educational program depends on the students' willingness to take responsibility for their own education. The more they participate, the more they will learn.

**Dear Editor:**

We feel that "The Annual Desk" is a key element in our student body's growth and development. It is a place where we can share our experiences, learn from each other, and grow as individuals. The desk is a symbol of our commitment to our community and our desire to make a difference.

**Editorial:**

We have decided to increase the size of our production budget to ensure that we can continue to provide high-quality content for our readers. We believe that this will allow us to grow our audience and expand our coverage, ultimately leading to a more successful and vibrant community.

**THREE STORIES**

As she stepped out of the library, she noticed the poster. **“Have you signed for the books you are taking out?” she asked the girl.** She gave her a guilty look and looked down at the two books she was carrying. **“The Industrial and the Social Order of the Future,” and “Thou Shalt Not Steal.”** She had to have these books for her term papers. **“Social Order” and “Oral Argument.”** She noticed the country library was so much safer than the ones in the city. She was sure she could never be so guilty starting and looking down at the two books you are taking out—"that is, not until she reads The Annual Desk."**

**Extra! Extra!**

**KLEIN'S FOR MAY QUEEN?**

We are happy to have this opportunity to support our fellow students in their journey. **"The faculty is very excited about this year's May Queen election."**
