Senior To Pass Symbolic Hatchet

77 To Participate in Friday Chapel Program

The passing of the well-guarded hatchet from the Senior class to the Junior class will make the signal during Senior Day exercises, Friday, May 29. The hatchet, presented to Principal E. E. G. Dahman by the Senior class at last year's parade, is to be given to the Junior class at this year's ceremony. This will complete the three-year cycle, with the hatchet passing from class to class each year until the last year of the Senior class.

The Senior class will receive the hatchet and present it to the Junior class, who will then pass it on to the class following them. The ceremony will be held at 9:30 a.m. in the gymnasium, with the entire student body present.

The hatchet is an important symbol of the school, and its passing from one class to the next is a tradition that dates back many years. It is a reminder of the responsibility and honor that comes with being a part of the Senior class.

The Senior class will wear their caps and gowns as they receive the hatchet, and the Junior class will be dressed in their regular uniforms. The ceremony will be followed by a reception in the gymnasium, where students and faculty will gather to celebrate the passing of the hatchet and the end of the Senior class's year.

The hatchet is a symbol of the Senior class's achievements and contributions to the school, and its passing on to the Junior class is a symbol of the future that lies ahead for them.
