## Women Debaters Bring CPS Honor From California

**Hardison Places Second in  
Oratory; Gilstraps Place  
2nd in Junior Debate**

In competition with women orators from colleges and universities in eight states, Elizabeth Hardison won second place at the Pi Kappa Delta forensic meet held in Stockton, California, on April 1, 2, and 3. A representative from the University of Southern California won first place in women's oratory, and when final calculations were made, it was discovered that Miss Hardison had won second by 2/3 of one point.

Marie and Margaret Gilstrap won second place in the junior college section of women's debate, with a team from USC also winning first in this division. Gold medals were awarded the CPS women.

The meet, which climaxed the CPS season, was held at the College of Pacific in Stockton, and debaters there represented colleges with the best standing in forensics in Washington, Oregon, Idaho, Montana, Utah, California, Nevada, and Arizona. The next regional tournament will be held April, 1938, in Topeka, Kansas.

CPS debaters making the trip were Dorothy Gross, Elizabeth Hardison, Marie and Margaret Gilstrap, Bob Byrd, Jim Docherty, Jack Leik, and Valen Honeywell. Dr. Charles T. Battin, coach, accompanied the debaters.

## Perry Will Make Library Survey

**Is One of Five Trained Librarians Selected**

Selected by the Carnegie corporation advisory group as one of five trained and experienced librarians who will visit and study junior college libraries of this country, Warren L. Perry, librarian of the College of Puget Sound, left Tuesday for a two weeks' tour in which he will visit junior colleges at Aberdeen, Parkland, Yakima, and Spokane, Washington; and Billings, Butte, Havre, and Missoula, Montana.

The advisory group was formed in 1934 for the purpose of studying the development of junior college libraries while they are in a formative state and of reporting them to the corporation. Members of the group include ten professors and librarians selected from all over the nation.

Thus far the advisory group has compiled and analyzed statistics from over 300 junior college libraries and now has in process of publication a suggested list of books for these libraries.

As a result of its activities the group hopes to be able to formulate a statement of standards for junior college libraries.

## Plan Local Contest

In order to select those who are to represent CPS in the After-Dinner Speaking contest to be held here May 7, plans for a local contest will be laid at a meeting tomorrow, Wednesday, April 21, at 1:15 in Room 204. Charles MacLean, toastmaster and director of the contest, will be in charge, and all who wish to compete are urged to attend.

## Peace Speakers

Frederick J. Libby, Executive Secretary of the National Council for the Prevention of War in Washington, D. C., and Dr. Raymond Leslie Buell, president, Foreign Policy association, New York City, both of whom will speak at the First Methodist church at South Fifth and K streets this Saturday, April 24 at 8 p. m. in behalf of the No-Foreign-War Crusade now being carried on by the Emergency Peace Campaign of America.

## CPS Is Host at Music Festival

In sessions that lasted the entire day, and into the evening, last Saturday the college acted as host to the Vocal and Instrumental Solo Competitive Festival. This festival was under the auspices of the Washington High School Music Director's association and was conducted by Louis G. Wersen, Supervisor of Music in Tacoma, and John Paul Bennett, Director of Music here at the college.

Conducted not on a competitive basis, but on a grading of superior, excellent, good, fair, and unsatisfactory, many students proved themselves outstanding in their field. Students in the contest represented schools of Arlington, Aberdeen, Bremerton, Centralia, Edmonds, Everett, Eatonville, Highline, Issaquah, Kent, Kelso, Lynden, Olympia, Port Angeles, Renton, Snohomish, Tacoma and Yakima.

The Festival included musical endeavor of almost every kind, which were subdivided under the headings of vocal, string, piano, and wind instruments.

On Saturday evening all those who were considered the most outstanding soloists, were included in a concert. The Adelpian Choral Society of the college also sang at that time. Certificates were awarded to each student for his part in the festival.

## Faulk and Perkins Are Yell Leaders

The meeting of April 12 marked the last of the meetings held by the incumbent members of the Central Board and the Board appointed June Faulk and Sara Jayne Perkins as yell duchesses for 1937-38. The two were chosen from a group of five.

The problem of a recreation room considered being built in the gymnasium was tabled after a report of estimated cost by Mr. Robbins. Dorothy Belle Harriess expressed appreciation to the board for their cooperation during the past year.

Problems of next year's central board were considered, and it was decided to place more clearly before the students the objects and aims of the board.

## Press Group Gives Trail Honor Rank

Lacking only 30 points of attaining the necessary score for a first class honor rating in the 1937 All-American critical service conducted by Associated Collegiate Press, The Puget Sound Trail this year rated in the second class honor rank, in a group with 60 out of the 147 college weeklies judged in the nationwide criticism.

The critical score sheet received Saturday gave The Trail a score of 650 points, while the limits of the second class group were from 580 to 680 points.

The entire critical service included 355 college and university papers, dailies, weeklies, bi-weeklies, monthlies. The judging was based on copies published during the fall semester.

## Dr. Todd Encounters California Interest In 50th Anniversary

Despite a near-blizzard encountered while driving through Oregon enroute to California, President Edward H. Todd and Rev. John S. Bell, field secretary, report pleasant traveling in the main during their recent trip. President Todd, interviewed upon his return just after the spring vacation, indicated that much successful work in connection with the 1938 CPS Golden Jubilee had been accomplished. Several men of renown in the educational and political worlds have signified their willingness to aid in making the commemoration an outstanding event. Until definite assignment have been issued, the committee in charge wishes their names withheld.

While in the Southern state, Dr. Todd said that he had the pleasure of seeing two organizations of former CPS students formed—the Los Angeles and the San Francisco Alumni. He reported many graduates of the College are occupying positions of recognized responsibility. A group of California former students have spoken of attending the Jubilee, he said.

## CPS Students Vote 2 to 1 Against Offensive Warfare

By more than two to one majority the student body of CPS voted to refuse to support the government in any war save that against an invasion in a poll taken in chapel Friday. All statistics compiled showed a pacific feeling on the part of the students.

## CPS Peace Meeting To Feature Asbury

Taking part in the third annual nation-wide college demonstration for peace, CPS students will participate in a peace meeting this Thursday, at chapel time, with Emory Asbury, principal of Gault Intermediate, as main speaker.

Principal Asbury will base his remarks on the subject of peace on the Trail peace poll taken in assembly Friday, the results of which appear in this issue of The Trail.

Student speakers on the program are Paul Jueling and Katherine Yamamoto.

April 22 is the date for simultaneous demonstrations for peace in college and universities throughout the entire nation, sponsored by the youth division of the Emergency Peace Campaign. Margaret Sines is chairman of the meeting.

## Picnic and Sing Planned for May 12

A baseball game between a student team and a faculty team—hot dogs—group "Sweet Adelining"—and further such goings-on will be features at the joint YWCA-YMCA all-college picnic May 12. Undertaken to furnish the fun accompanying Campus Day, the affair promises to be, in the words of Virginia Smyth, chairman, "A most stupendous attraction." The picnic will be held on the south end of the College grounds. Time: 4:30 to 7:30 on Wednesday afternoon, May 12.

## French Students Will Publish Paper

A French news paper will be put out soon by the French club containing poems, essays, translation, book reports and other similar material all in French. Marjorie Rank is in charge of the paper.

The French oratorical contest will be held in the chapel auditorium May 21 in the afternoon. The speaking will be divided into beginning, intermediate and advanced divisions. Students from classe of Miss Punderson and Miss Van Norden will participate. Judges selected will be outside of school.

## Speech Recital Dates Announced for Spring

Recitals by students in the speech department will be given on the following evenings in Jones Hall auditorium: Thursday, April 22, Gladys Harding; Thursday, April 29, Jessamine Pugh and Fay Potter; Thursday, May 13, Mildred Brown and Gordon Tuell; Tuesday, May 18, Dean Tuell; Thursday, May 20, Jo Ann Grant; and Tuesday, May 25, Robert Brandt. A play "The Floral Shop" will be given on the evening of May 13 as part of the recital of Mildred Brown.

Other general results are:

1. Do you favor government ownership of the munitions industry and a 100% tax on all war profits. Yes—203 No—35.
2. Do you favor MANDATORY embargoes on all war materials (including oil, cotton, etc . . . ) to both sides at war as a means of keeping America out of possible foreign wars? Yes—202 No—58.
3. Do you favor PERMISSIVE neutrality measures? Yes—96 No—177.
4. Would you refuse to support the government in war except possibly to repel an armed invasion of continental United States? Yes—189 No—72.
5. Do you believe that an adequate national defense requires an immediate increase in the size of our army, navy and airforce? Yes—80 No—121.
6. Do you believe that economic imperialism is a major cause of war and therefore that its abolition is necessary for permanent peace? Yes—168 No—61.

Freshmen seem to be the most militaristic group in the school, with the freshman men voting with a majority of four to three their desire to have a bigger army, navy, and airforce. The feminine freshmen were against increasing war facilities, by the same ratio—four to three. A year in college seems to make a change in attitude toward increased armaments as the sophomore men voted two to one against such an increase; the sophomore women, eight to one.

Mandatory legislation, forcing the President to declare an impartial embargo against both the defender and aggressor nation in event of war, according to ballot tabulation, is the overwhelming choice of the school. Only among the women of the Senior and Junior classes is there a preponderance of affirmative answers to the question regarding permissive legislation, which would permit the President to discriminate between the aggressor and attacked nation. However, in both these instances, more "yeses" were recorded for the mandatory type of legislation than there were recorded for the permissive type. In no class group was there found more who wished permissive legislation than mandatory. Often the questions regarding peace legislation were marked "Yes, if the other type of legislation is impossible," showing the desire for either type of peace legislation as an alternative to none at all.

Women balloters, on the whole, were slightly further removed from militarism than the men.

## PEACE—HOW?

PEACE—presumably the ideal of civilization for at least the past 2000 years . . .

We even fought the war to end war, and the war to save the world for democracy . . .

Yet today we see war leering at us from every newspaper headline. Selfishness, greed, misunderstanding, economic necessity are forcing the countries of Europe and Asia—not to mention United States—into desperate races to accumulate "defense" against aggrandizement.

And today the world seems a more unhealthy place for democracies than ever before in modern history.

Theoretically we are all desirous of world peace. Some feel a proper policy of neutrality—mandatory, permissive—would solve our difficulties, or at least keep America out of war.

Some feel that to be armed into security is the only defense against war, hence they promote armament building.

Some want the government to operate the munitions industry—or to tax war profits. There are innumerable solutions. The CPS student body expressed themselves in the peace poll Friday on many of them.

But fundamentally we know that there can be no real peace and security until true disarmament, of munitions and battleships, and of our opinion as well, has become a reality.

As yet complete disarmament is the dream of impractical idealists—but there are actual forces in the world today working toward that ideal—notably the league of nations.

If we sincerely desire a peaceful world, we will promote understanding and good will, and support the practical representative of cooperation and goodwill and amicable settlement of disputes which is existent in the world today.

And following our CPS peace demonstration, we are invited to witness the launching of two new destroyers!!

Students at the University of Toledo are in a huddle trying to dope out the answers to the strange costumes members of the Fine Arts club were wearing at their novel surrealist ball.

The garbs of guests represented thoughts of their subconscious minds. One young woman who wore a bird cage over her head and a green tennis net around her body and who held a stuffed fish in her hand had the fellows wondering for a while.

Another coed carried a full bag of shoes on her head. She was interpreted as the "social climber" or "the elevation of a heel."

But the woman who had everybody guessing wore an isinglas head-dress upon which was balanced a vase and some clothespins.

## Ain't It the Truth

They find fault with the editors,  
The stuff we print is rot;  
The paper is as peppy  
As a cemetery lot.  
The ads show poor arrangement;  
The jokes, they all are stale,  
The upperclassmen holler;  
The underclassmen rail.  
But when the paper's printed  
And the issue is on file,  
If someone doesn't get his,  
You can hear him yell a mile.

## Notes by a Headline Hunter

By Bud Galbraith

—Extra!—Extra!—Extra!—Extra!—

**Retrospectively:** Twenty years and two weeks ago a declaration was signed by the President saying in part, "the state of war between the United States and the Imperial German government which has been thrust upon the United States is hereby formally declared."

**Accounting—**In dollars and cents, America spent over twenty six million dollars before the Peace Treaty, over thirty four billion since, and the bill is not yet paid. This is not attempting to account, however, for the dead and wounded, the broken homes, the lost efficiency, the world-depression, and other war-caused maladjustments.

**General for peace:** General Pershing is going to Europe again, but this time on a mission of peace. He is one of three official United States representatives to the coronation of George VI next month.

**Neutrality???:** Speaking of our recently passed mandatory neutrality bill, Secretary of State Hull declared that neither this neutrality bill nor any other measure affords a guarantee of peace for America as long as present rearming programs abroad proceed.

**Consolation:** Other statesmen express the thought that the joint effect of rearmament in Britain and economic difficulties in Germany and Italy will prevent any great crisis for three—possibly six months.

**And Hope:** Democratic countries in western Europe—Belgium, England, Sweden, and Denmark—are talking of the return of constructive diplomacy as they discuss trade and international relations in London. Even in Eastern Europe—erst-while powder magazine—states of the little Entente met in Belgrade, not only to tighten their defensive understanding but to improve their economic relations. Russia and Roumania seem on the point of ending their dispute over Bessarabia. Yugoslavia and Bulgaria, once bitterest of enemies, are about to form a virtual customs union for certain products. Even Yugoslavia and Italy have signed a treaty of friendship. Anglo-Italian relations are said to be improving in spite of the Ethiopian adventure.

**With actuality:** Washington D. C. is the focusing point for students of international relations since April 10, when began a meeting of the World Textile Conference with representatives of the textile industry from all over the world attempting to iron out difficulties and set up a "code" that would control the labor factor in production.

By John Poling

Ah, Me!

Spring has come with flowers and rain;  
Old Nature sings her vesper lays.  
Youth treads Love's woodland paths again,  
And Age looks back to yesterdays.  
Sweet messenger of Spring,  
Let loose thy honeyed dart;  
My fancy wheels on lonely wing  
For a kindred heart.

When a month has passed since writing his last effusion, a columnist's pet worry isn't whether you've missed him, but whether he has missed you. **Bill Orr** and **Roger Mastrude** thought the point of the Delta Kapp chapel was missed in this column. They gave five reasons why the Hill Billy should go back to his still and slandered that cute little poem with these harsh words, "Concerning your dining with the robin: we will supply the bird, considering it paradoxical that a bird should eat with a worm." Those two boys sure are a wit! But the real CPS Hittin' Misses are those archery club Atalantas—**Mary Jane Roberts**, **Pomona (Pony) Hudson**, and **Kathryn Nelson**. And **Trulie Phyeck**'s name makes me think of the call of some southern bird—just try it!

It's never too late to praise as good a thing as the Gamma chapel. The Thetas and Betas will have a hard race to equal it. That smiling little personality, **Rosemary McElwain**, in a swing, short skirted and hair-riboned, was theme song enough for **JoAnn Grant**'s review. And the most inimitable of passing scenes on our stage for a long time was **Betty Noble**'s sailor act toward the end—evidently saving it for the last. Such talent belongs to the college—will Betty continue to hide it? To the Zetes: a bouquet of skunk cabbage for appealing to the humorous angle of our crasser makeup. To **Deacon Underhill**: something soothing for that fiery glow of countenance when "**Setty Bimpson**" gurgled, "and can he neck!" Boys, you should feel mean for exposing the truth of a sorority meeting like that.

Waal, folks, it shore felt like down home when fellers from **Caney Crick, Ky.**, come over to these parts. Ther's somethin' slow, and sweet, and soothin' about a southern voice—like molasses pourin' out of a bar'l in the winter time. It sorta brings back mem'ries of the lush summer evenin's on the front porch, slappin' mosquitoes, and listnin' to the crickets down on the river bank, while Pa tells about huntin' in Indian Territory when he was a boy. Right now I can close my eyes and hear the prayer meetin' a quarter mile down the road!

Certainly Fraternity Brothers of **Bruce (Pretty Boy) Hetrick** say that he's more of Mu Chi Nu because he is never around the house, never comes to meetings, and runs around with a Lambda—When there is any recamping of the **Perkins'** family connections, **Sarah Jayne** does the vamping. Last week **Valen Honeywell** went to California and **Gene O'Donnell** went to Sara Jayne! **Kay Sutherland** is happy—tra la—because **Stanley Hughes** is wearing her ring and she's wearing his'n. **Dewane Lamka** get eight page letters in a small feminine hand from Seattle and he flits from word to word like a bee taking the sweetness out of every little flower.

It might be You! **Dan McCartney** had **Bill Roach** and all **Prof. Battin**'s class waking him up in time for chapel, Wednesday. He went to sleep on the Federal Reserve banks, which shows that Dan can handle any situation. **Alberta Thurman**'s glamour didn't have to be painted on in Hollywood. It's natural! Orchidlike, that sweet love affair between **Terry Walker** and **Alberta Mae La Mott** blooms in quiet secluded places. **Al Sirles**, CPS's most bashful boy, finds life difficult. Al prefers the fellows, but those dangerous girls are nicer to look at, he opines! For one who is petite and pretty—and intellectual too—I choose **Marion Sherman**. **Jack Leik** finds himself in the same class of news as the dog who was bitten by the man; Jack had to walk home from a date with a S. F. sorority girl!

## Chem Honorary Elects Mykland Vice President

At the annual convention of Chi Pi Sigma, national chemistry fraternity, held in Berkeley, California, April 9 and 10, the College received national recognition through the election of Clarence Mykland as vice-president. Three members of the local chapter represented CPS at the convention. Weymar Rosso and Melvin Coffman were also representatives to the convention.

Definite need has been felt for enlargement of the program of the organization and with a CPS student as vice-president the College of Puget Sound will have vital part in the expansion and growth of this nationally known organization.

# Logger Spikers Meet Willamette Friday

## CPS Clouters Play 4 Tilts In This Week

### Tacoma Pro. Nine and St. Martin's College to Furnish Competition

Whipping the conference champs into shape for the coming conference season, Coach Joey Mack has lined up four practice tilts for the next four days. Tuesday, Thursday and Friday, the Logger clouters will play the Tacoma entry of the Western International Pro League. The Tuesday and Friday contest don't count, but Thursday a regular game is planned. Joey will use Ragan for the full game.

Against St. Martin's last Friday, Pavalunis and Ragan held the invaders to four hits, while the Logger nine collected 10 bingles and as many runs. Joey Mack was well pleased by the showing and spirit of his club. Ramsey, Okerlund, Mullen and Ragan each connected safely twice to lead the hitting.

On the strength of this showing Joey said that he has two good pitchers who will probably win their share of ball games this season, but he's not all sure of the rest of his pitching staff. Gene Burgoyne and Bud McFadden are the only other two chuckers who have shown any promise, and both of these boys remain unknown quantities. Each of these pitchers, however, are scheduled to see action in one of the games this week.

On the whole, Coach Mack is well pleased with his ball club, but he says he does not expect to win very many conference games with only two reliable chuckers.

## CPS Cindermen Meet Bearcats Here In First Conference Contest of Year

Friday will see the result of five weeks of grueling workouts, time trials, calisthenics and practice meets when the CPS cinder men meet Willamette here, in the first conference track contest of the season. What the result of all this preparation will be, not even the coaching staff can suspect.

As shown by the results of the class meet, freshman spikers are among the most important point-getters on the team. How these untied yearlings perform in conference competition may mean the difference between defeat and victory.

Probably the weakest events for the Maroon and White will be the distance races. In both the mile and 2-mile events Coach Sandberg is relying entirely on new talent. On the other hand the Logger mentor expects to pile up an imposing total in the javelin, pole vault and probably the shot put events. McFadden, Remson and Mayer had an easy time in these events at the Vancouver, B. C. practice meet.

### The Program for the Meet and CPS Entries

- 3:30 p. m.—Mile run: Russell, Carpenter, McDonald
- 3:40 p. m.—440-yard dash: Keating,
