Women Debaters Bring CPS Honor From California

Hardison Places Second in Oratory; Gildersleeve 2nd in Junior Debate

In competition with women from colleges and universities in every state of this nation, Elizabeth Hardison, sophomore, was second place at the Pacific College Debate Tournament in best women’s debate, with a total of 680 points. She was ahead in the majority of the debates, and began the trip on the west coast in February, when it was discovered that Miss Hardison was a Miss Tana, Utah, California, Arizona. The next regional tournament will be held in Los Angeles, California.

Fredrick J. Lewis, Executive Secretary of the National Council for the Prevention of War in Washington, D. C., and Dr. Raymond Leslie Brown, president, Foreign Policy Association, New York City, both of whom will speak at the first Methodist church of South Puget Sound at noon on Tuesday, April 24 at 12 p.m. in behalf of the Non-War Crash now being carried on by the Emergency Peace Campaign of America.

Perry Will Make Library Survey

Is One of Five Trained Librarians Selected

Selected by the Carnegie Corporation, Perry, a junior, is one of five trained and experienced librarians who will visit and study junior college libraries of the country. Warren L. Perry, librarian of the College of Idaho, will be there for two weeks in order to visit 30 junior colleges. He will visit Los Angeles, San Francisco, Portland, Yakima and Spokane, Washington; and Billings, Butte, Helena, and Missoula, Montana.

The advisory group was formed in 1931 for the purpose of studying the development of junior college libraries while they are in a formative stage and of reporting them to the corporation. Members of the group are librarians selected from all over the nation.

The advisory group has compiled and collated statistics from over 300 junior college libraries that now has in process of publication a suggested list of books for junior college libraries.

As a result of its activities the group was able to complete a report on the State Library of California, and now has a statement of standards for junior college libraries.

Plan Local Contest

PEACE—presumably the ideal of civilization for at least the past 2000 years . . .

The war is over. The leaders are hearing at us from every news sheet headline. Selfishness, greed, misunderstanding, economic necessity are among the causes the two nations of Europe and Asia—and so on—will need to mend. United States—into desperate races to accumulate “defense” against aggression.

And today's world is certainly an unhappy place for democracies than ever before in modern history.

Theoretically we are in the golden age of peace. Some feel a proper policy of neutrality—mandatory, perhaps—would solve our difficulties, or at least keep America out of war.

Some feel that to be armed into security is the only defense against those who would seize the opportunity to ruin the world.

Some want the government to operate the munitions industry, or tax war profits. There are innumerable solutions. The CPS body expressed themselves in the peace poll Friday on many of these.

But fundamentally believe that there can be no real peace and security until disarmament of all armaments, and of course, as well, has become reality.

And yet complete disarmament is the dream of impractical ideologues. But there are actual forces in the world to-day working toward that ideal—steadily the league of nations.

If we sincerely desire a peaceful world, we will promote understanding and good will, and support the practical representation of cooperation and goodwill and amicable settlement of disputes which is existent in the world today.

To the former members of the Intercollegiate Debating Association, we extend it will the former members of the Intercollegiate Debating Association with our best wishes.

CPS Clouters Meet Willamette Friday

**CPS Clouters Meet Bearcats Here**
In First Conference Contest of Year

Friday will see the result of five weeks of grueling workouts, time trials, calisthenics and practices meet when the CPS clouters must meet Willamette here, in the first conference track contest of the season. What the result of all this preparation will be, is not even the coaching staff can guess.

As shown by the results of the class meet, freshman sprints are among the most important points on the team. How these various sprints performed in conference competition may be seen in the difference between first and second.

Probably the weakest events for the Maroon and White will be the distance runs. In both the mile and 2-mile events Coach Strouder is definite, strongly on our side. On the other hand the Logger men are expected to do well on important sprints in the javelin, pole vault and probably in the shot put events. McKee, Jameson and Mayer had an easy time in these events at the Vancouver, B. C. track meet.
