**Field is Larger for New Teachers**
All prospective teachers new in the College are requested to come to CFS who will be notified and eligible for positions on the faculty. It is suggested to register at once with the Registrar, as it is necessary for placement of teachers in the second-year field to appear more rapidly for several years. This is mostly due to the increasing demands on the state which is leading to the restriction of many of the teaching positions that were dropped as an economy measure during the depression years.

The Placement Bureau has had highly satisfactory results in placing a large percentage of CFS trained teachers, most of whom are giving satisfactory service within their respective communities, thereby enabling the State of Washington to bear a larger part of the burden of educating the next generation.

**Central Board to Fix By-Laws**
The Central Board and last Monday, Betty Bannister, chairman, reported the report of the constitutional version committee. This was voted to clarify the by-laws by substituting the word "superiors," "superior," and "superior," the definite requirements for those standing in number of hours as in the catalogue.

Central Board proposes a new policy in that all constitutional amendments proposed by the Central Board must be voted on in the regular March elections.

**President Taft appointed Church board chairman of the traditional all-college party to be held on the evening of February 5th.**

HASHTAG O V E R ... WITH PAUL & ART

This column is being conducted for your pleasure. To please as many students as possible we are including greeting sheet, comic literary genre, ranging in subject matter from baseball to bedtime stories. This week, we discuss the problem of your favorite columns. If you like this column, say so. If you don’t, read Observatory Hill instead.

The most heroic action displayed was the ability of the basketball team to win its first game. The players played with a confidence and spirit that was almost unbelievable. The victory was a fitting reward for their hard work and dedication.

WE NEED A BAND

At various times during the past semester, we have squabbled, editorially, about our lack of a good band. We have pointed out the advantages of a band, of our great need for one and our great pride in having one, plus the finest dollars in the Northwest as a member of our faculty.

Next week, we either make or break the band for the coming semester. The kind of school spirit around CPH during the remainder of the year will largely depend on how you sign up for this organization. What are you going to do about it?

OPEN FOR EM

CPH has its tradition. From dorm reciting, debating, weekly paper, sports and all types of organizations for grades, fraternities to the band but no Camera Club. Cautiously as it may seem to some, there are quite a few headway flying around school. They should all get together and choose a meeting place where they can have a meeting room.

An excellent faculty member that could be present in the library at any time if he wishes could be the president of Professor Frederick Miller. This club could meet at least two hours each week and quite possibly every day. If a committee group could meet every week and decide on what to do, then all of the above-mentioned clubs could have a follower for this phase exhibit some of their pictures at meetings. These are only a few of the many things that can be done. All that needs to be done is a little interest and the part of the college alumni was.

How about it, Chuck?

A BAND OR ELSE! Dear Open Forum:

The student body has been箫Scotland, debating and arguing over the college’s quite-above-average need of a band and orchestra. Historically, a band that must be very sordid for something the school should have established as a tradition. It’s a very fine thing for the student body to own a band and the part of the college alumni would.

Anyhow, would it be hard to attend this institution is not getting what they want and about.

All this editing is unfortunat

The Story of the College of Paget Sound
By WALTER S. DAVIS

This is the third article in a series which Prof. Davis is writing for The Overtonian.

In the second article of this se ries, we saw that by the close of March, 1855, the citizens of Tacoma had complied with all the formal requirements necessary to secure the location of the university for Ta- coma.

Steps were taken at once to in- corporate the new institution. The articles of incorporation bear the date of March 17, 1855, so that is taken as the date of the official beginning of the school. That is why the 15th anniversary will take place on the 17th of March, 1935, with appropriate festivities.

The names of the six incorpor- ates were: Calvin S. Bower, Edward B. Taylor, John F. DyVose, William H. Pyle, David L. Leidell and William B.

The six were all citizens of Tacoma, four being substantial business men and two of affairs, while two were ministers.

The articles of incorporation, the official title given the new school was "The University of Puget Sound." This name was adopted in honor of the Pacific Northwest. The university was to be a public institution, and the citizens of the state were to be its benefactors.

Loggers Defeat Whitman, 59-51

Loggers Trounce Bellingham Five Tonight in Final Rally
Tollefson Scores Two Baskets From the Three - Point Line
Win, 41-42
By ROBIN GIBSON
Last Friday night, on their home floor, the Loggers defeated the Bellingham High School team from the Western Washington College of Education. The Loggers scored the final two points of the game at 4:12 in a game which bids fair to be losses for trends for this season.

The Stewart started to work early and piled up a lead of eight consecutive points before the Bellinghams could score a basket. The Loggers five eled nicely and they scored baskets from time to time. The specimens of B. E. Mosier, Clay Combs, the Tollefson, and a half-time stand of 21-15 is favor of the Bellinghams.

Both teams battled for the second half there was no other story. The Loggers scored the final five consecutive baskets before the Bellinghams could gather their forces. The Loggers were noticeably stronger. After changing files, some to move men, they kept Bute Mosier in the game for the rest of the evening. Fortunately Tollefson and Stoffel, the two men with the best engines, kept their eyes on the game toward the end of the game.

The score was the last 30 seconds stand at 42 to 42, when Tollefson scored a short shot that won the game. The following are the Loggers and Bellinghams who scored 18 and 17 points, respectively. The Loggers were scored by the Mosier boys.

Behind The Headlines
Mayor Freirole Le Grueuse of New York City ordered any ties between and the Republican party, for any man or member of the American Labor Party who would then become a member of the S. O. P. P. Presidential candidate, as was organized by many party disloyalists. A short time ago the British Broadcasting Corporation made the most ambitious attempt then known at a time when the play "Peace in the East" was produced before a television receiving set. Clear reception was reported from beyond the muzzled thirty side limit. At last the BBC Radio Corporation of America, through its subsidiary the British Broadcasting Company, received a Sherlock Holmes drama... Live talent and humour were inserted, and many assassination and the Associated Press stated that more charges were noted... Newsweek men ceased because of the lack of light... The Sterling, the 1,160,041' of Buena Vista Hill, a part of Columbia, was turned down by the valley and Collapsed the new 1,160,041P Averyton Bridge... They may yet have their field day, if and when a throbbing 7,960,000 more decides to win by daylight...

In the meantime, relatives of three cowboys are asking them to find out if they are alive, although no one has been killed or injured in this much published headline.

Puget Sound Dreamer Will Face Missionary Five Again Tonight
You Stoffel sparked an inspired CPS upset to a 58-51 win over Whitman Thursday... likewise, good game... The Loggers were in a last spurt that saw the Mackeys overcome a 5-point lead... two of the monstrous scores... Tollefson led the missionaries with 58. During the game the score was tied 13 different times...

Elderly American, title-fighting Northwest Conference play, moved into Tacoma Thursday afternoon to take on the CPS Five in what should be one of the most interesting games of the evening...

Nig Kelner's men were rejected very strong. This was only shown when they dumped the strong University of Idaho team commanders of the highly touted University of Washington five.

This will be the second annual all - college sports day. Schools from all over the State of Washington are sending representatives.

General charges for the affair, which will start with a banquet on Friday evening, in Mary Louise Erickson. She will be assisted by the following committee chairs:

Invitations—Eleanor Newman. 
Reservations—Leila Kelley. 
Friday Night Dinner—Mary Jane Roberts.
Hospitality—Lena Marie Swank.
Entertainment—Ray Eauklith.
Activities—Eugene Johnson.
Leadership—Betty Reihung.

A large representation is expected on a bigger and better sports day than ever before is being planned.

The following girls have earned fifty points in this season: Leola Barger, Eleanor Newman, Mary Louise Erickson, Virginia Newman, Doris Gois and Dorothy Harrison.

A formal dinner is being planned today by the mixed recreation committee.

COACHES: Hit Bites Jokes Broader Call防 Fooch Frankeled
Every person that can run, throw, or hop, is expected to be out on the track field, because the team is having its first

The loss of some seasoned men was a serious blow to the team's championship hopes.

Although there are a few seen areas for a few of the events, it seems that many freshmen are needed to fill in the gaps and also furnish Coach O. P. Hill with some working material.

Some of these stars who have had college experiences are expected to turn out: Jim Wollin, Norm Marr, Bud McFadden, Carl Smith, Pete Carpenter, Ross Perkins, Bob Myers, John McCall, Dike Embell, Stair Cullen, and Cline Keating.

Others expected to turn out include: Richie Brown, Don Welldorf, Dave Underwood, John Sharp, Gene Bennett, Bill Mathis, and Allen Norman.
