Tolo Race Finds 3.36 Men Running From Each Woman

CPS is a happy hunting ground for indoors-weather students. There are 2,800 men for every woman. The 448 women on the campus have 1,448 miles to divide and subdivide among themselves. These figures are deceptive. Of the total number of men, 2,800 are veterans. A large percentage of the veterans are married. This fact alone cuts down on the available field. Women are usually narrow-minded about letting their husbands date unsatisfied coeds.

As a class, the juniors have the most fertile field. The class rolls of men to women is 3:1. If veterans were abolished upon men veterans, they would be able to have 2,849 each.

These figures concern only regular semester. There are also 389 night and extension students taking CPS courses.

In case husbands or boyfriends are injured during the pre-race rush, there are 77 nurses registered on this semester.

Lavonne Rosenthal Makes U.S. Debut; Keutzer Proves Linguist

Seldom has such a compliment been paid to the Northwest—the American composer and violinist Venetia Rosenthal who sang in program with Clyde Keutzer, head of the CPS music department, at the Philharmonic Auditorium Monday night. Mrs. Rosenthal is resident of the few of this type in the nation. Clyde Keutzer displayed his talents in a program all his own. He displayed a natural talent for the violin and for the piano. His playing was characterized by a smug confidence, but accepted applause in good grace.

In her encore, unlike many American singers, Mrs. Rosenthal did not accept applause at the expense of her music. The most impressive feature of Mrs. Rosenthal's program was her skill on the violin. Her playing was characterized by a smug confidence, but accepted applause in good grace. The solution to it—the solution that would make the Logger student appear to be a matured individual was not wasted.

Back in the room, Cathie stood in a group of Fr cans. She was not unkindly received, unless she was unkindly received, unless she was unkindly received, unless she was unkindly received, unless she was unkindly received, unless she was unkindly received. Her work was not seen, and she had a full, rich and fresh voice which was put to be a great advantage in her group of French selections.

Final Action Nears On Vets' Bonus Bill

Final action is near on the controversial veterans' bonus bill. The revised bonus bill was passed last Friday in the State House of Representatives by an overwhelming majority of 99 to 1. The bill was sent to the senate where favorable action is anticipated.

The bond bill will replace initiative 146, which was declared unconstitutional earlier this year. The new measure will float an eighty million dollar bond issue for payment of the bonus. The ten percent interest rate, provided in the old initiative for repayment of the bonds, has been increased to a twenty percent tax payable over a period of twenty years.

The bonus bill will pay $15 a month for service overseas, and $9 a month for service in the United States, between December 7, 1941, and September 3, 1945.

It is estimated that more than 200,000 Washington residents are affected by the bill. Some could receive as high as $85, if they fought the full war overseas.

The bill was sponsored by representatives Hovdecke and Knickhous of the house committee on veterans' affairs. All veterans' organizations have pledged in pushing for the bill's passage.
