ROTC To Tour McChord

Lt. Col. Fred H. Newman today announced that CPS Air Force ROTC Cadets will be given the opportunity to go on a conducted tour of McChord AFB on Saturday, May 2, 1953.

It will be necessary that all cadets wear their uniforms for this field trip to McChord. All cadets who so desire may take an orientation flight in an Air Force Aircraft.

Campus Country Fair
To Be Held Friday

Friday, at 3 p.m., the Fieldhouse will see the start of the "Campus Country Fair" sponsored by the Women's College League.

Planned with a definite objective in mind, the profits derived from the evening's event will be applied towards furnishing the soon-to-be completed music building.

Students and alumni groups are cooperating in providing booths and stunts for this program. Vaudeville will be provided by student talent in an hour-long show according to coordinator Don Wolvers.

Filing For Positions
On ASCPS Publications
Announced By Advisor

Students desiring to apply for appointment as editor and business manager of Trail or Tamanawas should do so before Wednesday, April 22, it was announced this week.

Applications should cover the qualifications of those applying, including experience and any thoughts the applicants may have on future operations of the publications concerned.

The applications should be in the hands of Ed Garrison, student publications advisor, by 10 a.m., April 22. Appointments will be announced before the end of the semester.

Campus capers call for Coke

In the Spring, young folks' fancy lightly turns and turns and turns.
Right now—refreshment's in order.
They'll have a Coke.

GREENFIELD LECTURES

Dr. Kent Roberts Greenfield, chief army historian, will present lectures April 27, 28, and 30, in Jones Hall auditorium, starting each evening at 8 o’clock. These will be the first of a series inaugurated by J. C. Haley, Brown and Haley Company president, for the purpose of bringing outstanding scholars to the Puget Sound area to deliver lectures treating of matters of real and urgent interest to today’s society.

The general theme of Dr. Greenfield’s lectures is titled “The First Fruits of Adventure into World War II” and is divided into three parts, “Pushing History toward Yesterday’s Battles,” “Grand Strategy, The Army’s Outlook,” and “Shaping the Means.”

Editor of a project which involves writing a complete ninety-nine volume history of the last war, Dr. Greenfield has had the tremendous advantage of being able to ask questions of men actually involved in the war. One historian whose field is Roman Conquests, forgetting this advantage, recently argued with Dr. Greenfield, “You can’t write about the war yet. You haven’t the perspective.”

"Perhaps not," rejoined Dr. Greenfield, “but neither can you interview Julius Caesar.”

Dr. Greenfield received a doctorate in philosophy from John Hopkins in 1911 and taught history and economics at the University of Delaware and at Rutgers, until he joined the infantry in 1917. He followed a career of teaching at Yale and John Hopkins.

When the second world war began, the professor was assigned to a unit in the army that became the historical section. This surprised Dr. Greenfield. “It never occurred to me that the Army might use a historian as a historian,” he recalls today.
M/Sgt. Luis Diosada Added To ROTC Staff

Lt. Col. Fred H. Newman, Professor of Air Science and Tactics at the College of Puget Sound, announced today that a World War II Veteran, who has just recently returned from the battle front in Korea, has been assigned to the Air Force ROTC Detachment effective on the 3rd of April, 1953.

Bob Higley and Donna Dettrich, co-chairmen for Campus Day, get in practice for the coming events.

Campus Day 1953

Most of the plans for Campus Day are just in the planning stage. The co-chairmen, Donna Dettrich and Don Higley, are in the process of narrowing down the work projects. A pipe line from Todd Hall to the street needs to be dug, a fence is to be painted, and the Music Building will receive a housecleaning inside and out.

If the weather is satisfactory a swimming party will be staged at American Lake. However, if the rain comes there will be games inside the girls’ gym.

Each year class competition decides who will place their class numerals on the Campus Day pennant. The Junior Class has won the last two years.

Donna and Don have announced that the following are assisting them in the planning: games, Ruth Wallin and Wally Irwin; food, Shirley Skinner and Bill Adams; and publicity, Ev Emert and Ralph Mackey.

The date has been set for Wednesday, April 29th.

Valuable Collections Given To CPS Geology

Two gifts from Tacoma men interested in geology have been received by the department this year, reported Professor Frederick A. McMillin, head of the CPS geology department.

A total of 150 specimens of economic minerals was the gift of C. S. Seabrook, sanitary engineer for the city of Tacoma. Collected over a period of many years, the museum-type specimens were saved for their intrinsic beauty.

Containing examples of many important ores and minerals, they have been taken from many historic locations. One specimen is a piece of copper-gold ore from the island of Formosa. Among the collection are found many well-formed crystal types, which will serve as an aid to the mineralogy student.

Another valuable addition to the geology department was a complete set of the copper ore and gang minerals from the Braden mining properties in Chile, which were given by Albert L. Hale, a Tacoma geologist. The collection was made by Hale and his father.

Also included was a collection of ores from most of the historical mines and areas of Washington, British Columbia, and Colorado.

M/Sgt. Luis Diosdado, who hails from Laredo, Texas and has over 11 years of distinguished military training behind him, replaces M/Sgt. Dale Fenwick (now Captain) who was recently recalled in his officer status to perform flying duties.

In 1940 Diosdado enlisted in the famous 3rd Army, commanded by the late General George S. Patton, and served with that unit through its vigorous history making campaigns in Europe from 1942 until VE day in 1945.

M/Sgt. Diosdado is a much decorated although extremely modest sergeant who consequently doesn’t talk much about his military exploits in Europe and Korea. After extensive probing, the sergeant finally gave the “recipe” for his fruit salad that he wears on his uniform, which includes the Air Force Commendation Ribbon, Purple Heart, Good Conduct Medal, American Defense Medal, American Campaign, European Campaign Ribbon with 4 Battle Stars, World War II Victory Medal, Army Occupation Ribbon (Germany), Korean Campaign Ribbon with 3 Battle Stars, United Nations Ribbon and the Korean Presidential Unit Citation. M/Sgt. Diosdado is married and has one daughter who lives with him at 5255 Filbert Lane in Tacoma.
Dr. R. Franklin Thompson expressed his appreciation recently for the wonderful response given by students during the groundbreaking ceremonies for the new CPS library.

It was "one of the most thrilling experiences I have had in 15 years," said Dr. Thompson, when referring to the standing ovation given Truman Collins during the prededication ceremonies held in the Jones Hall auditorium. Mr. Collins is the son of Everill S. Collins, for whom the new building is named.

Construction Begins On New Library Building

On a windy day twenty-five years ago at the dedication of Howarth Hall, CPS President Dr. Edward Todd put his hand on the shoulder of his young librarian and said, "Son, the next one will be yours."

Since that time, Warren S. Perry has stood with tears in his eyes at the groundbreaking ceremonies for Anderson Hall, Todd Hall, the Fieldhouse, and the new music building.

Last Tuesday the bell rang, after a few moments the organ began to play, and the students stood to sing the Alma Mater. President Thompson spoke, then everyone left to reassemble at what used to be the parking lot. The faculty was there in academic regalia. There were more speeches and the students stood restlessly in the mud while the Adelphians sang. A dark-haired man in a light suit stepped up and tore down the business end of a shovel. He was the son of the man whose endowment had made the building a possibility. Then the chairman of the Board of Trustees took out a shovelful of the sodden soil.

Finally, after all was done, the students moved their muddied shoes to the SUB and to their eleven o'clock classes, talking quietly of the new structure. The amateurs out of their way, the professionals moved their equipment onto the lot and actual construction began on the new Collins Memorial library.

Librarian Perry, his glasses fogged over a bit in excitement, seemed to be walking on air. His dream of over twenty years was realized and building number eleven was in the making on the CPS campus.
Greens

Pi Beta Phi

Back in school are JoAnn Neff Cross and Del Cross after a brief honeymoon in Oregon following their March 28th wedding.

Everything from steak to mush appeared on the menu at the Pi Phi Scholarship banquet April 6. If the variety was, in some cases, not too tasty or too filling, at least it added interest and gave plenty of leeway for joking. Following the dinner a Pi Phi Night Program was conducted.

Congratulations to JoAnn Wood who has been elected May Queen and to Donna Detrich, Sophomore May Princess.

Other Pi Phi’s in the news are: Robin Enschede, who was chosen by the pledge class to wear the arrow and crest bracelet for being the outstanding member of the week; Pat Murphy and Marilyn Wagner, who have been chosen as candidates for Theta Chi Dream Girl; and Donna Rockway and Pat Lewis, who have been selected to model at a Pan Hellenic style show to be given for high school seniors.

Spring has come and so just to start the season off right, members of Pi Phi will mark the occasion with a house party the coming weekend.

Phi Delta Theta

Plans are being formulated for the spring dinner dance to be held some time in May. Social chairman Jim Miller is also planning a fraternity cruise for May. Next week the Mothers’ club will entertain the fathers and the men in the fraternity at a family night.

Last Wednesday all of the men in the fraternity gathered at the house for spring cleaning night and turned the place upside-down. The ever-growing pledge class has managed to keep the house spic and span, but Wednesday they were glad to step back and let the members do some work for a change.

Dick Lankford announced his pinning to Sharon Campbell last Monday with the traditional passing of cigars. Alum Dwight Ball will be married tonight with the fraternity in attendance. Dwight was recently commissioned an ensign in the Navy air force.

Delta Delta Delta

Our Dinner Dance held last month was a huge success. This year we began a new tradition of selecting a Delta Golden Girl, a junior or senior who best fulfills the ideals of Tri-Delta. Janet Erickson was chosen as our first Golden Girl.

Ruth Krause announced her pinning to Jim Sable of Seattle U. at the dance.

Our new officers are: President, Shirley Skinner; Vice-President, Madeleine Williams; Secretary, Jan Jacot; Treasurer, Doris Soder; Chaplain, DeDe Burns; and Marshall, Burtine Beal.

This week we had our annual Mother-Father-Daughter Banquet. Our Mother’s club presented us with a $100 check for a new chair.

Jan Erickson announced her engagement to Paul Whitcomb.

Film Society To Show "The Green Pastures"

The CPS Film Society will present "The Green Pastures" next Thursday at 7:30 p.m. in Jones hall.
Greeks

Kappa Sigma...

Dean Anderson, District Grand Master, and three national officers visited the Kappa Sigma house Thursday, April 9, for dinner. Rich Dodds, Dick Callouttee, Bill Rush, and Bruce Swanson were initiated last Sunday.

Jack Nelson was selected as delegate to the national convention to be held this August.

Elections were held Monday night and Russ Wilkerson and Rich Dodds were elected new guards.

Bruce Swanson was elected Assistant Grand Treasurer.

Sigma Nu Fraternity

Moth balls are being removed from tuxedos and patent leather shoes shined to a glossy finish as the men from the house on North Oakes prepare to wine and dine their dates at the annual Sigma Nu White Rose dance.

March 2 has been circled on the calendar at the Sportsman's Chateau as they prepare to play host at the event's 5th anniversary.

The 5th anniversary of the Tacoma Sigma Nu alumni organization was celebrated last Monday night by a joint meeting of actives and alums at the University-Union club. "Live and Let Live" was the topic of guest speaker Rod Olzendam.

Hats off to Charles Kruger and Matthew Clapp, co-chairman of the Sigma Nu Daffodil parade entry, in helping the float take second place.

Officers for the spring semester pledge class were recently elected. They are: President, Wayne Smith; Vice-President, Tom Lennon; Secretary, Gary Johnson; and Sentinel, Leland McGee.

Sigma Chi

The new Sigma Chi officers for the coming year, elected at the meeting on April 6, are Consul, Ralph Mackey; Pro-Consul, Herb Steeper; Quaestor, Dean Scovell; Annotator, Bill Adams, and Magister, Dave Berg.

Pledge Rich Ocheltree served pie at the meeting to announce his engagement to Miss Evalyn Emert.

Robert Camarano left Wednesday for California to attend the sport car races there.

Sigma Alpha Epsilon

Final plans are now complete for the SAE Dream Girl Ball, the annual formal dinner dance. The place is the Fircrest Golf club, and the date is May 9th.

The newest member of the pledge class is John Cerqui of Puyallup.

This Sunday afternoon the SAE's are getting together for a work and fun party. The feature attraction is to be the "B" intramural basketball team challenging the "A" team, with the work being a part of the preparation for the Campus County Fair.

Commerce Club To Hold Management Conference

Next week the members of the Commerce club hold the first of what they hope will be an annual event. Their club project for this year is the Management Conference sponsored jointly by the Commerce club and the National Office Management association. It will be a two-day seminar on April 21-22, in which leading educators and business executives will offer to business men in the Tacoma area the latest information on a wide variety of subjects in the business field.

Meet Your Friends at Busch's

For Jumbo Hamburgers and Thick Shakes

Deliberately Better
Though ice-skating and isochroman may seem far apart, one CPS alumnus keeps both close to his heart! Dr. Sprenger, class of '40, associate professor of chemistry at CPS since 1947, has interested many in the sports of Deep Creek camp, in addition to sparking a slowly developing program of fellowship research.

Dr. Sprenger's story is one of industry and enthusiasm, since the days when he toyed with a "chem lab" in his dad's basement. The interest in chemistry followed him through high school at Lincoln, and afterwards in his perusal of his life's work. Following graduation from CPS, Dr. Sprenger became a teaching assistant at Syracuse University, where he received both master's and doctor's degrees.

For a short time he was employed by the du Pont Company in Gibbs-town, New Jersey, and admits a tendency to "like" the East. But memories of Puget Sound, "THE Mountain," and happy days in the Northwest, outweighed the pleasures of the Atlantic.

Dr. and Mrs. Sprenger returned to Tacoma in 1946 and have been enjoying the western way of living since then. Opportunities in recreation at Deep Creek, which was acquired by the college shortly after Dr. Sprenger arrived, have meant a great deal in summer and winter activities. As adviser of Chinook Dr. Sprenger has fostered improvements that have made the camp a favorite with many.

In his immediate field Dr. Sprenger has been awarded research grants from the Air Research and Development Command, and the Office of Naval Research. The program has been a modest one, using research as a teaching tool, but it is a significant contribution in the work of graduate students.

Dr. Sprenger has three children: Skippy, eight; Sally, six; and Cindy, a little over four months old. Though Skippy and Sally love the hours spent in the sailboat on the Sound, Dr. Sprenger volunteered the information that Cindy was still a "little young."

—Mary-Jane Engoe

Port Commissioner Speaks To Commerce Club

Maurice Raymond, Tacoma's new and controversial Port Commissioner, was the main speaker at the Commerce club meeting last Wednesday evening at the University-Union club. Mr. Raymond gave his opinion of the problems of the Port of Tacoma and how some of these problems arose. He also offered some of the solutions he hopes to put into effect.

After his speech the club members were given an opportunity to ask questions. Mr. Raymond was given an honorary membership card in the Commerce club.

CPS Parking Problems

The Tacoma Police have been making sporadic raids upon cars parked in front of the SUB and have netted the city a tidy sum in parking fines at the expense of confused students—confused by the fact that they can park in front of the SUB without penalty for months and then—wham!—a parking ticket.

Col. Ackerman, CPS superintendent of buildings and grounds, thinks he has solved the problem by painting out half of the long loading zone and allowing students to park there. Woe be to those who park in the yellow-painted loading zone, however!

There is going to be a "crackdown" on cars parked in front of the Fieldhouse. Beginning Wednesday, April 22, all cars parked in the yellow-painted no parking zone in front of the Fieldhouse will be tagged. Since there is room for 1250 cars in the adjacent parking area, Col. Ackerman does not feel that too great a hardship will be placed upon the students. It seems that the no parking zone in front of the Fieldhouse has become so crowded that trucks cannot get in to load and unload.

Those people who have been parking in the Todd hall area without a Todd hall stamp will be tagged and fined. The Todd hall men have secured a stamp to mark all Todd hall cars and are going to take turns policing their own area and tagging parking violators.

A new parking lot for 158 cars will be constructed between the tennis court and the new music building sometime in the near future.

Col. Ackerman stated that present parking facilities would be adequate if they were properly used. Too many students move their cars between classes, and many students take up two parking spots by improper parking.

Sixth Avenue Bowling Lanes

"Lefty" Lloyd, Mgr.

OPEN 2 P.M.

2052 6th Ave. MA 5272
Leadership Conference Held at Deep Creek

Should the faculty be required to attend convocation? Should the style of the TRAIL be changed? Should the students have a coffee hour from 9 p.m. to 10 p.m. in the student lounge at the SUB? Should the Greeks and Indees have restrictions on the number of social functions?

Such were the questions asked by the 28 delegates to the Leadership Conference at Deep Creek last Sunday. Co-chairmen of the annual affair were Evelyn Emert and Wally Tonstad. Ralph Mackey introduced the first topic, which concerned the possibility of changing the style or format of the TRAIL. Mackey was followed by Gene Campbell who spoke on the policies of the present convocation set up.

Bill Peacock and Mary Ann Jugo-vich resumed the talks after lunch. They presented the current problems of the social organizations and activities on the campus. A general discussion of student affairs and student government led by George Foszen was the final subject of the conference.

In the near future a report will be issued to the student body. It will contain a general outline of the information brought out in connection with the individual topics.

The group resolved to hold two meetings a year in future years.

Col. Ackerman has announced that since the warm spring weather is gradually drying things out, he will soon be able to remove the life guards and towers from the treacherous, bottomless morasses, casually called parking lots by the uninitiated.

Jim Gourley New Prexy; Ski School To Race

Jim 'Gourley was elected president of Chinook club last Tuesday, announced Duane Wegner, outgoing president. Other officers chosen were Bonnie Jordahl, vice-president, and Ruth Nickolson, secretary-treasurer.

Saturday, April 25, the outdoor recreation club has scheduled a hike to Point Defiance Park. Beginning at 10 a.m., this hike, if a success, will be followed by other jaunts by the Chinook club.

The ski school, which has an enrollment of approximately 25 students, will hold its final session April 19, at Paradise.

There, a ski-school race will be held along with other races of the day. Called the Tacoma Day races, the event is sponsored by the Totem Ski club.

For a gal to get into TV, she has to know somebody or have some body.

Symphony To Present Concert Tuesday

The CPS-Tacoma Symphony, under the direction of Professor Ray-mond Vaught, will appear in its final concert of the year Tuesday night, April 21, at 8:15 p.m., in the First Methodist Church.

The concert, the first of a “pops” nature performed by the College organization since its inception by Prof. Vaught in 1946, will feature not only the 70-piece orchestra but also 45 musicians of the 534th Air Force Band from McChord Field.

Principal work of the evening will be the “Western Star” composition by Prof. Leroy Ostransky, CPS Composer-in-Residence.

Fill Your Spring Sport Requirements
at

Washington Hardware
Hey You!!!

A cry is out from the coaches of CPS's spring sports. They want to see more material. Every one of the Logger mentors is on the lookout for fresh talent.

The spring sports schedule is just getting started, and there is plenty of time to get yourself in shape for the coming season. The outlook for most of the teams is good. The track and tennis teams have played and been defeated, but with any more help at all, the trackmen would have won their first meet and the tennis team lost to what will probably prove to be the top team they will meet all season. The coaches are especially interested in any freshman or sophomore talent that may be around.

Anyone interested can obtain information on these sports as well as baseball and golf at Mr. Heinrick's office.

Power Laden Central Thumps Logger Thinclads

The still short-handed CPS track team lost their second meet in as many weeks, Friday, this time to Central Washington. The final tally was 90-41.

Defeat Seattle Pac.
And Western Netsters

The CPS tennis team scored a 7-0 victory over the Seattle Pacific Falcons last Friday, and followed up with a 6-1 victory over the Western Washington Vikings last Tuesday. Tennis instructor, Willard Gee, was pleased with the showings of the team.

The results of the Seattle Pacific matches:
Bill Medin (CPS) defeated Paul Lobdell, Seattle Pacific, 6-0, 6-0; George Pearson (CPS) defeated Jerry Northrup, Seattle Pacific, 8-6, 6-1; Dutch Brandgee (CPS) defeated John Bergman, Seattle Pacific, 6-1, 6-2; Bill Wee (CPS) defeated Jim Hearne, Seattle Pacific, 6-1, 6-1; Bill Rush (CPS) defeated Bill Hart, Seattle Pacific, 6-1, 6-2; Medin-Brandgee (CPS) defeated Lobdell-Bergman, Seattle Pacific, 6-0, 6-0; Roger Anderson-Pearson (CPS) defeated Northrup-Hearne, Seattle Pacific, 6-2, 7-5.

The results of the Western matches:
Bill Medin (CPS) defeated Carl Linden (W) 6-1, 6-1; George Pearson (CPS) defeated John Stave (W) 6-3, 4-6, 6-3; Jack Anderson (W) defeated Dutch Brandgee (CPS) 5-7, 6-1, 6-4; Bill Wee (CPS) defeated Don Palidan (W) 6-4, 6-2; Bill Rush (CPS) defeated Lew Wilson (W) 6-3, 6-4; Medin-Brandgee (CPS) defeated Linden-Stave (W) 6-3, 6-3 Roger Anderson-Pearson (CPS) defeated Andersen-Palidan (W) 6-0, 2-6, 7-5.

Loggers Score Double Win
Over St. Martin's Nine

Art Viafore and Freshman Joe Karpach teamed up to pitch the CPS Loggers to 10-1 and 8-1 victories, respectively, over the St. Martin's Rangers at Lacey last April 9. The victories opened what Coach Joe Hemel hopes will be a highly successful season for the Loggers.

CPS sent ten men to the plate in the first inning while scoring five runs on two hits, three walks, and two costly St. Martin's errors. That was all the runs Viafore needed as he limited the Rangers to one hit and one unearned run. Walt Espe- land homered for CPS while Russ Wilkerson, Gil Greiter, and Viafore hit two baggers for the Loggers.

Norbert Wisz, the Ranger pitcher, doubled in the second inning for St. Martin's only hit of the game.

Three runs in the third inning wrapped up the second game for Karpach as he limited the Rangers to four hits and one unearned run. A walk, two St. Martin's errors, and a single produced the three runs.

Gil Greiter tripled for the Loggers' only extra base hit of the second game.

The short scores:
CPS ........5 2 1 0 0 0 2 0-10 7-3
St. Martin's.0 1 0 0 0 0 0-1 1 5
Viafore and Greiter; N. Wisz and Harvey.

CPS ........0 0 3 2 0 2 1-8 5 1
St. Martin's.0 0 0 1 0 0 0 0-1 4 5
Karpach and Greiter; Stautz, Sisul 7, and Harvey.

CPS Golfers
Outshoot C.J.C.

The Logger links-men won their opening match, last week, over-powering the Centralia Junior College, 13-2.
Logger Natmen Beaten
By Army Champs

The defending champions of the Sixth Army area, Madigan Army Hospital, soundly trounced the CPS tennis team, 5 to 1, on the sixth. Only Bill Rush's victory kept the Loggers from being white-washed on their first outing.

Bill Millikan, Madigan's number one man, beat CPS's Bill Medin in a marathon, 6-4, and 16-14, to highlight the match.

The results:

Bill Millikan (M) defeated Bill Medin (CPS), 6-4, 16-4; George Becknell (M) defeated George Pearson (CPS), 6-3, 6-3; Jim Hinds (M) defeated Roger Anderson (CPS) 6-0, 6-0; Paul Beckman (M) defeated Bill Wee (CPS), 9-7, 6-1; Bill Rush (CPS), defeated John Sanchez (M), 6-1, 3-6, 6-3; Hinds-Sanchez (M) defeated Rush-Wee (CPS), 6-3, 6-4.

Logger Netters
Thump Seattle Pacific...

The CPS tennis team thoroughly out-classed Seattle Pacific in their match last week, winning 7-0. The Loggers felt at home on the SP courts, winning every set, with only two of them going into overtime.

Results:

Bill Medin (CPS) defeated Paul Lobdell, Seattle Pacific, 6-0, 6-0; George Pearson (CPS) defeated Jerry Northrup, Seattle Pacific, 8-6, 6-1; Dutch Brandgee (CPS) defeated John Bergman, Seattle Pacific, 6-1, 6-2; Bill Wee (CPS) defeated Jim Hearne, Seattle Pacific, 6-1, 6-1; Bill Rush (CPS) defeated Bill Hart, Seattle Pacific, 6-1, 6-2; Medin-Brandgee (CPS) defeated Lobdell-Bergman, Seattle Pacific, 6-0, 6-0; Roger Anderson-Pearson (CPS) defeated Northrup-Hearne, Seattle Pacific, 6-2, 7-5.

CPS Clipped By
McChord Cinderbirds

The Logger cindermen were edged out in the last event, the mile relay, the fourth to lose their opening meet to the better balanced McChord Field track team. After the final tape had been broken, the under-manned CPS thinclads were on the short end of a 66-64 score.

Only seven Loggers figured in the scoring, and it was largely due to Dan Inveen's surprise wins in both of the hurdle events that the score was as close as it was. This versatile CPS athlete, whose specialty is and always has been the high jump, was running the hurdles only because the Maroon and White were so short-handed.

Warren Logan, picking up where he left off last May, collected three firsts and a second place to score a leading total of 17 points. Inveen, who ended up with a total of 16, and Wally Erwin, who totaled 15, followed closely. Newell Gragg added 11 more to the Logger cause.

It is quite possible that with a few more men wearing the Maroon and White against the Airmen, the Loggers could have collected enough extra points to win this meet. For this reason, anyone who has the time and has any aspirations to competing on the cinders is urged to start turning out.

The sword-swallower was discomforted when somebody in the circus audience pointed out a girl inhaling a Camel.

Seattle Pacific Wins
Two From Logger Nine

Playing the rude host, the Seattle Pacific Falcons put the stopper on the CPS baseball team twice last Tuesday, as they beat the Loggers 4-0 and 6-2 in Seattle.

Kieth Driver handed Art Viafore, Logger pitcher, his first defeat of the season as his mates broke open a pitching duel with three runs in the fifth inning. The Falcons put together three hits, a walk, and a hit batter for their runs. Driver gave up two hits and one walk as he faced only 24 batters in whitewashing the Loggers.

In the second game, Don Goetz, Seattle Pacific pitcher, helped win his own game as he tripled in the sixth inning, driving in two runs and then scored as he figured in the three runs that sewed up the game for the Falcons. The Loggers threatened in the last inning as they attempted to pull the game out for Joe Karpach, the CPS hurler, but the rally fell short. Jack Sandstrom, Russ Wilkerson, and Karpach got two hits apiece for the Logger's losing cause.

The Loggers will meet the McChord team today at 3:00 at McChord.

There's your opportunity for pleasant, profitable summer work with a Marshall Field owned organization. Openings for college men and women to assist the director of CHILDCRAFT work in your home state. Complete training given. Write Mrs. Helen Menzie, 2500 Fifth Avenue, Seattle, Wash., for full particulars and for personal interview on campus.
Seeds For Democracy

The Seeds for Democracy drive, a self-help program sponsored by the American Women's Voluntary Services and the Committee for Free Asia, will be conducted from March 23 through Sept. 21, 1953.

The type of seeds wanted are: bush, pole and soy bean, cabbage, chinese cabbage, tomato, mustard, hush, melon, egg plant, pea, squash, and watermelon.

Farmers, school children, and families throughout the Philippine Islands will be given the seeds for planting in home vegetable gardens.

Those students wishing to contribute to the seed drive should mail seeds in any container which meets U. S. postal regulations for domestic mail to Seeds For Democracy, San Francisco, California.

When you buy seeds for your own 1953 vegetable garden, buy an extra packet or two for a Filipino family. Send your contribution to Seeds for Democracy, San Francisco, California.

LET US THINK

The Inter-fraternity Council has flexed its muscles and has thrown out, for one-half of one semester at least, a program that was instituted long before any of the youths on the Council were born. The issue at hand is the Council's decision not to let any fraternity participate in intramural athletics any more this school year.

There were other functions excluded also, such as the withdrawal of the fraternities from the Song-fest, and though it may be thought that Panhellenic was left out on a limb, this is a sports item, so we will deal with intramural athletics alone.

The reason given for the dropping of the extra-curricular functions was the Greek men's low grade point average, and that is unquestionably granted. There is certainly no reason for any group of 250 men in a college with the academic reputation of CPS to have their grades dip as drastically as they did last semester, but was it because of organized outside activities? We might even grant that the average fraternity man does spend too much time "playing," but will it help to completely obliterate the intramural program, even for one-half of one semester? (And it will completely cancel the program. The ROTC and Independent teams cannot carry on an intramural program alone.) I also wonder how many of the golf and tennis players will stop playing these sports until finals are over just because there will be no intramural meets.

One of the primary reasons most of us are students in college is because we need to learn to think. I am sure that not too much thought was given to this motion when it was on the floor of the Council.

Approximately 75 hours are spent by a fraternity in intramural competition each year. Of these, 32 are spent in the first semester, and 43 the second. In other words, there are 35 per cent more hours spent in intramural sports in the semester where, year after year, the highest grade points are produced. It seems to me that this is a clear indication of how much, or how little, the intramural program harms a fraternity man's grades.

Also, a motion of such importance that it is brought forth and made law all in one two-hour meeting could not have had the thought that it deserves. Having a poor grade point average certainly hurts the College of Puget Sound, but having an organization which has the power to disrupt a program of such proportions on campus certainly doesn't do the college any good either. I believe that if the IFC had given a bit more thought to the matter it would not have gone so completely overboard. After realizing that something was awry, and deciding that it was most certainly not the administration, they might have decided that by a stricter enforcing of study rules inside the fraternity, coupled with a revision of the intramural program as well as other outside activities, they would have done more good than cancelling out the intramurals program.

Supposing some of the intramurals were dropped from the program; and the program was set up so that the events were not bunched up, as sometimes happens? Supposing a person was not eligible to compete in intramurals until he had proven that he was capable of earning a college two point average? These are just a couple of ideas that instantly come to my mind, I am sure that a committee, giving a lot of thought to the problem, could find more ways yet to level off the intramural program, sanely practically.

The college's grade point average will rise this semester. However, it will not be because there was no intramural softball, track, tennis, or golf. It will be because most of the people who don't want to study have been weeded out, and because others have discovered that you do have to study in college.

Let's think!
