Meet Millie—Hawaii's Contribution to CPS...

The boys over here are just the same as they are over there. Just what did Millicent Bulatao, Hawaiian freshman, mean by that remark, men? Millicent, one of the cutest girls that the islands ever produced, arrived here at CPS in September, after having never been away from her home, which is Kaloa, Kauai, a small island near Honolulu, Oahu.

How did Millie ever become interested in CPS? A Methodist youth worker talked to many students and told them about several Methodist colleges and universities over here and asked them where they would like to go to further their education. Millie picked CPS.

Her big plans lay in the field of education. Through an education major she will later become an instructor of speech and dramatics and plans to return home to teach in that field.

Millie has talent in singing and acting and can she "hula," men! A while back she auditioned for a singing part in a concert which will be held at the Cornish school in Seattle, January 17. She was accepted. In the concert she will perform showing the ancient dances and techniques of the Hawaiians. The concert is called "Friends of Dance" and is made up of dances from lands of the seven seas.

Millicent is the oldest of four children. Her dad is housing director for the Kekaha Sugar Co., and her mother owns a dress shop on the island.

Millie finds the people are friendly here in the United States and she finds pleasure in the thought that some day she will be an American. She thinks that it will be good when Hawaii becomes a state of the U.S. because the people over there are very anxious to become part of us.

Over in the islands there are the same activities in the high schools as here, excluding some sports, however. During elementary school and high school, English, government, and U.S. history are the most stressed subjects.

Millie first saw snow her Christmas vacation in Ritzville, Washington. Thus she has become an avid ski enthusiast and can hardly wait to learn that and ice skating, too.

The thing that Millie doesn't like is the cold water that flows upon the west coast beaches, including Puget Sound. It can't compare to the islands where the water never goes below the temperature of the sunny weather of 70 to 80 degrees.

CPS can consider itself fortunate that this little girl decided to walk beneath its cloisters.

—D. S.
Seniors To Canvass Town For Achway Funds...

Completing the brick drive for the proposed senior archway will be the canvassing of Tacoma's businessmen this Saturday, so announced Duane Wegner, senior archway committee chairman.

Seniors will meet Saturday at Lane's Grill at 9 a.m. Broken up into teams of three and four persons each, they will seek funds for the project during a three-hour canvass. Results of the morning's work will be reported at lunch to be held at Lane's.

Approximately $250 has been donated by CPS students, faculty, and friends thus far in the campaign. The archway is slated to be erected over the entrance to Sutton quadrangle.

Bricks may be purchased from senior students selling the simulated paper bricks up to noon Saturday for $1.00 and $5.00.

Future projects to finance the $3000 cost of the structure, half to be paid by the college, will be announced at a later time by the senior class, stated Wegner.

CPS Student Wives To Meet...

The CPS Student Wives Association will meet this Saturday at 8 p.m. in the SUB. Everyone interested is invited to attend. Dr. Phillips will be the guest speaker. Anyone interested may notify LeMoyne Hreha, BR 5763.

MFL to See So. American Films...

Professor Otto Bachimont announced that the members of the Modern Foreign Language Club are invited to the 9 o'clock Spanish class, J 204, Wednesday, January 14th. Lawrence Jensen will show his film slides on South America.

Debate...

The entire debate squad left this morning to attend a tournament at Seattle Pacific College. This tournament is one of the few this year that has all of the events for both upper and lower division forensics students. The tournament will be held today and the final events tomorrow. There will be a new type of discussion event tried in this tournament and those entering expect some very interesting rounds.

Don Jaenicke (above), former Trail editor and president of Delta Kappa Phi fraternity (Phi Delta Theta) was among the 777 enlisted men receiving ensigns' commissions December 23 at the Navy's only Officer Candidate School in Newport, R. I.

Rear Admiral C. E. Olsen, USN, Commander of the Newport Naval Base, presented diplomas before an audience estimated at 1100.

In four rigorous months, members of this class—the eighth and largest since the school opened in June, 1951—covered the same naval subjects that college NROTC students do in four years. Foremost in their training was the study of gunnery, navigation, seamanship, engineering, damage control and operations.

College degrees are required of all officer candidates. In addition, they must be between the ages of 19 and 27 and must pass rigid physical examinations.

Jaenicke, an English-Journalism major, graduated from the College of Puget Sound in 1952.
Editorship of the Trail was declared open Thursday following the announcement of Editor Jack Nelson that he would be unable to continue in that position next semester. Nelson explained the press of outside employment would occupy too much of his time during the spring and he therefore believed another editor should be named.

Students desiring to apply for the editorship should file their applications with the publication's advisor, Ed Garrison, not later than 10 am. Monday, Jan. 19. Applications, covering the applicants' experience, qualifications and year in school, should be left in the advisor's mailbox in Jones hall.

Hey, Indees, wha hoppin' at last Monday night's meeting? This was no way to start off a New Year—with our lowest attendance yet. Could it be that no one has recovered from New Year's? More probable, was everyone studying for finals? Whatever the reason, let's see you all back at the next official get-together; (no meetings during closed period) and really keep this Independent organization rolling.

Several projects were discussed at the meeting and the following dates put on the agenda:

1. A big Window Washing Party—Jones Hall auditorium—Saturday, January 10th.
2. Swimming party at the YMCA, February 7th.
3. Valentine Party for the soldiers, at the Youth Center, February 14th.

One thing that has definitely flopped this year is the room decorating. Everytime this subject is brought up we just go around in circles and accomplish nothing. Let's get organized.

Elections for next semester's officers will be held at the next meeting—another reason why we should all show up.

Congratulations to Bob Benson, who was married December 26th to Mary Anderson of Roseberg, Oregon. We hope you are still "independent," Bob!

An important meeting of the International Relations Club will be held at the home of Abdul Subhagh next Tuesday.

The group will meet at the SUB at 7:15 p.m. and will proceed to 3122 North 13th St., where the meeting will be held.

All members are requested to be present as election of officers will be held.

---

**Sigma Nu**

Jumping right into the Christmas vacation with a bang was Fred Schmidt, who along with quite a few others enjoyed part of the vacation skiing up Deep Creek way. Fred, however, returned with a broken ankle.

Russ Pearson also did a little falling during the vacation. At the last meeting he announced his engagement to Shirley Musgrove by presenting a cake to his brothers.

Preliminary plans are being made for the annual Sigma Nu White Rose Dinner Dance. This year's dance will be better than ever because it is the 5th anniversary of the occasion.

**Sigma Chi**

The annual Pi Phi-Sigma Chi dance will be held Saturday night at Five Mile Lake.

The Sigs held a field day at the house during the Christmas holidays. Aside from blowing out a fuse many worthwhile projects were completed. Brothers Louie Siegler and Roger Chaney were responsible for the blown out fuse but it was quickly fixed and the work continued.

The Sigma Chis wish everyone a HAPPY NEW YEAR!

**Pi Phi**

The Pi Phi-Sigma Chi dance will be held this Saturday night, January 10th, at Five Mile lake from 9 until 12. The theme for the affair will be "Introduction to 1953" with all the trimmings, including Larry Carino's band. Chaperones include Mr. and Mrs. Willard Gee, Dr. and Mrs. Coulter, and Mr. and Mrs. Schroeder. Marilyn Selander and Tom Baker are co-chairmen for the affair.

The Pi Phi alums entertained the actives from CPS, WSC and U of W at a very nice buffet supper in the home of Mrs. William LeVeque during Christmas vacation.

Pi Phi "Girl of the Week," was Marilyn Buchty.

Pat Murphy is in charge of Pi Phi Loyalty Day, January 9th. Donna Rockway and Joni Piper are co-chairman of the Pi Phi Dinner Dance on March 7th.

**Delta Delta Delta**

The Tri Deltas got their fill of candy last Monday night when one of their members and two of their pledges announced their engagements. The ones who will make the trip to the altar are Joanne Lowery and An important meeting of the In-Don Page, the latter from the University of Washington and a former ternational Relations Club will be CPS student, Jayne Strickland and George Johnson of Sunnyside and held at the home of Abdul Subhagh last but not least Shirley Musgrove and Russ Pearson, a Sigma Nu.

The dinner dance was discussed and it will be held at the Tacoma Country Club, March 21st.

The girls will go down to the Christian Service Men's Center this weekend to be hostesses.

The night before Christmas some of the members visited the home of a D. P. family, who are recent immigrants to the U. S. from Poland, and presented them with a box of food and toys for their four children. The parcel brought much happiness, to the family and girls both.

**Sigma Alpha Epsilon**

A party designed to throw out the old year and bring in the new was held at the home of John Schartow on December 31st and January 1st (mostly the latter judging from the half open, red eyes). During the party the brothers were pleasantly surprised by the arrival of two Pi Tau Omega alums: Dan Seitsinger of the famous Seitsinger foundation, and Jim Collins.

John Haygood and Don Rogers were appointed as co-chairmen of the spring rush during last Monday night's meeting.
GREEKS

Delta Alpha Gamma ...

Passing chocolates was last year's president, Lois Wasmund, announcing her engagement to Don Jaenicke.

Saturday night, Gammas will join with the Tri Delta in entertaining servicemen at the downtown youth center.

Results of Monday night's election of next semester's officers are:

- President, JoAnne Ryan;
- 1st Vice President, Delores Jordahl;
- 2nd Vice President, Evelyne Emert;
- Recording Secretary, Nadine Johnstone;
- Corresponding Secretary, Nadean Taylor;
- Treasurer, Ruth Nicholson;
- Historian, Janet Vroman;
- Sergeant-at-Arms, Bernadine Budil;
- Inter-Sorority Representative, Joyce Anderson.

Phi Delta Theta ...

Having added the intramural badminton trophy to their mantle the Phi Delts are now practicing for basketball. Yesterday the Phis from the University of Washington came to the campus and met the local Phi Delta hoopsters in an evening game.

There will be a fireside after tonight's game and next Monday the chapter will receive the Tri-Delt girls in a fireside at the Phi Delta house, the southernmost outpost of the campus.

Elections for the spring semester were held and Don Charleson was chosen the next chapter president. Other officers include: Fred Holmes, reporter; Earl Celmer, treasurer; Fred Utter, secretary; Duane Wegner, alumni secretary; John Chapman, historian; Ken Kinzel, warden; Walt Warre, librarian; Jim Covell, chaplain; and Don Snider, chorister.

Theta Chi ...

With everyone back from vacation the stories of parties and ski trips seemed to be the main topic of conversation at the Theta Chi house.

New Years found the members and pledges who live here in Tacoma at either the Towers or Holiday Inn where they welcomed 1953. This weekend promises to be a big one for the fraternity. The Pledge dance which had to be postponed because of chaperones will be held this Saturday. The theme of the dance is Shipwreck. Sunday the members and pledges will hold their annual ski party at Cayuse Pass. The party should at least be entertaining. Dutch Cox was elected President of the pledge class to fill the vacancy left when Gene Lancaster left school to join the Air Force.

Elections were held last Monday night and the new officers are: President, Wally Tonstad; Vice President, Roy LaPlante; Secretary, Al Birkland; Marshall, Jim Estep; Historian, Jack Gallaher; Librarian, Ivan Francis; First Guard, Ray Gosney; Second Guard, Virgil Bray; and Chaplain, Cliff King. These officers will be installed at the next meeting.

Play It Straight ...

Coach Heinrick is becoming slightly piqued at the joshing certain reserves receives every time he sends them into a game. Heinrick realizes that most of the jibes from the CPS rooters are in fun, but these repeated joshings are beginning to make some of the reserves look and feel like clowns.

Even though these reserves are spending considerable time warming the bench this year, some of them will be regulars next year and are earnestly striving to that end.

These reserve players are not clowns, they are serious hard-working ballplayers. It might be a good idea to take it easy on the comedy routine.

ASSOCIATED WOMEN STUDENTS CABINET MEETING
December 16, 1952

Joanne Lowry, AWS president, called the meeting to order. Roll was taken and minutes of the previous meeting were read and approved.

Fredda Lamp, Career Conference Chairman, reported on the 1952 Career Conference. The booklets were $20.00, which was a special rate; the luncheon approximately $20.00; correspondence with speakers about $2.50; in all it was about $48.30. A few of the groups were poorly attended, others were very successful. It was suggested that the students have two groups to choose from, each lasting one hour in length. It was also suggested that the chapel speaker be the guest speaker of the conference. No definite action was taken on either of these suggestions. There was difficulty in correlating publicity with the public relations office, Trail, and Tribune. On the whole publicity was satisfactory.

Joanne Lowry thanked Fredda for the grand job she did in directing the Career Conference this year.

Ruth Klovee, Social Chairman, reported that Jan Swenson is general chairman of the AWS tolo this year. She will have a meeting this week. Janet Vroman, Publicity Chairman, will begin work on the tolo immediately.

Ruth Wallen, AWS Vice President, will take charge of the joint meeting with PLC. This meeting might possibly be scheduled for February 9th to 13th.

Glee Callahan and Ruth Nickelson, Junior representatives, will be in charge of the mass AWS meeting to be held sometime next semester.

Ruth Wallen, vice president, reported that she spoke for us to get a vote on Central Board during the Judiciary Council meeting. If it passes the Judiciary Council, it still must go through Central Board.

Since there was no other business, the meeting was adjourned.

Respectfully submitted,

Mans Anderson
AWS Secretary

Two College of Puget Sound faculty members, Dr. Hugh J. Tudor and Dr. Charles T. Battin, have filed as candidates for Tacoma city council seats. The primary election is set for February 10, when the 99 candidates will be narrowed down to 18 persons who will be on the ballot for the general election. There are nine city council positions.

Dr. Tudor, head of the political science department, has taught municipal government and political science for over 20 years. He was graduated at Simpson college, and received advanced degrees at the University of Chicago and University of Iowa. In 1951 he served as chairman of Tacoma Mayor John H. Anderson’s committee on charter study.

Dr. Battin, head of the economics and science department and director of forensics, has served in the Pacific Northwest as a labor-management arbitrator since 1943. He was graduated at Ottawa university, and received his advanced degree at the University of Chicago. He has experience in banking, customs brokerage, and was the manager of the foreign and commercial department of a well-known ship line.

Both men were members of the 15-member freeholders committee which drew up the new charter which was passed by Tacoma citizens last November.

Shelmidine to Speak to FTA . . .

Future Teachers of America will gather in Jones 112 at 7:30 p.m. on Wednesday, January 14th. President Les Nelson announced that Dr. Lyle Shelmidine will speak on education in Puerto Rico. Refreshments will be served after the regular meeting.

Students Excused From Finals . . .

Eight CPS students are eligible to be excused from their final examinations this semester. These students who have had a cumulative grade point average of 3.00 or better are Joanne M. Baunsgard, Francis E. (Ned) Conley, Andrew Drobnaack, Charles K. Fendall, Robert C. Lowe, Jack P. Prince, Herbert E. Richert, John H. Walters.

It is the custom to excuse from examination in the final term, candidates for the first baccalaureate degree who have had a cumulative grade point average of B or better.
CENTRAL BOARD MINUTES
December 18, 1952

The meeting was called to order by President Fossen. The minutes were read and approved, after roll call was taken.

DEPARTMENTAL REPORTS:
Drama—The Christmas play, Dickens Christmas Carol, has been very well received by all who have seen it. To date over 2500 public school children have attended this production.
Forensics—The College of Puget Sound’s (girl’s) debaters placed second in the tournament at St. Martin’s College.

STANDING COMMITTEES:
Finance Committee—Finance Committee recommended to Central Board that an allocation of $25 from the Women’s Athletics miscellaneous account be used to defray the expense of that group using the Lakewood Ice Arena for their ice skating party, with approval of the WAA student manager. Don Boesel moved that this recommendation be adopted. The motion was seconded and carried.

SPECIAL COMMITTEES:
Insurance—Gene Campbell reported that the Insurance Committee is now working on a $10 deductible policy. They feel that they may be able to get such a policy for as little as $1 premium per student per year; this would be a form of compulsory insurance.

ANNOUNCEMENTS:
Rex Jones and Ruth Klovee have accepted the co-chairmanship of Religious Life Emphasis Week.
Student managers are urged to turn in their monthly financial reports.
The Freshman class plans to sponsor an all-school dance immediately followed by the basketball game on Friday, December 19.

It was moved and seconded that the meeting be adjourned.
Respectfully submitted,
Sara Jaeger
ASCPS Secretary

Central Board Notes . . .

With very little factual material as yet this column will have to be purely speculative this week. This is due, of course, to the fact that the last meeting was just before vacation and very short. As the reports from the various committees begin to come in, however, there should be some interesting news.

Things to come up are the New Constitution, use of the SUB evenings, Blood Drive, what to do about Convocation attitude, including possibly a request that the faculty also attend Convocation, and, of course, the insurance problem. Rumor has it that a very good policy has been worked out and will be presented to the board. Other than that there is very little that is of interest in school politics this week. Next week promises to be much better.

It Could Be You!!!

Do you happen to know Dick Doe and Mary Smith? One of them might have been you or your pal who sits next to you in sociology, economics, or music theory. But fate didn’t play the game that way, so far it hasn’t, but last year it did to 55,000 people. What if one of those record breaking numbers had been you? It still can happen to you though because you are at the age level that it most frequently will attack.

Dick Doe and Mary Smith had lived the same kind of life that you or your friends have experienced during the first 18 years of your life. Mary had planned to major in art and later become an art instructor. She was loaded with talent and enthusiasm when she entered college, but then something happened during her first months in school. The same thing happened to Dick.

Dick arrived at college through a football scholarship because of his terrific number of passes completed, his number of yards gained, and his running speed in all the games that he had played in high school. It happened to him in the middle of the varsity football season at college during his first year. What would happen to them now. How could they ever be taken care of. They would need a lot of money behind them now. But when they were attacked by polio they were in for a pleasant surprise. The National Foundation for Infantile Paralysis.

For a time Mary was paralyzed in her arms and couldn’t draw or work with her hands, and Dick became paralyzed in his legs; so sports were completely out for him. That was in 1947. Now they are both able to lead the happy, healthy lives nature had intended for them. Thanks to the March of Dimes.

From 1937 through 1947 there were 113,616 cases of polio reported and during a four year period between 1948-52 there were 156,000 cases reported. An unhealthy increase.

Of every 100 persons stricken with polio, 50 recover completely, 30 recover with no disabling effects, 14 may be severely paralyzed, and six may die. Dick and Mary were lucky because they were two out of the 50. It took more than just luck—it took money, which was raised by the polio fund.

In 1952 it cost more than $28,000,000 in March of Dimes funds to care for the record number of stricken. This was $5,000,000 more than ever before.

During each of the previous three years, the National Foundation for Infantile Paralysis went $5,000,000 into debt paying patient bills. Bills owed in 1952 climbed to $7,000,000, another record.

What can we do about this problem of raising money? You know the answer.

Western Tonite; Lutes Tuesday...

Riding on an 11 game winning streak the undefeated College of Puget Sound Loggers start playing for keeps tonight, when they open their Evergreen Conference schedule here, against the Western Washington Vikings. Game time for the varsity is 8 p.m. with the reserve game starting at 6:00.

Holding one victory already over the Vikings, the CPS quintet is expecting a hard fight in their bid for victory number 12 without a defeat.

Next Wednesday, January 14, the Loggers visit with their cross-town rivals, the PLC Gladiators in another Evergreen Conference game. The Loggers performances in games so far deserves a better response from the basketball fans than they have been getting. Let's all make it a date to see both of these games and help keep that win streak going.

—J. W.

Intramural All-Year Standings...

After the completion of three sports the all-year intramural leader is Sigma Nu, who is followed closely by Phi Deltas and Kappa Sigma.

Under the present point system each team entered in a league gives that organization fifty points. For first place the team receives ten points, second place gets five points, third gets four, etc. If a team forfeits a game, ten points are taken off their final total.

The standings as of January first were:

<table>
<thead>
<tr>
<th>Team</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sigma Nu</td>
<td>279</td>
</tr>
<tr>
<td>Phi Delta Theta</td>
<td>278½</td>
</tr>
<tr>

Ski School Starts Tomorrow

The ski school class will hold its first session tomorrow at 10 a.m. at the bottom of the small tow in the Cayuse Pass area. Instructing the course will be Martin and Shirley Fopp.
Evergreen Conference
Solons Convene...

Evergreen conference officials have partially rescinded an action on football and basketball squad limits taken last November in Spokane. In November the intercollegiate athletic conference had voted to increase the football squad limit from 20 to 30 and the basketball squad limit from 10 to 12. They also voted to liberalize the scouting practices by letting motion pictures be taken of the games.

Because the presidents of CPS and PLC objected to the new rulings on economy grounds, a special meeting was called December 15 in Seattle. Evergreen Conference representatives reconsidered their action and dropped the football squad limit back to 25 for conference games. The basketball squad limit was changed from 12 to 11 instead of the original 10.

At the November meeting in Spokane the conference had changed the basketball practice beginning to November 1. This rule was changed at the Seattle meeting to read October 15.

The new liberalized scouting rule was altered to read that motion pictures of any conference athletic event could be taken by the home team with the permission of the opponent. It was added that the motion pictures should be made available to the opponent team.

Other actions taken by the Evergreen conference at their two meetings included officially accepting junior college transfers without loss of one year of athletic eligibility. A mail vote on the same matter was passed earlier this year but declared void by the conference president.

The new liberalized scouting rule was to liberalize the scouting practices by allowing motion pictures to be taken officially accepting junior college transfers without loss of one year of athletic eligibility. A mail vote on the same matter was passed earlier this year but declared void by the conference president. The new liberalized scouting rule was altered to read that motion pictures of any conference athletic event could be taken by the home team with the permission of the opponent. It was added that the motion pictures should be made available to the opponent team.

The third quarter ended with CPS leading 62-43. The Loggers maintained the pace through the third quarter and the full court press of St. Martins began to backfire as Bud Ketel repeatedly shook his man to go in for lay-ins. The ball never did drop in the bucket and the Loggers were still juggling as the half ended with the score CPS 71, St. Martins 50.

Heinrick used his reserves freely in the final stanza, but the Loggers continued to increase their lead and the game ended with the score CPS 71, St. Martins 50. Jake Maberry was again high for the Loggers with 16 points.

Fans, Where Are You?...

Those loyal CPS students who have been attending the CPS basketball games at the fieldhouse this year are getting mighty lonely. It is a lonely feeling indeed to sit in a tiny huddle of students at midcourt and gaze about the tier after tier of empty seats. It is ghostly! The startling fact about the situation is that so far this year the Logger five has won eleven games without a setback. We shudder to think of the number of spectators who would attend the games if we had a losing team.

Members of a ball club who drill for hour after hour on monotonous fundamentals have a tendency to get a trifle discouraged when their own student body does not even take the trouble to come out at game time and don a couple of cheers for a job well done.

Even the coaches of professional basketball teams agree that it is usually worth ten points to a team to play on their own court with the home town behind them.

So far this season we have not given our team the support they deserves, but it is not yet too late if we get on the ball NOW. There is an Evergreen conference opener against Western at the fieldhouse tonight. Next Tuesday the Loggers travel across town to tangle in an all-important contest with the Lutes from Luteville. Let's not only be at these games, but let's let the boys know we are there!
