Open Forum:
Executive Report: President Shelton:
In the search for a new president, there are two candidates: Candidate Thomas of Connecticut, and Candidate Smith of Willamette. The board letter was finished, and the meetings with the candidates will occur soon.
These are the last two months with the current president and vice president. President Shelton says that there have been good open forms, and is looking forward to his last two months on the board. For those who would like to run for president and vice president, they should meet with President Shelton to discuss elections and advertising at any time.

Vice President Report: The Budget Task Force has reported back. There is a $170 fee for this year. This will be the fifth fee for ASUPS for this year, but that is considered good. The Campus Life Planning Team met and discussed the building of a new dorm, and the expansion of the Fitness Center. Nominations are beginning tomorrow for ASUPS offices, and people should start petitioning for the nominations of senate and executive positions. Interviews will be within the next few weeks. Reagan submitted a letter of resignation, and the resignation has been accepted.
Dean of Students: The Midnight Breakfast is going to be on Saturday night, and volunteers are in need. It is hoped that the Breakfast will be a success and that it will involve no pranks. The members of ASUPS are encouraged to encourage good behavior among the students. A ticket is needed to be admitted to the Midnight Breakfast so only students will come. There is a limit of 1000. The "What if up?" posters are up to advertise positions for RA, Passages, Perspectives and Greek Life members for next year,
one can apply in Student Development. The Conspiracy of Hope is well underway, and Feb. 8th is the first metro drive that they are putting on. Flyers are out, and there will be speakers and a concert on Feb. 15th. E-mail to hope@ups.edu for more info. On Monday, there will be and internal review for the department of affairs, operations and the like. The reviews for student attendance will be on Monday from 12-1pm. The Board of Trustees meeting will be held in February. We will present to ass an additional Greek Chapter. Upon the outcome of the vote, interest groups could apply to create a chapter, but the board will wait until an official answer is determined before the idea is released to the public.

**Faculty Report:** President Search—the faculty is encouraged, and the campus community can be involved in the decision process.

**Chair:** There is a calendar, please fill in office hours. Come for feedbacks from interviews, give suggestions on Tuesday—full hour meeting on Tuesday.

**Pro Temp:** E-mail for senate projects for this semester, and finish the projects form last semester as soon as possible. There is also now a list of the off campus police officers. Liaison Report: Find the meeting times for all of the clubs, and their even times and dates preferably by Tuesday, or as soon as possible.

**New Year Reports:** No new committees. Last semester student concerns, tell more about the off campus police. Student paychecks will be changed to biweekly as students wanted. The Finances meeting to make the change official will take place on Monday at 9:00.

**Government:** find a meeting time. The president council will meet at 10 on Monday. Need diversity committee and times.

**Old Business:** Vice President Abbott motioned to discuss new business first, and it is seconded.

**New Business:** Vice President Abbott moved to bring up Docket 02092. Senator Wrencher seconded. The more bodies that are on an election is better, and Eidum has talked and has stated why she wants to be on an election committee: She has ‘worked many elections, and ‘knows the ropes’.” She is open to questions. None of any importance were asked. The Docket was passed, and all were in favor. Docket 02093 was moved to be passed by Vice President Abbott. Senator Wrencher seconded it. All were in favor to pass the docket except for Senators Smith and White abstained.

The Vice President elections are to start now, although they did not start this week, and the same rules that were adopted in the fall (such as having an executive signature) are required. The same rules are going to remain the same as they weren’t changed soon enough. If any of the rules do indeed get changed, they are to benefit the electee due the fact that they weren’t changed at an earlier date. Two meetings will be held next week with the election committees to discuss any possible changes. All were in favor except for Senators Smith and Sanders who abstained.

Old Business: Was moved to be removed form the Table by Vice President Abbott. There was some confusion about it, and Andrew Miller suggested that the confusion about it is
cleared up and a better proposal is written before it is reconsidered. Senator Smith abstains from the vote, but not enough are in favor to have the docket pass, and it therefore does not pass.

Bi-law changed; and 02073 is confirmed that it passed. In order to pass though it had to first be published in the Trail. Docket 02085 has also been corrected, but it needs to remain on the Table until a revised copy is written and it is published in the Trail.

**Announcements:** Hilary's article from San Francisco is now on the Web. Vice President Abbott brings up the Cultural Event that is to take place tomorrow night. President Shelton clarifies: it is a one-man show that has toured in both Europe and America, and is highly acclaimed. He encourages everyone to go to it. There is a basketball game on Friday night, and the girl’s team is doing quite well, but they lost their last game by only two points, so they are ‘hungry’ for a win—it should be a great game. The game is at 6pm at PLU. The Campus Film this week is Amalie. Dave Mathews will not be playing at UPS on his campus tour—he is only playing the East Coast, and so we are now looking for another performer.

Motion to leave, all are in favor, and thus the meeting is adjourned at 6:37pm.

Presidential Report: President Shelton is Absent.

Vice President Report: President Shelton is at the Board of Trustees Meeting. Both President Shelton, and Vice President Abbot are working on the last of the main goals for this administration. The Final draft for the Campus Life Planning Team is in. There will be more room for an exam room, and a publicity office will also be a part of the renovation. Faculty Report: none, Representative Rickoll is absent.

Dean if Students Report: There is a presentation in Killworth Chapel tonight. There is a retreat being planned to Camp Coleman. Conspiracy of Hope’s metro dive and fair is this weekend. In the Campus Life Planning Report, many of the suggestions never made into the report. Everything will be resubmitted soon so nothing will be left out. One of the proposed changes is putting apartments for Resident Directors into the dorms. Next year there will be four Resident Directors. The new positions, and the apartments will hopefully come from funding that already exists. This will be a big change, and it is hoped that by having four Resident Directors there will be more direct support. Senator White asks where the apartments would be, adn how the work would be disturbed. Representative Rickoll answers: There will be two Resident Directors for each Quad. Some of the apartments would have to be built or at least worked on, esp. in Todd Phibbs and Anderson Langdon. Schiff has the basic makings for an apartment, and in other buildings the apartments would have to be added. Senator Sanders asks if the Resident Directors will take the place of the CCs, or if they would be other “go-betweens?” Representative Rickoll answers: They would split the job between the four of them--the Resident Directors would be able to run thing more effectively if there were four of them.
There will be open interviews for the positions, and students are encouraged to be a part of the process. There will be ads to advertise the interviews in The Trail and the interviews will most likely be in April. Everyone is a potential candidate. Vice President Abbott also ads that the expansion of the Fitness enter is feasible and may happen in the next years, and an outdoor basketball court may also be in the works.

Chair Report: There is a meeting on Sunday at 1pm. The meeting will be about two hours, and Senators should plan to stay until 3:00pm at the latest.

Pro Tempe Report: for the meeting on Sunday, please come with ideas--proposals, drafts of drawings for the projects.

Liaison Report: The club reports only have to be in every other week now, because every week is a bit excessive. Please have all of the information in for next week!

   Band’s $1200 dollar proposal couldn’t be afforded, only $650 could be afforded. Trying to get as close to $1,000.00 as possible. $50.00 came from outdoor programs, and another $100.00 came from other outdoor programs, some more is needed for a hotel room, and a $400.00 drop was faced. Vice President Abbott asks presenters if they have heard form the band. They have not, but the Rendezvous has been booked in cease they do perform. Representative Hoppe clarifies: the edition of the Code was old, and the concern had been dealt with already. The Student Government was already notified this afternoon.

NEW BUSINESS:
Docket #02-112 is not going to be discussed, and should be considered invalid.

Vice President Abbott moves to pass Docket #02-113. Senator Wrencher Seconds. This Docket was discussed last week, and it concerns the bylaws. The basic idea to the changes will make those who are not as involved in ASUPS have communication with ASUPS--mostly in regard to clubs and organizations. This also concerns Program Organizers; it is generally believed that Program Organizers should have more communication with ASUPS and not rely so much on the opinions of fickle students. Senator White suggests that the part of the bylaws should be clearer about the communication that should occur between ASUPS and Programmers. Senator Ostrander moves to amend the section. Now the following will be added: 

7 “The power of the Program shall ot be construed to extends beyond a recommendation to the ASUPS Senate.” Senator White seconds the new wording. The amendment is voted on, and it passes with Senator Kogan opposing and Senator Fieman abstaining. Senator Sanders now thinks that there should be a change to #6 as well to make the Programmer’s Recommendations more clear. The Senate is divided on the issue, but most think that there is no need to change the wording of #6. Senator Bernhardt states that he would like to move to just vote on the Docket, but there is no second. After discussion, Vice President Abbott moves to amend the Docket again to include: “Senate shall notify the Chair of the effected program committee an invite them to attend the senate meeting where there recommendation is presented.” Senator Smith argues that since the Program Chairs already know that they are invited to the meetings that adding this amendment is excessive bureaucracy. Senator Fieman moves to vote on the amendment. Senator Teske, Senator Kogan, Senator White, Senator Ostrander and Senator Smith oppose, and Senator White and Senator Smith abstain. The second amendment fails. Senator Bernhardt moves to pass the docket as first amended. The docket is passed with Senator Smith, Representative Hoppe, and Senator Fieman abstaining.

NEW BUS

Senator Fieman moves to pass Docket #03-001. Senator White seconds. Senator Avery explains that the Bookstore has asked for some money to help to pay for pizza and the like for their meetings. Instead of giving money to them, the ASUPS card is just going to be given to them. Vice President Barrans explains that the docket must be written for $0.00 in order to show that they will get something, but that it does not come from the ASUPS budget. Senator Fieman motions to vote. The docket passes with Representative Hoppe, Senator Fieman and Senator White opposing, and Senator Smith and Senator Avery abstaining.

Senator Bernhardt moves to pass Docket #03-002 Senator Wrencher seconds. Vice President Barrans yields her time to a JAUPS representative. The JAUPS representative states that the money they are asking for is only to cover the cost of a hotel room for for a conference members from JAUPS are going to attend in early April. Senator Smith states that the club is in good standing, and that they don't ask for much, and that this allocation is for a hotel room for twelve members. Senator Smith urges the Senate to support the docket. Senator Smith then moves to vote. The docket passes with Senator Smith abstaining.

Senator Avery moves to pass Docket #03-003, Senator Bernhardt seconds. Vice President Barrans says that JUST would like to have a $250.00 allocation for a lecture that and others would they would benefit form.

Senator White yields time to the President of the club: Mike Allen. Mr. Allen gives some explanation about the lecture, and tells that it is about environment issues in Israel and
Palestine, and while the lecturer will rather pro-Palestinian, the lecture concerns the environment, and that biases will not really come through. Discussion about allocating the club money occurs seeing as the club is rather new and has no budget. Discussion about advertising of the lecture and the like also occurs as the club is also asking for $30.00 to help cover the cost of advertising.

Senator Fieman motions to vote. Senator Smith moves to vote. The docket then passes with Senator Smith abstaining.

Senator Fieman moves to pass Docket #03-004. Senator White seconds. Vice President Barrans states that this proposal was written in order to match funds with the cost of a lecture, and not to allocate a specific amount of money. Senator Bernhardt expresses concerns with the potential of exceeding the ASUPS budget. Senator Avery suggests to amend the docket to say: “ASUPS allocates $400.00 to the Global Exchange lecture contingent upon the contribution of the IPE department. In the event that the funding is not available, ASUPS will fund the remaining amount necessary. It is the ASUPS lecture chair’s responsibility to approach the IPE department.”

Sara, from the group who is putting on the lecture is here, and talks about the docket. She reports that they will ask for $500.00 assuming that the funds are matched. IPE has also offered $100.00 to cover the cost of the lecture. Discussion occurs about how to help to fund the lecture, and about how to amend the docket, and if the docket should be amended. Senator Avery proposes to amend the docket to say: AVERY AMENDMENT: ASUPS allocates to the global echoing to the IPE department, in event that the funding is not available then we would provide the funds. Senator Fieman expresses concern that the amendment is not a good idea because it provides no incentive for the club to actually go and get the money from IPE, because ASUPS is agreeing to play no matter what. Discussion confuse, and Senator Smith moves to pass the amendment. The amendment passes with Senator Fieman opposing, and Vice President Barrans and Senator Smith abstaining.

Discussion persists about weather or not the docket has any incentive for the club to actually go out and get the money from IPE, and whether or not the money is still available. Representative Rickoll assures that IPE will give the money so that the department can say that they helped to support the lecture, and it is more than likely that they still have the funds. Senator Wrencher yields her time to Sara who states that since IPE has already offered the money they will most likely give it, and that the club will go out and get the money. Senator Smith moves to vote. The docket passes as amended with Senator Smith abstaining.

Senator White moves to return to normal order.

Frost moves to old bus. Avery seconds. Smith and White abstain.

Senator Avery moves to pass Docket #02-116. Senator Bernhardt seconds. Senator Avery yields time to Sean to ask about the funds the group has. Sean of the Poland group
reports that it is $2100.00 from NY to Poland and back. With motels stays and the like the trip will end up costing $2500.00. The group knows for sure that they will be receiving $300.00 for sure from the Chaplain. Some members have received more money based on financial need. They have not heard back from other departments. Discussion about other places to ask for money, and questions about why other sources have not been considered for money. ASUPS is still unsure about allocating the money because the group still seems unorganized.

In the midst of the discussion, Senator Bernhardt is excused to leave for another engagement.

Another member of the Poland group joins the meeting and Senator Wrencher yields time to her to announce anything she has to say.

Vice President Barrans expresses frustration about the group and the docket because it has already been tabled twice, and the group knows that they need to show more organization and responsibility before ASUPS will allocate funds. Her frustrations are echoed by the other members of the Senate.

Senator White motions to once again table the docket. Senator Smith seconds. The docket is tabled with Representative Hoppe, Senator Fieman and Senator Wrencher opposing, and Senator Smith, Senator Avery, Senator Teske and Senator Zolkeply abstaining.
