Senator Fieman moves to Docket #03-045: ASUPS Committee Appointments. President Frost and Vice President Barrans make a few friendly amendments, to add names to the list of people in the committees. Jon Fulwiler is added to the Budget Committee, Nigel Finley to the Elections Committee, and Vanessa Drivenes is also added to the Elections Committee. Senator Fieman moves to Docket #03-047, Honor Court. This Docket has not yet been approved, so Senator Fieman moves to bring it to the table. Representative Hoppe asks that this Docket be brought to the table because there are some cases that need to be taken care of by the Honor Court, and the sooner the Docket passes, the sooner the cases can be taken care of. Senator White moves to vote. The Docket is brought to the table with Senator White abstaining. President Frost mentions that the first two names on the list for Honor Court are already a part of Honor Court. Senator White moves to vote. The Docket passes with Senator White abstaining.

Representative Hoppe swears in the new members of Honor Court who are present at the meeting.

President Frost moves to pass Docket #03-038, a Finance Allocation to RANDOM. Vice President states that she has the formal proposals from the club for the finance allocation if anyone is interested in reading it. Senator Bernhardt asks if the club representative has anything to say. Nothing is said, and Senator White moves to vote. The Docket passes with Senator White abstaining.
Senator Bernhardt moves to Docket #03-039, an Allocation of Funds to Casino Night. Senator Bernhardt states that this is a good event with a good cause. Senator Fieman yields time to a representative of Casino Night who says that this year, Casino Night is a part of the Homecoming activities, and that all of the proceeds are going to go to charity. Senator Fieman moves to vote, and the Docket passes with Senator White abstaining.

President Frost moves to Docket #03-042, The Women’s Voice. President Frost states that the group has a long history, and that they should be able to be recognized as a club. Senator Wrencher yields time to the representative of the club who speaks about the goals of the club, and about the club in general. Senator Groggel moves to vote, and the Docket passes with Senator Wrencher and Senator White abstaining.

President Frost moves to Docket #03-043, Recognition to “DORK.” President Frost also makes a friendly amendment to make the Docket read: “The DORK.” Vice President Barrans states that the club should be registered, and not recognized, meaning that they won’t be able to have a specific budget. Senator Fieman yields time to The DORK who then talks about the club. Senator Groggel wonders why the club shouldn’t be allowed to be recognized, so that they can grow and prosper. Vice President Barrans explains that most of the members are seniors, and she is not sure about the club continuing after this year. Discussion about whether or not the club should be recognized or registered persists. Senator Fieman suggests that perhaps the club should make the decision based on how they feel the club is going to expand and such. Vice President Barrans then states that she would like to amend the Docket to say “registered” instead of “recognized.” Senator Wrencher seconds the motion. Senator White moves to vote on the amendment. Senator Teske, Senator Bernhardt, Senator Groggel and Senator Fieman are against the amendment, Senator White, Senator Buscho, and Senator Parker abstain, and the amendment passes. Senator White then moves to vote on the Docket as amended. The Docket passes with Senator White, Senator Wrencher, Senator Parker and Vice President Barrans all abstaining.

Senator White moves to vote, and the Docket passes with Senator White abstaining.

Senator Fieman moves to Docket #03-041. Senator Bernhardt states a friendly amendment to the Docket, so that the title will read: “Capital Contingency Allocation by Alex Bernhardt on behalf of the Math Club.” Senator Fieman yields time to the representative of the Math Club. Senator Buscho then moves to vote, and the Docket passes with Senator White abstaining.

Senator Bernhardt moves to Docket #03-040, The Finance Allocation to the Internationalist. He also announces a friendly amendment to cross off the “nine” in front of the statement: “Two thousand, two hundred dollars.” Senator Fieman yields time to the representatives of The Internationalist who then speak, and give an overview of what the magazine is. The representatives also explain that the amount of money that has been allocated is not enough.

President Frost applauds the effort that the group has put into this project, but also goes on to explain the tight situation ASUPS is in with regard to the budget. Vice President Barrans mentions that they have been allocated more funds than they need for the publication costs. Senator Groggel yields time to a representative of the magazine who explains that The Internationalist would like to have more money allocated because they would like to be funded for more than one issue. Vice President Barrans then states that ASUPS is happy to fund the one issue, but that proof of the success of the magazine needs to be seen before ASUPS will feel comfortable with allocating more funds to the magazine for more publications. Senator White points out that due to budget issues, the Yearbook has already been ‘killed’ and he feels that this is not the appropriate time for another ASUPS-supported medium. Senator Bernhardt yields time to representatives for further discussion. President Frost yields time to David Koppy, of Finances who explains how they feel about the allocation. He explains that the magazine is asking for 8% of the funds that have been allocated to all of the clubs for the entire year.

After more discussion, Senator White announces that he will take no more questions or comments unless it is an amendment, or pertaining to an amendment.

Senator Fieman moves to amend the Docket to allocate $3155.00, the price of one full issue. Senator Parker asks where that money would be coming from. Senator Bernhardt explains that it is coming form the Finance Committee, and that the figure is about 20% of the budget. Senator Teske seconds the motion to amend. The amendment is voted on, and passes with Senator Bernhardt, Senator Wrencher, Senator White and Vice President Barrans abstaining. Senator Fieman moves to vote on the Docket as Amended, Senator Buscho seconds, The Docket Passes with Senator Wrencher, Senator White, and Vice President Barrans abstaining.

Open Forum:
Julie Ann on behalf of Andrea’s Voice takes the floor, and states that if anyone has questions about the Finance Allocation Docket to please ask her now, as she must attend to other business tonight. Seeing no questions, the meeting progresses.

Solomon Chau addresses the Senate about the Vetoed Docket that had allocated extra funds to The Internationalist. He recounts the decisions that were made at the previous Formal Senate Meeting (9.11.03) when the Docket was passed, allocation the Internationalist $3150.00 instead of the original $2200.00. He admits that the $2200.00 with the additional funding that the magazine had already received would be enough for the first issue of the magazine, but states that the extra funds that had been requested were going to go towards the second issue. He states that with factors such as Winter Break to consider when considering fund raisers, and then stated that without the additional funds the magazine would most likely die in its infancy. He states that once the magazine is shown as successful with two issues printed, then national sponsors would be more likely to consider sponsoring the magazine. He also goes on to discredit the ideas of online journals, and “cheap and dirty photocopy packets.” He goes on to say that the extreme majority is needed in order to nullify the Veto, and then reminds that an abstention is like a vote against the cause. He makes a final point by saying that there will never be enough money, and budgets will always be tight. He also points out the diverse group of people who came to show support for the magazine, and then states that voting in favor of The Internationalist is like voting to support students and their ideas.

Senator White moves to Old Business

Old Business
Vetoed Docket #03-040, Finance to The Internationalist
President Frost states that he is very excited to see so many people at the meeting, although he wishes that they were at the meeting for happier reasons. He tells the students that they are always welcome to come to ASUPS meetings, and that the Senators are always happy to have students at the meetings. President Frost goes on to state that he has received several e-mails about the Veto, and he wishes to make it clear that ASUPS is indeed supporting The Internationalist and that ASUPS had determined that $2200.00 was sufficient to fund one issue, and that The Internationalist would be have some future funds because of the other funding that they had received from other sources.
President Frost goes on to state that ASUPS is not in a position financially to allot the $5000.00 that The Internationalist had originally asked for. President Frost wishes to make it clear that he did not veto all funding, but only the additional $950.00. President Frost states that he thinks that The Internationalist is a great project, and that the hopes that ASUPS and The Internationalist will be able to work together in a positive manner.

Senator White states that in a 2/3 vote, an abstention is considered a vote against.

Vice President Barrans states that for the Veto to be overridden, a Senator must bring the Docket to the table.

Senator Fieman moves to bring the Docket to the table. Senator Teske seconds.

Vice President Barrans advises the Senators not to vote to bring the original Docket to the table, but to wait for Docket #03-052, this would allow for more discussion, and for the clearing up of any confusion that may have come from last week’s meeting.

Senator Fieman yields time to a professor form both the comparative Sociology Department, and the International and Political Economy Department who states that both of his departments gave money to the magazine, the departments thought that if they were generous with the finds, then ASUPS would be generous with funding, he believes that this is a worth project of all of the funding.

Senator White engages in discussion about the Veto. Senator Groggel questions the representatives, about funding the second issue, and if $3155.00 would be enough with the other funds to have two issues funded. He then asks how they plan to raise money for a third issue, he worries that after the two issues there may not be any more funds to collect for a third, and the project will die. The representatives state that after two successful issues are produced, then national sponsors will be able to consider the magazine as something that they may want to sponsor. They also state that when it comes time to publish a third issue, they will be in a better position to work together on fund raising.

The representatives state that they will be publishing 1000 issues, and that it will cost $3155.00, plus $300.00 for photos, which they are not asking ASUPS to fund.

Representative Hoppe suggests that perhaps they ask for the lowest amount of money that they need right now, and then ask for another finance allocation when the time comes. Dave Koppy of the Finance Committee states that they had requested a lump sum, and that the large initial allocation was their idea, but if they were to make another future proposal that they could be considered for more funding. Vice President Barrans adds that the representatives of the magazine had said that if they received the $5000.00 that is will be a one time contribution, but since this is not what they are receiving, then the funds that they receive will not be a one time contribution.

Discussion persists.
Senator White states that when considering whether or not to nullify the Veto, to take into consideration the amount of student support that this magazine has, he points out that this has never happened with any other club or organization before. Senator White state that he would stretch the budget to support this magazine, and 11 of these students even if it made has to affect things in other clubs.

Vice President Barrans again stresses to keep the Veto, and start with the new Docket.

Senator Fieman states that he feels as though ASUPS can handle the financial burden.

Dave Koppy speaks about the budget. He states that the budget started out as $29929.00 and with allocations pending, there is a remaining $24783.75. This is just two weeks into the fiscal year. The Internationalist is asking for 20% of what is left of the budget, and there are 25 remaining weeks in the fiscal year.

Senator Buscho states while it is good to look to the future, it is also good to support these students who are obviously passionate about this project.

Vice President Barrans states again that not all of the funding has been cut, and that there is still enough for one issue.

Senator Bernhardt states that since the sources are available, then it is a good time to spend the money.

Senator Wrencher states that The Internationalist will actually still be short $450.00 even if they receive the $3155.00 from ASUPS.

Representatives form the magazine state that they plan to make up the other funds form faculty donations.

Senator Fieman points out that he feels as though both he and Senator Bernhardt support the nullification, and since both Senators are on the Finance Committee, that should say something to the other Senators.

Senator Groggel states that he was very disappointed with the way that the representatives form The Internationalist reacted to the Veto, and that the spread of misleading information that put ASUPS into a bad light was very unprofessional, and uncalled for.

Representative Hoppe states as an advisor to the Finance Committee that the money should be allocated on smaller amounts on more of an “as needed” basis.

Senator White moves to vote on the Vetoed Docket: Senator Fieman, Senator White, Senator Parker, Senator Teske, Senator Bernhardt, Senator Groggel, and Senator Buscho
vote in favor of the nullification. Senator Wrencher, Representative Hoppe, and Vice President Barrans vote in opposition of the nullification. The Veto is therefore nullified.

Senator Fieman moves to Docket #03-048, a Finance Allocation to Andrea’s Voice. Senator Teske seconds. Senator Fieman states that this program is for bulimia awareness, and that those in charge of the presentation had asked for $300.00, and that a copy of the proposal can be found on the back of the Docket. Senator Fieman states that the Finance Committee would like to granter her the full amount. Senator Buscho moves to vote, and Senator Parker seconds. The Docket is passed with Senator White abstaining.

President Frost motions to resume Normal Order, and Senator Wrencher seconds. Normal Order is thus resumed.

Senators question the representative of University/Smith RHA if other money sources have been consulted. She states that she is looking into them. President Frost moves to Docket #04-022: Finance Allocation to The Trail

Senator Bernhardt states that there are representatives here from The Trail and that this Docket was discussed on Tuesday. This is to send an editor from The Trail to attend a conference in March. Vice President Barrans asks Meg, the representative about the budget, and weather or not the budget included more than 20 issues. Vice President Barrans states that there should actually be enough for 24 issues. Meg states that there may be some discrepancies in where the money went, and that the money probably went to the $3000.00 debt that The Trail was in from the staff last year. Senator Tyson questions the decision to send seniors to the conference. Senator Wilkerson wonders if perhaps The Trail actually has the money since they are only putting out 20 issues. Vice President Barrans states that the money was otherwise allocated. Senator Tyson moves to vote, and the Docket passes with Senator Wilkerson opposing, and with Senator Tyson abstaining.

President Frost moves to Docket #04-023: Finance to National Eating Disorder Week

Senator Bernhardt states that this is a great program, and that the group has done a great job. Senator Parker commends the representative of the group for holding such a fantastic week. Senator Tyson moves to vote, and the Docket passes with Senator Tyson abstaining.

President's Report

President Frost states that he spoke with a lady who lives nearby who has expressed interest in possibly being an advisor for Tamanawas. She is a professional yearbook advisor, and she seems like a nice lady. She will be on campus in two weeks to meet with Media Board and to discuss the position with others. President Frost hopes that she will ensure the strength of Tamanawas.
President Frost announces that a Cabinet Meeting will be held to discuss the calendar. If approved, this new calendar will be the University's only calendar, and all will be happy.

President Frost states that he talked to Mr. Hagerling, Director of Tech. Services. He would like to come to a Senate Meeting assuming the Senators are interested to present everything about the calendar.

President Frost states that the Infinite Monkeys Festival is going on, currently. IMF is an ASUPS club. One of the plays, "This is My Play," has received some comments due to some racial and religious issues in the play. There will be a Talk Back on Friday at 5:00pm at the Theatre Theme House. President Frost encourages the Senators to let anyone with concerns know about the Talk Back, and encourage them to go. President Frost also encourages all to go and see the shows.

President Frost asks the Senators to please remind everyone about OAR. They will be here in nine days, and therefore President Frost encourages Senators to remind everyone to buy tickets.

The Rugby Club has been having some difficulties, and it is a question weather or not the Senate wishes them to continues to be an active club this year. They need to turn in the league registration and dues within the next year. This is about 6-8 hundred dollars, not unmanageable, but sizable. There are also questions about their ability to manage themselves. If they are not going to exist in the near future, do we want to file and pay the fees—these dues and papers are already one month late. Vice President Barrans states that last fall clubs were looked at and the requirements were considered. The Rugby Club has not met any of the requirements; theory have not turned in a team list, there has been no proof of first aide training, and such. The club also has planned a tournament during Spring family Weekend without consulting anyone as to whether or not that is acceptable. The Senators express their concerns about the club and their poor behavior.

Senator Hines leaves as he is a Security Guard and he must let someone into their room.

President Frost also discusses the issues with the Rugby Club's account, and whether or not ASUPS should keep letting this happen, or if they should take action to have some boundaries until the Club shows that they can handle itself responsibly. President Frost proposes to freeze the account, and he asks to suspend Normal Order and go to New Business. Senator Wilkerson seconds.

President Frost: Docket #04-025 Freezing Rugby Account: "The ASUPS Senate hereby freezes the ASUPS Rugby Club account until all requirements as stipulated by the ASUPS VP office are met." President Frost moves to pass the Docket. Senator Wilkerson seconds. President Frost states that the have not paid dues, they have not turned in a team roster, and they will therefore not be allowed to play, and there will be no tournament. President Frost also states that the account may be unfrozen, and
then deems Senator Bernhardt the Rugby Czar. Senator Tyson moves to vote, and the Docket passes with Senator Tyson, and Senator Anderson abstaining.

President Frost moves back to his report, and states: “Thus concludes my report.”

**Vice President’s Report:**

Vice President Barrans states that her report will be nice and short. He states that Elections have gone well, and the count will be tonight. The results will be on the website, probably around 1 am. Vice President Barrans states that there is a 36 hour rule about releasing the outcome of the election that can be used, but that no one seems to want to use it. Vice President Barrans states that just over 50% of the eligible voting students have voted, which is an amazing turn out.

**Dean of Students Report:**

Representative Sazel asks: “May I talk about Rugby Club?” Then states that he has nothing to report.

**Chair Report**

Senator White is absent

**Pro Tempe**

Senator Tyson commends Senator Hines and his great shirts. The shirt are really turning heads, and there have been several of remarks about elections after seeing shirts.

**Liaison Report**

Senator Bandy has nothing to report

**Committee Reports**

Senator Wrencher states that there is a Governance Meeting on Sunday at 9:00.

**Media Board**

Representative Palmquist states that the Media board meeting should be reported, and since Senator Groggel is not at the meeting she gives the floor to Colin Nagle from Media Board. Colin states that there was a debate about the issue of the Trail and having formal endorsements for the election candidates, and weather or not that is ethical. The Senate may need to issue a blank amendment that states that all media can issue such endorsements. Media Board would like to discuss this more at their next meeting and also to discuss this with the Senate.
Student Concerns
President Frost defers to Senator Hines. Senator Hines states that Student Concerns went to the Student Athletic Council and passed out flyers for leadership groups from which they are getting good responses. President Frost states that this has been a positive way to have ASUPS reach out to clubs.

Announcements
Vice President Barrans announces that March 9 is inauguration at 6pm in the Rotunda, and that all Senators are invited to the ceremony where they will be honored.

President Frost thanks Senate Secretary of over one year, Amanda Corbyn for all of her hard work. Ms. Corbyn will no longer serve as the Senate Secretary as she will be studying in Germany next year.

Vice President Barrans states the the invites for the inauguration melted in the printer.

Trail – Megan Buscho
Concerned about proposed amendments to election by laws
Look at tabling
- Head editors at conference, want dialogue that included those members
- Feeling that it has been rushed, lack of time for senators to talk

David Droge
- Introduction
  - Did not attend MB, but would like to summarize Greene’s point of view
    o Censorship is charged word
    o But when ideas have influence, we must be careful about restriction
    o Faculty: policies taken in response to particular events tend to be regretted—ineffective amount of time for discussion
    o If the goal is to attempt to prevent collusion, it will be ineffective anyway (if people really want to collude, they’ll do it anyway)
  - Adds: have been in conversation with other advisors throughout NW, can’t find anyone who thinks it’s a good idea
  - Real conflict: funding from government, traditional idea that newspapers should watch gov’t
  - Urge to be cautious about attempt to control expression
Barrans: forms of spirit and banter that are possible and positive. Limit profanity, be witty, remember the children.

White: would like to see smaller allocation to SAAC, use money for Trail, but not as big and no big posters.

Barrans: Proposing that not a 4 week run? What is plan for posters?

R: 

Hines: agrees with White. Thinks issue is basketball-specific

R: Not just basketball

Hines: So is heckling a part of sports?

R: Yes, but not swearing in front of a 2 year old or 4 year old. Should be self-censored.

Parker: Supports fliers, thinks there is such a thing as “smart” heckling, has seen it at games. Fliers a smart idea.

Tyson: Liaison groups are in support.

Palmquist: A good campaign. Very positive. May not make huge sweeping changes, but at least the effort is put out by students to be supportive. Worth the money.

Groggle: Worried that ads are in spring, if the top three sports will have been past. Better to do it next fall or next winter?

Barrans: Important to nip it in the butt now. May need another reminder later.

R: The number four is good. Repetition in Trail important

B: Move to vote

Ty: second

All but Hines in favor, groggel & bernhardt opposed

Frost: Suspend normal order, old business

Bandy: Second

04-024 Motion to by law changes 

Mitchell: move to table on behalf of the representation for the senior staff of the trail

Bandy: second

Discussion:

Tyson: discussed substantially on Tuesday, feels it will be tabled for quite some time, concerned over length

Barrans: Have until next October until it applies. only 2 new senators, everyone else is informed

Gibson: agrees with Barrans, even if it will take some time, we have until next October. Big deal—touches on constitutional rights, wants more time

Groggel: yield to Colin

Colin: Thanks. Thinks MB yesterday went very well. Professor Greene came with interesting points from outside perspective. Voted unanimously that amendment should be tabled: need more time, Trail editors not present, complicated issue, Senators don’t necessarily have access to same information that MB has.
MB feels it could take time, but there are several months and they should be flexible.

White: Disagrees, thinks senators have much more info than people in MB themselves. Urges senators to vote for how they feel at this time. If the language is unclear, vote it down. If you feel it solves a problem, urges to vote at this time.

Parker: Important for senators who are sticking around. Don’t bite the hands that feeds you. Sees Trail as criticizing admin too much

Gibson: Senators here to represent constituents. Affects all organizations, but affects Media the most. Media all voted to table for further discussion, so we should listen. Trying to push it through before senators leave is unwise.

Groggle: Knowledge is not a bad thing. Four members of editorial staff of Trail are at a collegiate press conference (national). Committed to asking other advisors about how they’ve handled the issue on this campus—that fact alone should be enough to table docket.

Hines: Thinks that the docket will always be argued over, no matter how long it is tabled. The by-laws need to be looked over again. Doesn’t want to table, wants to vote it down. Then wants to figure out a better way to make it fit better. We should start fresh.

Tyson: Agrees with Hines and chair. Needs to get a grounding on where to go and better commitment. If kept like this, we will talk until we’re blue in the face; quite possibly until next election.

Vote to table:

Pro: Gibson, Bandy, Bernhardt Palmquist Barrans Groggle Mitchell
Opp: Hines, Chair
Ab: Parker

Barrans: encourages Trail reps to stay. Most leave.

Floor to Frost: Extends welcome and congrats to Ryan and Wes.

But—not gone yet

Events Calendar: approved by cabinet on Tuesday, approved to be adopted as sole university calendar. Speaks to dedication of DTS Josh Haberman.

Formal rollout Monday with announcement to Campus.

Clubs Room: now has locked storage space for clubs for supplies, etc.

Have large and small.

Tamanawas: made contact with potential staff advisor
Meeting with MB, as well as Ryan, Wes, and Dean Bartnen
Left: MB needs to hire editor, get staff in line
Thanks: senate chair White for attire, thanks Trail for being in attendance, thanks all senators for their engagement this year. Praises senate as a wonderful group of people. Formally thanks Tiffany for a wonderful year and time on Senate—one of the more capable VPs of recent memory.
Final thank you and farewell.

Barrans: Basketball game Saturday night. DCS offered 50 boxes of popcorn for most spirited attire. Wants senate to help distribute coupons.
Next Formal Senate: new chair, new VP will be in effect. New positions will be up next week.
Paid positions: currently accepting applications for DPR, DTS, DBR. Due Mar 10
Budget requests: online. Clubs should know, but make sure
04-024: Thoughts on changes for record because she will not be able to share when voting:
Initially: thought article was inappropriate, poorly written, caused a lot of conflict for elections. Did not, at first, think this was a good thing.
Research: Has done research on case law and has talked to Haltam, and is her impression that it is legal, but should be checked.
But: difference between can and should. Trail shouldn’t endorse because of dramatic conflict of interest and should reconsider, but Senate shouldn’t take right away even if they have the ability. Should not take first step in censorship. Need to evaluate position carefully.
Thanks: Had amazing term. Appreciates support and challenges.
Remembers first senate and being horrible at Robert’s Rules. Appreciates challenge and opportunity to get to know rules and more. Thinks senate has come a long way this year: encourages to continue extending the polling to all constituents on this campus. Encourages senate to do door-to-door knocking, and supports for currently being active.

White: questions? No. Student’s Rep:

Palmpquist: Crosscurrents due, Passages/Perspectives due, OAR this weekend, basketball this weekend, Props to tiffany for budget online. Encourage to tell clubs that budget is online, due two days after spring break. Congratulates Darrel and Tiffany on being exceptional executives, has enjoyed herself in her role.

White: Inauguration is Tuesday in the Rotunda. All invited to enjoy fine cheese cake. Thanks to Frost and Barrans, thinks they have been best representatives of senate and students.
Pro Tem: Thanks senators for best term as far as projects go. Challenges senators to think of possible appointments, projects for upcoming senators.

Bandy: Contact clubs about heckling, Trail, budgeting before spring break.

White: Committee reports?
Announcements?

Groggle: thanks Darrel and Tiffany, sees big sweeping change. Thanks Bernhardt for two years of service in senate. Doesn’t think senators get enough recognition.

Pro Tem: liaison emails thank D & T for a great job, very impressed with administration and senate. Thanks to Dave White for four year commitment

Barrans: Words from 2 senators who will not be returning?

Bernhardt: Been a pleasure to work with all of you. Two years have been life changing. May not make it on Tuesday, but if not, much love.

White: Best dressed to Groggle.

Motion to adjourn, second.

Executive Reports:

Vice President’s Report:
Vice President Magee announces that he and President Cunningham spent the last two days interviewing applicants for DPR, DPS, and DTS positions. Tomorrow, letters will be sent out to the applicants alerting them as to whether or not they were hired.

Vice President Magee wishes to remind everyone that applications for Media Heads and Programmers are in the ASUPS office, and he reminds the Senate to think of potential applicants and encourage them to apply.

Vice President Magee also expresses that he and President Cunningham have had a good first two days in office, and that they are trying as hard as they can.

Dean of Students Report:
Representative Palmquist wishes everyone a good spring break.

Chair Report:
Vice President Magee states that he and President Cunningham have made “interesting progress.”

Vice President Magee also states that he and President Cunningham aren’t entirely familiar with rules, and that people such as Senator Tyson are “much appreciated.”

Pro Tempe Report: did not catch what Sen. Tyson said

Liaison Report:
Senator Bandy states that she hasn’t received e-mails from the other Senators, but that it is excusable as it is the first meeting of the new term. Senator Bandy reminds the Senators to please ask their clubs for summaries of what they’ve done this semester. Senator Bandy also states that there will be a mass e-mail sent out later this month reminding the Senators to be in contact with their clubs, and also reminding new Senators of their training appointments.
Committee Reports:

New Business:

Vice President Magee moves to pass Docket #04-027: Finance Allocation for CPR Training Course. This course would cover CPR and First Aid for adults, children, and infants. MVP would provide the training at the cost of $35 a person, and this docket wishes to subsidize the tickets. The course would be open to entire campus, but limited to 25 people. At the end of the course everyone will be certified in First Aid and CPR through the Red Cross. This training session would last eight hours. Senator Bandy voices a concern that since it is an all day course scheduled for a Sunday, that this may interfere with participation since it is a “study day.” Senator Tyson questions the cost of the subsidized tickets for the participants. The response is that this docket would pay $20 of the $35 dollars for each student. Representative Palmquist voices a concern about the original date of Sunday, April 18th since it is the Sunday of Family Weekend. Representative Palmquist asks if there wouldn’t be an alternative time. The response is that two dates were tentatively scheduled, Sunday, April 18th, and Sunday, April 24th. Sunday, April 18th was chosen over Sunday, April 24th because of the President’s inauguration on Saturday, April 23rd. Representative Palmquist reminds the Senate that the inauguration will be finished by the evening of Saturday, April 23rd, so that Sunday, April 24th, would be available. Senator Bandy reminds the Senator in charge of the Rugby Club to encourage their members to participate in this course. Senator Tyson agrees with Representative Palmquist about the date complications and wishes to change the date. Senator Wilkerson wishes to remind the Senate that no matter what weekend, it will not be impossible to fill the course with 25 people from a student population of 2,200. Senator Tyson makes a motion to table this docket until the date can be established. The response is that the group hasn’t called MVP yet, so that they could change the date. Senator Tyson makes a motion to withdraw his previous motion, and to strike the date from the docket. Senator Bandy agrees with Senator Tyson and wishes to make a friendly amendment so that the docket now reads “The ASUPS Senate hereby allocates five hundred dollars ($500.00) to fund a CPR training course.” Vice President Magee moves to vote and the Docket Passes with Vice President Magee abstaining.

Vice President Magee moves to pass Docket #04-028 “Finance Allocation to Earth Advocates.” Representative Palmquist asks the question “What is the Friendship Village?” This response is that “The Friendship Village” is a film directed, written, and produced by a woman from Vancouver, British Columbia, about the environmental effects from the Vietnam War. This movie also looks at the health problems of children and adults from that area. This film would be shown during “Earth Week,” and the members of Earth Advocates have written to the writer/director/producer asking her to come speak for a small honorarium, and she has accepted. Representative Palmquist asks where the film will be shown. The response is that the film will be shown in SUB 201. Senator Bandy questions the availability of the Rausch Auditorium. The response is that the Rausch Auditorium has already been scheduled for an alternative use by another group. Senator Gibson requests a friendly amendment so that the docket will read “The ASUPS Senate hereby allocates Seventy dollars ($75.00) to Earth Advocates for the
showing of *The Friendship Village.*” Senator Bandy agrees with Senator Gibson’s friendly amendment. Vice President Magee moves to vote and the Docket Passes with Vice President Magee abstaining.

Vice President Magee moves to pass Docket #04-029 “Finance Allocation to Amelia Sattler, Kelly Hogue, Jana Yamada.” This docket would enable three UPS Psychology majors to take one of these previous experiments about the effect of music on film clips and present their research to the WPAC in Arizona. Senator Tyson requests the monetary breakdown from Senator Bandy. The response is that the money allocated will allow for hotel, airplane fares, registration fees, transportation fees, and the cost of using the UC and Psychology Departments. Vice President Magee moves to vote, and the Docket Passes with Vice President Magee abstaining.

Vice President Magee moves to pass Docket #04-030 “Finance Allocation to Hui O Hawaii.” Senator Bandy states that the club Hui O Hawaii will try and reduce costs, try to get money refunded, etc, but that the Luau is a great tradition, and that it should be supported. Senator Gibson asks for a monetary breakdown since it is a large sum of money, and it would be nice to see where the money is going. Senator Gibson also asks whether or not these dockets fall under the 48 hour rule, and how does that rule work? The response is that these dockets do not fall under the 48 hour rule. Senator Wilkerson states that the Luau is amazing, that it draws people in from the community, and that the Senate should definitely support it. Senator Tyson requests a copy of the breakdown of the ASUPS Financial Accounts. Senator Anderson questions what will be shipped from Hawaii. The response is that clothing, flowers, food, decorations, and additions for the “emu pit” will be shipped. Everything that is shipped will be fresh. Representative Palmquist asks if the club Hui O Hawaii normally asks for money from the Senate. The response is that the club asked the Senate for money for the first time last year, and that with the increased costs of lighting, a new stage, videos, a bigger rig, that more money is required. Last year the increasing cost was offset by a raise in the price to attend the event by one to two dollars, but the club doesn’t want to have to raise the cost to attend every year. Senator Gibson asks if the club Hui O Hawaii will be requesting money from the Senate every year for this event. The response is that it will depend on who are the officers of the Hui O Hawaii club next year. Vice President moves to vote, and the Docket Passes with Vice President Magee abstaining.

Vice President Magee moves to pass Docket #04-031 “Finance allocation to Anderson Langdon RA Staff and RHA.” This docket will provide costs reduction on 40 tickets to a Sonics basketball game. The game will be held the Friday after Spring Break. The Anderson Langdon RHA Staff is paying $100 towards the tickets which cost $12 on average. Each student would therefore have to pay $5, and the money from ASUPS would provide for transportation to and from the game. Vice President Magee moves to vote, and the Docket Passes with Vice President Magee abstaining.

Vice President Magee moves to pass Docket #04-032 “Senate Retreat By-Law Suspension.” Vice President Magee states that these By-Laws require a Senate retreat within two weeks of the end of elections, which would have been last weekend, when no
one was even in office, and that it would be in everyone’s best interest to delay the retreat. Senator Bandy requests that on any dockets in the future concerning By-Laws and such, that a copy of the Law be attached to the docket and highlighted. Senator Tyson asks if the suspension of the By-Law will be indefinite. Vice President Magee responds that the suspension would be temporary, and that the retreat would therefore be placed approximately the first weekend after Spring Break. Tyson asks for an extension instead of a suspension. Senator Hines asks if that would be extending the By-Laws. The response is that an extension would save the party from having to prepare another docket to “un” suspend the By-Laws. Senator Bandy requests that the Senators stop being “nit-picky.” Senator Mitchel states that since the docket falls under the 48 hour rule, it should have been brought to the table at the beginning of the meeting. Senator Bandy responds that the docket is “ok” for now. Senator Tyson moves to bring the docket to the table under the 48 hour rule. Senator Mitchel seconds the motion. Discussion: None. Vice President Magee moves to vote to change the By-Law “suspension” to “extension.” The vote passes with Vice President Magee abstaining. The Docket is NOW on the table. Discussion: None. Vice President Magee moves to vote, and the Docket Passes with Senator Hines opposed and Vice President Magee abstaining.

Old Business:
Senator Tyson moves to return to the approval of minutes. The vote passes, and the meeting returns to the approval of minutes.

Approval of Minutes:
Senator Tyson requests an amendment to the minutes placing Senator Tyson on the “Senators Present” list.

Senator Hines moves to suspend normal order to move to the President’s Report. Senator Gibson seconds the motion and the vote passes.

President’s Report
President Cunningham states that he and Vice President Magee have had a great first two days in office, that they have had back-to-back interviews with applicants for the DPR, DTS, and DPS positions. President Cunningham states that it will be a tough choice to decide who is hired, but that it was encouraging to see such a large turnout for the positions. President Cunningham wishes to remind the Senate as Vice President Magee did earlier that applications for Media Heads and Programmers are in the ASUPPS office, and that the Senate should encourage those they know would do a good job to apply.

Announcements:
Senator Tyson reminds the Senate that nominations for Senate are in not in house voting, they must happen outside of Formal Senate.

Senator Gibson wishes everyone a good Spring Break.

Senator Tyson wishes to thank Vice President Magee for running the Senate this evening.
Senator Hines wishes to inform the Senate that it is 91 degrees Fahrenheit and sunny in Cancun, Mexico, and that he will be there in less than 18 hours, and promises to send everyone postcards.

Senator Bandy and the Recording Secretary wish to apologize for their “non-formal” attire this evening.

Senator Tyson motions to adjourn, Senator Bandy seconds.

President Cunningham reminds the Senate that the Senate Retreat is this weekend and they will be leaving tomorrow as close to 3:00p.m. as possible. The ASUPS van and another van will be taken down. President Cunningham has also heard that there is an expensive hot tub at the hotel, and he encourages everyone to bring a swim suit. President Cunningham wishes to remind those attending that if they are not there (the ASUPS office) by 3:15p.m., they will be left behind. Senator Tyson questions the estimated time of return. President Cunningham responds that the program will end at breakfast Saturday morning and that the Senators can stay in Portland and hang out with President Cunningham, or they can choose to leave early. Senator Wilkerson questions if they will be required to wake up at 7:00a.m. Vice President Magee answers with an emphatic “Hell no!”

President Cunningham brings up the topic of the USA Today “Trial Reader Program. This program will distribute three different newspapers to Trimble, McIntyre, Anderson/Langdon and the SUB. This program is designed for those caught in the UPS “bubble” to become informed about local/regional/national/international news. This program will start Monday April 5th and will continue for four weeks with surveys at both the beginning and end of the trial period to see if this program would be worth continuing possibly as an ASUPS sponsored program.

President Cunningham brings up the point that the ASUPS sponsored event of the lecture tonight with Ron Jeremy has become a point of “contention.” President Cunningham encourages the Senate to listen to the constituents, and to direct comments received to President Cunningham and Vice President Magee.
President Cunningham wishes to tell the Senate that the hiring processes are going well and that the Media Head and Programmer applications are due tomorrow in the ASUPS office, and that interviews will start next week.

**Vice President's Report:** Vice President Magee states “that's me.”
Vice President Magee wishes to remind the Senate that the “Meeting of the Minds” will be held tonight after the Formal Senate Meeting at 7:00p.m. The “Meeting of the Minds” is an open forum for anyone on campus to voice their opinions on how the budget for this year should be spent.

Vice President Magee also reminds the Senate that the voting for the new Pro Tempe, Liaison, and Senate Chair will be held directly after tonight’s meeting.

Vice President Magee states that he is really excited for the Senate Retreat. He also wishes to make a point of stipulation that those attending will be eating a late dinner but that “we will be feeding you,” so that those attending should plan accordingly.

Vice President Magee states that there has been lots of budget work, but that most of the budgets have been turned in, and those who are disappointed that they did not get their budgets turned in on time, or if they did not turn in their budget at all, still can turn them in but it will be up to the Budget Committee as to whether or not those budgets will be reviewed.

**Vice President Magee is “glad he is awake.”**

**Staff Report**

**Dean of Students Report:**
Representative Palmquist wishes to apologize to the Senate for being late.

Representative Palmquist wishes to remind the Senate that the “Wee Hours” will be held this weekend on Saturday evening. There will be a swing dance in Marshall Hall held by Swing Out! and also massages held in the Murray Board room, but “not at the same time.”

Representative Palmquist also wishes to remind the Senate that Sigma Chi is holding their annual “Beach Party” this weekend. Senator Bandy asks “did you just say that?” to which Representative Palmquist responds “it’s okay.” **Vice President Magee requests that the recording secretary make a note that “Senator Bandy is freaked out.”**

Senator Palmquist states that the Ron Jeremy lecture tonight has become a source of controversy. President Cunningham reminds the Senate that the concerns fueling this controversy originated this morning.

Representative Palmquist reminds the Senate that the “Foolish Pleasures” short film festival will be held next Friday, April 2nd.
Representative Palmquist also wishes to remind the Senate that “lots of folks” will be gone this next week because of national conferences.

**New Business:**

Vice President Magee moves to pass Docket #04-036 “Finance Allocation to UPSStageM.” This docket asks for reimbursement for the scheduled April 5th Broadway Music Review. This money would be reimbursement for programs, refreshments, and the Conspiracy of Hope booth because this club did not have a budget at the time. Vice President Magee moves to vote and the Docket Passes with Vice President Magee abstaining.

Vice President Magee moves to pass Docket #04-033 “Director of Public Relations Appointment.” Vice President Magee tells the Senate that this long and arduous hiring process “created” Calla Ostrander. Senator White knows that Calla Ostrander has had lots of experience through the Senate and ASUPS work, but he asks how Calla will take what ASUPS does and bring it to a broader campus community. Calla responds that the DPR position is in charge of advertising, and also being a liaison to connect to clubs and actively publicize for them. Secondly, Calla hopes to work as a more neutral spokesperson for ASUPS answering questions and concerns directed towards ASUPS, and diffusing problems directed towards people individually. Calla wishes to get to know senators so that she can represent the Senate as a whole. She states that there is lots of repair work to be done to the publicity office, communications office, diversity center, and also many reparations of relationships between ASUPS and clubs not run by students so that the publicity office can run well and represent all groups on campus. Calla Ostrander states that she is looking forward to this job and that she hopes that she can do it well. Senator White states that the position of DPR is a very broad based job, and that Calla is looking to broaden it further. He asks whether or not she is thinking of hiring new staff members. Calla responds that she already has an assistant and that she can’t hire new people until the fall because of the numerous work study positions, but that she will be training new people and advertising for their positions so that she will not have to seek out people. Senator Bandy wishes to tell Calla Ostrander that she is excited that she is here because she has heard that she is a great leader. Vice President Magee moves to vote and the Docket Passes with Vice President Magee abstaining.

Vice President Magee moves to pass Docket #04-034 “Director of Business Services Appointment.” Vice President Magee states that he and President Cunningham’s hard
work during the hiring process has been “blessed” with the hiring of Ben Zamzow. Vice President Magee states that Ben Zamzow has already done the job once before, and he hopes that he can bring lots of experience to the position. Senator Bandy questions where Ben Zamzow’s last name came from. Ben responds that his last name is from Poland. Senator White questions Ben what he likes to do in his free time. Ben Zamzow responds that he likes to be in the outdoors a lot; he likes to camp and fish. Senator White adds “outdoors and money.” Vice President Magee moves to vote and the Docket Passes with Vice President Magee abstaining.

Vice President Magee moves to pass Docket #04-035 “Director of Technology Services Appointment.” Vice President Magee states that “WE got Ted, and we’re really happy!” Senator White states that Ted Meriam will have a large role to fill taking over Josh’s place, and he questions what Ted sees himself doing in this position in the future and what he plans on doing to take it to the next level. Ted Meriam states that he is excited that the position of webmaster has become the DTS. Ted states that he hopes to be a bridge between lots of people; his own staff and the executive branch of ASUPS. He has many goals, aspirations, and work that needs to get done, Calla’s office for instance, and that the website and office need publicity. Ted states that one of his first tasks will be to get the budget online so that people can find out where their money has “gone.” Ted will be forming a unique relationship between OIS and ASUPS because he will soon be employed by both departments. Ted also hopes to get the student voice into technology. Ted believes that ASUPS and OIS need to work together. Ted states that he will be continuing many of the long term projects already in existence. Ted states that within technology there is an immense creative tool. Ted states that he hopes to increase the accessibility to the ASUPS webpage and also the club websites, and that Josh did a great job making it accessible first, that more CAN be done. Ted also states that there are lots of fun things to do with technology, and that those ideas are brewing in his mind, and that he would like thoughts and ideas from ASUPS on what he should do. Vice President Magee states that Ted Meriam has already adjusted the website so that you can log into Webmail through the ASUPS webpage. Senator White asks how Ted Meriam feels about the Commencement Walk. Ted responds that he feels it encompasses much honor and prestige, and that someday he hopes there will be a monument. Vice President Magee moves to vote and the Docket Passes with Vice President Magee abstaining.

Old Business:
Senator White moves to bring from the table Docket #04-024 “Election By Law Changes” and asks for discussion. Senator Gibson requests to be brought up to date on the details concerning this docket since they last dealt with it. President Cunningham states that the Media Board hasn’t reached a conclusion about the topic since it was last tabled. Senator Bandy requests that the docket be voted down and then reworked. Senator Hines wishes to remind everyone that if the docket is voted down, then it will become essentially a forgotten issue. Senator Wilkerson states Spring Break has just occurred and that there has been enough time for discussion. Senator Wilkerson also states that letting it sit for another week would not improve the situation and that the Senate should simply vote the docket down now. Senator Tyson questions how many senators contacted their clubs. Senator Gibson states that personally he has e-mailed all
of his clubs, but that none of them have responded. Senator Gibson also doesn’t see how shooting down the docket will make people discuss it more; that it will fail to bring the docket to the spotlight. Senator Gibson doesn’t know whether bringing the docket to the table and then voting it down would make it go any faster or slower. Senator Hines states that since this docket is old business, as any old business, it is quickly forgotten and that when it was first tabled it was essentially shot down then. Senator Hines suggests that the Senate bring up a new docket for New Business and go from there. President Cunningham states a point of order, that the Media Board DOES have a reason for keeping this docket in the Old Business; this docket is to firm up the by laws. Senator White apologizes for tabling the discussion for the docket since it is an important issue, something about “Florida and alligators....” Senator White states that the docket is still important but believes that it must be pulled down. Senator Gibson states that there is a big emphasis on the relationship between the ASUPS Senate and the Media Board, and that many members from the “Trail” staff were not present during the discussion the day the docket was first introduced. They discussed meeting sometime in the future, and Senator Gibson questions whether or not they have gotten together yet to discuss that issue. President Cunningham states that the leaders of the “Trail” did go to a newspaper conference and that they discussed the issue with many of the people there, but that he doesn’t know if anyone from the Media Board has taken the initiative to get together. Senator Gibson states that the senior staff members were going to talk to people about the subject, and he would like to know what they thought, so perhaps they should show up to the Senate. Senator White moves to bring the docket from the table. The docket moves from the table with Senator Gibson and Senator Mitchell Opposed, and Representative Palmquist and Vice President Magee abstaining. Discussion: Senator Bandy states that the docket was poorly worded the first time and that this time it is no better, and since the author is now out of office it won’t go anywhere. Senator White encourages the Senate to strike down the docket because of the apathy after Spring Break. Senator Hines agrees that the Senate should give the Media Board a “clean slate,” and the Senate should strike down the docket and have the Media Board write a new docket. Senator White call to question, would like to vote. Senator Tyson seconds Senator White’s call to question. Senator Gibson point of order, voting now to vote on docket? Vice President Magee “God why?” Vice President Magee moves to vote and the Docket Fails with Vice President Magee abstaining.

Announcements:

Senator Hines wishes to inform the Senate that a week from this Saturday there will be a “Logger Egg Hunt” which has been one of his and the president of RHA’s pet projects. Senator Hines passed out fliers which he encourages the Senators to place in their halls and to encourage the local kids from the community to come out for some fun. Senator Bandy questions if UPS students are allowed to participate. Senator Hines responds that the original idea was to have a campus wide egg hunt, but since this is the first time, UPS students are encouraged to come out and help. Senator Anderson questions where Senator Hines is advertising. Senator Hines responds that they are advertising in the Proctor District, in the newspaper, in the local elementary schools, and they have even given fliers to faculty and staff to encourage their children to come participate. Much
laughter and looking at Representative Palmquist. Senator White questions “what the deuce is a logger egg?” Senator Hines states that Senator White is missing the point. Logger Egg. Senator Hines states excitedly that “we’re giving away a bike!”

Senator White states that Representative Palmquist “stole his thunder,” but he also wishes to remind the Senate to participate in the Sigma Chi “Beach” Party this weekend, and to talk to members from Sigma Chi for information about the guest list.

Vice President Magee reminds the Senate to stay after the meeting for voting with “cute ballots and cute boxes.”

Senator Bandy questions if Vice President Magee knows about the “best dressed thing?” Vice President Magee says that he will give it “hands down” to Ted Meriam.

Senator White motions to adjourn, Senator Hines seconds.

Executive Reports:
President’s Report:
President Cunningham is excited to tell the Senate that the USA Today program mentioned at the last Formal Senate will start distributing newspapers starting Monday, April 5th. Newspapers will be distributed to the SUB, Anderson/Langdon, McIntyre, and Trimble. The newspapers that will be distributed include The New York Times, USA Today, and The Tacoma Tribune. On Monday surveys will be taken about the program, and also at the end of the four week period. The program representatives have asked that a student be present at the table while they are taking the surveys, and President Cunningham encourages the Senators to participate stating that this would be a great opportunity for them to wear their new Senate shirts and be made “visible.” The shift on Monday is from 11a.m. to 1p.m. and Senators are encouraged to e-mail President Cunningham to sign up for an hour or two.

President Cunningham states that the program titled “Organized Crime” has been tabled indefinitely pending further discussion.

President Cunningham also states that he and Vice President Magee are well into the budget process, and that the Senate should expect budgets to be in front of them shortly.

President Cunningham reminds the Senators that applications for Media Heads and Programmers are due tomorrow at 5:00p.m. in the ASUPS office. Senator Wilkerson asks if applications have already been submitted. President Cunningham responds that a number of applications have already been taken for both Media Heads and Programmers. President Cunningham also reminds the Senate that applications for Tamanawas are available in the ASUPS office.
Vice President's Report:
Vice President Magee wishes to tell the Senate that the Media interviews are 8-10p.m. on Wednesday, April 7th, and Friday, April 9th. Vice President Magee states that most of the Media Board will be there and that deliberations will occur the week after.

Vice President Magee states that budget hearings end tomorrow. Vice President Magee states that some clubs still have not submitted a budget and that this “bothers” him that it hasn’t occurred. Vice President Magee wishes to warn the Senators that they may hear complaints from some of their clubs.

Vice President Magee states that the Rugby Club has covered their six bullet points to have their account unfrozen, so that issue will probably come up next week.

Vice President Magee states that he “loves his office, and it’s a lot of fun!”

Staff Report:

Dean of Students Report:
Representative Palmquist wishes to remind the Senate that Foolish Pleasures is this weekend. “Other than that, just moving through April because it’s April Fool’s Day!”

Senate Reports:

Pro Tempe Report:
Senator Gibson encourages the Senators to be thinking about Senate Projects, and that when they have an idea to contact him.

Senator Gibson is also very excited about having gone to bed at 9:30p.m. last night.

Chair Report:
Senator Hines states that he was contacted by Jeff Johnson in search of help to encourage students to get out for inauguration. Jeff Johnson hopes to reach students by encouraging those in their clubs and organizations to participate. Senator Hines wishes to tell the Senators that they need to contact their clubs and to encourage them to come out for inauguration. Senator Hines also states that Jeff Johnson was present at the informal Senate meeting on Tuesday, and he talked about how the Senators could use their contacts to encourage students to come out for inauguration.

Senator Hines states that his “pet project” [Logger Egg Hung] has been going well. Senator Hines states that they have distributed flyers to elementary schools, but that many schools are going on Spring Break this Saturday so that might affect attendance. Senator Hines also states that they have distributed flyers to the local neighborhoods encouraging the neighborhood children to participate. Senator Hines states that the next phase in advertising is to encourage the faculty and staff to bring their children.
**Liaison Report:**
President Cunningham wishes to tell the Senate that he has not been to bed since the night before last.

Senator Wilkerson states that she is excited about this job and that she is meeting with many people to talk about the job. Senator Wilkerson also states that she is meeting with Senator Bandy soon to discuss her previous experience as the Liaison.

Senator Wilkerson states that she is having a good day.

**Committees Report:**
Senator Bandy wishes to tell the Senate that the Finance Committee is fun, and that it needs people on it. Vice President Magee states that he has found two students to be on the Finance Committee and that he’s “working on it.”

Representative Palmquist states that the Media Board met Wednesday and the conversation that was held centered on the “sun setting on the media.” Representative Palmquist stated that the conversation held at the meeting was a good conversation, and that the Media Board is trying to make changes to the by-laws. Representative Palmquist stated that at the next meeting, the Media Board committee report will hopefully be “some piece of substantial something.”

Senator Wilkerson is still working on the off campus whistle committee. Senator Wilkerson states that they have found good deals on whistles. The project entails talking to security to come aid anyone who blows a whistle whether they are walking on or off campus. Senator Wilkerson states that a whistle blow signals that a person is in trouble and needs immediate assistance. For a person to participate in this program and receive a whistle, the person would have to sign a contract stating that they wouldn’t blow the whistle unless it is an emergency. Senator Wilkerson states that there have been several occurrences this year that might have been helped by this whistle program. Not only would the whistle signal that a person is in trouble, it would also help scare away the attacker because the loud noise would be more of a risk than the attacker is willing to take. Senator Hines states that he thinks it is a good idea to bring this program to campus.

**New Business:**
Senator Gibson moves to bring Docket #04-038 “Finance Allocation to UPSTART” to the table. Senator Bandy states that the UPStart vegan banquet was held last night and the group is looking for reimbursement. Senator Wilson asks how many people showed up to the banquet last night. The answer is that UPStart set out to sell 35 tickets, and that they ended up selling 51 with extra people showing up. Overall the banquet went really well. Senator Hines moves to vote and the Docket Passes with Senator Hines abstaining.

Senator Tyson moves to bring Docket #04-039 “Finance Allocation to Phi Sigma” to the table. Senator Gibson asks for information about the symposium. The answer is that the spring undergraduate symposium has been going on for over 20 years and that professors
graduating from UPS have returned to present their research on physics, math, geology, chemistry, biology, etc. Students that have been doing research from this past summer up until now are allotted a 15 minute time period in which they can present and researches and professors can ask questions. Senator Gibson asks who the speaker for the symposium will be this year. The speakers for the symposium this year are Peter H. Fallaces and Donald H. William. Representative Palmquist requests that if this event happens annually that the representatives from Phi Sigma request the funds prior to the night before the event is scheduled to take place. The representatives apologize for their late request but state that Spring Break got in the way to which Senator Hines responds “that sounds familiar.” Senator Johnson questions if Phi Sigma holds any other fundraising activities. The is that they do not hold other fundraising activities because they would rather be contributing their time and effort to the environment and education program. Phi Sigma is given money about four times a year but most of that money goes directly to scholarships. The representatives from Phi Sigma state that they focus on concerning themselves with the community instead of fundraising. Senator Hines moves to vote and the Docket Passes with Senator Hines and Senator Tyson abstaining.

Senator Tyson moves to bring Docket #04-040 “Finance Allocation to Radiance: A Celebration of Life” to the table. Senator Bandy states that this event is a kick off to Earth Week, and to direct all questions to Warren Schaefer. Warren Schaefer states that this is the third annual event and it is essentially a musical kick off to Earth Week. This event covers all academic areas at UPS, it includes the faculty, staff, and students. The purpose of this event is to enrich, educate, involve, and celebrate life. The event starts at 4p.m. on Friday, April 16th with a Drum Circle in the arboretum and “fire poi” as the sun sets. Once it gets dark, around 8p.m., the event will move to the garden level where there will be live DJs and other activities put on by clubs featuring art, biology, philosophy, music, and dance. So far there have been six DJs from the Seattle/Tacoma area and seven DJs from San Francisco, Santa Cruz, and Spokane that have expressed interest in being DJs at this event. Funds for this event, especially for the DJs, is included on the sheets that Warren passed out when this docket was first brought to the table. Also listed on the sheet is a website for the event with the same budget proposal which is a line-by-line breakdown. Warren states that this program is being put on by three very motivated students who want to bring a high quality production to the UPS campus. Senator Bandy states that the Finance Committee gave Warren’s budget proposal a lower monetary amount than asked for, and Senator Bandy questions if Warren is “okay” with this lower amount. Warren Schaefer replies that they are disappointed about the “recommended amount,” but pleased that the Finance Committee did recommend an amount. Warren states that the cost for the 4x4 color glossy flyers from Laser Writing Incorporated is $327.00 more than the money allocated. Warren states that the previous two years that this event has been put on, there has been a lower than expected attendance, according to Warren, due to lack of publicity resources. Warren feels that allocating significant funds for the flyers will bring more attendance but the funds will also support bringing the DJs from the Seattle/Tacoma area and also from California and Spokane. Warren wants to be able to bring these musician’s music, their culture, to UPS, but this requires more money. Senator Bandy states that the current proposal handed out when the docket was brought to the table has been changed from the docket brought to the Finance Committee; that
there was nothing about professional color flyers, and Senator Bandy encourages Warren to submit the current proposal to the Finance Committee again. Senator Gibson asks how many people attended the event last year. Warren responds that 60 people attended last year. Senator Johnson questions if Warren investigated other companies to find less expensive prices. Warren states that Laser Writing Incorporated had the cheapest cost of all of the other companies he investigated and are also giving them a 10% discount on the flyers. President Cunningham states that Warren Schaefer’s group received $400.00 from the Dean of Students Office this afternoon, and he questions how the group sees that donation affecting the general budget. Warren Schaefer states that that amount will go towards the budget in general, but that the event is in 16 days and the first of a four part order (250 x 4) will be ordered tonight and those funds received this afternoon will be immediately spent on that order since there are only 16 days left. Senator Gibson questions if it is feasible to expect people from Santa Cruz to drive all the way up to Tacoma to have a one hour slot and to only be paid $10.00 per hour. Senator Gibson states that this seems like a long way to drive for a one hour slot at $10.00 per hour. Senator Gibson also questions if Warren’s group has contacted those people and that they want to come and are actually able to do it. Warren Schaefer states that those people contacted have shown interested, and that their funding for gasoline costs is comparable to flight costs, that it is approximately $116.00 dollars to fly from Oakland to Sea/Tac, and that flying as a means of transportation is more reasonable. Warren also states that the time slots are flexible, and that they will be more like 1-2 hour slots (or 60-90 minutes depending on the number of DJs), but that these DJs just want to come and share their community, their culture, their music. President Cunningham questions the exact time for the event to end. On the proposal the end time states around 2-3 a.m., but President Cunningham questions if there are 13 DJs starting at 8p.m. Friday night, how that will be feasible. Warren responds that 6 DJs are confirmed, so that leaves 4 left. There are a total of 9 slots, and the cost of transportation depends on how much money the club will receive. If the performers from California and Spokane need more money to cover them and they do not come, that will leave the club with extra funds, that this group would either give the excess funds to environmental charities or back to ASUPS if so requested. Senator Bandy states that this current proposal is a lot different from the one received at the Finance Committee, and that the Docket is based on the proposal received Monday night. Senator Bandy states that since there is a different proposal now, there are a total of three proposals, and Senator Bandy encourages the Senate to consider voting on the current Docket instead of the current proposal, and that those who want to see the proposal of which the Docket is based off of should ask to see Vice President Magee’s copy. Warren Schaefer admits that they have submitted three proposals but the reason for this is to recalculate and get a closer fit to reality. Warren also apologizes for the confusion because he wasn’t aware of the process. Senator Bandy encourages Warren Schaefer to come back seeking reimbursement after the event is paid for, and that the Senate can’t look at this proposal because it wasn’t submitted Monday before 5p.m. Warren Schaefer questions the reimbursement process. Senator Bandy states that it is the same as submitting a proposal for the first time. President Cunningham states a point of order that there is no guarantee that ASUPS will reimburse this club for all or any of the event, but that the club does have the ability to ask for reimbursement. Representative Palmquist questions Senator Bandy if it would be possible for Warren Schaefer to come
before the Finance Committee this Monday with the current proposal. Senator Bandy states that it is more than possible for Warren to submit the current proposal on Monday, and she also encourages Warren Schaefer to come this next Monday with the current proposal. Senator Gibson questions Warren if this last proposal is the fully brushed out final draft of what the club wants. Warren Schaefer states that “he believes so,” but that reality is that things change, but his hard cut answer that Senator Gibson is looking for is “yes.” Senator Gibson requests that Warren Schaefer bring the current proposal to the Finance Committee on Monday, and Senator Gibson encourages the Senate to shoot down the current docket so there will only be one financial allocation instead of three. Senator Hines calls to question Warren Schaefer how soon do they need the funding to start the event. Warren states that the event is two weeks from now and they really need the funds tonight, or at least some funds tonight. Warren Schaefer states that there are many people waiting on this event, DJs, the printing office, UPS students, and that a time limit is important to any event. Warren states that there are only 15 days left, and the sooner funding can be granted would be most appreciated. Warren states that if they are granted funding tonight then the club can at least know that they can cover “X.” Senator Hines suggests giving Warren the money now and then having Warren approach the Finance Committee later. Senator Gibson states that he knows that Warren Schaefer wants professional DJs with different sounds, but that there are plenty of DJs in the local area and if this money is allocated and they can only bring one of those DJs, there is no guarantee to get more money. Senator Gibson states that by passing this docket the Senate is putting a lot of trust on personal decisions between now and next Thursday on how to spend the money. Warren Schaefer states that the trust questions are well qualified, but that Warren was an ASUPS Elections Programmer his sophomore year, and that if the money was allocated tonight, it would go only to the confirmed performers. Warren Schaefer wishes to stress the importance and “plead” with the Senate to understand that there are only 15 days left, and it would make a great difference if they were allocated the money tonight. If they are allocated the money, great, if not, they’d understand that it was due to the amendment of the previous docket. Senator Hines questions if there is any way this group can wait until next Thursday for finance allocation. Senator Hines asks if the allocation of $400.00 today from the DOS publicity would suffice until next Thursday, and if they could pay the DJs when they arrived. Warren Schaefer states that it would make him feel uncomfortable if they had to wait until next Thursday, and he states that he feels obligated as a good “host” to provide some compensation. Warren Schaefer states that even if he could get an indication of some funds being granted, he would feel a lot more comfortable. Senator Bandy states that the Finance Committee could make a better decision for financial allocation based on the current proposal. Senator Bandy states that the Finance Committee recommended that they allocate the money, but only the money based on the previous proposal on which the Docket was based on, not the current proposal on the table. Senator Wilkerson questions if the Senate likes the idea, shouldn’t they pass the docket and take care of the other business later. Senator Bandy questions if the $400.00 allocated today from the DOS Publicity should suffice for this week. Senator Wilkerson brings up the point that there are people from far away and many people here that are waiting on this idea, and if the Senate likes the idea, then they should pass it. Senator Bandy states that she was going to encourage the Senate to pass the docket, but now since the proposal is different,
she’s changed her mind. Senator Mitchell states that the $400.00 allocation should suffice until next week, and that the Finance Committee would be willing to allocate the same amount currently stated, if not more, since the proposal is written different. Vice President Magee states that the current amount is about the same amount stated on the proposal from Monday. Vice President Magee states that since there is a whole new sheet of information, he feels that passing this docket doesn’t do justice to the current information provided. Warren Schaefer agrees with Senator Wilkerson’s previous comments about passing an idea the Senate likes and worrying about which proposal to deal with later. Warren also states that waiting until next week would make their planning much more difficult and stressful, and that the reason he made changes to the document was based on the response from the Finance Committee and suggestions from Vice President Magee. Warren Schaefer agrees with Senator Mitchell’s statement that their club could wait until next week, but that they would feel very uncomfortable asking DJs from far away to come and that it’s not right to have to tell them to wait until next week. Warren states that it is not enough time to ask these DJs to make plans in their busy lives to accommodate this event and to come share their music/culture/sound with the UPS community. Warren Schaefer states that the current funds allocated today from the DOS publicity would not sustain the event, and that like a fire this event needs funds to feed it and time is passing quickly. Senator White wishes to apologize for being tardy, but questions Warren if this is the first time that an event of this caliber has happened. Warren restates that this is the third annual event, and it has been relatively successful, but it has faltered when it has come to participation due to, Warren believes, publicity. Warren Schaefer states that much time an energy have been invested by many people into this event, but that more people who would like to be involved could be involved. Senator White questions Warren if the local DJs are not sufficient. Warren responds that it is a reasonable thing for students at a college university to put on an event of this caliber, that it is an ambitious pursuit, but one of value. Warren Schaefer believes that if students at this university would want to attend this event, then it is a worthy cause, and that DJs from San Francisco and Spokane would be an attribute. Senator Hines asks for a show of hands of the Senators of who actually think that the DJs will come from San Francisco, Santa Cruz, and Spokane. Senator Hines personally feels that these DJs wouldn’t travel all the way to UPS to do a one hour slot, but that is his own personal take on the situation. Senator Bandy call to question to vote, Senator Mitchell seconds. Senator Hines moves to vote on this docket. The motion passes with Senator Hines abstaining. Senator Hines moves to pass the docket and the Docket Fails with Senator Leis, Representative Palmquist, Senator Wilkerson and Senator Tyson in Favor, and Senator Bandy, Senator Gibson, Senator Parker, Senator Anderson, and Senator Mitchell Opposed and Senator Hines, Senator White, and Senator Wilson Abstaining. Senator White wishes to remind Senator Hines that the Chair has the opportunity to change the vote. Senator Hines wishes to tell Warren Schaefer to take good faith in the vote, and remains abstaining.

Senator Bandy motions to adjourn, Senator Wilkerson seconds.

New Business:
Senator Hines moves to pass Docket #04-048 “Unfreezing the Rugby Team Account.” Vice President Magee states that the rugby team’s account was frozen until they had completed six bullet points to have it unfrozen. These six bullet points included having a complete roster, $20 dollar dues per player, a complete inventory, reading and following the guidelines for high risk sports clubs, proof that the players are putting in positive efforts into this club, and also meeting with Vice President Magee and the Dean of Students. Vice President Magee states that letters of apology were written stating “please unfreeze our account,” waivers and liability release forms have been signed, and a detailed statement of the monetary transactions within the club ($320.00 in the budget at $20.00 per player) has also been submitted. Vice President Magee states that the rugby club has passed all six bullet points, and that he believes that the account should be unfrozen. Senator Bandy asks who is the current president of the club. The response is that John Barsotti stepped down, and that Chad Montgomery is now the new president of the club. Senator White asks Chad Montgomery what he sees as the future of the UPS rugby team. Chad responds that they are trying to become more formal and serious as a club, that they are trying to get better, and that they even have a professional coach lined up to try to improve the club. Senator White questions if the club would be willing to change their “hellish” uniform colors. Chad Montgomery responds that they are in the process of changing out the colors to better relate to the school colors of maroon and white. Senator White calls to question and urges the Senate to please unfreeze the rugby account. Senator Bandy seconds the call to question. Senator Hines moves to vote and the Docket Passes with Senator Hines abstaining.
Senator Bandy moves to suspend normal order, and to return to the Executive Reports. Senator White seconds, and the Senate “moves from normal order to abnormal order.”

Executive Reports:

President’s Report:
President Cunningham states that the USA Today program is going very well, and he encourages the Senators to listen to students opinions, and to ask the constituents if they think this program is valuable, and if they would be willing to pay a little extra to have this program. This program will run until the end of the month.

President Cunningham wishes to tell the Senate that the Budget Committee is past the middle of the budget process, and President Cunningham also wishes to extend a huge thank you to Senator Tyson and Senator Gibson for putting in many long hours. President Cunningham states that he is very confident that the ASUPS budget for next year will be a good one.

President Cunningham encourages the Senate to “go hunt for Easter Eggs with children,” and he also wishes to remind the Senate that they still need ushers for the President’s Inauguration.

Vice President Magee questions “go hunt children?”

Vice President’s Report:
Vice President Magee states that two weeks ago, the Senate asked for a rundown of the finance allocation. Vice President Magee also states that he received an updated version which he passed out moments ago, and states that ASUPS is “doing fairly well,” and he believes that they are right on track and will be able to finish out the year in good standing.

Vice President Magee states that they are in the process of media hiring, but that they are going to make a small exception for those applying for Tamanawas, since the process might take a little longer due to the applications, or rather, lack thereof. Vice President Magee encourages the Senators to get able persons they know of to apply. Senator White questions if those applying for Tamanawas realize the amount of money that is involved. Vice President Magee replies that everyone applying is aware of the money involved in the Tamanawas position, but that that is a lot of money to “throw around,” especially since they are not sure of who the Media Head will be. Vice President Magee states that two people have applied for the Media Head position, and he knows two more will be applying soon.

Vice President Magee states that “damn it feels good to be a gangster!”

Dean of Students Report:

Chair Report:
Senator Hines wishes to thank all those present on Tuesday to hear Mr. Johnson encourage them to contact clubs and to take an interest in what they’re doing, but also to encourage them to come out for inauguration.

Senator Hines states that the “Logger Egg Hunt” will take place this Saturday, and hopefully they will be able to get the Tacoma News Tribune to take pictures for the paper. Senator Hines also states that 600 plastic eggs have been donated, and that the same person who donated the plastic eggs also donated an Easter Bunny costume, but due to the fact that the costume is too small for Senator Hines, they are still in search of someone to be the Easter Bunny. Senator Hines encourages the Senate to “come help and play with little kids!”

Pro Tempe Report:

Liaison Report:
Senator Wilkerson states that she will be meeting with Senator Bandy following Senate today to get updated on the Liaison position, and also that she “will try, no WILL” get the club assignment sent out this weekend.

Committees Report:
Senator White states that the Union Board will be meeting to discuss the placement of the new stamp machine, since one of the computers is now down by the mailroom. Senator White also states that it was suggested that stamps also be available in the info center, but that there were many concerns that the stamps might be stolen from the info center. Senator White hasn’t heard of any “stamp thievery” rampant in Tacoma, but nevertheless if the Senators have any suggestions on where to put the new stamp machine to contact Senator White.

Senator Wilkerson states that the off-campus Whistle Project is going full “blow” since the recent attack. Senator Wilkerson states that they have picked a whistle, secured a discount, and are in the process of contacting other clubs for funds.

Senator Parker states that the “harassment” issue will be going around, circulating through the Student Diversity Center, and eventually coming before ASUPS.

New Business:
Senator Tyson moves to bring Docket #04-041 to the table. Vice President Magee states that Dockets #04-041 through #04-047 were written so that clubs that aren’t currently recognized as ASUPS clubs can eventually become recognized so that they can possibly receive funding. Senator Wilkerson questions if it is possible to consider all the Dockets at once. Senator White states that they could block vote, but that each Docket represents a different club, so they need possibly to have discussions on each. Senator White states that it is a good idea to give a club a budget, and that new clubs if they are recognized can
come to finance at anytime to receive funds, and that if they give them money now, then the Senate doesn’t have to constantly deal with clubs coming before the Senate to ask for money. Senator White encourages the Senate to table the Dockets for discussion if the Senators don’t know specifically what the club is. Senator Bandy states that she is really excited about the proposal for the Ice Hockey club and that she knows the person who is organizing it, and thinks that he is a great guy. Senator Wilkerson questions if passing the Dockets opens up the possibility of the clubs having a budget, but that the Senate will still have to vote later on whether or not to give them a budget. Vice President Magee states that that is correct. Vice President Magee states that the Budget Committee is allowed to allocate funds during this process, but that every club will still have to come before the Senate to plead for funds, but that those will be taken in later. Senator White states that ASUPS is already sponsoring 70 plus clubs, and to have the other ones come in before the Senate would monopolize the meeting time and take away from the Budget Process. Senator Hines states that that none of the representatives from the clubs are present, and that he personally would like to ask them questions. Vice President Magee states that this process is strictly a formality, but that it is considered very necessary unless the Senate wants to make more work for next year’s finance committee, and even if the Dockets are voted down, the clubs will still be able to come before the Senate and plead their case for a budget. Senator Hines questions if there is a pool, a set amount, that the budgets of all the clubs draw out of. President Cunningham states that the Budget Committee is given all of the student fees, $180.00 per person to divvy up, but that certain budget floors need to be met: at least 3% needs to go to clubs, 25% to the Programmers, 20% to the Media, and the Budget Committee decides what to do with the remaining funds. President Cunningham states that if the clubs are not offered a budget during the formal budget process, that they could still come to the Finance Committee and ask for a budget. President Cunningham also states that some of these budgets are very small amounts, and other are very large, but the Budget Committee will bring the cases before the Senate when they have more information and time. President Cunningham wishes to remind the Senate that passing these Dockets does not mean they are voting on any set dollar amount. Senator Hines asks if the Senate will later be able to decide how much to give the clubs. The response is yes, the Senate will be able to decide later on a dollar amount. Senator Hines moves to pass Dockets #04-041 through #04-047. The Dockets Pass with Senator Tyson and Senator White Opposed and Senator Hines abstaining.

Senator White moves to bring Docket #04-049 “Finance allocation to Spring Family Weekend BBQ” to the table. Senator Mitchell states that this docket will help fund the Spring Weekend BBQ, held on Friday April 16th from 4-6p.m. This money would pay for the deposit for the equipment and a portion of the food costs. Senator Mitchell talked to the Student Development Office, and they estimated that 270 students live in residences, plus those who live off campus who would be attending, so that planning for 300 people would be appropriate. It’s strictly a BBQ with hamburgers, veggie burgers, hotdogs, and that the students would be cooking the food, so there would be no labor costs. President Cunningham asks if Senator Mitchell has applied for street closure. Senator Mitchell replies that they have applied for street closure, and that they will be
picking up the equipment from facilities the day of. Senator Hines moves to vote and the Docket Passes with Senator Hines and Senator Mitchell abstaining.

Senator Tyson moves to bring Docket #04-050 “Finance Allocation to Radiance: a Celebration of Life” to the table. Vice President Magee states that Warren Schaefer came back to finance, but that at that time he had received an additional $400.00 from Circle K, so his budget total was $800.00, but that he still requested $659.00 from the Finance Committee. Vice President Magee states that Warren’s monetary request has increased by $150.00 from the previous request, and that the Finance Committee had originally decided that $235.00 would be sufficient for this event, but seeing that Warren Schaefer now has a budget of $800.00 dollars, Vice President Magee stated that they thought that no more money would be necessitated. Senator Leis asks if there was any indication to whether the DJs from California are coming to the event. Vice President Magee responds that all of the DJs who are coming are still from Tacoma. Vice President Magee also states that he informed Mr. Schaefer that he could return to go before the Senate to propose his case, but seeing that he is absent, the Senate will have to assume that Mr. Schaefer opted not to attend. Senator Hines moves to vote and the Docket Passes with Senator Bandy Opposed and Senator Wilkerson, Senator Parker, and Senator Hines abstaining.

**Old Business:**

**Announcements:**
Senator White states that “RDG is upon us,” and that hundreds of people (guys and girls but “mostly girls”) will be dancing in the Fieldhouse this Friday and Saturday at 7:30p.m. Senator White also states that there are 1,500 seats, so tickets will probably not sell out.

Senator Hines states that he has been conversing with Vice President Magee about possibly moving the Formal Senate next semester from 7-8p.m. instead of the current 6-7p.m. due to other time commitments.

Senator Mitchell would like to remind the Senate that ASUPS will not have a quorum next semester due to the large number of Senators with senior status and those Senator studying abroad (Senator Mitchell and Senator Wilkerson). Senator Mitchell believes that this issue needs to be addressed. Senator White point of information, that the president has the authority to appoint Senators. President Cunningham states that this process needs to start soon, and that he could appoint someone and bring it before the Senate or the Senate can set up a committee to pick the new Senators. Senator Hines states that he has no objections to appointing people, but for the general appearance of ASUPS, it would probably be the best interest of the Senate to make a committee for its “democratic” look. President Cunningham states that “then we will assemble a committee!”

Senator White motions to adjourn, Senator Mitchell seconds. Meeting adjourned at 6:38p.m. PST.

President Cunningham wishes to remind the Senate that Formal Senate on Thursday, April 22, will start at 5:00 p.m. PST due to the fact that every club and organization will be coming before the Senate for a 5 minute question and answer session, so that the Senate will be able to approve each budget individually. President Cunningham wishes to remind the Senators that they will have the power to change the budget on the Senate floor. President Cunningham reminds the Senators that next Thursday’s Formal Senate is probably the most important Formal Senate meeting of the year, so make sure to block out 5:00 p.m. PST on all day timers and to be on time. President Cunningham wishes to remind the Senators to be very informed on the issues this coming Thursday since the meeting will be going very fast, and to feel free to contact President Cunningham or Vice President Magee with any questions.

President Cunningham wishes to tell the Senate that the Media and Programmer hiring will conclude with its last interviews on Friday, and the decisions about hiring will be made either Friday afternoon or Monday. President Cunningham states that on Monday those hired will be notified and that this new team will be trained and on the ball “proceeding at great speed.”
President Cunningham states that he is excited to be out of the Senate phase and in to the job itself.

President Cunningham states that the lectures chair, Kurt Sanders, has asked to withdraw Docket #04-052 “Finance Allocation to ASUPS Lectures Chair” due to the lecture falling through.

Senator Hines asks President Cunningham if he has sent out a breakdown of the Senate Budget. President Cunningham replies that the most current, but not complete, breakdown of the Senate Budget was put in every Senators box. President Cunningham states that more numbers and specifics will be forthcoming.

Vice President’s Report:
Vice President Magee wishes to implore the Senators to contact either himself or President Cunningham as often as possible with questions about the budget, and about next week’s meeting since it is the biggest budget meeting of the year.

Vice President Magee states that President Cunningham has pretty much “brought the Senate up to date.”

Vice President Magee encourages the Senators to think of ways that the Senate can change the way in which clubs are brought to recognition status. Vice President Magee states that he believes that the procedures right now are too lenient, and he is looking to change the procedures.

Senator White asks if it would be possible to get a copy of last year’s budget to compare it to this year’s. President Cunningham states that he will bring a copy to the next meeting, since the percentages have significantly changed since last year.

Vice President Magee informs the Senate Secretary that he feels that he hasn’t said enough funny things this past meeting, so to feel free to interject as many random and made-up quotes as possible.

Staff Report:
The Director of Technology Services, Ted Meriam, wishes to address the Senate with a quick update on his current job status. DTS Meriam states that he is meeting with Josh with Josh H. to discuss where the ASUPS website currently stands. DTS Meriam wishes to ask the Senators two questions: 1.) Where do the Senators see the ASUPS website going, and as students, where would they like it to go? 2.) Where do the Senators want the Docket System going? As of now, the dockets are all on paper and once they have been passed or failed, they go into an archive system. With today’s current technology, do the Senators see this process as a waste of time? Should clubs have access to the dockets? Etc. Senator Bandy states that the paper dockets are a waste of paper, and that it would be a better idea for all of the Senators to access the dockets on the website or find some other way to be environmentally conscious. Senator Bandy also states that the dockets should be available to the public, but that it might be dangerous to publish a
docket before the Senate votes on it. Senator Hines states that he believes that it is a good idea to post the docket online so that the constituents can have access to the topics being voted on. Senator Mitchell agrees that posting the docket online is a good idea, but that maybe the postings should be more in a discussion format with no dollar amounts attached to avoid the “dangers of online docket posting.” Senator Bandy states that it would be “cool” to perhaps have an online poll concerning the docket that that may be a way to attract the interest of the constituents to what is happening in the Senate. DTS Meriam questions if Senator Mitchell would like to see a discussion board attached to the docket, so that the viewers can comment on the docket itself. Senator Mitchell states that the discussion boards would depend on how much use they would receive. Senator Mitchell believes that on-line polls for more specific issues, such as finance allocations for the Spring Formal Cruise, or the issues concerning the Rugby Team, would be a way for the Senators to get a better understating of where students stand on those issues. Senator Hines states that the goal of the Senators so far has been to get closer to their constituents, and that this would be a great way for the public to get more involved. Senator Gibson asks if there is any sort of forum currently for students to post messages on the ASUPS website. DTS Meriam responds that as of now, there aren’t any public forums, but that is where they are moving in the general sense. Senator Gibson states that these forums would be a way for students to hold discussions about the docket, to also discuss topics that may or may not come before the Senate, and a way for the constituents to get more involved in the Senate activity. Senator Hines states that it would be great to see a separate page for the Student Concerns Committee, so that people from the campus community can voice their concerns and get help with their problems. DTS Meriam asks if there are any more general ideas. Senator Gibson suggests a “nicer background” to which DTS Meriam responds “other than white?” To which there is a unanimous “yes!” Senator Hines suggests that access to Cascade from the ASUPS website would serve as a general “catch all.” Senator Wilkerson suggests a link listing the different Departments of UPS. Senator Gibson makes the profound statement “make the ASUPS website like the UPS website, but for students!”

Dean of Students Report:
Representative Segawa wishes to remind the Senate that there is the University Leadership Ceremony this Saturday at 3p.m. in Kilworth. Senator Segawa states that this weekend is Parents Weekend, and also the Luau. Representative Segawa also reminds the Senate the following weekend is Inauguration, and also Greek Week is coming up.

Representative Segawa reminds the Senate of two people who have received very prestigious awards: Lexi Harla received a scholarship for Physical Therapy, and also Kathleen Palms received the Legacy Award at the last Greek Conference. Representative Segawa also reminds the Senate that since Kathleen Palms is leaving, that Marta Palmquist will be chairing the committee in search of a new Greek Advisor.

Representative Segawa states that they are currently working on some Honor Court “stuff,” primarily the issue of Sexual Assault, and the University’s Policy about that topic.

Senate Reports:
Chair Report:
Senator Hines states that the Easter Egg hunt went well with approximately 80 children attending. Senator Hines also states that there were about 10 squirrels, and that 20 eggs were lost to these squirrels. Senator Hines had suggested that next year that they put rat poison in the eggs because of the squirrels, but that he was reminded that that would "probably hurt the kids..." Senator Hines states that there were great comments made by the parents, and that there was a great response by the community. Senator Hines wishes to thank everyone for all their help, especially Senator Bandy who helped "stuff my eggs." To which everyone laughs and Senator Hines yells, "Ah! My EASTER eggs!"

Senator Hines also is excited about Inauguration and reminds the Senators to contact their clubs and get them involved in the Inauguration events.

Pro Tempe Report:
Senator Gibson states that nothing is new, and that he still has a headache, but that he took "2 Ibuprofen before I cam here."

Liaison Report:
Senator Wilkerson states that she is getting her assignments done, and that it took her about an hour to make the docket that will be voted on tonight. Senator Bandy questions "how come I have more clubs than anyone else?" To which Senator Hines replies that Senator Bandy is the Rookie of the Year, so she gets the most, and also that Senator Wilkerson "sucks." To which Senator Wilkerson responds "Thanks John."

Committees Report:
Senator White says that the Union Board is still meeting to try and find a place for that "damn stamp machine!" Senator White encourages all of the Senators that if they have any idea of where it should go to contact him, otherwise the stamps might be sold at the information center, but they are still unsure of what to do about the "stamp thievery." According to Senator White, "everyone should be warned, stamps can be stolen at any time!"

New Business:
Senator White moves to bring Docket #04-051 "Recognition of the ASUPS Club Ice Hockey" to the table. Vice President Magee states that it is very hard for a high risk club to become recognized, but that he is highly impressed with the applications and information that the Ice Hockey Club has provided him with. Vice President Magee states that as far as he can tell, Pat Riley and Scott Rezina, the president and vice president of the club, have passed all the necessary tests. Vice President Magee states that he thinks it would be a benefit to the campus to have such a club, and that there is a lot of interest as shown by the high attendance at the interest meetings. Pat Riley and Scott Rezina state that they have attending the budget meetings and passed the risk assessment requirements for the club. They state that the UPS Ice Hockey Club would be placed in an ACHA Division 2 League which would include such schools as UW, Wash. St, and possibly some of the PAC 10 schools. The Ice Hockey Club representatives state that the league would run from October to February, and that currently the team has 16
members, and they are expecting a total of 20 at the beginning of the season next year. Senator Mitchell “point of order” to which Vice President Magee basically null and voids with the “48 hour rule-ness, i.e., the dockets are OK.” Senator White where the “home” location will be and also how they will be transporting the players to and from practices/games. The representatives state that they will be playing their games at an ice arena by PLU, they will be practicing at the Puget Sound Hockey Center (2 practices a week), and that they will most likely carpool to and from practices and home games, but will apply for the ASUPS vans for away games. Senator Hines wishes to commend the representatives for their proposals stating that it is a “breath of fresh air,” and Senator Hines moves to pass Docket #04-051, and the Docket Passes with Senator Hines abstaining.

Senator Tyson moves to bring Docket #04-053 “Finance Allocation to the Off-Campus Committee” to the table. Mass confusion ensues because of the withdrawn docket #04-052, which President Cunningham states is now null and void, i.e. it doesn’t exist. Senator Bandy states that the off-campus committee’s “whistle project” is a great idea, and she will definitely vote for it. Senator Wilkerson asks the Senate if they have any specific questions. Senator Hines asks where the whistles will be available. Senator Wilkerson states that they will be first offered at a table in the SUB, but that after a couple days, they will be moved to CHWS and Security. Senator Mitchell asks what colors the whistles will be. Senator Wilkerson responds that they will be three dozen glow in the dark, teal, purple, yellow, orange, black and blue, and will all be stamped with the UPS logo. Senator Hines states that as a representative of Campus Security, his coworkers think that it is a great idea. Representative Segawa states that students who use the whistle inappropriately will be put through the system defined in their contact that they signed upon receiving the whistle. Senator Hines questions what will happen if someone not in the program blows a whistle to which Representative Segawa states “we’ll shoot them!” to which Senator Mitchell states “don’t put that in the minutes!” to which Vice President Magee states “definitely put that in the minutes!” Senator Hines moves to pass Docket #04-053 and the Docket Passes with Senator Hines and Senator Wilkerson abstaining.

Senator Tyson moves to bring Docket #04-054 “Liaison Appointments” to the table. Senator White states point of order inciting the “48 hour rule” which states that the dockets must be voted on and that discussion has to be moved to the table. Hines moves to vote to bring the docket to the table. The Docket moves to the table with Senator Hines abstaining. *The Docket is NOW on the table. Senator Mitchell questions which Senator will receive the newly recognized Ice Hockey Club, to which Senator Gibson responds “give it to Bandy!” Senator Mitchell suggests that Senator Wilkerson make a friendly amendment to the Docket to which Senator Wilkerson responds “the decision shall be based upon rock, paper, scissors!” Then Senator Wilkerson makes a friendly amendment so that Senator Tyson will receive the Ice Hockey Club. Senator Hines moves to pass Docket #04-054 and the Docket Passes with Senator Hines abstaining.

Ben Johnson states that they use it to fund fieldtrips, trips to geology conferences, speakers, etc. Senator Gibson, point of information, the Geology Club can go into the red, but once they make enough money to pay that off, they will be kicked back up into the black. Alex states that he is not sure, and that big names could cause uncalled for hype especially if they don’t come through. Senator Wilkerson questions what Alex will focus the lectures on. Alex responds that he will try and diversify the lectures. Senator White states that “Senator Bernhardt...electee Bernhardt has done an exemplary job in everything he has done, but he does look like Buddy Holly.” Senator Hines states for the record that “Senator White is wearing flip-flops.” Cara Evans is the continuing Special Events Chair. Senator White questions what Christine plans to do with the yearbook. Christine replies that she has a strong year booking background, and that she will make a good year book. Senator Wilson states for the record that Christine’s year booking experience is on a yearbook that is nationally acclaimed. Vice President Magee states that the new KUPS General Manger Keith Ferguson is abroad, but that he did send a letter accepting his position. President Cunningham reads the acceptance letter, and at the conclusion states that Keith has already initiated hiring the new KUPS Core Staff, even though he is an “ocean and a continent away.” Senator Hines states “any more questions for the letter?” Doug Sprague is the Trail Head. Senator White questions how Doug feels about the general topic of the media endorsing candidates during elections? Doug states that that is a topic that needs to be looked in to and decided upon. Andrea Magee is the Photo Service Head. Andrea states that she is “thrilled about her job.” Senator Wilkerson states that she is “pulling a Dave,” and states for the record that Andrea is going to do an awesome job, and she is excited to work with her. Spencer Cushing is the continuing Crosscurrents Head, although he is absent at this time. President Cunningham states that Spencer has done an incredible job this year, and he will continue to do so next year. Vice President Magee states that he would like to make a friendly amendment to the Docket removing Spencer Cushing since he is not present to formally accept his position. The new Praxis Imago Heads are Tim Linnemann and Julie Westlin-Naigus. Tim states that he is “invigorated” about his position, and Julie sent a
letter accepting her position. Senator Hines states that “invigorated” is the biggest word that has come before the Senate in a long time, “indubitably.” Hines moves to pass Docket #04-057 and the Docket Passes with Senator Hines abstaining.

Senator Tyson moves to bring Docket #04-056 “Approval of the 2004-2005 ASUPS Budget” to the table. Senator Hines moves to table Docket #04-056 and the Docket is Tabled with Senator Hines abstaining.

Senator Mitchell moves to bring Docket #04-061 “Recognition of UPSStageM” to the table. Vice President Magee yields his time to the representative. The representative states that they are planning to expand on what they’ve done in the past year, they plan on attending two shows in the fall (“Little Shop of Horrors” and “The Secret Garden”), and that their fall musical review will be of “controversial musicals.” The representative states that they will also incorporate film nights and reading novels, but they haven’t planned for second semester yet. Senator Hines moves to pass Docket #04-061 and the Docket Passes with Senator Hines abstaining.

Senator Mitchell moves to bring Docket #04-062 “Recognition of UPS Writers’ Guild” to the table.” Vice President Magee again yields his time to the representative. The representative states that they have two goals for the club. The first is to create an environment of writing; that is to form groups of writers with similar interests, getting more interaction with the department, more social events throughout the semester, etc, and second, to bring in authors, give workshops, and invite professors to speak to the club. Senator Hines moves to pass Docket #04-062 and the Docket Passes with Senator Hines and Senator Tyson abstaining.

Senator Wilson moves to bring Docket #04-063 “Recognition of VOX” to the table. Vice President Magee once again yields his time to the representative. Vice President Magee states that “finally I’m the representative!” Vice President Magee states that the current Lectures Chair Kurt Sanders wishes to rollover his unused funds from this year to the account for next year. Senator White brings up a point of discussion, that rollovers are seen as instruments of evils as they are usually used to short one class on projects in order to do a big program. Senator White urges the Senate to use extreme caution when voting on rollovers. Senator Hines moves to pass Docket #04-060 and the Docket Passes with Senator Hines and Vice President Magee abstaining.

IIB, Sec. 1, 2, 3 concerning flyers and signs. Decisions such as how much things should cost and how dependent candidates can be on outside sources. Senator White states that another concern is the initial signatures or “votes of confidence.” They are changing Point 1 Sec. A to read “recognition of candidacy,” hoping that that will help speed up the process. Senator Wilson questions the wording of Sec. 1, A, 2 and Vice President Magee makes a friendly amendment so that Sec. 1, A, 2 will read “signature requirements for recognition of candidacy.

In order to ensure this election is fair and of high quality, the ASUPS Senate and the Elections Committee have enacted the following procedural guidelines. These guidelines provide a minimum standard for campaign practices.

I. Requirements to Run
A. Recognition of Candidacy - Each candidate must have a petition that includes a certain number of signatures in order to run for that office. The petition will include the signature, name, and residential address of the signer and must be turned in by 7:00 PM on the day before the commencement of campaigning. The number of required signatures depends on the position for which the candidate is running as outlined below.

1. The signing of a petition merely indicates support for the petitioner’s candidacy and it is not a pledge to vote for that individual. Students can sign as many petitions as they want.

2. Signature Requirements for Votes of Confidence
   a. Freshman Senator - 30 signatures from members of the Freshman class, with no more than five from any single Residence Hall or House.
   b. Residence Hall Senator - 30 signatures from students living in a residence hall this semester, with no more than five signatures from any one residence hall.
   c. University Residence House Senator - 30 signatures from students living in on-campus housing, with no more than five from any one house. On-campus housing includes specialty freshman housing but not residence halls or Greek housing.
   d. Off-Campus Housing Senator - 20 signatures from students living off campus, with no more than five from any one house.
   e. Greek Senator - 30 signatures from students that are active members and residents of Greek social houses, with no more than five from any one house.
   f. Class Senators (Sophomore, Junior, Senior) - 30 signatures from members of their class, with no more than five signatures from any single residence hall, house, Greek house, or off-campus residence.
   g. Senator at Large - 50 signatures total. 35 from students who live on campus this semester (including Greek Houses) and 15 from students who plan to live off campus next semester. No more than five signatures from any one Greek house, Residence hall, on-campus house, or off-campus house.
