Presidents Report
Today senator Ames decided to resign. It is now up to the senate to decide how to go about replacing him until the next election. There is one person who would benefit from this spot. You all know who it is. We should all think and talk about it.

The BTF finance proposal will be know at the end of this year.
MistleToast is next Friday. There is a big band playing and swing dancing in the sub.

The yearbook is doing an amazing job. It looks very different from last year and please encourage people to buy the “blurbs” in the books. There are varying sizes blurbs and blurb pages. ASUPS funded them so that they could give 1500 books away to students for free.

There is the thought of doing Senate hours. There will be a setup in the front of the sub for these. As long as the Senate only use the prime hours once a week this is possible. There is the thought of providing a nicer table for the spot. Maybe the big red chair idea isn’t the best idea...?

There is a meeting with John Hickey next week to discuss flags. He will have all the answers from the city then.

Crosscurrents: A representative addresses the senate requesting that the senate reconsider
giving Crosscurrents funding. They have looked into fundraising and they don’t think
they are going to be as successful as ASUPS thought they might. It would be beneficial to
this campus for ASUPS to give them some funding. Senate Chair Orford speaks for the
Senate as to Senate’s general guidelines for this kind of funding. The representative
defends himself, saying that as a literary magazine they can’t be compared to other
organizations because they have different value. President Edmonson says they
crosscurrents is like other organizations because they have the ability to fundraise and
they are asking for the same money. President Edmonson says that it isn’t smart for the senate to give them money not contingent upon use. Senate chair Orford says Crosscurrents can come back in March and ask again when they have a better plan. Palmquist Cady clarifies that there are different budgets for media and clubs. She also wants to encourage the senate to think about how long crosscurrents has been around, its tradition. Senator Stookesberry states that crosscurrents has always been a bi-yearly publication and that he would like to see this current issue before they can make a decision.
