Bill Title: Freshman Election Guidelines
Author: Eric J. Konzelman

Be it resolved that A.S.U.P.S. accepts the following guidelines and timeline with which to run the 1991 Freshmen Election. The Publicity guidelines will be the same as passed last spring.
Election Guidelines
Fall Elections, 1991
Freshmen

In order to ensure this election is fair and of high quality, ASUPS Elections Committee has enacted the following procedural guidelines. Our goals for the upcoming Election include increasing visibility and accessibility of the candidates and the campaign itself. The following guidelines have been enacted for those purposes.

I. Requirements to Run
   A. Each candidate must have a petition that includes a certain amount of signatures in order to run for that office. The petition will include the signature, name and address of the signer.

      1. Freshman class senator candidates need thirty (30) signatures from their class in order to run for election.

      2. The signing of a petition merely indicates support for the individuals candidacy, it is NOT a pledge to vote for that individual. Any student who is enrolled at UPS this coming semester can sign as many petitions as they wish.

   B. At least two Senators must informally interview each senatorial candidate.

      1. At the time of the interview, each Senator will present the candidate with three issues (conflicting sides when possible).

      2. These interviews must occur by Sept. 13th and the Senators must sign the bottom of the Votes of Confidence form.

   C. The Elections committee may schedule specific speaking times at various living groups on campus depending on available time. All those that include possible constituents may be required. You may be required to attend the Open Forums in the Rotunda. Any speaking engagements outside those are permitted with permission of the head officer of that organization.

   D. Nominations (accompanied by Votes of Confidence) must be turned in by 5pm on Sept. 13th to the ASUPS Office. Campaigning will begin on Sept. 14th.

II Campaign Procedures

   A. Senate candidates are restricted to a $40.00 ceiling on campaign materials.

   B. The Publicity Guidelines must be followed.

This year's Lagniappe will focus on building the class unity of the sophomores and juniors. None of this money would go toward personalized items, and petitions were presented that had signatures of students who supported the Spirit Squad. Bill Title: Conference Allocation-Outdoor Programs
Author: Kristen Friehauf

Be it resolved that A.S.U.P.S. allocate $1400 to Outdoor Programs for the AEE National Conference as noted on the accompanying document.
September 23, 1991

To: The Members of the ASUPS Finance Committee  
From: Outdoor Programs  
RE: Requesting funding for the Association for Experiential Education National Conference.

The six members of the Outhaus, as members of the Outdoor Programs at the University of Puget Sound, are requesting funding from ASUPS to help make a journey to Lake Junaluska, North Carolina for the Association for Experiential Education (AEE) national conference. The conference runs from Thursday October 24th to Sunday October 27th. We would like to express to the committee our goals for attending this conference and hope that you will agree with the value that this opportunity offers to the University, the Outdoor Programs and to ourselves.

If the Outhaus organization is to continue growth within the campus community, it is imperative that they (the current Outhaus members) take advantage of their resources; especially when five out of six of the members of the house are new. The high role of responsibilities that the University has placed on us needs to be backed up with confidence. There is no better place to take advantage of new ideas in leadership than the AEE conference. This meeting would bring the new members of the Outhaus a greater confidence in themselves and to the people who learn from us.

Please consider us very closely and realize that by funding the Outhaus for AEE 91', you will be helping over 300 others on the campus who also participate in many of the same experiences that we do. Once again, in order to see the number of students participating in outdoor activities increase, there must be growth within the core of the Outdoor Programs. We six are enthused and are ready to work to help the campus community. But we need your help to. Please consider our request. Thank you, Jay Gotschall.

My name is Cheryl Monten, a new-comer to the Outhaus this year. The AEE conference would give me an opportunity to learn about different techniques and add to my ever building knowledge of outdoor activities. As a new leader it will allow me to take some risks and give me some valuable knowledge that I can in turn apply throughout the years to come through the Outhaus. This is giving me a chance to gain technical knowledge, make our program known, find out new ways of doing things and find out more about myself and my leadership abilities. Thank you.
As a brand new member and resident of the Outhaus, I feel I have much to learn about leadership. Though I already possess many outdoor skills, I feel unsure about teaching others at times. I know, from the experience of last year's group that went to AEE, that this conference would improve my ability to lead students into the great outdoors. In turn, I know that the Outhaus program will be strengthened by whatever new leadership tactics I may learn at the conference. Thank you, Kai Elgethun.

I am interested in going to the AEE national conference this year for several reasons. I went to the regional conference in Bellingham last spring and it was a wonderful experience. I found that it gave me new insight. It was great to be around other enthusiastic people who have ideas and experience about outdoor programs and much more. I also think there is much to gain out of the six of us from the Outhaus going together. I see it as a strengthening step for the core of the program. I think we could each get something individually from this experience and we could also grow and learn and share as a group and a program. This could have nothing but a positive impact on the University. Becca Keen.

Change is good some believe because it brings a new insight of ideas and spirit to a people or community. Some say that change creates instability and uneasiness; a weakness. I agree with the first statement but realize that if it is not brought about in the proper manner that it can lead to the later effect. I see change all around me, whether it be in the occupants of the Outhaus or the faces of the new leaders and students at Preludes and Passages each fall. To avoid a decay in the highly experienced leadership that is constantly being cycled in and out of the Outhaus and Passages Programs, new leaders have to be trained to fill this vacuum. The AEE conference offers the opportunities that we are looking for in order to maintain the high standards of confidence, leadership and ability that those before us have displayed to the University. Help us make this step towards a successful and beneficial change by granting us the resources we need to make it happen. Sincerely, Finnley Mac Donald.

The AEE conference was an enriching experience for me last year. As a new member of the Outhaus, is provided a context for the work I would be doing for the next couple of years. I was able to see propositions in the areas that I was interested in pursuing. I am looking forward to going again this year. The workshops provided and the people attending will be new this year. The conference will add to my base of knowledge, enabling me to give more to the University. Thank you, Kristen Wright.
The AEE conference "encourages the connection of concrete experience with abstract thinking to facilitate learning." Some of the workshops offered at the seminar are: Adventure Alternatives, Outdoor Leadership, Risk Management, Service Learning and Program Safety. With this new knowledge in hand and head, we can incorporate it into many of the outdoor programs the University offers: Freshman Orientation, Outdoor Programs, Fall and Spring Breaks and teaching all who are involved.

Cost Breakdown for the six residents of the Outdoor Program's Outhaus.

-Air Fare: These are the three most economical rates as of September 16th from Sea/Tac International Airport to Ashville, North Carolina and back (Wed. evening Oct. 23 to Sunday evening Oct. 27).

  Delta Airlines Flt. #304, Rndtrp. $397.10 x 6 = $2382.60.
  American Airlines Flt. #396, """" $398.00 x 6 = $2388.00.
  United Airlines Flt. #306, """"""$408.00 x 6 = $2448.00.

-Registration Fees: AEE Member Rate = $140.00 x 6 = $840.00.

-TOTAL AMOUNT REQUESTED = $3,226.00. Based on the Delta Package Price plus the registration fee.

The six current members of the Outhaus have outlined what we believe are the benefits that we would receive from attending the Association of Experimental Education's National Conference in Ashville, North Carolina. The knowledge, confidence, skills and leadership gained from this opportunity would be shared with the University and all those who wish to learn from it. By helping us you are also helping several parts of the community that are proud traditions. Your generosity is greatly appreciated and thank you for your time, The 1991 Outhaus Members.
Be it resolved that ASUPS allocate $950 as our contribution for Students from A.B.E to attend a conference in Boulder, CO. The money will come from Conferences.

OPEN FORUM
Student Appreciation Day is October 26. The Athletic Department would like to know if ASUPS is willing to split the cost of two busses to the UPS/PLU game.

PRESIDENT’S REPORT
The first meeting of the presidential search committee went well. The committee will be meeting six to seven times before March. On November 1, President Westreich will give a report to the trustees stating the students’ views of the university. Faye Teel has been hired to replace Debbie Winchester as the ASUPS secretary. She will be starting no sooner than October 28. Senators are encouraged to help organize an “ASUPS Taster” for people who want to know more about ASUPS. It would be held the same night as the Fall Inaugural Dinner. Dr. Chandler has published a report presenting an outsider’s view of what he sees UPS as needing.

VICE PRESIDENT’S REPORT
Homecoming is this weekend! The Leadership Retreat may or may not happen in two weeks. The Director of Public Relations has left school so a search for a new DPR will begin soon. The dark room for Photo Services is a serious health hazard. There will be an Open Forum at 7:00 tonight in the Rotunda for election candidates. A senator needs to volunteer to be on the Fall Inaugural Committee.

PRESIDENT'S REPORT
The Campus Club company will be putting out a coupon booklet rather than a card this year, and it is supposed to have more food and entertainment. A list of types of food and entertainment will be in your boxes; take it to your liaisons to find out what they want. If anyone has comments or questions for the Budget Task Force, have them talk to President Westreich. He will be going November 1 to discuss with them what is important. The meeting to express concerns for the new president is Monday at 4:00 in McIntyre 103. The presidential forest will be thinned out by 15% because the trees are crowding each other (this is a good thing). Monday will be Faye's first day - stop in and say hi! The position for the Director of Public Relations is still open...encourage people to apply.

VICE PRESIDENT'S REPORT
Elections are Tuesday. If you have any comments about the ASUPS bureaucracy, talk to Vice President Konzelman. The senate retreat is November 1. Initiative 119 will be discussed in Kilworth at 8:00. The campus film this week is Ghost. Do you want George Carland or the Crazy 8’s to perform on campus? There is a rumor that this year's Tamanawas will be combined with last year's. People had a good time at Laigniappe. The sailing club is still around, and a racing club is being discussed. Return your nominations for Executive Awards by next Friday. The problem of Senator Flynn’s commitment to his position needs to be addressed. Chair Fox will contact him this week and everyone should consider whether or not something should be done.

CHAIR'S REPORT
Please sign up - and show up - for your office hours. The dance Friday night is sponsored by Dances and Residential Programs. It is $2 with costume, and $3 without. Go!

PRO TEM'S REPORT
Last night Pro Tem McManamna talked to his liaisons and got opinions from them on many issues. Talk to him to get ideas for a senate project, or better yet - entice your own liaisons with ice cream and talk to them.
LIAISON DIRECTOR'S REPORT

The Senior Gift Committee meets every other Tuesday at 4:30. Bring a sleeping bag for the Senate retreat and $10 for Saturday's dinner. If you are interested in working on activities or committees for the retreat, talk to Senator Friehauf or Senator Kupka.

COMMITTEE REPORTS

Elections: There is a candidate open forum at A/L tonight at 7:30 complete with free pizza. There will also be one at 8:00 in Todd Hall. There will be some Greek house speeches. Members of the committee are becoming a little sensitive to the criticism they've been receiving, so stop.

Food & Safety: Campus write-ups had been averaging 15 a weekend, but over Homecoming weekend there were only seven, and last weekend there was only one.

Governance: The committee looked at by-laws regarding when to have primary elections. The committee is aware of Senator Flynn's unexcused absences.

Student Concerns: The table in the SUB for Gripe day will be set up on Halloween from 9 - 7. Next week the questions for the teacher evaluations will be drafted and the form will be decided upon.

Union Board: Everyone currently in SUB 203 applied for space but no one else did. The committee talked about putting cork board around the room and putting in a centralized telephone with an answering machine. Photo Services is trying to get someone from Plant to come inspect the room while it's being used (after hours).

NEW BUSINESS

Docket #9174, Confirmation of committee Appointments, passed with Senator Mantha abstaining. Docket #9170, Conference Request Procedures, passed unanimously. Docket #9172, Recognitions of JA UPS, passed unanimously.

A motion to reorder the agenda to Ancient Business passed unanimously.

ANCIENT BUSINESS

Docket #9160, Appointment of Kaleidoscope Chair, passed unanimously.

A motion to return to New Business passed with Senator Warren opposing and Senator Mantha abstaining.

NEW BUSINESS

Docket #9173, Recognition of Habitat for Humanity, passed with Vice President Konzelman abstaining. Docket #9175, By-law Addition: Senate Projects, passed with Vice President Konzelman, and Senators Andrews, Warren, and Ely opposing, and Bill Marquise (for Representative Johnson), and Senators Letourneau, Damon, Hawk, and Gossage abstaining. Arguments opposing the docket included that the policy already exists and putting it in writing is redundant, and concern that a rule without enforcement is a waste of space. Arguments for the docket included that all other senate duties are listed in the by-laws, and that by-laws are just definitions. With this in the by-laws, if someone does a senate project that does not need funds, it will still be presented in senate and be recorded.

Docket #9176, By-law Addition: Committee Communication, failed with Senators Andrew, Ely, Friehauf, Gislason, Gossage, Hawk Jaeger, Kupka, Letourneau, and Damon, Pro Tem McManamna, and Vice President Konzelman opposing. Pro Tem McManamna stated that the docket was overly bureaucratic in nature, and Vice President Konzelman said that mistakes happen as part of the learning process. Committees don’t need “watch dogs”.

Senator Jaeger said that if Elections had to have authorization for every advertisement it would just add to the work and red tape. A motion to allocate $1,950 from senate project to fund the hockey game passed unanimously. The tickets, normally $9.50 will sell for $6.50, and groups can buy blocks of tickets. The distributor will take back any amount of tickets up to four days prior to the game, and ASUPS will be reimbursed the entire amount from the revenue.

ANNOUNCEMENTS

Tell your liaisons that Monday will be their only chance to give their input on the new president, and tell them about the hockey game.

The meeting adjourned at 7:30 p.m.

Honorably submitted,

Bill Title: Conference Request Procedures
Author: Eric J. Konzelman

Be it resolved that A.S.U.P.S. accept the procedures, as noted in the accompanying documents, for groups seeking ASUPS funding for conferences.
CONFERENCES REQUEST PROCEDURES

These are the guidelines to be followed when completing a request for conference funding from the ASUPS Finance Committee. These guidelines must be followed. If they are not followed then the ASUPS Finance Committee has every right to return your funding proposal, without considering it.

The guidelines are not meant to be a hindrance. As they follow the same procedures that the ASUPS Finance Committee has been using for at least three years, the guidelines are being formalized to maintain an understanding between groups seeking funding and ASUPS. They also seek to maintain consistency between all requests.

Also, please remember that the ASUPS Finance Committee makes recommendations to the ASUPS Senate and that it is the Senate that makes the final decision.

Guidelines:

1. Time-line Information

   The ASUPS Finance Committee meets on Tuesday nights, at 7:30 in SUB 212. All requests are due in the Finance Committee box, by 5pm on Monday prior to the Finance Committee meeting. If the request is passed, you must attend the Formal Senate meeting the following week. Formal Senate meets on Thursday nights, at 6:00 in the SUB Boardroom.

   Also, all proposals must be submitted at least four weeks prior to the conference date. Any proposal that is within the four weeks will not be considered. Proposals sent in after a conference will not be considered.

2. Proposal Information

   As a prelude to your proposal, please type up a letter outlining your request. Finance Committee will be looking for: the importance of conference (for the campus, the group, and the students going) and who is going (names and year in school). This is at a minimum.

   Then, the attached Conference Request Form must be filled out. On that form please fill out column C. (The Finance Committee’s recommendation will be in column D.) On lines 16 and 24 fill in the totals noted, and on line 26 fill in your total amount requested. For every cost and source of funding a detailed description must be included on an attached page, similar to page 3.

   Note there are three main line item expenses: transportation costs, lodging costs and delegate fees. Any other costs should listed under miscellaneous. However, do not ask for food or ground transportation (i.e. taxis) because the ASUPS Finance committee will not consider them.

   At the back of the proposal, include any brochures you have on the conference. These brochures should include registration information and a conference schedule.

3. The Presentation

   As part of the presentation, you will be given roughly 10 minutes to talk and to respond to questions regarding your proposal. The only people permitted to speak are those going on the conference and those preparing the proposal.

As a whole, these guidelines should assist in preparing your conference proposal. If you have any questions, feel free to contact us at the ASUPS Office at x-3600.

FACULTY SENATE REPORT
Full Faculty meets Tuesday, November 12 in McIntyre 103. The agenda includes deciding whether to give the Faculty Senate more power, or else to change the system so that Faculty Senate no longer exists. Representative Sheffield was surprised to discover how few of his students don’t know anything about student government. He encourages senators to keep information flowing out of the office.
COMMITTEE REPORTS

Elections: The last meeting was Monday.

Food & Safety: The committee is looking into a 32-ounce mug that looks like the hot mug but is not insulated. A garbage display to encourage recycling was put on. Cracker bread will be served in individual portions. President Westreich suggested that somehow people be rerouted to the Cellar at lunch time in order to lesson the crunch in Food Services.

Governance: The committee decided to put the new conference request information into the by-laws as an appendix.

Student Concerns: Gripe Day resulted in a lot of gripes. The weight room and the tuition increase were mentioned often. The committee is considering requesting a fiscal breakdown of the budget so students will know exactly what tuition increases are used for. Teacher evaluations will be copied this weekend and mailed out.

Union Board: Today at the meeting the committee talked about putting in a stamp machine next to the cash machine, and replacing the current cash machine with a smaller one. Casino Night is March 28. During the same weekend, the Law School will be using the SUB.

Media Board: The committee met last night and discussed Tamanawas. The class of 1991 will receive letters stating that their yearbook will be combined with this year's, and should be here next Fall. The Trail has changed printing companies so it should be delivered on Thursday from now on. Cross-Currents will be distributed the Monday before Thanksgiving.

NEW BUSINESS

Docket #9177, Regional NACA Conference Request, passed unanimously. At this conference, campus programmers will have a chance to interact with campus programmers from Canada and other states.

Docket #9183, Budget Request, was amended so that the word “annual” was taken out of the docket. This amendment passed with Senator Friehauf opposing. The club representative stated that Japanese Animation is an opportunity to learn idiomatic Japanese phrases. Senator Friehauf was concerned that the animation may be offensive to people, and Senator Kupka was concerned about how much interest would be generated on the campus for these films. The docket passed with Senators Friehauf and Kupka opposing, and Senator Cowen abstaining.

ANNOUNCEMENTS

Boris Notking will be in the Great Hall tonight at 8:00. Cost is $2.

The meeting adjourned at 7:06 p.m.

Be it resolved that A.S.U.P.S. allocate $1451 to Student Programs for the Regional Conference of National Association of Campus Activities as noted on the accompanying document.

Re: Funding—regional conference of National Association of Campus Activities, Spokane, November 14-16, 1991

Attached is information regarding the regional NACA Conference, being held at the Spokane Sheraton, November 14-16. I hope that the information will suffice to inform you of its importance to a programmer, so much so, that we have faithfully sent a delegation annually for over 15 years. The immediate benefit is monetary, inasmuch as "block booking" of regional collegiate attractions and performers takes place there (we easily realize annual savings of at least five thousand dollars from this process, so it easily more than pays for itself); up to sixty-four other institutions from WA, ORE, MT, ID, AK, and B.C., send sizeable delegations. Another key benefit is from the numerous workshops, which allow for considerable exchange between participants, as well as an exhibit hall, where agents who do business with our programmers get to deal with them face to face. Of course, in order to save money, please know that a considerable amount of "room-stuffing" takes place; however, there is no way around the registrations and the transportation cost. I might add that quite often, programmers do not want to go, especially when it requires missing class and having to spend out-of-pocket food money. Yet, because of its importance, ASUPS has always "encouraged" them to plan on going, even during their initial interviews for their positions in the spring.

Proposed delegates:

Jennifer Shepard, Special Events
Jeremy Gulley, College Bowl, Games
Matt Budke, Campus Films
Tony Gomez, Cultural Events
Helen Hutchinson, Lectures
Lynne Gwilliam, Popular Entertainment
Andi Utigard, Dances
Dia Cirillo, Showcase
Diane Tripp, Sound & Lighting
Adam Burdick, Sound & Lighting

It's $80 per delegate from member schools (which we are); please also allow for an additional $651 (plus 7.9% tax) for 3 room nights (Th-Sat) and whatever gas and mileage would be accrued by the ASB van. Many thanks in advance for your favorable consideration for this worthwhile investment.

OPEN FORUM
Two representatives from ABE thanked the Senate for their conference on October 4 - 6. They went to many workshops dealing with methods of increasing campus and community involvement, and they made important contacts with other schools.

VICE PRESIDENT'S REPORT
Committee sign ups end Monday...Encourage people to sign up! The computers have been infected with viruses but they should be okay now. If you have any disks, give them to Faye to check for viruses before using the computers. Make sure to give the senate secretary a copy of the dockets you create. Feel free to sign up for an office hour.

DEAN OF STUDENT'S REPORT
Faye's old position in the Dean of Student's office has been restructured so that her replacement will be a coordinator in student activities, minority affairs, etc. The Dean of Students office is developing a plan to prepare for the demographic changes in the student body. If you want to participate, talk to Representative Johnson. Rob Pierson will be working on this project as an intern. On November 17 the Adelphians will perform. The Counseling Center is sponsoring an ongoing support group called Hometown Honeys. This is an attempt to help people deal with being away from a boy/girlfriend back at home. Over Winter Break, Bob Stremba and Don Marshall will be conducting a Wilderness and Consciousness trip. There are still spots! CIAC needs volunteers for peer tutoring. The Dean of Students is developing a student COMPACT program. The University of Puget Sound received the Outstanding Community Involvement award from the Tacoma Urban League. Priorities listed for the budget task force are as follows: 1) A health educator and a receptionist/clerk/typist for CIAC, the Counseling Center, and Religious Life. 2) A new mail system and to have fifty transfer students attend Camp Parsons next summer. 3) An internship position in the Counseling Center and operating expenses for the Dean of Students Office and the Counseling Office. A Japanese American symposium will be held on February 17, 19 to observe the fiftieth anniversary of the Japanese internment in America. The speaker for the Martin Luther King Day celebration is Dr. Charles Mitchell. So far forty candidates have applied for the presidential position. Habitat for Humanity is planning events for next week, including lectures and building shanties in front of the SUB. There have been less repeat offenders with the new alcohol policy.
FACULTY SENATE REPORT

Full Faculty met Tuesday and talked about faculty retirement health benefits and the proposed changes to the Faculty Senate system.

COMMITTEE REPORTS

Finance: A docket will come up next week giving KUPS equipment replacement money. The committee is discussing a conference request from Model United Nations. Club audits will be December 3, 10 from 8 - 9:30.

Governance: The appendix for conference request procedures is an upcoming docket.

Student Concerns: The student teacher evaluations were revised to add a question asking the respondent if he/she would recommend the class and/or teacher. The surveys will be distributed right after Christmas break. Gripees are being typed up and will be in your boxes.

Diversity: The committee will cosponsor the Honors film series. The theme is "Cultures in Conflict". The committee will also do something for National Foreign Language week.

Union Board: There is concern that the only applications returned for Room 203 were from the original eight clubs using the room. Therefore the other clubs will be given a second chance to apply for space as there is one more desk available. A request from a student producing an AIDS awareness play for the use of the Rotunda for three days in February is being considered.

NEW BUSINESS

Docket #9180, Senator Appointments to Committees, passed unanimously.

Docket #9181, Senator Appointments to Liaisons, passed unanimously.

Docket #9182, Senator Appointments to Buddies, passed unanimously. Remember that senators are expected to go to their buddies, not vice versa.

Docket #9184, Freshman Class Senate Project, passed unanimously. This will be an attempt to enhance the freshman class unity. The date will be finalized soon. If you need an explanation of how to play the game, see Senator Cowen.

Docket #9179, Recognition of Student Health Awareness Club, led to much debate. The representative explained that it is a student-run organization and does not necessarily have anything to do with the Health Center. The club members are hoping that after being officially recognized they can build a bigger club. Vice President Konzelman expressed concerns over the club's motivations and longevity. He also mentioned that the Dean of Students Office has already loaned the club between $100 - $150 and hopes that the office does not expect ASUPS to "pick up the tab". It was pointed out that the club has a staff member who's run a successful student health program before and the club has received information from other colleges with large Health Clubs. A motion was made and seconded to call to a vote. This motion passes with Senators Mantha, Jaeger, Cowen, and Mineau opposing, and Senators Kupka and Hawk abstaining. The docket passed with Senator Mantha opposing and Senators Kupka and Jaeger abstaining.

Docket #9186, Parents Weekend Chair Appointment, was amended to include Amanda Fox's middle initial. Senators Mantha and Maloney opposed the amendment while Senators Mineau and Ely abstained. The docket passed unanimously.

Docket #9185, Director of Public Relations Appointment, passed unanimously. President Westreich stated that the nominee had described herself as driven and responsible. Good Luck!

Senators Friehauf, and Maloney accepted nominations for the position of Chair while Senators Jaeger, Mantha, and Herzog declined. Senators Kupka and Ely accepted nominations for the position of Pro Tem, while Senators Gislason, Letourneau, Damon, and Mineau declined. Senators Jaeger and Damon accepted nominations for the position of Liaison Director. Senator Cowen expressed concerns over the voting process for these positions. Alternative proposals will be discussed Tuesday and next Thursday a vote will be held to decide which method to use.

The meeting adjourned at 7:25 p.m.

   This year we have planned programs for National Collegiate Alcohol Awareness Week in October. The programs for Alcohol Awareness Week, at this time, include help from the following organizations; Fraternities, Sororities, SPURS, CIRCLE K, Health House, Residential Programs, Counseling Center, and Publicity. To the Finance Committee:

As one of my senate projects, I propose a "light-stick capture the flag game" for freshmen. This game will be held on either the intramural field or Todd Field on the weekend of November 22-24 at night. The point is that each participant will get a light stick (hopefully either green OR red so they can tell what sides they're on) and we'll play capture the flag.

Anticipating this event, I sent out a flyer to freshmen asking for their feedback and was pleased to hear from many freshmen about their interest in this game. It seems that there will be a wide range of involvement and excitement among freshmen. Attached is one of the responses...

This game will be limited to freshmen for the purpose of improving class unity, and informing the freshmen (who are often the least aware) of the presence and responsibilities of both ASUPS and their class senator.

I anticipate anywhere from 20-75 people for this event, and therefore ask the senate to allow a MAXIMUM of $150 for light-sticks. This amount almost surely represents a figure well over the anticipated need at the moment, and all unused money will hapily be returned to ASUPS. This amount includes light sticks and publicity through the ASUPS publicity office. The cost per light-stick (I'm still looking into this but need the go ahead first) and how many we will need (we'll have sign ups at the info center before hand so that we don't overbuy light sticks) are the reason that I'm asking for a maximum amount.

I, as well as many freshmen are looking forward to this event, and hope that you can help make it possible.

Sincerely,

Chris Cowen,
Freshmen Class Senator

The event will include an Arts and Crafts fair, a hayride, caroling, an International Holiday Feast, Big Band Dancing, and cartoons. Ballroom Dancing lessons will be offered on Monday, December 2. A new professor is being hired by the Politics and Government Department. A candidate will be speaking tomorrow at 4:00 in the McCormick room.

PRESIDENT'S REPORT
President Westreich asked for concerns about the alcohol policy. There will be a Faculty meeting on Monday to decide whether the final exam schedule should be changed. Suggestions include stretching it to five days with three exams per day, or leaving it at four days and having four exam slots per day. Both of these would give scheduled exam times for late afternoon/evening classes.

VICE PRESIDENT'S REPORT
The deadline for Who's Who nominations is 4:00 December 6. You are strongly encouraged to nominate seniors. The Diversity and Student Concerns committees are full....Continue to encourage people to apply for positions on the other committees. Give recommendations for Staff of the Year to Representative Johnson.
COMMITTEE REPORTS

Finance: Both the budget for the Student Health Club and Model United Nations conference budget were rejected.

Food & Safety: Someone was caught stealing the quad sign, and three naked people were seen stealing another sign. During the blackout a bike was stolen and a couple of car windows broken. There will be larger milk cartons in a couple of weeks. Complaints voiced by senators dealing with cheese and coffee will be brought up at the next committee meeting.

Governance: The committee is looking into the structure of all of the committees.

Off-Campus: A mailing will possibly be going out this weekend which asks off-campus students about their concerns in various areas. If you have suggestions for questions to put on the survey, talk to Senator Maloney. The committee is having a difficult time finding a good reason for an off-campus committee.

Student Concerns: Teacher evaluation forms are in your boxes, and will be going out in January. No meeting on Wednesday.

Diversity: The committee worked on posters for the Honors film series. A design was decided upon and the Trail office will be used for printing. The next meeting is Monday at 5:30 in SUB 201.

Union Board: The stamp machine has been taken care of but a smaller cash machine still has to be purchased. The jurisdiction of SUB 203 is an issue. Gray is asking for $100 for his play "As Is" which will be performed in the Rotunda during the first weekend of February.

Honorably submitted,
Be it resolved that A.S.U.P.S. allocate $313 to KUPS for five replacement pots as noted on the accompanying document.
Attn: Finance Committee

In the middle of September the general engineer at KUPS informed me that the control board in the production room needed five replacement pots in order to keep it functioning properly. The production room is used daily by both the production managers and the music directors and I felt it was necessary to have the board operating properly as soon as possible. The total cost for the parts and shipping was $112.51 and I used KUPS allocated funds to pay for these parts.

When KUPS submitted their budget proposal, we specifically asked for a fund to cover "unexpected maintenance costs." At time of review, we were informed that ASUPS has a fund for those type of expenses and that we could ask for the money as problems arose. Well, here we are!

Thanks,

David Simon, GM

Re: Budget Proposal for the 1991-1992 Fiscal Year, Senate Project for Senator Herzog

The Student Diversity Committee has come to realize the need to fulfill the responsibilities the committee was given under the Associated Students of the University of Puget Sound. The responsibilities of the Student Diversity Committee are found in Article IV, Section 11, sub-section B. Items one and three mandate that the committee "educate the students on the diversity topic at hand," and "help to create an environment conducive to the appreciation and support of diverse individuals." The committee has found a way of doing this through the co-sponsorship of the Honors Advisory Committee’s spring film series. The Student Diversity Committee will provide advertisement for the movie series.

Each spring the Honors Advisory Committee sponsors a film series which is intended to create a forum for educational discussion as well as entertainment. The HAC (Honors Advisory Committee), has decided in conjunction with the Diversity Committee to title this year’s theme for the series "Cultures in Conflict". Twelve movies have been selected which focus on diversity of cultures throughout the world. The Diversity Committee feels that this format will help to reach the committee’s goal of education and creation of an environment conducive to the support of diverse individuals.

The committee feels that this program will create a positive promotion and reflection of the ideals, interests, and goals of the UPS community. The format of the programs as films should serve to attract a fairly large part of the student body, as it is open to the entire campus and surrounding community, and is an event that is free of charge. The committee feels that this program will offer great benefits to all students involved, and there exists a great possibility that the program will continue and grow in the near future.

This program will serve as Senator Herzog’s Senate Project for this academic year. Senator Herzog feels that the program provides both great social and educational benefit to the UPS community. It also provides a stimulus for the discussion of change in student body that will overtake the University of Puget Sound in the next three to four years, following a change in recruitment of and greater financial
support for students of color and other minorities here at UPS.
The proposed budget is as follows:

1) 100 Table Tents for each of the 12 movies, purchased from ASUPS Publicity $180.00

2) 100 large posters with a composite of all 12 movies, two colors of ink, purchased from Pip Printing $83.40

3) 75 flyers for each of the 12 movies, purchased from Pip Printing $58.50

TOTAL ANTICIPATED BUDGET: $321.90 +TAX

NEW BUSINESS
Docket #9191, Election Committee Appointments, passed unanimously.
Docket #9192, Food and Safety Committee Appointments, passed unanimously.
Docket #9193, Student Diversity Committee Appointments, passed unanimously.
Docket #9194, Student Concerns Committee Appointments, passed unanimously.
Docket #9195, Governance Committee, Appointments, passed unanimously.
Docket #9196, Awards Committee Appointments, passed unanimously.
Docket #9198, Appointments to Union Board, passed with Vice President Konzelman, Senator Reed, and Senator Maloney abstaining.
Docket #9197, Integrity Code Amendment, was tabled with Senator Ely opposing and Senators Cowen and Reed abstaining.

Senator Mantha moved that $800 be allocated to Model United Nations. Arguments for funding included that Model United Nations need the money very badly, that it's a club which brings the school recognition, and that they aren't asking for the full amount to be funded by ASUPS. Arguments against funding included the fear of the university dumping even more on ASUPS to fund, and that Model United Nations is a class. The motion to call for a vote passed with Senators Reed, Mantha, and Cowen, and Vice President Konzelman opposing and Pro Tem Kupka and Senator Herzog abstaining. The vote to allocate $800 ended in a tie with Senators Damon, Herzog, Letourneau, Reed, and Representative Sheffield abstaining, and Senators Ely, Jaeger, Maloney, Mineau, Vice President Konzelman, and Pro Tem Kupka opposing. Chair Friehauf failed the motion. Then Senator Cowen moved that $755 be allocated to Model United Nations and a call to a vote failed with Senators Herzog, Maloney, Reed, Mantha, Cowen, Damon, Moores, Vice President Konzelman, Pro Tem Kupka, and Representative Marchese opposing. After the call to vote failed, more discussion followed. President Westreich stated that the amount given would not be important; the important thing is the issue of the university forcing ASUPS to fund more things. Senator Moores replied that the purpose of ASUPS is to serve the students, not the university power struggles. The second call to a vote passed with Pro Tem Kupka abstaining, and Senators Mantha, Cowen, Reed, and Vice President Konzelman opposing. The motion to allocate $755 ended in a tie with Senator Reed abstaining, and Senators Letourneau, Mineau, Ely, Herzog, Kupka, Jaeger, Representative Sheffield, and Vice President Konzelman opposing. Chair Friehauf failed the motion.

Senator Letourneau moved that $122 be allocated to Student Concerns to pay for making copies of teacher evaluations. A motion to table this motion passed with Senators Mantha, Ely, Mineau, Letourneau, and Damon opposing, and Senators Maloney and Cowen abstaining.

Senator Herzog moved that ASUPS allocate $280 to SHAC. After some discussion, a call to vote passed with Senators Moores and Cowen and Vice President Konzelman abstaining. The motion to allocate $280 passed with Senator Damon and Vice President Konzelman abstaining.

The motion to allocate $122 for Student Concerns was untabled and amended to $100. The motion passed with Vice President Konzelman abstaining.

TABLED 11-21-91

Subject: Addition to Financial Code--Appendix A, Conference Request Procedures

Author: Steve Hawk

Be it resolved that ASUPS approve the addition of Appendix A to the Financial Code as noted on the accompanying document.
Appendix A: Conference Request Procedures

These are guidelines to be followed when filing a request for conference funding from the ASUPS Finance Committee. These guidelines must be followed. If they are not followed then the ASUPS Finance Committee has the right to return the funding proposal, without considering it. The ASUPS Finance Committee makes recommendations to the ASUPS Senate. The Senate then makes all final decisions regarding funding.

Guidelines:

1. **Proposal**

   The proposal consists of a letter outlining the applicant’s request and a completed Conference Request Form.

   In the request letter, Finance Committee will be looking for: importance of the conference to the campus, group, and students attending, and who will be attending (names and years in school). This is a minimum.

   Conference Request Forms are available in the ASUPS office. Instructions for completing this form are attached.

   Also include brochures and correspondence about the conference. These brochures should include registration information and a conference schedule.

2. **Time-line**

   Proposals must be submitted to the Finance Committee at least four weeks prior to the conference date. Proposals submitted within four weeks of the conference date will not be considered. Proposals sent in after the conference will also not be considered.

   All proposals must be in the Finance Committee Box, by 5 p.m. on the Monday prior to the Finance Committee meeting. At the Finance Committee meeting, applicants will be given ten minutes to talk and to respond to questions.

   If the request is passed by Finance, the applicant must attend the Formal Senate meeting the following week.

ASIAN AWARENESS ASSOCIATION

Purpose:

The Asian Awareness Association seeks to promote cultural awareness through discussions, presentations and various other means of communication that educate, evaluate and help the university community come to an understanding of Asian affairs. Most importantly, however, is the association's focus toward a multi-cultural emphasis on any and all related issues discussed and acted upon within the organization. In essence, it is a forum for talking about issues formally and informally, an outlet for students to gain cultural understanding about diverse cultures and an overall attempt to help people recognize the differences in people, in contrast to emphasizing the differences in people.

Tentative Goals:

1) Help students recognize various cultures within the university community.

2) Help students socially interact with one another in terms of issues affecting Asian affairs.
   
   for example: field trips to Chinatown

3) Create a forum of discussion of issues affecting Asians, however, no excluding other realms of discussion:

   examples: cross-racism, Japanese Internment, hate crimes, immigration trends and impacts, ethnocentrism, cultural identity, political correctness, inter-racial marriage and dating, etc.

4) Utilize present established organizations such as APSU (Asian-Pacific Student Union), and other Asian Associations (Washington State Commission on Asian American Affairs, Asian Elected Officials, Asian Bar Association, South Asian Council, Asian Forum, etc.).

5) Dealing with and carrying out political objectives or actions consistent with the "multi-cultural" stance:

   - to avoid ethnocentrism
   - to create understanding
   - to promote or sustain equality

6) To develop an organization that encompasses all the previous goals, but does it avoiding the typical problems of organizations on campus:

   - student bureaucracy (including lack of participation)
   - funding problems
   - lack of information regarding meetings and events
   - lack of attendance
   - infrequent meetings
   - inconsistent goals and actions, etc.

OPEN FORUM
Four members of the Outhaus reported back to the Senate on their conference. They said that students from other schools were very impressed with the Outhaus' program. At the conference, they did trust and get-to-know-you activities, talked about gender and diversity issues and outdoor leadership, learned from the experts about safety, professionalism, leadership, and education, and practiced how to react in accident situations. They will try to incorporate what they learned at the conference into their programs. The organization came up with funding for 1/2 of a person from Dean Dodson and a frequent flyer ticket.

PRESIDENT'S REPORT
The dinner with President and Mrs. Phibbs is on Tuesday. Election sign-ups start Friday. The Trustee Luncheon is at noon on February 15th (sign up in ASUPS office). Mahlathini and the Mahotella Queens is performing tonight in the SUB.

VICE PRESIDENT'S REPORT
Talk to your liaisons about signing up for elections. The Inaugural dinner will be Wednesday, March 11 at 6:00. If you have any ideas for Keynote speakers talk to either Vice President Konzelman or President Westreich. Be careful to word flyers clearly.

Be sure to show up for your office hours. If you can't make it, call Faye.

DEAN OF STUDENT'S REPORT
Information is in your boxes about a diversity training workshop through Japanese brush painting. The transfer student dessert went well; concern was voiced about programming. Orientation leader applications are available.
NEW BUSINESS
Docket #9199, Increase in ASB Fees, passed with Representative Johnson abstaining. The discussion went something like this: Vice President Konzelman: The ASB fees were last raised during the 1988-89 school year, and the value of money has decreased since then. Clubs and organizations get $12,000 a year, Lacrosse gets $5,000 of it, and Honorary Groups were funded even though they are exclusive. The Trail was in debt, and KUPS is. More money is needed for Popular Entertainment and Lectures so that they can get bigger names and more people to come to campus. Conference budgets currently get cut by 40 - 50%. We also would like an "innovation fund", which would set aside a chunk of money. (Casino Night got started this way) Senator Cowen: ASB is already big enough; everyone should spend more carefully. Do the clubs spend all of their allocated money? Vice President Konzelman: ASUPS collects $340,000. ASB doesn't really give many clubs enough to do anything productive with. For example, the Bio Club only receives $100. Senator Mantha: Students appear to be mostly indifferent to the increase. However, there were a few opposed. ASB should spend more efficiently and define its role more clearly. Andi Utigard: People should get involved more instead of complaining and not showing up. Senator Mantha: We should do the yearbook like high schools do and have people sign up for it. Vice President Konzelman: Most of yearbook cost is setup. Senator Kupka: Most people don't pick up their copy of the Tamanawas because they don't know its there. Senator Damon: The yearbook is very important for nostalgic reasons, so we should tell people that it's available. Vice President Konzelman: ASB can't afford to mail yearbooks to everyone. Senator Cowen: The fee increase is not a solution for all of ASUPS problems and the money will not go all that far. Everyone still needs to beware of waste. Vice President Konzelman: ASB is not a company and we can never cut to the bones without hurting those we support. DBS Spiese: We cut $50 - 60,000 out of big budgets such as media. Crosscurrents will only be published once a year and the issue is now free. President Westreich: Programs sometimes flop, but people learn from it. The main issue should be whether ASB is paying for things other than it should be, such as athletic programs. And as a solution for the yearbook problem, we could send a postcard to everyone. Representative Johnson: All of the money is for the students so don't scrabble with other possible funders. Vice President Konzelman: We need to look into lacrosse, Laigniappe, Model United Nations, pep band, cheerleaders, etc. The issue is where should ASB be spending its money. Senator Maloney moved that the discussion be returned to parliamentary procedures. The motion passed with Senator Mantha and Vice President Konzelman opposing and Senators Cowen and Jaeger abstaining. Senator Maloney then moved the previous question, and this motion passed with Senators Mantha, Cowen, and Herzog, and Vice President Konzelman opposing.

ACTION
The minutes of 2/04 were approved as amended.
Docket #9202, College Bowl Conference Request, passed with one opposition and four abstentions.
The motion to accept a resolution dealing with the ASB fee increase passed with three abstentions.

PRESIDENT'S REPORT
Seven trustees and fifteen students attended the Trustee Luncheon today. The trustees liked hearing from the students and the luncheon went over well. The next Trustee meeting is Thursday, at which the Student Life Committee will discuss ASB finances. Think about what the goal of student government is. There is a good pool of candidates for elections...encourage more to run! Allen Smith has received two letters concerning the ASB fee increase. Perhaps the Senate as a body should send a resolution to President Phibbs that reconfirms our support of a $20 increase.

VICE PRESIDENT'S REPORT
Those clubs which did not pass their audits in December need to talk to DBS Spiese before next Tuesday. If nothing is resolved, then those clubs' accounts will be put into a freeze and then the accounts will come before the Senate for a vote to see if we want to extend the freeze. Some of the clubs which didn't pass their audits include the Sailing Club, the Spirit Squad, and Students for Choice. An audit of the Cellar took place on Monday, and they were approximately 5% off. Another surprise audit of the Cellar is coming up.

CHAIR'S REPORT
Thanks everyone for coming to your office hours this week! Remember to write a letter to President Phibbs about the Budget Task Force's recommendation.

DEAN OF STUDENT'S REPORT
Leaders are still needed for Preludes and Passages. It's not too late to sign up for the diversity through Japanese brush painting workshop It's on the 17th at 3:30 in SUB 201.
Three senators have signed up. Dr. Taylor, the Vice President of Student Affairs at WWU will be talking to students on March 12. If you're interested in student affairs, the regional NASPA conference is taking place on March 13.

FACULTY SENATE REPORT
Dean Dodson asked Representative Sheffield to come before the Faculty Student Life Committee and answer questions about ASUPS. The committee is worried about the lack of voting, the funding policies, and the way issues are decided. This concern stems from the lack of Model UN funding. (Vice President Konzelman explained that he was upset about the audacity of people and their general attitude of going to Dean Dodson in lieu of ASUPS.) Representative Sheffield encouraged the Senate to make itself known and suggested that someone communicate with the head of the committee. The Curriculum Committee is changing the format of the final exam week and a survey is being taken of the faculty asking how they currently use finals week. A Sexual Harassment brochure has been distributed to the faculty and will be distributed to everyone. Several new faculty members will be hired so that the Science in Context core can be implemented.
If you want to participate in the formation of the core, it is possible that your department will welcome your input. (President Westreich stated he was under the impression that the core would be one for managerial sciences, but the psychology department is currently developing their own class to fulfill the core. He also wondered what the goals of the administration are as neither the trustees nor the students were concerned with the ASUPS budget, yet the administration appears to be.) Next week's General Faculty meeting was cancelled due to lack of an agenda.

COMMITTEE REPORTS

Diversity: 25 - 30 people attended the Honors film last week. Tonight Aguirre Wrath of God is playing at 7:30. On February 24, a group of students from each language will make a presentation in the Rotunda.

Elections: An additional candidate meeting will take place at 6:00 on Friday. Sign ups end at 5:00 on Friday. Currently, no one running for Residence Hall or Junior Class Senator. A revised schedule of the elections is in ASUPS. It looks like most races will be very exciting! Sign up between now and Tuesday to help out with a polling booth. Only non-Greeks will work in the tunnel booths. Advertising has taken place with posters, liaison reports, the Tattler, and hopefully something will go in the Trail. Remind everyone that their student ID's must be validated to vote. A long discussion ensued concerning the necessity of this, including a concern that less people will vote if they have to first validate their card to do so. It was suggested that if a booth could be guaranteed in Jones then there would be less problems involved. A motion to table the discussion failed with Representative Johnson abstaining, and Senators Cowen, Ely, Hawk, Herzog, Letourneau, Vice President Konzelman, Pro Tem Kupka, and Representative Sheffield opposing. Vice President Konzelman stated that the enforcement of the validation wasn't "...a matter of attacking anyone, it was a matter of covering everyone's butts which were exposed." Pro Tem Kupka suggested that candidates remind everyone to validate their stickers and Vice President Konzelman stated that to cope with the validation problem, flyers will be sent to on-campus students, a notice will be put in the Trail and Tattler, the necessity of validation will be written on some election posters, and a voting booth will be put in Jones. Senator Letourneau suggested that since Senate is getting abuse for not following the rules, perhaps we should start by following this one. Senator Damon suggested that someone find out how many validation stickers have already been issued.

Finance: The committee discussed the Cellar audit. An Ad-Hoc committee has been created to investigate equalizing Trail stipends and to look at other stipends.

Governance: The chair of Governance will possibly be coming to Senate to explain the by-law revisions, etc. Because the committee doesn't have quorum, they are discussing letting the two senators vote.

Off-Campus: A flyer went out and another will possibly be going out by the end of this month. There were three off-campus senators at the meeting and no students. Senator Fisher thanked the Senate for coming together over the issue. Vice President Konzelman questioned the purpose of the committee, and Representative Johnson suggested that someone talk to the transfer students as many of them live off-campus. Vice President Konzelman and Representative Johnson disagreed about what exactly happened to OCURA. Senator Maloney said that the committee would wait until one more notice had gone out before thinking about getting rid of the committee. Senator Fisher stated that part of the Senate's duty is to work with their liaisons. So if there won't be a committee for off-campus students, what would be a viable solution?

Student Concerns: Feel free to help with the surveys and labels next week. They're in ASUPS.

Union Board: The committee is looking into the purpose of the committee. They also discussed who would approve the photo services art work going into the kiosk. On Wednesday, March 25 at noon in the Rotunda a tea party to support abused children will take place. Everyone coming should wear a hat, and the name of the event is "It's a Mad, Mad World". There may be a SUB open house next year complete with a card to get stamped at the different rooms. Completed cards will be eligible for a drawing.
Media Board: The next meeting is Tuesday at 8:00 in ASUPS. They will discuss stipends, new editor selection, and networking the computers.

Docket #9202, "College Bowl Conference Request" was called to a vote with Vice President Konzelman, Senators Jaeger, Maloney, Fisher, and Pro Tem Kupka opposing, and Senator Mineau abstaining. The docket passed with Vice President Konzelman opposing and Senators Maloney, Mineau, Jaeger and Pro Tem Kupka abstaining. Pro Tem Kupka moved that the discussion of the ASB increase be reopened. President Westreich stated that two people have sent letters to President Phibbs asking that a $20 increase take place rather than the Budget Task Force's recommendation of $10. Senator Cowen reminded the Senate that the Trail thought that $20 was too substantial. Representative Johnson said that the case for $20 needs to be restated with attention given to where this money would go. Senator Reed encouraged everyone to write a letter individually, and Vice President Konzelman wrote up a Senate Resolution stating why it was necessary to have a $20 increase. The vote to vote on the Resolution passed with Representative Johnson and Senator Damon abstaining. The Resolution passed with Vice President Konzelman, Senator Damon, and Representative Johnson abstaining.

Conference Request
College Bowl Regional Tournament
Eugene, Oregon, February 28-29, 1992

The primary duty of the College Bowl program is to build a team to represent the University at the annual Regional competition. The College Bowl team competes against other colleges and universities from Washington, Oregon, Idaho, Alaska, Montana, and British Columbia. In the past our teams have been very competitive, even against the must larger state schools, and have represented the University well through exemplary sportmanship and knowledge.

Note for next year's budget process: I do not believe the College Bowl Regional Tournament should be classified as a "conference." Attending this tournament is the College Bowl program's only responsibility. It is not optional. Singling out this program to go through the budget process twice is inefficient for the programmer and the members of the Budget and Finance Committees.

Detailed explanations of line items on previous page:
Line 1 - Transportation: As in the past, the ASUPS van will be rented. The University of Oregon campus in Eugene is about 270 miles from the U.P.S. campus, so I expect to drive the van about 550 miles. Assuming this mileage, the van will cost about $195 for me to rent. (+$60 for gas)

Line 2 - Lodging costs: The U.P.S. College Bowl team consists of five players and a coach. These six people require two motel rooms.

Line 3 - Registration Fees: The College Bowl Region 14 annual fee is $100. This fee is mandatory and I have no control over its size.
ASUPS Resolution on ASB Fees
2/13/92

Whereas ASUPS believes that student life and student activities would be enhanced by:

1. Increased support for clubs and organization, which lack a substantial financial base,
2. Increased support Student Media, which consistently run over budget due to increasing costs and inflation,
3. Increased support for diversity through Student Programs, such as Lectures, Cultural Events, and Showcase,
4. Increased support for new ideas through an innovation fund, and
5. Increased support for external learning opportunities, such as conferences,

And, Whereas the Budget Task Force has approved an increase of ASB fees by $10,

Be it resolved that ASUPS reaffirms its belief and support for a $20 increase in the annual ASB fee, and would request that the President of the University and the Board of Trustees support its goals and programs through this increase in student government fees.

VICE PRESIDENT'S REPORT
Thank you Senators for your attendance at this afternoon's meeting. The debate focused around the role of ASB and whether there is enough leadership training. The result of the meeting is that a task force will be set up tomorrow by the Board of Trustees. It will be made up of the new ASB president, one faculty member, Trustee Strong and another trustee, and four to five students. This task force will look into who should fund what and how can the role of ASUPS best be fulfilled. One surprising result of the meeting was that President Phibbs said that the Politics and Government department were given a chance to request $1600 for Model United Nations but decided not to.

Elections: Primaries are today. Tell your liaisons that if for some reason they are not on the list at the polling booth to come to the ASB office because there is a master list there. More people are needed to work at the polling booths on Tuesday. On Monday, March 9 there will be a meeting to look back on this election and try to clean up the problem areas. If you have gripes or complaints, please attend.
Finance: At the next meeting on Tuesday at 7:30, the committee will discuss the stipend system.
Off-Campus: Representatives of this committee talked to the Governance chair about setting up an off-campus government much like RHA. The committee is now trying to get in touch with people who may be interested in participating. The committee is also looking into changing the description of the committee in the by-laws to include this idea.

Student Concerns: The student teacher evaluations were mailed.

Union Board: The rules on hanging signs in the SUB were discussed. The conclusion was that candidates can only use paper, and any sign over 8' will be charged a set fee for the plant labor involved in hanging it. There will be a yearly review of all groups occupying spaces that are under Union Board jurisdiction. ASUPS has control over SUB 203.

Media Board: Last Tuesday the committee discussed Tamanawas, which is on schedule, and media applications. Photo Services is doing well financially.

NEW BUSINESS

Senator Fisher moved to appoint Senator Jaeger to the interim Liaison Director position. The motion passed with Senator Jaeger abstaining.

Senator Mantha moved that the Senate accept the resignations of Senator Reed and Senator Damon. The motion passed unanimously.

Docket #9205, Addition to Financial Code, received a friendly amendment. After some discussion concerning the ability of groups to change which label they are put under, Vice President Konzelman moved that the docket be sent back to committee for clarification. This motion passed with Senators Ely, Mantha and Mineau opposing, and Senators Jaeger and Maloney abstaining.

Vice President Konzelman moved that the Senate freeze the accounts of Students for Choice, SCNv, WASG, and WICI. This implements Article V Section III part 3 of the financial code. The motion passed unanimously.

Vice President Konzelman moved that ASUPS sell the entire contingency of small refrigerators to RHA for $800. DBS Spiese said that by doing so, Senate would be getting rid of a burden. The refrigerators, being at least eight years old, wouldn't last that much longer anyway. Senator Ely suggested that the refrigerators be sold directly to the students. Senator Jaeger said that by allowing RHA to rent them out to the students, more students would be served than if they were sold directly to the students. The motion passed with Senators Ely, Mantha, Mineau, Letourneau, Hawk, and Herzog opposing.

Vice President Konzelman moved that the Senate continue Scott Copeland's current trend to find a replacement for the South African scholarship. President Westreich suggested that an ad hoc committee be formed. Senator Mantha said that there are two students waiting to come here in the fall, and Vice President Konzelman said time is of the essence. The motion passed with Vice President Konzelman, Representative Johnson, and Senators Maloney, Herzog, and Letourneau abstaining.

The NAMA (Northwest Area Music Association) Music Business Conference and Northwest Music Awards will be on March 20-22 in Seattle, Washington. The group rate is $60.00 for 3 or more persons. At our last KUPS staff meeting 5 members of the core staff indicated that they would like to attend. KUPS is currently a member of NAMA. Since we were not able to attend the GAVIN convention in San Francisco, due to its early date, I would really like to give our staff a chance to attend and enjoy a major convention.

Thanks,

1990-91 BUDGET REQUEST QUESTIONNAIRE:

1). What is the overall purpose of your organization?
   To promote educational awareness of the current trends towards becoming a global community -- specifically focusing on Asian issues.

2). How many students are involved in your organization?
   Approximately 20 or more.

3). What are the goals of your organization? Short and long term.
   Short term: establish a solid base of funds and contacts for future development, join The Washington Asian and Pacific Islander Student Union for additional support, sponsor field trips and seminars to address educational needs of the university community in the context of Asian Affairs. Long-term: continue short term on a consistent annual basis. To increase participation of all university community and later Puget Sound community to consistently participate in organizations and conferences, promote multicultural awareness.

4). What type of activities do you have planned for next year? How will these help you to reach your goals?
   Sponsorship of APSU meetings (statewide) - this will increase our understanding of opinions held by other university community members, Bakesale and other fundraisers to help establish financial soundness. Additionally, contacting businesses to promote educational awareness. To offer more and more conferences already established to build contacts and increase understanding of inter issues.

5). In five years, how do you envision the status of your organization?
   Hopefully, in five years (actually by next year) all functions of the organization will be well established. Nevertheless, increased amounts of participation and extended outreach would be significantly advantageous to this organization. Also, wishes of actively participating in community affairs and events would be very beneficial to students who have little or lots of real-life experience. Finally, perhaps this will be representative as an incentive for high school students interested in Asian Affairs for University enrollment.

DETAILED EXPLANATIONS OF ANTICIPATED REVENUES

.133 Assuming local Asian owned/Asian issues supporting organizations, we are anticipating approximately $500.00 in donations. Hopefully, more will be generated, but until the year is completed, we will not exactly know.

.158 We are planning an international bake sale and with proposed plans, discounted products will be sold to us and later we will try to make a semi-generous profit of $200.00

.19 Other plans for fundraising have not been totally coordinated. Thus, we will estimate $200.00 to be generated in other forms of fundraisers.

Hence, $900.00 is the appraised amount that Asian Awareness Association will produce by the end of this semester.

DETAILED EXPLANATIONS OF ANTICIPATED EXPENSES

.411 Advertising and publicity will be through the normal means of the tattler and the trail. However, posters for publicity will also be created for extensive coverage of all meetings and events. Additionally, if any community events are needed to be pursued, funds most likely will be needed for newspaper advertisements, etc. $100.00 is the estimated need.

.46 Transportation, food, admission fees will need to be covered while going on field trips to ethnic places of interest. Seattle and Vancouver offer a plethora of sites in which our organization can take advantage and thus, need approximately $250.00 or more, but $250.00 will the requested amount.

.475 Two conferences coming up will be extremely important toward fulfilling the organization’s goals. These are the Washington and California state conferences. We are asking for $1750 for these because it costs $15 per person (for 10 people) for registration at the Washington state conference and it should cost approximately $400 for air fair for four people. Consequently, it runs up to $1750 for just these expenses. We believe this is fair because transportation is excluded for the Washington state conference and food and lodging for the California conference is also excluded, thus, leaving individuals to pay for costs that should be otherwise subsidized and perhaps running the figure up much higher.

.459 Copying and printing will include 2000 copies for any and all necessary copying and printing. Thus, $100.00 is asked for from this category.

.427 Dues to Washington state APSU (Asian Pacific Islander Student Union) is $20.00, but to help further the financial soundness and ability to perform effectively, $200.00 is asked for as a donation from each school chapter.
A number of speakers are planned to be contacted and asked to speak for the University community about critical Asian affairs. $200.00 seems reasonable to us for approximately four speakers at $50.00 each.

Mailing will include envelopes and any printing on the envelopes and postage. $75.00 is the figure we calculated as being reasonable.

Office supplies was estimated to be approximately $50.00 for any and all supplies used to further information regarding the organization.

We allotted $25.00 for paper expenses.

$100.00 is requested for food within meetings and all events to encourage participation. From empirical situations, food is a definite attraction and $100.00 seems reasonable for the present time for the rest of the semesters meetings.

Vehicle expense was interpreted as travelling expenses not included within other categories of financial need. We would extremely like to go to the bi-weekly Washington state APSU meetings which will be located at WWU, UW, EWU, WSU and several other locations. Hopefully, $200.00 will be able to be cover these expenses.

Hence, we estimate $3070.00 of expenses for our organization to function appropriately. If any surpluses are accumulated, immediate retrieval of those monies will be allocated back to ASUPS. However, we believe perhaps the opposite will be true. Nevertheless, this is our estimated budget of expenses.

Finally, $2170.00 is the requested amount from ASUPS. We believe this is not unreasonable due to the fact many other organizations similar to ours at other schools obtain similar funds to promote diversified educational awareness. For example, the University of Washington has a Ethnic Cultural Center estimated to have costs thousands, whereas we have a room. Western Washington University has a diversity fund that immediately gets allocated to their respective ethnic organizations. Thank you for you concerted effort to promote educational awareness of all issues impacting students of all nature.

PRESIDENT'S REPORT
The entire ASUPS office, including President Goldberg, Vice President McManamna, and
DSB Spiese, will be practicing an open door policy. If anyone has comments or questions
about anything, feel free to come and talk to someone. Dr. Parr will not be replacing
President Phibbs until July 15. Until then, she will only be on campus for brief periods of
time. She will not be getting into campus issues until this summer. Interviews for
committees are next week. Sign up for a block of time on Tuesday if you are willing to help
President Goldberg with his appointments. The internal goals of ASUPS should be posted
in the office within the next week. If you have office hours tomorrow, Monday, or Tuesday,
spend your office hour in the Great Hall recruiting people for committees.

VICE PRESIDENT'S REPORT
Sign up to sit in on committee interviews, especially those which are for the committee
that you are appointed to. Make sure you do your liaisons, and come prepared next week
with Senate Project ideas and concerns from your liaisons. Casino Night is this Saturday,
complete with a Beer Garden in the Rendezvous.

DEAN OF STUDENT'S REPORT
A position in the Dean of Students office for a Student Service Assistant is open. Recent
graduates or seniors about to graduate are encouraged to apply. It will be closing April 7.
Try to bring more ASB participation in the upcoming Orientation Program than previous
years. Representative Johnson will be gone next week for NASPA and will be returning
April 6.

FACULTY SENATE REPORT
An important academic issue has been what to do about activity credit units. Suggestions
include getting rid of them entirely or making the only grading option pass/fail. This
issue arose as a result of the ongoing discussion of grade inflation. As of yet, nothing has
been resolved about grade inflation, so the issue has been sent back to committee until the
Fall of next year. You are encouraged to participate in this discussion. If interested,
contact your department. The next Full Faculty meeting is March 30 at 4:00 in McIntyre
103.
COMMITTEE REPORTS

We, the students of Asian Awareness Association, submit the following application for funding request due to the fact our sources of funding at the immediate time are very few and we believe this conference meets up to our needs the most out of the numerous available nationally. Also, it would provide significant exposure to our school which is very important.

Dear Asian American centers and student organizations:

It is with great excitement that we present to you ASIA, Arizona Students In Action. ASIA is a coalition of Asian American students from around the state of Arizona. Our purpose is to explore Asian American student issues and propose resolutions, promote cultural and diversity awareness both external to and within Asian American communities, and strengthen the ties between all diverse groups.

ASIA is coordinating a Western Regional Conference entitled, Out of the Shadow, Into the Light: Steps For the Future, to be held at Arizona State University on April 10-12. This historic event is intended to be a catalyst for the unification of Asian American student groups in Arizona, California, Oregon, Washington, Idaho, Wyoming, Montana, Nevada, Utah, Colorado, and New Mexico.

In addition, this conference is sponsored by the National Chinese American Citizens Alliance and the Japanese American Citizens League for this event. Featured speakers are J.D. Hokoyama, Executive Director of Leadership Education for Asian Pacifics (LEAP), Yvonne Lee, Executive Director of the National Chinese American Citizens Alliance, and Los Angeles City Councilman Michael Woo.

It is imperative that we reach all students interested in being part of the conference as representatives of your college campus. Please distribute the enclosed materials to interested students in your organization as well as to any other Asian American organizations on your campus. A prompt circulation of these materials would be appreciated so that we may process registration forms as soon as possible. The due date for registration forms is March 13, 1992.

Sincerely,

Diana Gee
Registration Director
Asian American students from the state of Arizona. Our purpose is to explore Asian American student issues and propose resolutions, promote cultural and diversity awareness both external to and within Asian American communities, and strengthen the ties between all diverse groups.

Our ideology behind this conference abounds the experiences of many Asian Americans of being stigmatized by an ethnocentric assimilationist society. It is our belief that by enhancing our leadership skills, diversity awareness, and cohesive efforts, we can overcome our stigmatization and move America toward a more pluralistic society.

Docket #9216, Appt of ASUPS Publicity Office Manager, passed unanimously.
A motion to allocate $340 from the conference fund to the Black Student Union passed with one abstention.

PRESIDENT'S REPORT
The Awards committee will be meeting for the first time next week. Go to your liaisons and solicit award nominations before the meeting Dr. Parr will be on campus all day April 17. Tell your liaisons that she will be around, and remind them not to ask any policy questions. Talk to President Goldberg if you have questions about the Task Force on Student Government. Before the budget process begins, ask your liaisons for things they want implemented that would involve the budget.

VICE PRESIDENT'S REPORT
Thank you everyone who sat in on committee interviews! Next Wednesday and Thursday afternoons there will be programmer interviews and senators are needed to sit in on these. Also, talk to people who you feel would make a good programmer and convince them to apply. If you have nothing to do during your office hour this week, either fill out an awards nomination form or find someone in the SUB willing to fill one out.

FACULTY SENATE REPORT
There will be a surgical demonstration on the second floor of Thompson Hall on April 17 from 1:30 - 4:30. The History Department is soliciting ideas for a speaker for the Brown Halley lectures. If you have a suggestion, it needs to be submitted by April 17. Remember that you can become involved in developing the Science in Context core by contacting your department. At this week's general faculty meeting, grade inflation was discussed and no formal solution was reached. One interesting detail that came up was that our grades aren't monitored by any other institutions or credit unions. This means that if a control was to be placed on our grades that forced them to drop, no one would be aware that a control existed.
COMMITTEE REPORTS

Awards: The first meeting is Friday, April 10 at 3:30. Make sure that you have submitted your awards nomination form(s) by then.

Budget: The first meeting is Wednesday, April 8 at 8:00. The committee will be going over its goals.

Finance: Two requests were discussed at the last meeting.

Food & Safety: Last week a condom machine was stolen from A/L, sixty-eight CDs were stolen from Sigma Nu, two windows in fraternity houses were broken, there was a roll-over van accident on Union, and a visiting female punched out her boyfriend who is a student here at UPS. Food Services will close at 8:00 on Friday.

Governance: The committee talked about the feasibility of appointing Ravi Mantha to the committee.

Student Concerns: The committee discussed putting a permanent suggestions box in the SUB and butcher paper for suggestions in the halls. They also discussed adding teacher biographies to the results of the student teacher evaluation forms.

Diversity: The Mission is playing at 7:30 tonight. Next week's movie is about a street singer from Germany who comes to America in search of the American Dream. The committee looked into making a possible budget request. The next meeting is Monday at 8:00.

Union Board: CIAC will continue to use SUB 221 under the condition that they continue to look for a house for their office.

NEW BUSINESS

Docket #9213, Royalty Fee Request for Grey Mitchem, passed with Senator Guerrero abstaining.

Docket #9214, JSO Honorarium for Prof. Hillel Kiveal, passed with Senators E. Herzog, Darst, and Friehauf abstaining. The vote followed a discussion about the amount of involvement lectures should/might have had in the docket, and a vote on voting which passed with Senators Guerrero, Darst, Freed, and E. Herzog abstaining.

Docket #9215, Appt of ASUPS Director of Business, passed with Senators Damon, Friehauf, and Worthing abstaining.

Docket #9216, Appt of ASUPS Publicity Office Manager, passed unanimously.

Senator Damon moved that ASUPS allocate $340 from the conference fund to the Black Student Union so that four members can attend the Pasco conference beginning April 9. The motion passed with Senator Maloney abstaining. The four students going will use the knowledge that they acquire at the conference to educate both the campus and the community.

Senator Maloney's motion to close the rest of formal senate passed unanimously.

ACTION
The minutes of 4/2 were approved as amended.
The agenda was approved with Senator Maloney abstaining.
Docket #9217, Men’s Lacrosse Conference Request, passed with five oppositions and two abstentions.
Docket #9218, Appts to ASUPS Standing Committees, passed with three oppositions and five abstentions.
Docket #9219, Appt of Director of Public Relations, passed with two abstentions.
Docket #9220, Additions to By-Laws, was tabled with one abstention.
Docket #9222, Establishment of Committee Task Force, was tabled with four oppositions and two abstentions.

Vice President McManamna’s motion to rearrange the agenda passed with Senators Guerrero, Friehauf, Ricard, and Damon opposing and Senator C. Herzog abstaining.

NEW BUSINESS
Docket #9217, Men’s Lacrosse Conference Budget, passed with Senators Damon, Friehauf, C. Herzog, Maloney, and Ricard opposing and Senator Guerrero and Representative Sheffield abstaining. Eric Konzelman opened the discussion by asking Senate to separate the people from the issues. The issues included the nature of the lacrosse program and how it fits into ASUPS, and that the lacrosse team was told during the budget process not to come back for conference money this spring. The lacrosse team representative said that he did not remember being told to not return this spring. The budgeted money was spent on uniforms, first aid equipment, and previous road trips. The $1800 that the team was asking for would go towards the rental of two RVs for the PNLA tournament. Vice President McManamna stated that the issue could not be separated from the people, and everyone’s job on Senate is to represent the students. The lacrosse coach said that PNLA is putting together a proposition for 11 club lacrosse teams, including this one, to change their status to varsity. President Goldberg said that the Finance committee passed this request because they wanted to show support if the team agreed to actively seek varsity status and to continue publicizing home games. It is for such requests that the club contingency fund exists. Previous question was called and passed with Senators Friehauf, Damon, and Guerrero opposing.

Docket #9218, Appts to ASUPS Standing Committees, passed with Senators Friehauf, Maloney, and Damon opposing, and Senators E. Herzog, George, Ricard, Representative Johnson, and Representative Sheffield abstaining. Senator Damon stated that there are specific rules for Finance committee appointments, and one of the appointees does not possess the prerequisites. She was concerned that Senate is considering dockets that do not follow the rules. Vice President McManamna stated that the Governance committee has discussed the situation and there is a docket pending which will alleviate the problem. The point is to get the committees working effectively. Senator George questioned the validity of Peter Nunan’s appointment. Pro Tem Darst’s call to previous question passed with Senators Friehauf and Damon opposing.

Docket #9219, Appt of Director of Public Relations, passed with Senators Damon and Maloney abstaining.
A motion to return to the original agenda passed with Senators Mineau, Layton, E. Herzog, and Wagner abstaining.

PRESIDENT’S REPORT
President Goldberg encourages everyone to talk about the results of this Senate meeting with others and to remember that the open door policy is still in effect. Let your liaisons know that Dr. Parr will be here April 17 but will not be discussing issues. Thank you committee members and new appointees for coming to the Senate meeting.

VICE PRESIDENT’S REPORT
Bring budget suggestions to informal on Tuesday. The chair of RHAC approached ASUPS about funding half of Casino Night as a student program. This request will be presented during budget.

CHAIR’S REPORT
Remember who voted you into your position. Office hours are going well; let someone know if you can’t make yours. If you consistently can’t make your office hours, rearrange them.

PRO TEM’S REPORT
If you have a task that you want help on, Pro Tem Darst has the time to help you.

LIAISON DIRECTOR’S REPORT
Read page 2 of the By-Laws and keep in mind what it says about liaison duties. Discussions during formal Senate shouldn’t be cut off if relevant topics still need to be discussed.

DEAN OF STUDENT’S REPORT
The new staff position closed Tuesday and interviews will start next week. The Dean of Student’s office wants Senate and the executives to talk to the final candidates before the selection is made.

FACULTY SENATE REPORT

Media Board: The committee will be doing interviews for media heads Thursday from 3:00 - 6:00.

Docket #9227, SHAC Conference Request, was tabled with five abstentions.
Docket #9228, Cellar Request, was tabled with one opposition and ten abstentions.
A motion to allocate $1240 to SHAC passed with four abstentions.

PRESIDENT'S REPORT
Dr. Parr will be on campus tomorrow. If you or someone you know is interested in becoming the national alumni board representative next semester, talk to President Goldberg. The task force will be making recommendations concerning what they feel ASUPS should be. A file dealing with what the task force is doing will be on the senators desk.

VICE PRESIDENT'S REPORT
Casino Night will not be a program next year. If you know someone who would like to be a programmer, have them talk to Vice President McManamna.

CHAIR'S REPORT
Remember that each senator has only two chances to speak per issue at each meeting. The two minute speaking limit will be enforced. It is important for everyone to make it to their office hours next week because Faye will be on vacation. All dockets need to be in the boxes by Monday at 5:00.

PRO TEM'S REPORT
Make sure your questions are relevant. There is plenty of time before the formal meetings to ask about the dockets if you have questions. Please keep the excess talking to a minimum. Chemistry still sucks.

LIAISON DIRECTOR'S REPORT
Everyone needs to turn in the names of their liaison contact persons! If you have suggestions or comments, either talk to Senator Guerrero or drop a note in his box. Remind your liaisons to sign the gym petition and give it to the appropriate person.

DEAN OF STUDENT'S REPORT
The preliminary interviews for the new staff position have begun. During the last week of April the final candidates will be available for both the executives and senators to talk to.
COMMITTEE REPORTS

Awards: The committee met today and selected award recipients. The award presentation will be during Parent's Weekend. Go!

Budget: The budget hearings began last night and will continue tonight. The Budget appeal process is Wednesday from 8 - 10. During the following week, the budget will be informally presented to the Senate. On April 30th, the budget will be formally passed.

Elections: The committee talked about the Freshman elections and will be advertising the same during Orientation.

Food & Safety: The SUB will switch the cheap lemonade and fruit punch with a more expensive brand. Seward Hall has been having a lot of fire drills lately. There is still no word on the missing condom machine.

Governance: The committee elected a chair and a recorder last night.

Student Concerns: Same old stuff.

Union Board: The committee elected a chair and ate cake. They also confirmed the office for CIAC next year, and discussed holding a SUB open house next fall for the Freshman. Another idea was fireside chats by the fireplace in the Great Hall.

NEW BUSINESS

Docket #9225, Executive Committee Appointments, passed with Senator Damon abstaining. The trustee appointments still have to be accepted by the Trustee committee.

Docket #9226, Appointments of ASUPS Programming Chairs, was given a friendly amendment and passed unanimously.

Docket #9227, SHAC Conference Request, was tabled because it was not distributed to everyone's boxes by 5:00 Monday. The motion to table it passed with Senators E. Herzog, Damon, Free, Ricard, and Vice President McManamna abstaining.

Senator Freed moved that the Senate allocate $1240 to SHAC. The representative of SHAC clarified that the money would now be spent for three students to attend the conference rather than the original two. Previous question was called and passed with Senator Guerrero opposing and Senator Maloney abstaining. The motion passed with Senators Friehauf, Maloney, Damon, and Guerrero abstaining.

Senator Damon moved that senate return to old business. The motion failed with Senators Guerrero and Damon voting for it, and Senators Darst, Ricard, Mineau, and Layton abstaining.

Minutes of 4/16 were approved as amended.

Docket #9227, SHAC Conference Request, failed with two abstentions and fifteen oppositions.

Docket #9228, Cellar Request, passed unanimously.

Docket #9229, KUPS CD Player Request, passed unanimously.

Docket #9230, Removal of Article II Section VI of the ASUPS Financial Code, passed with one opposition and one abstention.

PRESIDENT'S REPORT

If you know of anyone who is qualified for the open national alumni board position, talk to them. A Yugoslavian student at a local high school has been admitted to UPS but can't afford to come here. Think about whether or not Senate should help this student out, and talk to President Goldberg before budget. If your liaisons want to have any events included in the university's master calendar for next year, turn them in by August 7 to either the P.R. office or to President Goldberg. Dr. Parr enjoyed her visit here last Friday. She is willing to meet with President Goldberg once a week next year. There may be a student leadership retreat this summer, consisting of Dr. Parr, George Mills, Tom Davis, and various students. Get suggestions from your liaisons as to which students would be appropriate (i.e. IFC, URHA, etc). A file with the minutes from the task force on student government meetings is on the senators' desk. Their next meeting is Monday, April 27. The preliminary report will be given Friday, May 8 at an 8:00 am meeting. At the same meeting, President Goldberg will be giving a report to the trustees. So if you have any suggestions or plans for ASUPS, give them to him before May 8.

VICE PRESIDENT'S REPORT

The Honors Convocation is Saturday at 3:00 in Kilworth. On the Sunday of Spring Weekend at 5:30, there will be a cruise during which ASUPS will be saying goodbye to President Phibbs. Suggestions for an ASUPS gift are needed. The by-law changes should be in the Trail this week. The Campus Films programmer has been appointed but there are still more programmer positions open! Next week at informal, Senate will be going over the budget committee's recommendations. Then at formal, the different group representatives will come and we will either formally approve or amend the budget requests.

CHAIR'S REPORT

Remember how well the Senate meeting went last week. Keep on track and watch the speaking out of turn. There will be a map in your boxes tomorrow for the informal dinner.

PRO TEM'S REPORT

Everyone who was not at the informal Senate meeting needs to talk to Pro Tem Darst. If you are interested in the findings of the faculty/student life committee, talk to either Senator Damon or Pro Tem Darst. It would be wise to make sure that your committees are operating by the book. Bring ideas from your liaisons to Senate.

LIAISON DIRECTOR'S REPORT

The questions for the liaison evaluation forms have been made in accordance with the by-laws and will be distributed directly to your liaisons next fall. The liaison reports will include questions regarding ASUPS and other aspects of UPS. Bring these up at your next liaison meeting. If you have any questions regarding this addition, talk to Senator Guerrero.
DEAN OF STUDENT’S REPORT
The final candidates for the Student Services Assistant position will be available Tuesday - Thursday to talk to students, senators, and the executives. Specific times will be posted in the Tattler.

FACULTY SENATE REPORT
The Faculty Curriculum committee issued a survey asking how the faculty used finals week and found that approximately 200 professors give finals and 60 assign major papers. Next year there will be a slot for evening class finals. Contact the two student representatives on the committee if you have questions or suggestions. Next year the transfer students who have earned an AA will not be given automatic junior status, but instead will be judged class by class.

COMMITTEE REPORTS
Budget: The committee met last night and heard appeals from groups wanting more money. The budget will be discussed at informal and presented for voting at formal Senate next week.

Diversity: The Honors Film tonight is Rodrigo D No Future.

Elections: The committee talked about the general election and will finalize things next Monday. They will also go over election guidelines. The meeting is at 9:00 in ASUPS.

Food & Safety: This week there was a CD player and discs stolen, along with a wedding ring, back pack and couch. Ignitions were damaged in three cars, possibly from attempted auto theft. A university-owned house’s window was broken and two obscene phone calls reported. The bulk Kelloggs low-fat cereal is coming, maybe.

Governance: A task force has been established within the committee and will write up what criteria they will use to look at each committee. The proposal will be presented to Senate for approval. If you type up a financial docket, place a copy in the Governance box because the minutes aren’t good enough.

Student Concerns: There will hopefully be a table in the SUB Monday through Friday for the weight room petition. Five of the six petitions sent out to the Greek houses have been returned.

Union Board: Next meeting is April 27 at 4:00 in SUB 201. At the last meeting, they discussed what to do with the approximately $1,400 left over from the year. Ask your liaisons for suggestions.

Media Board: The appointments are in your boxes.

OLD BUSINESS
A motion to untable Docket #9228, Cellar Request, passed unanimously. Senator Damon stated that this was an appropriate time for such a funding request. The docket passed unanimously.

A motion to untable Docket #9227, SHAC Conference Request, passed with Vice President McManamna opposing. Senator Freed reminded Senate that the request had been taken care of last week in a motion. A call to previous question passed with Vice President McManamna opposing and Senator Friehauf abstaining. The docket failed with everyone voting against it except Senators Friehauf and Guerrero who abstained.

NEW BUSINESS
Docket #9230, Removal of Article II Section VI of the ASUPS Financial Code, passed with Representative Johnson opposing and Senator Ogin abstaining.

Docket #9229, KUPS CD Player Request, passed unanimously. An itemized handout was passed around Senate showing exactly what the money was spent on. One of the CD players being replaced will be used in the recording room and the other for emergencies.

ANNOUNCEMENTS
Cheerleading tryouts went well. Jennifer Shepard needs 15 people to volunteer during Spring Weekend...a sign up is on the senators’ desk. The 14th and Union problem is being discussed. People are needed in the office tomorrow to help answer phones, especially in the morning. ABE is selling radiation suits for $5. Daddies are coming May 1.

Bill Title: SHAC Conference Request
Author: A. Damon

Be it resolved that A.S.U.P.S. allocate $1240 to the Student Health Awareness Club for the American College Health Association National Conference. These funds would cover expenses as noted on the accompanying document.
DATE: April 3, 1992
TO: Finance Committee
FROM: Student Health Awareness Club
RE: National Conference

The Student Health Awareness Club is planning to attend the 70th Annual American College Health Association National Conference. This year the conference will be held in San Francisco, May 20-24, 1992. The conference will provide information on topics including: alcohol on the college campus, drug education, peer education, sexual assaults, health prevention and HIV. We, as a student group that addresses all of these issues, feel that attending a national meeting will enhance our knowledge of college health issues and programing skills. Because the conference is being held so close to UPS, we will also have the opportunity to gain valuable networking experience with other schools in our region. Two students from the club are able to attend the entire conference. Another club member who will be in the area with her family is able to attend part of the conference.

Here is a copy of necessary expenses and conference materials. Thank you for your support.

Author:  A. Damon

Be it resolved that A.S.U.P.S. allocate $1800 to The Pizza Cellar for expenses as noted in the accompanying document.
These 3 items are to implement a computerized accounting system into the Cellar. The software has inventory, accounts receivable, accounts payable, and general ledger capabilities; those things necessary for any small business. Computerization of the accounts should make inventory and ordering easier and more efficient, accounts receivable will make it possible for the Cellar to offer increased point of sale services, and accounts payable will make keeping track of expenditures easier. The phone net connector will allow for the hookup to a printer, preferably at ASUPS so the Cellar can be connected upstairs with the other networked computers, and for printing capabilities.
