OPEN FORUM
The audience of five introduced themselves to the Senate and stated the reasons for their attendance. These reasons ranged from being prospective Senate candidates to being the representative for the Pep Band.

PRESIDENT’S REPORT
Everyone needs to distribute the inauguration flyers to their liaisons. There is a list in the ASUPS office of the thirty students who will be attending the formal inaugural lunch. The ASUPS t-shirts are in the office...go and pick yours up! At the upcoming informal Senate meeting, Ray Bell will go over the budget task force timeline, and their mission statement will be distributed. We will also be formulating our goals and expectations for the upcoming year. The informal Senate meeting on September 15th will be a barbecue at President Parr’s house. Everyone is expected to attend. The upcoming year will be a good year and things will be changing so that ASUPS is more accessible, accountable and more continuous by the time the next administration takes office.

VICE PRESIDENT’S REPORT
Programmer interviews took place today and will continue tomorrow. A senator needs to volunteer to help sit in on the remaining interviews that will take place tomorrow at 1:30. The programmer appointments will be on the agenda for next week. The job contracts for the media heads, Cellar managers, etc., are currently being looked at. Sid Morrison will be speaking tomorrow at 4:15 in the Rotunda, and Mike Lowry is interested in doing the same thing. If anyone wants to make a Senate Project out of distributing stuff for Mike Lowry, talk to Vice President McManamna.

CHAIR’S REPORT
Sign up for office hours! This summer a C&TA class proposed changing the library hours so that they were more conducive to studying...anyone interested in a Senate Project should consider looking into this.

PRO TEM’S REPORT
By next Thursday everyone needs to have typed up a page synopsis of what you’ve done so far with your term and what you plan to do with the rest of it. Everyone also needs to give Pro Tem Darst the minutes and roll call of their committee meetings.
LIAISON DIRECTOR'S REPORT
Get involved with your liaison groups NOW and find out what their concerns are for the upcoming year. The liaison report this weekend will include three trivia questions about ASUPS.

DEAN OF STUDENTS REPORT
Dean Dodson: Get to know President Parr. It is very important that you attend both the September 15th barbecue and the inauguration ceremonies. The Dean of Students' Office has recently hired Melissa Jackson as the Assistant in Student Affairs and Orientation. You can find her in SUB 209. Melissa Jackson: Bill Marchese has resigned from the Media Advisor position so Julie Pyatt will be filling in until September 21. She can be found in SUB 009. After that, either the C&TA and English departments will decide to keep the newswriting instructor position and consultants will be hired to help out the media heads, or else a search will begin to find a new Media Advisor. There will be no change in ASUPS financial arrangement during the coming year. Dean Dodson: Last Spring we discussed working together, let's work at it. Review how the budget task force works with Ray Bell. Students need to feel that other students understand what their needs are. This is what ASUPS is for. Take this responsibility seriously, and communicate student needs to the appropriate places.

FACULTY SENATE REPORT
Faculty Representative Sheffield will keep Senate informed of faculty events, and bring back information from faculty and department meetings. A good Senate Project is the weight room.

COMMITTEE REPORTS
Elections: The next meeting is Monday at 9:00 in SUB 202.
Finance: The next meeting is Tuesday at 7:30 in SUB 212.
Food & Safety: The next meeting is Monday, September 14th, at 3:00 in SUB 202.
Union Board: The committee's retreat is September 13 from 11-4. Talk to Representative Herzog if you have any ideas about the upcoming open house.
Media Board: The ideas generated last year will not die with Bill's resignation.

OLD BUSINESS
Vice President McManamna moved that ASUPS approve the Bigs and Littles Budget, which was carried over from last Spring. A friendly amendment raised the total from $800 to $1,100 to accommodate the changes in the program. The motion passed with Senator Guerrero opposing and Senator Maloney abstaining.
Vice President McManamna moved that ASUPS approve the Pep Band Budget, which was also carried over from last Spring. The total budget was $140. The motion passed unanimously.

NEW BUSINESS
Docket #9233, Freshman Elections, was given a friendly amendment and passed unanimously.
Docket #9234, Fall 1992 General Elections, was given a friendly amendment and passed unanimously.

ANNOUNCEMENTS
Sign up for office hours and be visible on campus! Go to Sid Morrison's appearance tomorrow at 4:15 in the Rotunda. It would be "polite and political" to attend the Student Programs this year. Larry Miller will be here on September 12th at 8:00 in the Fieldhouse. Echo and the Bunnymen will be playing for Homecoming. Rock the Boat will be held in the Great Hall on October 23rd. There is a possibility that Al Gore or Hillary Clinton will be coming to campus. Next Thursday night there will be a trivia card reading at 1120 N Alder. Open door policy still in effect!

The meeting adjourned at 7:03 p.m.
Honorably submitted,

Author: Mike McManamna

Be it resolved that ASUPS accept the following guidelines and timeline for the 1992 Freshmen election as noted in the accompanying documents.
Election Guidelines
Freshman Elections, 1992

In order to ensure this election is fair and of high quality, ASUPS Elections Committee has enacted the following procedural guidelines. Our goals for the upcoming Election include increasing visibility and accessibility of the candidates and the campaign itself. The following guidelines have been enacted for those purposes.

I. Requirements to Run
   A. Each candidate must have a petition that includes 30 signatures from members of the Freshman class in order to run for Freshman senator. The petition will include the signature, name and address of the signer.

   1. The signing of a petition merely indicates support for the individuals candidacy, it is NOT a pledge to vote for that individual. Any student who plans to be enrolled at UPS this coming semester can sign as many petitions as they wish.

   B. Each Senatorial candidate must informally interview at least two senators. At the time of the interview, each Senator will present the candidate with three issues (conflicting sides when possible).

   C. The Elections committee will schedule specific speaking times at various living groups on campus. Attendance at these is mandatory. Any speaking engagements outside those are permitted with permission of the head officer of that organization.

   D. Nominations (accompanied by Votes of Confidence) must be turned in by 8pm on September 7th, 1992 to the ASUPS Office, SUB 210. Campaigning will begin at 12:01am September 8.

II Campaign Procedures

   A. Senate candidates are restricted to a $40.00 ceiling on campaign materials.
Publicity Display Guidelines, Fall 1992

It is the purpose of the ASUPS Elections Committee to run an election fair to all parties. In the case of any violations of the Guidelines, the committee will judge accordingly to insure a fair election, remaining unbiased.

"Flyers" shall be designated as distributed campaign materials no larger than legal size (11X14 in.).

II. Placement of Campaign Materials

A. Student Union Building

All signs and posters shall be limited to the main floor, Great Hall, and Rotunda. Each candidate may have one sign of unlimited size as well as three other signs not to exceed 3 feet by 3 feet. Each of these four signs must be approved by the Info Center prior to hanging.

Signs may not be put up on windows, painted surfaces, glass, wooden surfaces and Elections Committee publicity materials. Masking tape is allowed. NO DUCT TAPE MAY BE USED!

In addition, flyers may be distributed throughout the Student Union Building. All campaign materials must be taken down by the candidates and disposed 24 hours after the election.

PRESIDENT'S REPORT
The library will be closing on the weekends at 8:00 instead of 10:00. Ask your liaisons how they feel about this. Should it be open one night a weekend until 10:00? Inauguration begins tomorrow morning at 9:00 in the fieldhouse. Encourage everyone to attend. At 3:00, the actual inauguration will take place. This is the chance to hear what Dr. Parr thinks! Don't forget the free lunch and dinner. Bands will be playing starting at 5:00. KUPS is an "operational nightmare". There is no general manager and low student listenership. Therefore, President Goldberg is enacting Article 5 Section 2.3 to freeze KUPS's accounts. What happens next is in the hands of the Senate. Take a look at how KUPS is structured and pay attention to the student listenership. KUPS will be coming to explain why they should receive money, and at that point, the choice to fund them is yours. If nothing is done in four weeks, the money will go into the contingency fund.

VICE PRESIDENT'S REPORT
Vice President McManamna is currently drawing up a job description for an Assistant Director of Public Relations. Sign-ups for the general election starts Monday. The campus club cards will be here on the 21st and will be better than last year. Mike Lowry will be here Sunday at 12:30 in the Rotunda.

CHAIR'S REPORT
Jennie Jaeger asked the Senate to recommend professors who would be good facilitators for the environmental film series. If you have any suggestions, put them in the Environmental Activists' box. Make sure you go to your office hours. DBS Padur thanks Senator Guerrero for his good work in the office. Go to inauguration and support those who are involved. Chair Fisher apologizes for the late agenda. Larry Miller will be here Saturday at 8:00 in the fieldhouse.

PRO TEM'S REPORT
Committee recorders need to be appointed and attendance taken. Next week these will be collected.

liaison DIRECTOR'S REPORT
Sorry the liaison report was late...technical difficulties. Liaison Director Guerrero will assume Senator C. Herzog's liaison duties in A/L and Seward, unless anyone else is interested. If you are, talk to Liaison Director Guerrero by tomorrow.
DEAN OF STUDENT'S REPORT
The candidates for the two consultant positions will be at the September 16th Media Board meeting.

FACULTY SENATE REPORT
Last semester the Faculty Senate created agenda items for committees to work on this year. As a result, the Curriculum Committee will be looking at the Science in Context core guidelines, the implementation of the International Studies core, the grading of activity units, the Comparative Values core, and will also be reviewing the curriculum in various departments. Academic Standards is beginning to meet.

COMMITTEE REPORTS
Elections: The next meeting is Monday at 9:00 in the ASUPS office. There will only be one booth for Freshmen elections. The committee is trying to get the “I Voted” stickers from the State. Publicity stuff about the elections will be sent to the freshmen. There is only one name on the ballot for the Freshmen elections, but there will be a couple of write-in candidates.
Finance: The juggling club came for the first time to ask for funding. The committee recommended $100. The Society of Physics missed the budget deadline last year and the committee recommended $250.
Student Concerns: The next meeting is Tuesday at 4:30.
Media Board: The next meeting is September 16 at 6:00. The committee will interview candidates for the positions of general manager of KUPS and for media consultants. The committee will also set goals for the year. The problem with KUPS is fixable. Last year there were “good improvements and the structure is there and good. They just need to get the ball rolling,” and Media Board has ideas as to how this could be done. A couple of these are to distribute a survey, and to ask KUPS to come up with a report, possibly monthly, about what they’re doing. Vice President McManamna summed up the report with: “KUPS is screwed but they will get better”.

OLD BUSINESS
Senators Mineau and Wagner talked to Dick Alrich about the weight room. He suggested that the Senate send a proposal to the trustees requesting money for weights, stair masters, etc. He also said the ventilation problem has been duly noted and a request sent to Plant about fixing the problem. Ask your liaisons what improvements they want done to the weight room.

NEW BUSINESS
Docket #9235, Programmer Appointments, passed with Senator Damon abstaining. The Campus Music Network is new and will be arranging for campus bands to play in the Cellar and at basketball games.
Vice President McManamna’s motion to accept the resignation of Senator C. Herzog passed with Senators Maloney and Damon abstaining.
Vice President McManamna’s motion to enact Article 11 Section 5 part D of the ASUPS constitution passed with Senators Damon and Maloney abstaining.

ANNOUNCEMENTS
Talk to Senator Freed if you are interested in working on someone’s campaign from District 9. Thank you everyone who turned in their one-page summaries of what they’ve done so far during their terms. Everyone is encouraged to read the security services annual report. You can pick one up at security services. There is now a senate projects folder in the senate desk.

The meeting adjourned at 7:00 p.m.

PRESIDENT’S REPORT

Look at the ASUPS page in the Trail and talk to President Goldberg if you have any input. Support the Environmental Film Festival (October 23-24) and inform your liaisons about it. The Senate Retreat is the same weekend. Meeting of the Minds will be on Tuesday at 6:00 in McIntyre 103. A detailed planning meeting for the same will take place in the ASUPS office on Sunday at 8:00. Be there! President Goldberg will be going on the Trustee Retreat (October 1-3). What he will talk about will be discussed on Sunday, also. The proposal for the Budget Task Force is due on October 30th at 8:00 A.M. Plan to attend the proposal presentation. If you have any ideas, talk to President Goldberg. A copy of the charges for each Faculty Committee is on the Senators’ desk. If you have any input on these, talk to President Goldberg before Monday. Everyone needs to discuss these charges with their liaisons. A constitutional change is being discussed that would replace the president’s and vice president’s responsibilities of keeping a journal with that of up-keeping the continuity files, etc. Emo Philips is coming on Saturday 26th at 8:00 for Homecoming. The first meeting of the Faculty Senate is Monday.

VICE PRESIDENT’S REPORT

Election sign ups have started for the six open positions. Get someone to sign up before next Thursday. The Freshman elections will be held on Monday. Yearbooks are in! The lecture, “Surviving Columbus”, is tonight at 8:00.

CHAIR’S REPORT

If you are doing your office hour at the same time as another Senator, please change it. Both Senator Guerrero and Ricard had outstanding office hours this week. Dean Dodson suggested that ASUPS give President Parr a monetary donation for her part in the AIDS walk. It begins Saturday at 12:00 in Fireman’s Park. Remember to take attendance in committees and to appoint a recorder. The committee chair can have a copy code number for his/her committee. The Faculty Senate meeting is Monday at 4:00 in the Boardroom. A Senate Project suggestion: figure out the information line on the computer, set it up, and update it weekly. People need to sign up to man election booths for Monday. Look over your responsibilities as Senators before the next Informal meeting. If you have a problem, talk to either the Chair, President, or Vice President.

PRO TEM’S REPORT

Senators Brooke, Layton, Damon, Ricard...I want it! Everyone needs to make sure that they turn in their committee stuff.

LIAISON DIRECTOR’S REPORT

Posters that need to be distributed to your liaisons will be in your boxes.

NEW BUSINESS

Docket #9236, Allocation to the Society of Physics Students, passed with Senators Damon and Herzog opposing and Senator Guerrero abstaining.

Detailed Explanations of Anticipated Revenues

.153 Dues—Each member will be asked to pay two dollars in local dues per year. The expected number of members this year is fifteen.

.190 Fundraising—We plan to offer tutoring and test review sessions for several physics classes, and we will ask for donations to SPS.

Detailed Explanation of Anticipated Expenditures

.411 Advertising/Publicity—We would like to make SPS more visible to the UPS community. We will use this money for flyers, advertising meetings, and office supplies.

.415 Books and Subscriptions—The Society subscribes to several science magazines which are placed in the Seminar room for all to read.

.460 Club’s Activities—We plan to tour several facilities, some of which require admission fees. This would also finance general SPS activities.

.412 Film Rental and Records—We plan to rent several science related videos.

.423 Honorariums—We will be inviting a guest speaker each semester to speak on a topic of interest to our members and the university community. We need funds to pay for the speaker’s expenses.

.457 Mailing—We would like mail informational letters to our members and invitations to all potential members.

.589 Raw Food/Beverages—We would like some funding to provide snacks at meetings which would be held on campus.

.479 Vehicle Expenses—We would like to take a field trip to a scientific laboratory each semester. We estimate that two cars will be needed. This would cover gas, ferry fees, and general trip costs.
Be it resolved that ASUPS allocate $100 to the Juggling Club as their operating budget for the 1992-93 year.
Explanations of Anticipated Revenues and Expenses:
Juggling Club

1. Donations: Since most of our equipment was donated in the past, we expect about 40.00 worth this year.

2. Advertising/Publicity: To expand club membership, we will be mailing out letters to new members, printing posters, and calling other juggling organizations in Seattle and Tacoma for their support and cooperation.

3. Copying & Printing: We expect to distribute flyers to publicize our juggling marathon charity fundraiser ($5) and to publicize other juggling events. We usually photocopy our flyers from a computer generated original.

4. Equipment Purchase: This is by far the most essential part of the Juggling Club’s budget. We are an activity club and our expanding membership necessitates us to buy more equipment as we cannot rely on donated equipment. Here is a breakdown of what equipment our new members will need:

<table>

<tr>

5. Miscellaneous: We plan to have an awards/ceremony at the end of the year to recognize the most outstanding member of our club. We estimate that a decent plaque/award will cost $10.

6. Raw Food/Beverages: For our end of the year awards/ceremony we will be needing punch and cookies to serve to the members. We estimate this will cost $10 as well.

7. Vehicle Expense: Every Saturday, many professional juggling teams and troupes perform in Seattle. As a Juggling enthusiast club, we wouldn't want to miss seeing these artists at work. We estimate that gas money will cost $10; it takes about 2 or 3 cars to fit all of our members.

PRESIDENT'S REPORT
There are more surveys that need to be distributed in the office. Surveys are to be distributed by the Senators, by people who attended the Meeting of the Minds, by a Group Decision Making class, and by members of the Student Concerns Committee. The results of this survey will be a source of information for the Budget Task Force presentation. Speaking of the Budget Task Force presentation...if you have an 8:00 class on October 30th, talk to President Goldberg. It is our goal to have the content of the presentation approved by other student groups such as IFC and Panhellenic. If you have questions or input regarding the presentation, talk to either President Goldberg of Senator Damon. The Faculty Senate is discussing changing the format of finals week. Some changes suggested include changing exam periods to three hours, and lengthening the exam week to five days. The Trustee Retreat is October 1-3. Ask questions of your liaisons and see what's going on. The Trustee Task Force on Student Governance will have their position presented to the Budget Task Force by President Goldberg.

VICE PRESIDENT'S REPORT
The Campus Club Cards will be here next week, and will be distributed to on-campus students through residential programs and to off-campus students through campus mail. Yearbooks can be picked up Monday and Thursday. Go to Homecoming and see Emo Philips! Three applicants for the Assistant DPR position will be asked to come in for interviews. A senator is needed on Wednesday afternoon to sit in on the interviews.

CHAIR'S REPORT
Office hours were good this week! Thanks Senator Ricard for setting up voice mail. We're still talking about the mission statement.

PRO TEM'S REPORT
Make sure your committees are functioning properly because a task force will be sitting in on meetings and reporting back to the Governance Committee.

LIAISON DIRECTOR'S REPORT
A list of interesting things to do with your liaisons will be in your boxes with the liaison report.

DEAN OF STUDENTS REPORT
The two part-time media advisors were hired. Their positions will last until the end of the semester, and they will be paid $11.60 per hour with the money to pay them taken from the money pool.
FACULTY SENATE REPORT
President Parr met with the department heads (and various other faculty) about the Science in Context core. It would be a good idea to ask that a presentation on the Science in Context core be given to a student group such as Senate. There is one new piece of equipment in the weight room.

COMMITTEE REPORTS
Awards: Requests for Who's Who nominations will be sent out soon...fill them out and return them to ASUPS!
Diversity: There was a good presentation on Native Americans last week. A play will be coming in November.
Elections: Ballots were counted on Monday. There is a meeting tonight at 8:00 for the candidates. Next Monday the candidates will be visiting the fraternities. There will be five polling booths: two in the tunnels, one in the SUB, one in the library, and one in Jones. The next committee meeting is Monday.
Finance: The committee discussed a proposal from the Music Network and discussed the best method of using the minutes.
Governance: The committee met last night at 5:00 and 6:00. The next meeting will be at 6:00 on Wednesday. You will be seeing dockets for changes in the by-laws regarding the responsibilities of the Governance Committee and the governance of the Financial Code.
Student Concerns: The committee is working on the survey. They will go with the top 10 gripes from the past two years rather than a Gripe Day. The next open meeting is at 5:00 on October 6th.
Union Board: The next meeting is Wednesday at 5:30. They will be discussing last year “stuff” (by-law review, firewood project) and this year “stuff” (storage in 001, artwork in the SUB, benches, pay phone inside SUB, campus map by SUB, etc). If you have any suggestions, talk to Senator Herzog.
Media Board: Yearbooks will be distributed on Monday and Thursday from 11-7. Senators are needed to help distribute. KUPS starts Monday!

NEW BUSINESS
A motion to appoint Senator Mill as the temporary liaison to Anderson/Langdon Hall led to a discussion about her readiness for liaison duties. The motion passed unanimously. Likewise, the motion to appoint Senator Mill as the Senate representative on the Food and Safety Committee also led to a discussion about her readiness for the position. The motion passed with Pro Tem Darst opposing and Senator Guerrero abstaining.

ANNOUNCEMENTS
Question your liaisons about what equipment they would like to see replaced or modified in the weight room as well as new equipment. Tell Senator Mineau by next Thursday. The Trail comes out tonight. The rumor that Phibbs Hall was financed by food and housing surplus is not true. The first Showcase is Tuesday from 11:45 to 1:00. Be on time to informal on Tuesday. VICE PRESIDENT'S REPORT
Changes in the by-law job descriptions for DBS, DPR, and assistant DPR will be going through next week. On Monday night the Cellar will have an all-you-can-eat for $3.50 from 6:00 - 8:00. The date for the Senate Retreat needs to be finalized. Laignaippe will be on Orcas Island this year. A request for funding for it will be looked at by the Finance Committee next week. If a Senator would like to become involved in planning this retreat (great Senate Project), talk to Vice President McManamna.

CHAIR'S REPORT
Give Chair Fisher the three dates that work best for you for the Senate Retreat, and the Ad-Hoc Senate Retreat Committee will go through the options and find a date that works out for everyone. Congressional candidates for the 6th District will be here on October 27th. Someone is needed to moderate and/or get in touch with the Democratic candidate (great Senate Project). If you are interested in becoming involved, talk to Chair Fisher.

LIAISON DIRECTORS REPORT
According to Article II, Section 2, Subsection 3, everyone needs to turn in a report to Liaison Director Guerrero on their progress with their liaisons. The form for this report will be in your boxes with the Liaison Report.

COMMITTEE REPORTS
Elections: The committee is setting up the final details for the elections. A sign-up for volunteering for the poll booths is coming soon. Greek speeches were done Monday night. Dennis Schmidt is a write-in candidate for the second at-large position. Publicize the open forum with the candidates in the Rotunda on Tuesday at 6:00. There is no one running for the university-owned housing position. Tell your liaisons that the elections are coming up on October 12. The committee’s next meeting is Monday.

Finance: Next week, the Intervarsity Christian Fellowship will be coming for conference money.

Food and Safety: You can now get milkshakes in your mug. The Trail article on the SUB was discussed, and the costs for overhead and operating were not included in the article. Food Service talked about what they’d do with the Cellar if they had it (take away the pizza and breadsticks and instead have Mexican and Chinese food available for food points). The Cellar made a $3,500 profit for September.

Student Concerns: The list of ten concerns were divided up among the different committee members. These concerns include less lawn watering, and longer hours for the computer labs.

Student Diversity: The committee talked about a work-study job for an OT/PT person to provide help for handicapped people. Asian Awareness is this week.

Union Board: The committee is getting prices on the list of improvements for the SUB.
Media Board: The next meeting is Wednesday at 6:00 in SUB 212. Talk to your liaisons and bring suggestion for the Media Department to Senator Guerrero by the next Informal. Dale will be coming to Informal to give his view of radio, as opposed to the negative aspects usually heard.

OLD BUSINESS
Senator Wagner’s motion that the Senate review the progress of the weight room discussion passed unanimously. Leave suggestions in Senator Mineau’s box by tonight for any weight room changes. Students will sit on the committee formed by Ray Bell and Co. They want to work with the students and want to find out what the students want. Proposed changes include smaller denominations of fixed weights and aerobic equipment. Senator Wagner’s motion to close the review passed with Senators Mineau and Wagner abstaining.

NEW BUSINESS
Docket #9238, Allocation to Campus Music Network, passed with Senator Worthing opposing and Senators Ogin, Freed, and Vice President McManamna abstaining. Senator Damon’s motion to amend the budget to $1,650 by striking both $750 lines of expense and the $1,250 income, led to a lengthy debate. Andrew Pritchard: The docket is a waste of time and money. There are already three programmers hired to use money for bands, and it is currently Andrew’s duty to bring campus bands to campus. Campus bands should be starting out on their own, and paying them to play will not change their quality. It is not ASUPS’ responsibility to give campus bands free publicity and recording. A variety of people then voiced their opinions on the relationships of the bands to the Greek system. Senator Damon: Senate has a habit of voting without enough information. Wait a couple of weeks and let the Campus Music Network put some things together and see what the campus response is and then we can re-look at the tape proposal. Ina Patinovick suggested that a more concise timeline be presented before the docket is seriously looked at. Vice President McManamna: This is not a surprise issue; we’ve been discussing it since last April. A call to question passed with Senators Wagner, Mineau, and Representative Johnson opposing. The vote on the amendment was a tie, with Senators Mineau, Wagner, Freed, George, Layton, Worthing, and Vice President McManamna opposing. Chair Fisher broke the tie by passing the amendment.
A motion to allocate $200 to Janai Cante for a bone marrow transplant passed unanimously.

ANNOUNCEMENTS
The Faculty Senate meeting on Monday at 4:00 in the Murray Boardroom will be discussing three hour finals. If you are not registered to vote, talk to Ina. The College Bowl programmer asked that the Senators tell their liaisons about College Bowl, what it is, and how it works (it's a trivia game with six UPS teams. The winning UPS team competes with other colleges.) Registration is from October 9 to November 4.

NEW BUSINESS
Senator Damon moved to allocate $420 to Intervarsity Christian Fellowship for a conference. The money will cover registration fees for those with financial need. The motion passed unanimously.

Docket #9239, Addition to the ASUPS By Laws, failed after Pro Tem Darst pointed out that it already existed. Senator Ricard abstained when the issue was called to question. Docket #9240, Addition to the ASUPS By Laws, failed with Senators Damon, Freed, George, Herzog, Layton, Maloney, Mill, Ricard, Wagner, Worthing, Pro Tem Darst, and Representative Johnson opposing. Once again, Pro Tem Darst pointed out that the docket already existed.

Docket #9242, Appointment of Assistant DPR, generated a discussion over the necessity of officially creating the position before officially appointing the Assistant DPR. Senator Damon's motion to table the docket ended in a tie with Pro Tem Darst, Senators George, Layton, Freed, and Wagner opposing and Senators Worthing and Mill abstaining. Chair Fisher broke the tie by tabling the docket.
PRESIDENT'S REPORT
The surveys will be tallied shortly and the results of these surveys will be a source of information for the Budget Task Force presentation. The presentation will be sent to such student organizations as IFC and RHAC for approval so that the presentation will represent as many students as possible. The executives will be publishing the agenda within the next couple of weeks. Senate Project: Talk to Jim Wick if you're interested in becoming involved in the Rotary Food Drive that ends on November 7. Give Chris input for the Senate page in the Trail. Let President Goldberg know what is working and what is not this year. The Trustee Task Force has been dissolved. Syd Van Atta, Julie Neff, Dean Dodson, and President Goldberg will be developing their agenda further. If you have questions, talk to President Goldberg.

CHAIR'S REPORT
Check your boxes for some good and relevant memos. Chair Fisher apologizes if she stepped on anyone's toes at the Informal meeting last Tuesday. Remember who voted you into your position and why you are here. Informal is the time to share ideas; remember that we are all different people with different ideas and to respect this and not to take things personally. We can start over. Next Tuesday's Informal will have a timed agenda. The date for the Senate Retreat will be announced at Informal.

PRO TEM'S REPORT
The Lagniappe proposal has to go back to the Finance committee. Governance has only a couple more committees to look at. The results will be compiled within the next two weeks. The committees look good, only problem so far is that some people need to attend more often. Remember that our personal opinions do not matter, we are here to represent our constituents.

FACULTY'S REPORT
The Full Faculty met last week and President Parr listed her top priorities. These include: keeping UPS at the 2,700 enrollment level, breaking the vicious cycle of having to raise tuition in order to assist people in paying
tuition, increasing diversity by increased recruitment for Northwest minorities, more study abroad, and considering age as a diversity factor. John Gallagher said that currently 18% of the alumni donate to the University. UPS is not ready to start a large recruitment of restrictive dollars. The Associate Dean of Academics said that the International Core will be implemented next year but there have been problems with the Natural World Core. Two Science in Context Cores have been approved: Cosmology and Natural Disasters.

COMMITTEES
Awards: Fill out Who's Who Nominations!
Elections: Elections were Monday! There will be a meeting in two weeks to discuss how it went and what can be improved.
Finance: The NACA conference request was discussed and the committee recommends $1780. The registration forms must be sent in by tomorrow. Dean Dodson asked for $1200 for Lagniappe. The pros for funding it were that it is a fun time. The cons include it being a lot of money and the lack of input in the program. The request was not approved. The committee looked over their by-laws and were enlightened.
Food and Safety: Stop signs and lines are being put in at 13th Street and Lawrence. The espresso bar will be open nights and weekends as soon as there is staff for it! There will not be a crosswalk on Union unless we change our status to that of a grade school and employ crossing guards.
Governance: The committee talked about the Finance Committee. President Goldberg told the committee about what by-law amendments he wants.
Student Concerns: The location for graduation can not be changed. The committee made a sign for the Great Hall listing contacts for students.
Student Diversity: The committee is looking at a work study division to help the disabled on campus. A proposal from the University Diversity Committee regarding the enhancement of a cultural center was talked about.
Media Board: The committee is on its way to reaffirming its role. The different departments are excited to work together. Senators need to sign up to pass out yearbooks from 11-12 on Wednesday (October 21) and from 5-8 on Friday (October 23). The Trail is considering new places for distribution.
Union Board: The storage area in 001 is being redivided. The committee “looked at slides of hideous art and offended the artist”. There will be new plants by the lounge. Fire is $95 per cord. Is it worth it? The Gamma Phi Rock-a-Thon was approved for November 4. There have been 100 suggestions for new songs in the Juke Box.

Senator Mill’s motion to reorder the business of the day and look at New Business passed with Senator Worthing abstaining.

NEW BUSINESS
Senator Herzog moved to approve a by-law amendment to Article III Section 1.D1, 1.D2, and 1.D3. The motion passed with Senator Guerrero opposing.
Senator Herzog’s motion to return to the order of the day passed with Senator Ricard abstaining.

OLD BUSINESS
Docket #9242, Assistant Director of Public Relations Appointment, passed with Senator Guerrero abstaining.
NEW BUSINESS
Vice President McManamana moved to allocate $1780 so that programmers can attend the NACA conference. The money will come from the Conference Budget. The motion passed with Senator Ogin abstaining.
Senator Ogin moved to allocate $800 to Lagniappe. Concerns were raised that the Dean of Student’s office would pay for it even if Senate chose not to and that Senate does not have any input into the program. Representative Sheffield raised the point that every year the same arguments are made. Last year Lagniappe did not go well and it was suggested that it not be funded. Somehow the discussion this year needs to be passed down to next year’s Senate. Senator Ogin will organize a sub-committee looking into the feasibility of bringing together all the groups that do trips and doing one collective trip next year. The motion failed with Pro Tem Darst, Senators Freed, George, Guerrero, Herzog, Layton, Mineau, Mill, Ricard, Worthing, Representative Sheffield, and Vice President McManamana opposing.
ANNOUNCEMENTS
Push Rock the Vote! The Undecided will be here for it. On October 27 at 7:00 in SUB 101 the four candidates for the position that Norm Dicks currently holds will be here. Senator Herzog wants feedback on the firewood. The meeting adjourned at 7:01 p.m.

NEW BUSINESS
The resignation of Senator Steele was accepted.
Vice President McManamna moved to enact Article XI Section V, Subsection B. The motion passed with Senator Guerrero abstaining.
Docket #9250, Funding request, "Beirut", passed with Senator George opposing. The play will be held at the end of January in Thompson 124. It deals with AIDS on a human level. Senator George stated that Panhellenic believed that ASUPS should not donate money towards something such as this play as it might offend people. Panhellenic did not think that ASUPS' name should be associated with the play, and thus ASUPS should not be condemning or condoning it. Vice President McManamna stated that Senate has allocated money in the past for similar things, such as the money donated to Janai earlier this semester as well as the sponsorship of President Parr's participation in the AIDS walk. The money from the play will go to a good cause, and the students will be getting entertainment as well. A call to vote passed unanimously.

Food and Safety: Eighty-five CDs were stolen from KUPS. Security Services is working on the lighting problem. The condiment bar is being moved to where the ice cream is and the ice cream is being moved next to the soup. There will be more vegetarian soups and teriyaki sauce will be offered every day. Deadbolts will be installed on university-owned houses.
Governance: The committee is still revising the by-laws and working on the definition of the off-campus committee.

ACTION
The minutes of 11/12 were approved as amended.
Docket #9251, Diversity Committee Appointments, passed unanimously.
A motion to appoint Senator Ogin as the Senate Representative for the Student Diversity Committee passed unanimously.

PRESIDENT'S REPORT
Fill out Staff Recognition Awards! They are available in the ASUPS office...take some for your liaisons. If you need suggestions for a Senate Project, talk to either President Goldberg, Chair Darst, Pro Tem Woford, or any senior senator. Submit any additional by-law corrections by Winter Break. Both the article Dr. Parr wrote for the Christian Science Monitor and her official statement on sexual harassment are in the ASUPS office. The Washington Friends of Higher Education (lobby group) wants students to participate on December 5 at 8:30 at Seattle University. If you are interested, talk to President Goldberg.

CHAIR'S REPORT
Cut down on your copying, if possible. A vote to hold an emergency formal Senate meeting on Tuesday at 6:00 passed unanimously.

LIAISON DIRECTOR'S REPORT
There will be something in your boxes tomorrow regarding the liaison reports.

DEAN OF STUDENT'S REPORT
Campus leaders are still needed! If interested, talk to Representative Johnson.

FACULTY'S REPORT
At the last meeting President Parr presented her official statement on sexual harassment. She also voiced concerns about changes in the federal regulations on student aid. Representative Sheffield is concerned about the damaging letter to the editor in today's Trail about sexual harassment. If some of the actions the letter defined as sexual harassment were in reality considered sexual harassment, even Representative Sheffield would be guilty. Perhaps either Senate or the Student Concerns committee could be an avenue for students with sexual harassment concerns. (Vice President McManamna suggested a Senate Project of researching the sexual harassment policy of the university and perhaps coming up with some changes.)

COMMITTEES
Awards: The committee discussed Who's Who nominations. It will not meet again until the Spring.
Finance: The committee recommended allocating $500 to AIESEC for a national conference. It also decided not to recommend $250 for Casino Night for a chili chuckwagon in the Rendezvous.
Food and Safety: Thanksgiving dinner will be served Tuesday. The SUB will be closed from 6:00 pm Wednesday to 6:45 am Monday. Remember to lock your doors!
Governance: The committee finished its By-Law review and is now developing a standard format for the revised by-laws.
Student Concerns: Sign up to staff the Action Action Action table next Wednesday. The committee will be looking into the Trail writing a positive article on the changes in the Health Center. The change machine will be moved from the Rendezvous to the area by the ATM machine.

Union Board: Tell your liaisons that if they want (contained) fires in the Great Hall to fill out a work order at the Info Center. The committee is looking into table stands with six (6) advertising spots for $400. Sigma Nu will be having a car bash on December 9 in front of the SUB. The drinking fountain had bad pipes and will be returning.

NEW BUSINESS
Docket #9251, Diversity Committee Appointments, was given a friendly amendment and passed unanimously.
Vice President McManamna's motion to appoint Senator Ogin as the Senator Representative to the Student Diversity Committee passed unanimously.

ANNOUNCEMENTS
Tonight’s organization of committee reports worked much better. Senators Layton and George are working on a Sober Driver Program for their Senate Project. If you have any suggestions or information on liability, please talk to them. On Sunday the President's Council will incorporate the suggestions for the Mission Statement so get them in within the next two days. Respect the concerns of your liaisons. Senator Herzog behaved inappropriately at one of his liaison meetings and if you want to read the note written regarding the incident, talk to Senator Herzog. The graduation ceremony may be revamped and shortened! Surveys and fliers will be floating around regarding the Senior Class Gift. Think of nominations for the award for primary and secondary teachers. Attendance at informal was not good. If you will not be at informal be sure to communicate.

Docket #9252, Funding Request for AIESEC, passed with two oppositions and one abstention.  
Docket #9253, ASUPS Mission Statement and Guiding Principles for Implementation of the ASUPS Mission, passed unanimously.

PRESIDENT'S REPORT
Please turn in any by-law suggestions you have (by Christmas Break) that specifically deal with the committee you sit on or the Senate itself.

CHAIR'S REPORT
The Chair's report is in your boxes. You were all graded and many of you have not gone in a positive direction towards representing your constituency. Get moving! The highest grade anyone received was an A-/B+, which translates into being a positive role model. If you received a B+/B, then you're on the right track and keep it up! If you received a B, then you are right where you are supposed to be. If you were given a C then you are doing the bare minimum for your position. A grade of a C- or below translates into Chair Darst expecting more from you. If you received such a grade and can't give anymore time and effort to Senate, then perhaps you should consider resigning and allowing someone else to try. If you have questions or comments, talk to Chair Darst.

LIAISON DIRECTOR'S REPORT
The liaison report will be in your boxes tomorrow. Talk to Liaison Director Fisher if you aren't doing your duties.

DEAN OF STUDENT'S REPORT
Thank you Senator George and Chair Darst for volunteering to help out at Orientation. If anyone else is interested, talk to Representative Johnson.

OLD BUSINESS
Senator Guerrero moved to open discussion on the liaison reports. Chair Darst: We need to find issues that are important to the students. Senator Herzog: I was disappointed that there was no reference to sexual harassment in the last report. ASUPS should be reacting to the important issues around campus. Senator Guerrero: Space should be left open on the reports so that individual senators can add what they feel is important. This would be a good way of making sure liaisons duties are getting done. President Goldberg: Time and energy - as well as thought - needs to be put into how to get input from liaisons. Senator Herzog: Incorporate hall programming into the reports. Senator Mill: The current reports are not very informative and all of the information is available in the Tattler. Senator Bahrman: The reports need to include something directly from Senate. Senator Herzog: Put the "Action" section of the minutes in the liaison reports. Senator George: My liaisons don't care and would rather that I didn't do the liaison report because it takes time away from their meeting. Senator Woford's motion to close discussion on the liaison reports passed unanimously. His motion to rearrange the order of the day passed with Senator Guerrero opposing.
NEW BUSINESS
Docket #9252, Funding Request for AIESEC, passed with Senators Guerrero and Herzog opposing and Senator Woford abstaining. The Representative of AIESEC defined the group for the Senate. She also explained the importance of the conference and the process of deciding who will attend. The group’s membership is approximately 15 people. An amendment that began as a friendly one to increase the allocation to $1,000 was actually voted upon and failed with only Senators Guerrero, Bahrman, and Herzog voting favorably. Discussion over the amendment culminated with Senator Iwamoto’s comment that last year four members attended the conference and since then the group has experienced a zero percent increase in membership. The Finance Committee decided to fund only two people in hopes that two other people would pay their own way. The previous question was called and seconded and passed with Senator Guerrero opposing and Senator Woford abstaining.
Docket #9253, ASUPS Mission Statement and Guiding Principles for Implementation of the ASUPS Mission, passed unanimously after the docket received several friendly amendments and the previous question had been called.
A motion to return to the original order of the day passed with Senator Herzog and Vice President McManamna opposing.

OLD BUSINESS
Senator Mill moved to open a gripe session. Senator Guerrero: Last time I rearranged the order of the day as we did today I was penalized. Senator Herzog: Senator Bahrman - go to your liaisons! Chair Darst - you are too stoic! Vice President McManamna: We waste too much time at Formal! Senator George: Everyone laughs, no one listens to what anyone else is saying, everyone interrupts everyone else, and both Informal and Formal meetings are taking too long! Chair Darst: If you have a gripe with the way I’m running the meetings, save it until after. A motion to close the discussion passed with Senator Mill abstaining.

ANNOUNCEMENTS
Check your mailboxes regularly. Office hours have been cancelled but someone will be keeping track of who is coming in to help out and who is not. Go to your liaison and committee meetings and make sure you are representing your constituency. President Goldberg thanks Senate for passing the Mission Statement. He supports the moves Chair Darst is making as long as he remains consistent. If you have an problems, questions, concerns, talk to an executive or to Chair Darst. If you want smoother meetings it is up to you to behave (i.e. stop the continuous giggling!). When someone is speaking don’t interrupt them. Everyone needs to work together.

Title: ASUPS Mission Statement and Guiding Principles for Implementation of the ASUPS Mission
Author: Mike McManamna

Be it resolved that the ASUPS Senate adopt the following as the ASUPS Mission Statement:

ASUPS MISSION

The Associated Students of the University of Puget Sound shall represent the student body by creating and supporting student-run cocurricular programs, services, and activities that enhance student life, develop accountable student leadership, provide experiential learning opportunities, and encourage appreciation and support of all kinds of diversity. ASUPS shall participate in University governance by appointing students to serve on trustee, faculty, alumni, and administrative committees and by representing student interests and communicating student perspectives.

Be it further resolved that the Senate adopt the following as the Guiding Principles for Implementation of the ASUPS Mission:

Guiding Principles for Implementation of the ASUPS Mission

Accountability
ASUPS elected and appointed officials are accountable to the students at large and financially accountable to the University of Puget Sound. Routine reports, financial statements, liaison contacts between elected officers and constituents, informal discussions and electoral forums should provide a complete and accurate picture of the status of ASB finances and the progress achieved in all of its agencies, programs and services. ASUPS should perform essential representative and service-oriented functions within the university community and should be responsive to the needs and desires of all elements of the student body as well as faculty and staff members of the Puget Sound community.

Cocurriculum
The cocurriculum is a program that provides formal and informal learning opportunities outside the classroom that seek to achieve the university's educational mission. The objectives of the cocurriculum should inform ASUPS decisions. In particular, ASUPS programs and service agencies should be guided by an understanding of the cocurriculum and should seek to support its aims and outcomes. Specific collaborative arrangements should be created, as occasions demand, to facilitate such cooperation.

Continuity
ASUPS elected and appointed officials should maintain continuity from one administration to the next, since the vigor and reliability of student government is directly dependent upon its record of leadership and service over the years. Appropriate continuity systems should be implemented by all ASUPS executives, senators, programmers, media heads, committee members and office staff. As a condition of their election or appointment, all ASUPS personnel should provide information and support to their successors during a formal transition period.

Communication
Whether elected or appointed, ASUPS officials should remain in close contact with the campus community. ASUPS should establish and maintain channels of two-way communication to maximize campus awareness of ASUPS activities, to facilitate effective representation of student perspectives to appropriate student, faculty and trustee committees, and to provide opportunities to resolve campus concerns. ASUPS media should serve the needs of the listenership and readership. Programmers should solicit ideas from the campus community and be responsive to its interests. Executives and Senators should develop programs and policies that address student needs and they should provide information that clearly describes ASUPS policies, programs, services and funding procedures.

Diversity
In its appointments, programming, funding and services ASUPS should be responsive to a multicultural campus community. ASUPS should develop and support activities that encourage both appreciation for and respectful understanding of all types of diversity, including student interests, abilities, race, gender, culture, age, religion and sexual orientation. ASUPS leaders should provide a prompt and positive response to inappropriate or intolerant behavior that threatens any member of the campus community.

Finance
In making financial decisions, ASUPS should allocate funds in a manner that is most widely representative of the needs of the student body. ASUPS should consider how these decisiones benefit both the students involved and the University community as a whole. Concern should be given to equity and fairness, responsiveness to changing student needs, potential positive impact of decisions, and to proportion of student interests.

OPEN FORUM
Matt Carlson asked that the topic of sexual harassment be put on the Senate's agenda. There are three areas in which action could be taken: 1) The Student Concerns Committee could look into the university's policies and procedures for sexual harassment and not only evaluate them but also suggest changes. 2) Incoming students, faculty, and staff need to be educated about the university's policies regarding the issue. Sexual harassment awareness could be incorporated into Preludes and Passages. 3) The Senate could look into the mysterious removal of a faculty member. Many students have been harassed by him who were not able to come forward and they need to know that the university and Senate are committed to doing something. Matt Carlson is willing to work with anyone interested in pursuing the issue.

Andrew Pritchard approached the Senate with a request for funding for bringing Alice n Chains to campus. The total needed is $16,950 and there is a possible profit of $12,347. Last year the Senate told him to come back with specific programs and he would receive their support. Advertising would take place on campus, in the Rocket, TNT, Seattle Times, and on KNDD. Tickets would be $7 for students and $16 for the public. A list of the expenses involved will be in everyone's boxes.

A motion to rearrange the order of the day passed unanimously.

NEW BUSINESS
Docket #9254, Committee Appointment, passed unanimously. This is an Hispanic awareness group and is open to everyone. They already have a written constitution and elections for officers will be held in the Spring.
Docket #9254, Committee Appointment, passed with Senator Fisher abstaining.

Senator Iwamoto's motion to allocate $700 to Sound and Lights passed unanimously.

PRESIDENT'S REPORT
The Board of Trustees will be here Tuesday at 12:15 in the Boardroom. They will be going over our Mission Statement. If you are coming to the meeting make sure that you've read through it a couple times and understand what it is saying. Hopefully if we present ourselves well the involvement of the trustees in ASUPS will not continue.

VICE PRESIDENT'S REPORT
If you can think of better ways to run the formal meetings than the parliamentary procedures passed around tonight, talk to Vice President McManamna. Have a good break and good luck with finals!
CHAIR'S REPORT
The goals of the new Senators need to be turned in by the 8th for the Trustee meeting. If the old Senators want to add anything to their self-evaluations it also needs to be in by the 8th. Pay more attention at formal and be responsive. Sorry that the informal meeting was canceled this week...it won't happen again. Good luck on finals.

PRO TEM'S REPORT
Attendance is much better this time. Don't speak out of order and remember that the person who has the floor is the only one who can speak. Your Senate Projects will be included in the stuff the trustees will be presented with. Make sure they are turned in by tomorrow.

LIAISON DIRECTOR'S REPORT
The changes suggested last week were incorporated into this week's report. There will be one more report. If you have any other suggestions, talk to Liaison Director Fisher.

DEAN OF STUDENT'S REPORT
Go to the Trustee Student Life Committee next week and voice your opinion. Tomorrow night baby-sitters are needed from 6:30-7:30. $10 will be paid!

FACULTY'S REPORT
The Faculty Senate meeting is Monday at 4:00 in the Boardroom. A report by the Academic Standards and Curriculum Committee will be made regarding making activity units mandatory pass/fail. If you have concerns about any courses being pass/fail, this would be the appropriate time to voice your concerns.

Minutes of 1/21 were approved as amended.

BUDGET TASK FORCE
The Budget Task Force consists of two students, two faculty, and two staff, plus Ray Bell and Tom Davis. They put together the recommended budget that President Parr will be reviewing shortly. Various groups can respond if they feel that parts of the budget should be changed before the budget goes to the Board of Trustees. The Budget Task Force's job is to represent the university as a whole.

In the early 1970s, the university decided to remain small and to concentrate on doing a few things well. These goals were reaffirmed in the 1980s and the additional goals of improving the reputation of the university and the quality of the students and faculty were added. This translated into increased fundraising, financial aid, and tuition. The above-mentioned are the goals that were kept in mind for this year's budget.

Process statements were sent to faculty, staff, and various campus organizations. Groups with requests presented the same to the Budget Task Force. These requests were weighed against the general student body's concern for keeping tuition as low as possible.

The three big areas of the budget are tuition, financial aid, and faculty/staff compensation. Tuition increased 9.4% while room and board increased 3.4%. This equates to an approximate 8% overall increase. There was approximately a $1,000,000 increase in financial aid. This increase includes a 10% increase in Grants in Aid, and a $250 increase in the Trustee Scholarships. If a work-study student continues with the same job next year, he/she is guaranteed a raise in pay. Jobs off-campus pay better. Congress authorized unsubsidized loans to be available to all students regardless of need next year. This past year, the average financial aid award was $11,600. Apply now for next year's financial aid! There was an approximate increase of 5% for both faculty and staff compensation. One new staff position and two new faculty positions were added. If you have any questions about specific numbers, refer to the sheet the Budget Task Force handed out.

The Budget Task Force did not feel that the requested ASB fee increase of $10 was appropriate until the review of the organization is finished. The request from the Diversity Committee for a house was not granted. If you have any requests, get the information to President Parr by February 9th.

PRESIDENT'S REPORT
If you have any questions regarding the Budget Task Force, call Tom Davis, Ray Bell, or President Parr. Senators Fisher and Worthing will continue to work on a summary of the Budget Task Force. President Goldberg is available for continuity consultation. He spoke with President Parr on tenure issues. (Dean Dodson: Tenure is a department issue to be conducted by peers. Ask your faculty what they think.) The Cellar is now delivering to Greek Row. At 2:00 on Sunday there will be all-you-can-eat pizza at the Cellar. The job description file will be available tomorrow.

VICE PRESIDENT'S REPORT
Jennifer Shepherd resigned as Parent's Weekend chair. Do you know of anyone who's interested?
CHAIR'S REPORT
A draft of the continuity files will be done by Tuesday and it will be finalized by Thursday. The By-Law constitutional changes will be discussed soon. Think about your positions in the same manner as the new senators will be thinking about your positions. Look for candidates for the upcoming elections.

DEAN OF STUDENT'S REPORT
Read the Trail and be skeptical.

COMMITTEES
Diversity: A big diversity weekend is planned.
Elections: The committee met Monday. Sign-ups start tomorrow and there will be an interest meeting Wednesday at 8:00 in SUB 210.
Finance: The committee met Tuesday and looked at a request from KUPS.
Governance: The committee looked at By-Law changes and "he" and "his" will be replaced with "he/she" and "his/hers" and the disclaimer will be removed.

OLD BUSINESS
Think about who you would like to see as the next Chair, Pro Tem, and Liaison Director.
Senator Herzog: Junior senators probably should not be elected as chair.
Senator Guerrero will run again, Senator Mill is unsure if she will.

NEW BUSINESS
Discussion on the size of Senate: Pro Tem Woford presented his proposal and an open discussion ensued. Senator Guerrero: In reference to proposal #3, Chair Darst is worried about people not knowing what to do. Vice President McManamna suggested that the two constituencies be combined. Dean Dodson: The Trustees were opposed to this in the past. They would have to vote on this type of constitutional change. Vice President McManamna: There is no way that this new system could be put in place for the Spring 1993 election. Senator Herzog wanted to push to have this on the ballot, but no motion was made to choose an option. Senator Meyers was told that this should be a student referendum. Vice President McManamna explained that Senate changed from its previous make-up of all At-Large positions because there was Greek domination of the Senate and students brought up the issue. President Goldberg received a revelation regarding higher voter turnout. Senator Herzog: Three weeks before the election we need to approve it. President Goldberg suggested that on Tuesday the Senate decide on an option and on Thursday the Senate votes on the same. Dean Dodson: The Trustees are concerned about the basis for consensus with fewer numbers. The reason for considering the option is because of lack of attendance. Senator King: With less people, isn't it possible that this may translate into less people showing up at Senate than do now? It was decided that the remainder of the conversation would wait until Tuesday.

ANNOUNCEMENTS
Senator Guerrero wants feedback on the job descriptions. Beirut is this weekend at 8:00 for $3. The first cultural event is Saturday at 8:00 in Kilworth for $5. Notice the caption of the ASUPS page in the Trail. February is Black History Month. Events will be on February 2 at 5:30, February 5 at 5:00, and on February 9 there will be a jazz guitarist. On February 3 at noon in Kilworth there will be five black authors talking about beyond the dream. Thanks Senator Meyers and Pro Tem Woford for taking the minutes!

PRESIDENT'S REPORT
This week's Trail is a good issue. Read it and discuss the issues it raises with your liaisons. A lobbyist group, Washington Friends of Higher Education, needs students to testify in front of the Washington State Legislature Wednesday evening. They are looking for students with personal anecdotes regarding financial aid. This group is working to increase the amount of available financial aid. If interested, talk to President Goldberg. The Trustees will be meeting on campus next week. There will be a Trustee Student Life Committee meeting at 8:30 Friday morning. Talk to President Goldberg if you're interested in attending. Thank you everyone who turned in their continuity files. Thanks Senator Iwamoto for the work you did for the Cellar.

VICE PRESIDENT'S REPORT

COMMITTEES

Elections: Greek speeches will be on February 8 and 15. A lot of people are running - sign-ups have been going well.

Finance: Two proposals were looked at. The NACA proposal will be presented to the Senate this week and the Outhaus request will be a docket next week.

Governance: The committee finished going over the By-Law revisions. Chair Darst brought the Senate's discussion of by-law and constitutional changes to the attention of the committee.

Student Diversity: The committee is trying to find a diversity group person who will help with Preludes and Passages. Watch for the upcoming speakers and cultural events!

OLD BUSINESS

Turn in continuity files! Chair Darst will put them together and get them back to you. Senator Herzog will be giving a presentation on financial aid next week.

NEW BUSINESS

Docket #9256, Funding Request KUPS, passed unanimously. KUPS ran into unexpected financial difficulties. Their transmitter went down, a CD player was stolen over break, a call light is wanted so that people are aware of who comes in after 5:00, and visible CD shelving is needed. Vice President McManamna's motion to allocate $1,175 for the NACA conference passed with Senator King opposing. This is a conference in Nashville. It's a good way to get connections for the Program's office.

Vice President McManamna moved that Senate present to the general electorate the constitutional changes (as presented in the distributed document) necessary for the redirection of the Senate's membership from sixteen to twelve. This motion passed with Senator Guerrero and Representative Johnson opposing. Questions arose over why Article VI Section 1b was changed so that the freshman senator was elected at the same time as the other fall senators. This is because only five senators will be elected in the fall so they might as well be elected all at once. It is only a difference of two to three weeks. A. Damon asked the Senate to reconsider the condensation of 1/3 of the student body into a jurisdiction represented by only two senators. These constitutional changes will be on the ballot so talk to your liaisons about them. A copy will be on the back of the liaison reports.

Vice President McManamna's motion to appoint Brian McGuire to the ASUPS elections committee passed with Senators Mill, King, Guerrero, and Pro Tem Woford abstaining.

ANNOUNCEMENTS

Senators Ogin and Carlson are planning an all-campus Mardi Gras. If you want to help, talk to Senator Ogin. The Spring Dance is February 26 - tell your liaison groups. It will be at the Union Station, complete with catering, a bus, dj, and a live band. Talk to Christy for details or if you want to help. Remember your continuity files!

To whom it may concern:

The National Association for Campus Activities (NACA) will be holding its 1993 National Convention in Nashville, TN, Feb. 13 - 17. NACA is dedicated to providing leadership training and programming opportunities to students and staff from colleges and universities. Of the entire program staff, who are qualified to go, Andrew Pritchard has expressed interest in attending.

This convention is an opportunity for learning and interaction that complements the classroom experience. Because this is a national program, students from many states will be sharing resources and exchanging ideas. There are educational sessions addressing such topics as motivation, stress management, communication skills, decision making, ethical leadership, and group processing techniques.

Our past experiences have found the convention to be a valuable educational experience for previous students who have attended. Many of the students return with new perspectives and more definite future goals. Much of what is learned can be applied as life management skills as well as being applied to improving the quality of campus life.

Although attendance at the convention necessitates absence(s) from class(es), the students realize it is their responsibility to complete any assignments during their absence and to make up any exams at professors convenience. I hope you can support our delegates’ attendance at this convention.

Your assistance and cooperation is appreciated. Please contact me if you have any questions about the convention.

Sincerely,  

Semi Solidarious

Memorandum: The Honorary Chairman, Senators and Executive Council

Concerning: Finance Committee recommendation for NACA Conference Request

From: Senator Mill

The Finance Committee is recommending that Senate allocate $1,175 to the Popular Entertainment Chair, Andrew Pritchard, to attend the National Convention for NACA (National Association for Campus Activities).

Finance felt that this conference would be a good experience and give Andrew the opportunity to make important contacts with other schools and entertainers. Since he is a junior he would be able to use the information he gains at this conference to better Programming next year also.

The reason there was not time for a formal docket is that the cost of airfare will more than double if the ticket is not reserved by Friday, February 5.

Turn in continuity files!!

LIAISON DIRECTOR'S REPORT
Liaison Director Fisher is sorry that she cancelled all of her appointments yesterday. She'll be in the ASUPS office all day tomorrow, so stop by and see her.

DEAN OF STUDENT'S REPORT
On February 26th at 7:00 in the Boardroom, there will be festivities to celebrate twenty years of BSU involvement on campus (Free!). The Trustees are on campus tonight and tomorrow. You are welcome to talk to them. They will be in committee meetings all day tomorrow, starting with the Trustee Student Life Committee at 8:30 am in SUB 101. All meetings are open to students.

FACULTY'S REPORT
The next Full Faculty meeting is Tuesday, February 23rd at 4:00 in the Rotunda.

COMMITTEES
Elections: Stephanie Dorsey is a write-in candidate for the off-campus position. The open forum will be Tuesday at 6:00. Last year Residential Life heard complaints about residence hall campaigning, so in replacement of door-to-door campaigning the committee is working to have a better publicized set of residential speeches in addition to the ones already scheduled.
Finance: Two requests will be dockets next week: a funding request for a MCF conference, and a proposal for compilation tapes.
Governance: The committee's by-law review is finished and committees will soon be seeing the results. Have your committees look them over and make the necessary changes and return them ASAP. Governance will be talking about the structure of Senate and will make a proposal regarding the same.
Student Concerns: Soap dispensers in the dorms were discussed. Senator Mill, Joe Little, Brenda Freeman, and Senator Freed talked to the Washington State Legislature about HB 1603, which would double the amount of available financial aid for Washington State students. Support for this bill is needed from the private schools. It will be pushed in the Trail, as well as through petitions and letters.
Media Board: The applications for media heads are due March 12. Publicity about the positions will begin very soon. Currently there are two media consultants and they will be here for the rest of this semester. It will not be known until this summer what the situation will be for next year's media advisors.
Union Board: A fraternity wanted to have a dance in the Great Hall complete with a beer garden in the loft. This probably will not happen. The video game contracts were renewed. The PA system in the Rotunda was blown up. Union Board is considering asking all of the groups who use it (i.e. ASUPS, the administration) to contribute towards its replacement rather than taking all of the money out of Union Board's budget. The SUB sign and map will cost about $1,200.

OLD BUSINESS
The estimate for the volleyball court is about $600 ($75 for posts, $100 for gravel, $100 for nets, $30 for a roping system, $70 for balls, $100 for winches, and $20 for miscellaneous expenses. Hopefully the sand will be free). It will be put in the area beside the IM field behind the gym. A work party, complete with pizza, will build the court.

NEW BUSINESS
Docket #9201, Outhaus Conference Request, passed unanimously. A representative of the Outhaus gave a description of AEE.
Docket #9202, Appointment of Parent's Weekend Chair, passed unanimously.
Senator Herzog presented his talk on financial aid that he will be giving to A/L on Sunday at 9:00. He explained endowments, and addressed the question of where the money for financial aid comes from. UPS currently uses 19.5% of tuition to supply financial aid. If UPS cut the portion of the tuition paying for financial aid, they would lose the diversity of their students. Conversely, UPS does not want the amount of tuition going towards financial aid to be any higher than 20%.

ANNOUNCEMENTS
If you have questions about HB 1603, talk to Senator Mill. The Mardi Gras festivities will be held either the first week in March of the second week in April, complete with campus bands. Publicity will begin soon.

The meeting adjourned at 6:39 p.m.

NEW BUSINESS
Docket #9303, Funding Request for MCF, passed with Senator Herzog abstaining. The representative gave a short biography of the group and stated that the conference would consist of fellowship, fun, and relevant discussion.
Docket #9304, Funding Request for CMN, received a friendly amendment and passed with Senator Ogin opposing. Six bands are interested in participating. The tapes will be available this semester.
ANNOUNCEMENTS

Hang the "apathetic" signs at your liaison living groups. Please don't make very many copies of them. SFW will play in the Cellar in two weeks. Senator Herzog thought it was pathetic that Senators didn't ask questions at the open forum. Next year's Senators need to challenge the people coming into their positions. There will be a meeting next week regarding the volleyball courts. If you have any input, talk to Senator Iwamoto. Outgoing Senators are official until inauguration so make sure you continue to participate for the next two weeks. Thank you Senator King for the open forum...great job! Senator Meyers is compiling a list of senatorial terms for the incoming senators. If you have any input, talk to Senator Meyers. Senator Ogin needs help setting up for Mardi Gras. Support Senators Guerrero and Mill in their campaign endeavors.

The meeting adjourned at 6:44 p.m.

Be it resolved that ASUPS allocate $240.00 to MCF (Messenger Campus Fellowship) to help fund the registration fees for members to attend Allelous, their February Conference.
February 8, 1993

Dear ASUPS:

The organization of Messenger Campus Fellowship requests the amount of $480 for the February Conference—Allelous. This conference will be a time of fellowship, worship and sharing with fellow U.P.S. students, and those of P.L.U. and Pierce Community College. The students attending the retreat will experience encouragement and the opportunity to recharge.

Each person will be given the opportunity to grow spiritually and mentally, and thus transfer their renewed enthusiasm for life to the campus. The students from each of the colleges will share ideas on humanitarian efforts for the community and the campuses. By bettering ourselves as individuals, we will begin to better the campus.

The following list includes the names and years of the students who plan to attend from U.P.S.:

- Leslie Austin (Senior)
- Michelle Iverson (Senior)
- Kim Conners (Junior)
- Jeff Trimble (Sophomore)
- Alison George (Senior)
- Julie Gilman (Senior)
- Kim Stiggers (Senior)
- Damean Chua (Freshman)
- Joy Pacheco (Sophomore)
- Angela Blackburn (Freshman)

The total cost will include two major expenditures. The transportation expense entails gas, mileage, etc. for those driving to Camp Berachah. The registration fee is an expenditure which includes lodging, use of the facilities, etc. for the three day stay.

Thank you for your time and consideration.

Sincerely,

Julie M. Gilman
MCF Treasurer

February 9, 1993

I asked Senate to fund the Campus Music Network compilation tape last September. The proposal was turned down largely due to senators voicing potential problems such as lack of student interest in the program. At that time the program was brand new and had not yet sponsored any events. It was suggested that I run the program for a semester, see how it goes, and return. Campus Music Network has grown, proven to be successful, and I’m back.

Last semester Campus Music Network sponsored and co-sponsored six events: The four Cellar Concert Series performances, Rock the Green Vote, and the RHA Halloween dance. All of these events were very well received and highly successful in every aspect—especially student interest and attendance.

Plans for the coming semester include another series similar to last semester’s. In addition I would like to sponsor a concert in which all campus bands play (similar to last year’s KUPS Music Buffet in the rotunda). If approved, I plan to introduce the compilation tape at the “all band” concert.

THE TAPE

The basic plan for the tape is fairly simple: 5 bands, 2 original songs each. At the present time I am only aware of 4 campus bands. There are 2 more that I know are in the process of forming. If the need arises, I would be very willing to change the format to 10 bands, 1 song each. The only criteria for participation would be that the campus band is exactly that: A campus band. I would prefer to limit participation to bands and refrain from including solo artists. Why? Campus Music Network is geared toward promoting and sponsoring bands: Groups that play regularly and have become somewhat visible on campus. Other than that, it’s wide open—and it is certainly not limited to the four bands who performed last semester, nor are those bands in any better standing than any new bands who might arise in the near future.

THE BANDS

If there are more than 5 bands interested (hopefully there will be) I will select a panel of judges, most likely ASUPS Programmers, and auditions will be held. There will be absolutely no rules regarding musical style. It would be great to put out a tape with 5 very different sounding bands.
TIMELINE

Publicity will begin immediately. I will run ads in the Tattler, Trail, and post flyers with all of the necessary information. Band selection must be done soon, preferably before spring break. This will give the participating bands ample time to get their songs together and make sure that they are ready to record. Believe it or not, 5 hours for a band to record 2 songs is not a lot of time. The recording will be done over a 3 day period in early April. It will then take about a week for copies to be made. When the tapes are done there will be a "UPS Band Compilation Tape Release Concert" in the Rotunda or Great Hall as a promotion.

SELLING THE TAPE

I have lowered my proposal to 100 copies. If we need more it only takes a week and they can be paid for with the money generated from the first 100. Then we can make the money back again, and so on. Cover art will be be decided by the bands and Campus Music Network.

To be honest, I don't really care how much the tapes sell for. It would be great to give them away to students but I doubt you'll go for that. So I suggest a measly $3-- We'll break even on the duplication costs. I am very flexible on tape price, however. If Senate thinks we should charge more or less, so be it. Tapes will be sold at the Bookstore, the Info Center, and possibly at a booth in the SUB.

At your request, I have presented the most detailed proposal I could come up with. I'm sure there are some details that still need to be cleared up. I will come to Senate next Thursday to answer any questions and clear up any uncertainties.

Sincerely,

Nabil Ayers

ACTION
Minutes of 2/18 were approved as amended.
Docket #9305, Showcase Funding Request, passed unanimously.
A motion to reallocate $700 from the Senate Projects Fund to the Contingency Fund failed with eleven oppositions and one abstention.

OPEN FORUM
A. Damon announced that there is a lecture tonight at 8:00 in Kilworth. The next Showcase is Wednesday at 5:00 in the Great Hall.

PRESIDENT’S REPORT
Don’t forget to bring a writing utensil, paper, a smile, and a snack to the information dispersal meeting on Sunday from 2:00 - 6:00.

VICE PRESIDENT’S REPORT
The inauguration will be Monday, March 8 at 6:30 in the Rotunda. Be there! The Financial Code changes went through Governance last night. They will be discussed during Informal and presented to Senate as a docket next week. Positions are open for the media heads, DBS, and DPR. Next week will be the last week for the outgoing senators. The following week will be the nomination of Senate officers, and the first week after Spring Break will be the election of Senate officers.

CHAIR’S REPORT
Welcome new Senators! By-laws are done and you will be seeing them next week. If you are an outgoing senator, you need to come next week and also to communicate with your replacement senator. New senators need to fill out their class schedules and phone numbers for Faye.

DEAN OF STUDENT’S REPORT
Tomorrow night at 7:00 in the Boardroom there will be festivities celebrating BSU involvement on campus (Free!). Stop by before the Spring Formal.

FACULTY’S REPORT
The Full Faculty meeting was Tuesday. President Pierce told the faculty that the Professional Standards Committee will be improving the teacher evaluation forms. She also stated that the university has received 200 more undergraduate applicants than they had at this time last year, and the overall retention of students is up. President Pierce wants to become extremely selective of the faculty being hired. The national financial aid is dropping approximately 20%. The number one fundraising priority is the new Humanity building. There has been a one year faculty position donated for the academic challenge program designed to recruit minority students. The faculty discussed the funds for library books. An interesting senate project could be looking into the differences in library allocations to different departments and why the necessary library books can’t be found. Another good senate project would be to create a set of guidelines that tell the freshman what their role is in teacher evaluations, how important they are, and why to do them. If interested, you need to contact selective faculty and ask for information and also talk to President Goldberg. The beginning faculty earns $35,000 and the most senior earns $65,000.
COMMITTEES
Finance: You will see a docket next week for the Fencing Club request.
Governance: You will see the finished By-laws next week. The committee talked about the Financial Code changes and also discussed making the class senators sit on the Student Alumni Committee. They decided that the next Senate Chair will have to decide, with the help of the President's Council and Senate.
Union Board: The committee gave a young girl money for one of her art pieces to hang in the SUB. They're working on numbers for the PA system. The committee approved $1200 for a campus map and a sign for the SUB. They should be here next fall.

NEW BUSINESS
Senator Guerrero moved to reallocate $700 from Senate Projects to the Contingency Fund. This could then be used to fund the $1200 originally requested for Docket #9305. He read the ASUPS Diversity Mission Statement in support of this motion. Vice President McManamna stated that this would set a precedent, and not necessarily a desirable one. The Finance Committee had already looked at the docket and had used the normal criteria for deciding to suggest the allocation of $500. Senator Mill said that Showcase started with $7,250 and the Finance Committee thought that it was being generous in allocating $500. President Goldberg asked why the money was being taken from the Senate instead of using the Diversity Innovation Fund. Senator Mill reminded the Senate that people are doing things that cost money, such as the volleyball courts, for their senate projects. Senator Herzog pointed out that senate projects started out with $2200 and the senators are "obviously not using it. This allocation would be worthwhile" because otherwise the money won't be spent. The question was called, and the motion to reallocate failed with Senator Herzog abstaining, and Senators Bahrman, Fisher, George, King, Layton, Meyers, Mill, Ogin, Pro Tem Woford, Vice President McManamna, and Representative Sheffield opposing.
Docket #9305, Showcase Funding Request, was voted on but Pro Tem Woford moved to reconsider the vote after some confusion arose over what the vote had meant. The vote to reconsider passed with Senator Bahrman opposing and Senator Ogin abstaining. Docket #9305 passed unanimously. The discussion consisted of Senator Herzog asking if Senate would considering taking money out of the Diversity Innovation Fund for the additional $700. The consensus was that such a request should go through the proper channels.
ANNOUNCEMENTS
Senators Guerrero and Carlson will attend the next Faculty Senate meeting with a list of things that they want the faculty to address (i.e. sexual harassment). If you have input, talk to Senator Guerrero. The Spring Formal is Friday from 8-12. Hen is playing tonight at 10:00 in the Cellar. There are six spots left for the Tours and Travels trip to Whistler over Spring Break. Sign up at the Information Booth. Parliamentary procedures will be gone over on Sunday. Senator Guerrero formally apologized for the mess tonight.

The meeting adjourned at 6:55 p.m.

PRESIDENT'S REPORT
This is it! Thank you to all who have worked with the students and I. It’s been an interesting experience and I’ve enjoyed it. Thanks for frustrating Mike and I this past year! PRESIDENT'S REPORT
You have two weeks to read the By-laws. Governance made grammatical and organizational corrections only. If you have a bigger problem with the By-laws, talk to Governance. Make sure you review them before voting!

VICE PRESIDENT'S REPORT
Communication between Senate and the executives is essential. If you are having problems with the executives, please let them know. They want to fix the negative aspects of the relationship and the only way that this can be done is if you communicate the problem to them. Their doors are always open to you.

OPEN FORUM
Dave Anderson from the Washington Friends of Higher Education addressed the Senate. He urged Senators to talk to their constituencies about House Bill 1603, Washington College Promise Initiative, and to get involved. This bill would open financial aid opportunities for Washington students. On April 9th there will be a student rally day in Olympia. Governor Lowry and the chairs of various committees will speak. Encourage your liaisons to get involved either in the rally, the letter writing campaign or the telephone campaign. The Legislative Hotline is 1-800-562-6000.

DEAN OF STUDENT'S REPORT
Representative Johnson will not be at the Senate meeting during the week following Spring Break. Have a great Break!

COMMITTEES
Finance: The committee looked at two dockets requesting funding: one from AIESEC and one from CHISPA. The CHISPA request will come before the Senate tonight.
NEW BUSINESS
Docket #9308, Funding Request for APAC Conference, passed unanimously. Three APAC members will be attending the four-day conference in San Francisco. This conference is important for establishing contacts.
Docket #9309, Philosophy Illustrated Request, passed unanimously. The issues will be distributed in the SUB and the library. It was started last year by the Philosophy Theme House as a forum for expressing ideas that were not conducive to other forums open to student expression. Anyone can submit and advertisement requesting submissions will take place through the Tattler and KUPS.
Docket #9310, Funding Request for APAC expenses, passed with Senator Heaton abstaining. Docket #9311, Standing Committee Appointments, passed unanimously. Senator Guerrero proposed that in the future committees should be consulted and asked what they are looking for in a Senate liaison.
Docket #9312, Program/Media Buddy Appointments, passed unanimously.
Docket #9313, Liaison Appointments, was given a couple of friendly amendments. It passed with Senator Guerrero opposing.
Senator Mills’ motion to allocate $175 to CHISPA passed unanimously. The money will allow five members of CHISPA to attend a conference where they will meet members of the Pierce County Latino community and make good contacts for internships and scholarships.
Senator Guerrero’s motion to form an ad-hoc committee on student issues failed with Senators Aweida, Bahrman, Carlson, Davis, Fisher, Grindley, Heaton, Iwamoto, King, Meyers, Mill, Snyder, and Woford opposing. Senator Guerrero wanted the sub-committee formed to deal with the issues that came up during the campaign. He was concerned that only two senators sit on Student Concerns and wanted an ad-hoc committee formed where all of Senate could bring concerns to and work together. Senator Mill pointed out that Student Concerns is already an ad-hoc committee of Senate. Senate can require Student Concerns to work with senators, come to Senate, etc. They are Senate’s already-established link to student concerns. Senator Meyers pointed out that the By-laws (Article IV Section 8), allow Senate to establish a sub-committee of Student Concerns to deal with specific issues.
Senator Mill moved to open nominations for senate offices. Senators Guerrero, Mill, and King accepted nominations for the position of senate chair. Senators Meyers and Bahrman accepted nominations for the position of senate pro tempore while Senator Carlson respectfully declined. Senator Guerrero accepted a nomination for the position of liaison director while Senator Iwamoto respectfully declined.

ANNOUNCEMENTS
Vice President Edwards: Thank you for being so patient with me. Check your boxes on Mondays for docket. All corrections to the By-laws need to be in Senator Mill’s box by Monday. Senator Fisher will continue as Liaison Director during the interim period.

The meeting adjourned at 6:50 p.m.

APPLICATION FOR KASA CONFERENCE
March 25-28, 1993
by: Asian Awareness Association

We would like to send three people down to the KASA (Korean American Students Association) conference this month and requesting that ASUPS support us financially with this request. Information giving further description of the conference is within the enclosed pages of "registration information." The importance of the conference is two fold: One, it is the biggest annual ethnic student conference in North America and two, we believe the prominent speaker Jesse Jackson to be attending to speak at the conference.

We planned to ask for four students to be sent, but we thought it would be more reasonable to send three as we did last year to Arizona. For two of the students, we would like to obtain air fair, for one student will provide his own transportation down to San Francisco. However, all three registration fees would like to be covered. The amount is broken down as follows:

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>3 registration fees (2 are late = $190, 1 on time = $75)</td>
<td>$265.00</td>
</tr>
<tr>
<td>2 air fares to San Francisco (2 @ $180-333*, estimate)</td>
<td>$360-670</td>
</tr>
</tbody>
</table>

*Morris Air will allow for the lower rate, but departure from the conference must be on a day cutting certain activities off or students must stay longer than necessary. However, the lowest realistic air fare is offered at $333 by United Air Lines.

Please call Byung Na @ 848-4672 for information on when to meet finance committee, Senators, etc. Thank you very much.
The Korean American Students Conference (KASCON) is the largest annual ethnic student conference in North America. KASCON was established in 1986 with the aspiration of gathering a few students to discuss and exchange ideas. One year later, the first conference was held at Princeton University bringing together more than 500 students from 40 colleges and universities. KASCON I - 1987 Princeton revealed the desire and the need for a national conference in which students could explore their potential as Korean Americans in the socio-economic, political and social aspects of society. KASCON has achieved remarkable growth and popularity with each conference. Since its inception in 1986, more than 5400 students representing more than 175 colleges and universities have attended KASCON. It is the oldest and the only national conference run by and held for Korean American Students throughout the United States and Canada. It offers students and community members an opportunity to join prominent members of the community, country and the world to discuss issues pertinent to the Korean American community, in an educational, interactive seminar format. Its goal is to educate and empower Korean American students toward participating as active, civic-minded citizens of the United States of America and in the larger international community in whatever careers they so choose.

Purpose

The Korean American Students Conference provides a means for college students, graduates and young professionals to voice and address current socio-economic, political, and cultural issues. Korean Americans and their perspectives are becoming ever the more critical players in a highly volatile, socially, economically, and politically dynamic world. In this constantly evolving arena, where the answers and strategies to problems never seem to stay the same, our mission statement is to further insight and foresight through education, awareness, and perspective so as to enable these pivotal players to forecast and prepare for what is to come, and become leaders in the endeavor.

Objectives

- Promote discussion and understanding among all Americans of Korean American and Asian American issues
- Establish a national network of Korean American contacts and information
- Promote Asian American studies and Asian American arts
- Promote intercultural exchange and understanding
- Serve as the voice of young Korean Americans
- Join others in countering all forms of discrimination
- Promote political awareness and action among Korean Americans

KASCON VII will come to the West Coast for the first time and KASCON will truly have achieved status as the national Korean American Students Conference. The theme for KASCON VII is a “Stepping Stone for Action: Establishing a Korean American Agenda.” The Korean American Students Conference endeavors to challenge young Korean Americans, as well as others to develop skills which will provide a basis for strong leadership. In addition, KASCON wishes to provide a voice and a vehicle for the concerns of young Korean Americans. We must realize that in order for us to enact positive social change, it is essential that young Korean Americans take an active role in the community. KASCON VII - 1993 San Francisco will be a powerful platform through which we as the future leaders can take steps to promote positive action for the benefit of the community.

KASCON VII - 1993 San Francisco”s organizers are committed to maintaining KASCON’ s tradition of excellence and achievement. Our goal is to educate and empower Korean American students toward participating as active, civic-minded citizens of the United States of America and in the larger international community in whatever careers they so choose. We ask for your support and involvement and for YOU to join in our enthusiasm in developing our Korean American identity.

Proposal for Philosophy Illustrated

During the '91-'92 year, the Philosophy Theme House created one magazine each semester. These were distributed in the SUB as one of the theme house projects. Unfortunately, the Philosophy House has since been dissolved, but as a former member, I hope to continue the Philosophy Magazine.

The magazine, Philosophy Illustrated, was a twenty-page periodical that consisted of everything from essays and short stories to drawings. The goal of Philosophy Illustrated was to establish a forum for writings that demonstrate a diverse way of looking at common issues. Rather than limiting the writings to essays about philosophers and their ideas, this magazine strove to persuade writers to express their views in untraditional formats that would be perhaps easier to relate to and be more engaging to the reader. In this respect, I feel that renewing Philosophy Illustrated would be a beneficial addition to the diversity that the University of Puget Sound has to offer. It encourages students to put their thoughts into words and allows other students to be exposed to those ideas.

Because there is no longer a Philosophy House, there is no current means to fund the magazine. Therefore, I submit this proposal in an effort to receive the funding necessary to cover printing costs.

After contacting several different printers in the area, the most reasonable rate was found at Quick Print. For 200 copies, each consisting of 30 pages, the total cost would be $240 plus tax.

My hope is to arrange an add in the Tattler to offer every student the opportunity to submit works to the magazine. Then, this material would be incorporated into the Magazine and distributed near the end of the semester.

I thank you for your careful consideration of my proposal.

Sincerely

John Duncan

If you have any questions or if you would like a sample of a previous magazine, I can be contacted at 565-8731, or by mail-2602 Westridge Ave. W., #F301, Tacoma, WA 98466.

ACTION
Docket #9315, Funding Request for AIESEC passed with one opposition and one abstention.
Senator Guerrero was elected to the position of Senate Chair.
Senator Meyers was elected to the position of Senate Pro Tempore.
Senator Heaton was elected to the position of Liaison Director.

PRESIDENT'S REPORT
The retreat is this weekend. Let President Werts know your means of transportation.

DEAN OF STUDENT'S REPORT
Dean Dodson would prefer that the Dean of Student's office was not given a chance to make a report to the Senate and was instead treated as "just another senator". Dean Dodson commented on the Trail and reminded senators not to believe everything they read. Denise Sandler, an expert on the issue of college sexual harassment, will be speaking on campus April 21 - 22.

FACULTY'S REPORT
The next full faculty meeting is Tuesday, March 30 at 4:00 in McIntyre 103. They will discuss teacher evaluation forms. Senate should consider taking a responsibility in educating the freshmen on the importance of the evaluations. (Senator King: The professors discussed the evaluation forms and concluded that they did not like the numbers. They appear to be scared of the students and believe that the form gives too much power to the students. The forms will be revised and Senator King will find out how students can become involved in the revision.) If you have a problem with the computers on campus, call Tom Aldrich (x3479). At the last Faculty Senate meeting, Hans Ostrom suggested that a questionnaire be sent to the professors asking about the morale of both tenured and untenured faculty, the evaluation situation, sexual harassment, and orientation.

COMMITTEES
Governance: The by-laws are coming! Governance will start working on the constitution within the next couple of weeks. Currently the committee is working on developing both a hierarchy and a penal system within Senate.
Media Board: On Wednesday at 7:00 in SUB 214, Media Board will be interviewing possible media heads. The Tamanawas position was reopened and people can apply through Wednesday.

OLD BUSINESS
Senator Iwamoto reported that he checked out the site originally proposed for the volleyball courts and decided that the denial of land was ridiculous as the area is separated from the neighbors by distance, a fence, and a shrub. Take the petition regarding the volleyball courts to your liaisons and sign up to man the petition booth in the SUB next week.
NEW BUSINESS
Docket #9315, Funding Request for AIESEC, passed with Senator Heaton opposing and Senator Woford abstaining. Senator Mill reminded the Senate that AIESEC had already received $700 from Senate this year for a conference and Senator Heaton followed up the statement by asking the representative about future funding requests. The representative said that this is a necessary conference which will give vital training to the attending students who will use the information to increase the strength of the program. Senator Iwamoto stated that Finance approved the funding because they saw improvement in the club both in the areas of membership and agenda. The committee decided that now was the best time to invest the money in AIESEC because this particular conference is nearby and thus cheaper than other conferences.

ANNOUNCEMENTS
Casino Night is this Saturday! Dealers are still needed. If you are interested, call Susan (x4334). Remember that senators do not get in free. KUPS is having a CD contest. Representative Jacobson presented House Bill 1603 to a senate committee. Senator Woford was there to give his support to the bill. The Senate will be voting within the next ten days...stay tuned. Remember to put a copy of the docket in the senate secretary's box.

FROM: AIESEC
SUBJECT: CONFERENCE FUNDING

The spring 1993 Regional Conference for AIESEC-Western Region is
to be held from March 26 through the 28th in Eugene, Oregon. The location
of this conference makes it more accessible than the usual locations in
California or Colorado. AIESECC-U.S. requires at least three members to
attend each Regional Conference, however we have ten committed
students. They are as follows:

Derek Kolterman-Junior
Jaimi Cyrus-Sophomore
Talia Welsh-Sophomore
Mike Rucier- Freshman
Brooke Rowheder-Sophomore
Cherie Lorda-Junior
Joanne Jennings-Senior
Sabrina Moss-Sophomore
Spencer Lee- Freshman
Cami Dillard-Junior

The delegate fees cover the registration and lodging for the duration of
the conference. During the past two semesters the members of
AIESECTACOMA have invested more than $5000.00 of their own money to
attend the national and Regional conferences.

The conference will allow our delegates the chance to learn from
professional and experience trainers developed through the AIESEC system
covering issues from marketing and fundraising to professional
development and motivation.

We have a new membership total 27 that have consigned themselves to
ensure that AIESEC-TACOMA has a continued presence on this campus. We
do have more than 10 members who are interested in attending the
conference but have not given a firm decision as of yet. If any of these
members do decide to attend, the money received will be allocated evenly.

By its international, national, and local charters, AIESEC is a non
discriminating organization contributing to the development of the world
and its people with an overriding commitment to international cooperation
and understanding.

Docket #9320, Appointments to ASUPS Committee, passed unanimously.

OPEN FORUM
Dean Dodson shared his concern regarding the Trail's accuracy. He also spoke about the program held at A/L dealing with the racist slurs that have been painted on the walls. He suggested that ASUPS make a statement by adapting a Diversity Bill of Rights that could be circulated around campus and incorporated into the orientation program. It would be something that ASUPS and RHA could work on together. Kirby Leufroy stated that the situation has been going on since December and he wants to see a statement or response from the Senate. Chair Guerrero reminded the Senate that they have the resources to do much more than just make a statement. Sara Watson suggested that along with the Senate acting as a body to combat the problem, individuals on Senate should take an active role in expressing their distaste for racism.

PRESIDENT'S REPORT
Go to the Sex, Lies, and Tenure rally and forum tomorrow and find out what the student concerns are. The budget was finished last night! Parents' Weekend is this weekend. President Council was discussed by the Governance committee and the discussion will be brought up at informal senate.

VICE PRESIDENT'S REPORT
The budget balances and you will be seeing it soon. Vice President Edwards filled all of his committees this week. The Campus Music Network concert will be outside the SUB tomorrow.

CHAIR'S REPORT
Go to the forum tomorrow. Take an active role within your committees. A couple of ideas for combating the racist propaganda: draft signs to be put up, write a letter to the Trail, talk to people, present what happened to your liaisons.

LIAISON DIRECTOR'S REPORT
Liaison Director Heaton apologized for the tardiness of the previous week's report. This week's will be ready Saturday morning. Your liaison groups will be contacted this week to see how you are doing with your duties.

Sponsored by: The University of Oklahoma

Purpose:

As an officer candidate and active member of the Black Student Union I submit the following application for funding due to limited economic sources. I feel this conference will enhance understanding of race and ethnicity at the University of Puget Sound. Attending this conference will provide me with additional educational resources that can be used to educate our institution to create a just cohesion and a multiracial climate. As I have mentioned, this conference is nationally recognized. The forum will be having keynote speakers such as Anita Hill and John Jun. The conference promotes positive communication and cross-cultural learning in culturally diverse higher education settings.

Expenses:

- Round Trip Air Fare: $513.00
- Registration: $295.00
- Hotel 5 Days: $542.25

Total Expenses: $1350.25

It has been the tradition that ASUPS officers and a representative from the Black Student Union attend a multicultural conference over the past summers. Last year the ASUPS President, the Black Student Union President, and two other members of the Black Student Union went to this conference. I want to continue the tradition of representing the University of Puget Sound, as has happened in the past. Due to the educational experience available to the campus community, and the fact that I am one of the most active members in the Black Student Union, it is in my sincere hopes that assistance in funding for this conference can be available. As a representative for the University of Puget Sound, I look forward to participating, learning, and sharing to increase understanding of race and ethnicity on our campus.
