A motion to appoint Senator Aweida to the Food and Safety committee passed unanimously.

ANNOUNCEMENTS
Go to SPANK tomorrow night at 7:00. Admission is two dollars or two cans of food.

PRESIDENT'S REPORT
There will be a National Coalition Building Institute (NCBI) conference designed to create campus leaders out of students, faculty, and staff in the battle against prejudice. If you attend, you will be expected to present a workshop to the campus community. Fill out an application by September 15th if you are interested. Dean Kay will be at Informal Senate on Tuesday, September 14th. We will meet either in the SUB boardroom or in SUB 202. President Werts met with Dean Davis and discussed student involvement in the creation of new faculty evaluations. If you are interested in helping, talk to President Werts.

VICE PRESIDENT'S REPORT
The Elections committee met and refined the display guidelines. Nominations for the positions of one freshman, one residential hall, two at-large, and one Greek senator will begin on Monday and will end on Friday, September 17th. Each candidate must interview one senator. There will be either an elections packet available for the senators in the ASUPS office or in your boxes. The budget committee met and discussed capital finance and are now done taking budget requests. The finance committee also met.

CHAIR'S REPORT
Due to the changes in ASUPS scheduling, some of the senators will be leaving their offices in about a month. If you are one of them, remember that before leaving, you need to make sure your committee is running smoothly, complete your Senate project, keep in touch with your liaison groups, and meet with your Media/Programming Buddies. The dinner with President Pierce went well. Chair Guerrero will try to schedule a Senate dinner with the major Deans of the University.

LIAISON DIRECTOR'S REPORT
If you are unhappy with your liaison groups or having trouble contacting them, talk to Liaison Director Heaton. He's here for you!

DEAN OF STUDENT'S REPORT
Representative Johnson is looking forward to working with the Senate, Union Board, and Off Campus students this year.
FACULTY'S REPORT
The first Faculty Senate meeting will be Monday, September 13th in the Boardroom at 4:00. They will be discussing the faculty questionnaire. There was a general informal faculty meeting with President Pierce which resulted in the following: the faculty is not happy that the administration promotes the idea that at UPS students will be taken care of (i.e. high grades, easy courses), the faculty is overworked, the business school has been reorganized, and the average GPA was 3.17. President Pierce told the faculty to bring the GPA down.

COMMITTEES
Finance: The committee looked at the Outhaus conference request. Tell your liaisons about it, and bring back any questions or concerns. Senators Iwamoto and Meyers are hoping to create a form for people who attend conferences to fill out. The resulting information would be put on the ASUPS page in the Trail.
Student Concerns: They will meet tonight at 9:00 in the multi-cultural room.
Union Board: The committee set their agenda for the year. They have $5,000 in a building fund so ask your liaisons what improvements they would like to see done to the SUB.

OLD BUSINESS
Vice President Edwards opened a discussion on the Tamanawas. The representatives, Susan Lamb and Rachel Bergner, asked that their budget be released, stating that the book has made drastic improvements from the previous years. In order to illustrate their point, they passed around copies of past yearbooks and pages from this year's. They also showed the pages that they created for a conference this summer for which they won first prize. In addition, this year the writers and the photo editors are working closer together for a better connection between text and pictures. Last year's Tamanawas will be available October 6th. In addition, they are willing to work towards a spring distribution within the next two years. Senator Bahrman's motion to allocate a minimum of $1,000 to Tamanawas from where it now sits for operating costs until October 6th received a friendly amendment so that the entire budget was released. This amendment came about after much banter over the effect of a frozen budget on people's willingness to work, the possibility of a senior-only distribution, and arguments over the feasibility of a reduction of the budget. Vice President Edwards stated that cost concerns can't be solved this year and still allow the staff to produce an okay yearbook. The motion to release the entire budget passed with Senators Heaton and Mill opposing and Senator Meyers abstaining.

NEW BUSINESS
Senator Heaton's motion to appoint Senator Aweida to the Food and Safety committee passed unanimously.

The meeting adjourned at 7:17 p.m.

Brenda Longfellow, Senate Secretary

Docket #9326, Capital Expenditures, received a friendly amendment and passed unanimously.

A motion to appoint Senator Guerrero to the Student Diversity Committee passed with three oppositions and two abstention.s

ANNOUNCEMENTS
The AIDS walk is this Saturday. Details to come regarding when to meet in the ASUPS office.

FACULTY’S REPORT
The Faculty Senate met and here are the results of the faculty questionnaire: many faculty believe that there is no time or emphasis placed on the development of the intellectual maturity of students (i.e. becoming more accountable, more interested in the subjects, stop asking what the minimum requirements are to get an "A" on an exam), there needs to be a teaching resource center, the academic computing emphasis should be placed on teaching and learning, and the campus needs more diversity.

VICE PRESIDENT’S REPORT
Every race in this election is contested. Five freshmen are running for Freshman Senator! There is a limited amount of space in the club and organization room and so a list is being compiled of the current clubs and their presidents and somehow everyone will be coming to a consensus on how to facilitate the room for anyone who wants to use it.

CHAIR’S REPORT
Make sure that a copy of all dockets is put in the Senate Secretary’s box. Serni Solidarios wrote a letter regarding senate stipends which Chair Guerrero will read if Senate chooses to have a discussion about the stipends. There is not much time left so get/stay involved and be an example for the incoming senators.

COMMITTEES
Finance: Please give feedback on the sample Conference Evaluation Form that will be put in your boxes. Kirby will be asked to give a report about his summer conference.
Food and Safety: There has been a steady amount of security problems. Cheese on pretzels is back in effect. Rather than adding a crosswalk to 14th and Union, more no parking signs have been added to reduce the lack of visibility and the pedestrian crossing sign has been moved closer to the crossing. The crosswalk in front of the fieldhouse has been repainted.
Student Concerns: Each member has been assigned a task and the committee will be giving Senate a report regarding the same next week.
Student Alumni: The committee wants more interaction with Senate this year.
Union Board: If you have any ideas on how the Building Fund should be spent, talk to Vice President Edwards or Kristi Maplethorpe.
Docket #9324, Funding Request Outhaus Conference, passed unanimously. The conference will bring the Outhaus representatives up-to-date on emergency information and legal issues.
Docket #9325, Budget Re-Allocation, passed unanimously.
Docket #9326, Capital Expenditures, received a friendly amendment that removed the Cellar allocation. The docket passed unanimously.
Docket #9327, Governance Purge, passed unanimously. President Werts explained that last semester Governance committee meetings were volatile, lasted for hours, and people left upset and talking about one another. As this is not how a committee should be run, it would be better to just start over.
Vice President Edwards' motion to appoint Senator Guerrero to the Student Diversity Committee passed with Senators Aweida and Davis abstaining and Senators King, Heaton, and Vice President Edwards opposing.

The meeting adjourned at 6:50 p.m.
Honorably submitted,
Brenda Longfellow, Senate Secretary

Proposal For Conference Funds

Understanding Sexuality would like to request funds for five students to attend the conference: Improving Services For Gay, Lesbian and Bisexual Youth. The conference will be held October 28 and 29 in Beaverton, Oregon. This conference will help the five lesbian, gay and bisexual youth to better deal with the campus climate and how it affects their lives. The campus benefits from the increased knowledge students will receive through diversity training on pertinent issues such as homophobia and heterosexism, suicide and mental health issues, and developing support for youth in schools. Our organization will benefit in similar ways, as well as learning how we, as an organization, can best make an impact on the college campus.

Students planning to attend:

Mark Anderson '94 Student Organizer, US
Allison Hoffman '96 Co-organizer, US
Lisa Lusero '96 ASUPS Diversity Chair
Geoff Bateman '96 Treasurer, US
Annetta Dollowitz '94

Planned expenses:

In order to cut costs we have arranged to stay at family members' homes, eliminating board costs. The conference costs $115 per person including the Picnic and Social on Saturday evening. This picnic is vital in helping students to learn about our history, and our future. The ASUPS van has been reserved for transportation.

Cost:

5 X Tuition ($115) $575
ASUPS Van @ $0.35 per mile. Approx. 750 miles $262.50
Gas $50
Total $887.50

OLD BUSINESS
Docket #9332, Funding Request for M.E.Ch.A. Conference, was given a friendly amendment and passed with Senator Heaton and Representative Johnson opposing. The CHISPA representatives informed the Senate that they needed an additional $500 because they were unable to stay at the school and thus had to pay for a hotel. Twelve people were going to the conference and so four rooms were needed. A discussion regarding the necessity of having twelve people attend the conference followed. Senator Iwamoto made a friendly amendment changing the total fund to $510, which would cover 6 people.
Senator Iwamoto received the cost breakdown on the volleyball courts from John Hickey. It would cost $2,500 for plant to build the courts and $6,500 - $8,000 for an outside source to do so. The discussion began with questions about whether or not the volleyball courts could be incorporated into the plans for next year's revision of the south side of campus, and degenerated into an argument over plant's efficiency.

The meeting adjourned at 6:45.

PROPOSAL TO THE FINANCE COMMITTEE
From the Community for Hispanic Awareness

Total Request: $725.00

Funding Proposal:
CHispA requests funding for fifteen reservations at seats at forty nine dollars per seat and transportation (Total seven hundred twenty-five dollars) for the M.E.Ch.A. Leadership conference. We request a reply by Oct. 1, 1993 so that we may R.S.V.P.

Background:
M.E.Ch.A. is students who have dedicated their lives and skills to the advancement of the principles of human rights and to the needs of the Chicano community. They struggle to learn, and learn to struggle: not for individual gain, but to serve our people. M.E.Ch.A. can be an effective voice for students. It provides the vehicle to unite individuals, regardless of their background, sex, religion, economic or social status, language ability, or term used for self-identification. M.E.Ch. A. is able to unite in one common purpose: a demand for respect for human dignity and true equality and justice for all members of this society.

Purpose:
This year's convention theme is “Back to Basics: The Politics of Raza Education...” This theme will hopefully bring together all Mechistas in order to learn effective leadership techniques, discuss important Chicano issues, and to use this knowledge to unite and lead in the fight against racism, sexism, and other attacks on human dignity.

Recommendations for ASUPS Funding:
CHispA is currently a funded ASUPS-recognized organization which has demonstrated its resourcefulness in attaining goals, despite limited finances. For example, CHispA lobbied successfully to present suggestions to the Trustee Committee on Student Life. It has also cooperated with the Dean Admissions to represent the University at a Education Seminar for Migrant High Schools in Wenatchee, Washington. We urge the finance committee to invest in the future of Latino students at UPS by supporting CHispA, which is a student-initiated organization that is effectively serving the campus community.

Our suggestion is that the Finance Committee draw funds for this request from the Club Contingency, Conference, or Diversity funds.

Nominations for Senate Chair, Senate Pro Tempore, and Senate Liaison Director were taken.

ANNOUNCEMENTS
Song Fest is 8:00 Friday night. Cost is $2. Tell Senator Grindley or Senator Mill this week if you want to be a campus big. Last week a resident of Greek housing was told that she must buy a meal plan (this is not a requirement for all campus-housed non-Greeks). Tom Amorose told her that she had to get her priorities straight; she chose to be a Greek so she must pay the price. Meeting of the Minds is tonight in McIntyre 103 at 8:00. Wayne Ledbetter is promoting an event on Northwest Afternoon and needs fifteen people to sit in the audience. You need to be able to leave at 12:30 Wednesday. Talk to Wayne if you're interested.

PRESIDENT’S REPORT
President Werts is setting up a Student Diversity Task Force. Talk to your liaisons about student diversity and let President Werts know what they think (in writing, preferably). The committee searching for the new Dean of Students will have three students on it: Allison de la Cruz, Julie Davidson, and President Werts. The committee will start meeting next week. On November 1st from 3:00 - 4:00 there will be an open forum about the new sexual harassment policy.

VICE PRESIDENT’S REPORT
On Tuesday Media Board appointed Matt Finney to the position of KUPS General Manager. Let people know that they need to be careful at the Stone Temple Pilots because there will be extra security and anyone visibly intoxicated will not be allowed to attend the concert.

LIAISON DIRECTOR’S REPORT
There will be a report out this weekend.
COMMITTEES

Professional Standards Sub-Committee: This committee is amending the instructor evaluation form. A Section VIII has been added that asks how thoroughly have you considered the questions on the form. Some people want to add a question to the form that would evaluate the class as a whole. They feel the form places too much of the burden of proof on the professor. If you have any questions, talk to Senator Guerrero.

Student Concerns: Gripe Day was this week. President Werts would like a follow-up with the liaisons on such aspects of campus life as residential life, food services, etc.

Budget Task Force: This is an eight person committee that establishes the budget for the university. ASUPS will be making its presentation to the Budget Task Force next Wednesday morning. Please attend if you can.

PRESIDENT’S REPORT

In response to the Trail article a task force is being formed to look into further student empowerment of ASUPS. Very few faculty attended the faculty forum. Suggestions were given for the reorganization of the tenure system. There was a discussion about the student evaluation forms. Representative Sheffield suggestion that students be given more information on the tenure system and more time to fill out the forms was not well-received. The Faculty Senate will meet at 4:00 on Monday, November 1st in the Boardroom and continue the discussion.

COMMITTEES

Professional Standards Sub-Committee: Take the tentative changes to your liaisons. The committee talked about re-educating the secretaries on the importance of the form and also about the possibility of including in Preludes a discussion on the form. The committee meets every Tuesday at 5:00.

ACTION
The minutes of 10/28 were approved.
Docket #9335, Funding Request IVFC Conference, passed unanimously.
Docket #9336, Funding Request Young Life, passed unanimously.

PRESIDENT'S REPORT
On Saturday there will be an NCBI conference from 9:30 - 1:30. If you plan on attending, sign up in the Dean of Students Office. A job description for the Dean of Students position does not exist. When President Pierce was asked about this, she said that it is up to the person to define the position. How is the Dean of Students supposed to know what she is supposed to do without guidelines from the administration? Ask your liaisons what they would like to see the Dean of Students do and let President Werts know. If you are interested in walking groups through the new sexual harassment procedures, let President Werts know.

VICE PRESIDENT'S REPORT
Andy Ma resigned from Photo Services so the search for a new Photo Services manager begins! KUPS is off the air this week while a new transmitter is being installed. The Spring Senate Retreat is February 19 - 20 (elections are February 15 and inauguration is February 23).

CHAIR'S REPORT
Invite your liaisons to informal and formal Senate. Dockets will only be discussed at informal unless something comes up between informal and formal.

LIAISON DIRECTOR'S REPORT
Starting hopefully next week there will be liaison dinners in the Cellar. This is a great chance to sit down and have one on one conversations with your liaisons about such issues as the student evaluation forms, the Dean of Students Search, Senate's role, etc. If you have questions or are interested in participating, talk to Liaison Director Grindley.

FACULTY'S REPORT
The groundbreaking for the new athletic facilities will be February 1. This swift action on the athletic facilities appears to be partially a result of Senate's efforts to improve the facilities during the last couple of years.

COMMITTEES
Media Board: The C&TA department is considering discontinuing its policy of giving credit for the Trail, Tamanawas, and KUPS because professors do not have control over the grading process for these groups. Media heads can appeal. The committee discussed improving faculty support of the media possibly through mentorships with media heads.
NEW BUSINESS
Docket #9335, Funding Request IVFC Conference, passed unanimously. This is for a conference in Olympia that many Inter-Varsity members will be attending.
Docket #9336, Funding Request Young Life, passed unanimously. Young Life missed the budgeting process last year and Sean Christensen has worked hard this year to re-organize the group. This allocation will cover their general operating budget for the year.

ANNOUNCEMENTS
There will be an open forum at the Women's House on Wednesday, November 10th. Come to the concert Friday at noon in the Great Hall. Senator Guerrero will be in the office from 2:00 to 5:00 tomorrow. Feel free to stop by and talk about the student evaluation forms or call him at home. Talk to Senator Grindley if you're interested in working on choosing a commencement speaker.

ASUPS Student Senate
November 11, 1993

The meeting was called to order at 6:00 p.m. in the Murray Board Room of the Student Union Building.

MEMBERS PRESENT
Andy Aweida  Jim Davis  Chris Fischer  Sean Grindley
Galvin Guerrero  Russ Heaton  Katie Hurst  Henry Johnson
Jeremy Korst  Jason McGibbon  Jenny Meyers  Kevin Price
Scott Sheffield  Irene Watts  UNEXCUSED TARDY
Chuck Edwards  Ezra Snyder  Jason Werts  Lisa Mill

ACTION
The Minutes of 11/04 were approved as amended.
Docket #9337, Funding Request: CrossCurrents, passed unanimously.
Docket #9338, Funding Request: Campus Community Week, passed unanimously.

PRESIDENT'S REPORT
Thank you Senators Meyers, Guerrero, and Watts for attending the NCBI conference and thank you Senators Korst and Watts for arranging the open forum on the law school.

CHAIR'S REPORT
Go through the Gripe List and start working on fixing what's wrong. Senator Price will continue to work on the Senate to-do list. Senators Guerrero and Hurst are working on a Senate dinner which will be either on November 30 or December 7. If it is on-campus, then it will be held in the boardroom. Watch for more details. The open forum on the law school will be Wednesday, November 17 at 7:00 in the Great Hall. Senators Korst, Watts, Meyers, and Price worked hard and turned it into a big deal so talk it up with your liaisons! The panel will include President Pierce, Trustee Weyerhauser, Phil Phibbs, Bill Baarsma, Ray Bell, law school faculty, a Tacoma city council member, and a representative from Seattle University. Mayor-elect Jack Hyde declined the invitation. This is an esteemed panel so announce the forum in your classes as well as telling liaisons, friends, and community members.

LIAISON DIRECTOR'S REPORT
The first liaison dinner is this week. If you want to participate in one next week, talk to Liaison Director Grindley. This week there is a lot going on that your liaisons need to know about so make sure you go to your liaison meetings. The Kappa Sigmas want phones outside the Greek houses and a listing of the dockets passed in the Trail.

FACULTY'S REPORT
Congratulations to the law school forum organizers! The reaction of the faculty to the announcement is mixed. Many are afraid to talk to each other about the decision because they don't know where others stand on the issue. The announcement set off panic among the faculty who are up for promotion or tenure because they don't know how this will affect their chances of job promotion. Read the Tacoma News Tribune articles on the law school because they summarize the community's position. The process was as secretive at Seattle University as it was here.

COMMITTEES
Food and Safety: The sticky rice is here and is getting stickier.
Student Concerns: The committee will be handing out a survey to all students next semester so look it over and make suggestions to Senators Guerrero or Meyers.
NEW BUSINESS
Docket #9337, Funding Request: CrossCurrents, passed unanimously. They are sharing a printer with Tamanwas and are asking for a computer of their own.
Docket #9338, Funding Request: Campus Community Week, passed unanimously.

ANNOUNCEMENTS
Security asked the Tacoma Police Department to come onto campus and hand out tickets. Senator Watts will be having a meeting about this with Todd Badham soon. The Campus Bigs and Littles Program is underway! Senator Davis met with Ray Bell about the razing of campus houses for the new athletic facilities and was told that there will be no new housing built in the immediate future. The reason given for this was that the administration wanted to wait for a permanent Dean of Students before replacing the student housing. The decision to tear down these fifteen houses (which house 65 students) was made without any input from residential programs or the Dean of Students office. Ray Bell will be fielding questions at the Neighborhood Association meeting on Monday at 8:00. Encourage everyone to attend so we can "burn down the bush that Ray Bell is beating around!"

The meeting adjourned at 6:45 p.m.
Honorably submitted,
Brenda Longfellow, Senate Secretary
Be it resolved that A.S.U.P.S. allocate $500.00 to CrossCurrents for an Apple Macintosh LCIII 4/80 computer (the $800.00 previously allocated for a new printer will now be applied to buying the new computer).
In September, CrossCurrents requested capital expenditure funds for the purchase of a new printer. ASUPS granted us $800 towards the purchase. We have since reevaluated our needs, and found it would be more beneficial for CrossCurrents to purchase a new computer.

A new computer would enable us to layout the book in our own office, and not use up time on the other media's computers. Our current computer, a Macintosh Classic, is unable to run pagemaker, and the screen is small, making it unwieldy when doing layout for the book. Both the Tamanwas and Trail computers, which are both able to run pagemaker, seem to be in high demand, and only one person is able to use a computer at one time.

Tamanawas purchased a new printer which has the capacity to print information from four computers at one time, and can print eight pages per minute, is suitable for CrossCurrents.

We feel that the Apple Macintosh LCIII 4/80 is the right computer for our needs as it is able to run pagemaker, and the screen size enables us to lay out the book in a more professional manner. The bookstore carries the LCIII, including a keyboard and mouse, for $1350. Thus, we request $500, in addition to the previously granted $800, for the purchase of this computer.

We hope you will consider our request, since we have found that a new computer would be more beneficial to CrossCurrents than a new printer.
Be it resolved that A.S.U.P.S. allocate $100.00 to the Organization Committee for Campus Community Week for the partial payment of Theater Sports, which will entertain campus at the end of the week.

To the members of ASUPS,

This request concerns Campus Community Week, which is replacing Greek Week in an effort to involve more campus organizations. The goal of the week is to build a stronger campus community and improve Tacoma community relations through community service. Emphasis is being placed on organizations giving time instead of raising money. There will also be a food drive throughout the week with the food going to local churches for distribution to local families.

At the end of the week there will be a celebration to bring all of the participants together. This will serve as a reward and celebration of the efforts of the entire group. The leaders of the organizations decided that we would like Theater Sports to come on Saturday, November 20, to provide entertainment for the celebration. Theater Sports charges $200 and it has been proposed that ASUPS contribute to this cause. A contribution of $100 would help tremendously since no profit will be generated during the week. Thank you for your time and consideration.

Sincerely,

Molly Abraham

The Minutes of 11/11 were approved.
Docket #9339, Student Concerns Committee, passed with two oppositions.

CHAIR'S REPORT

The forum went well and it was a good learning experience. Great job Senators Korst and Watts for organizing it! A list of what projects Senators are working on was passed out at Informal Senate this week.

PRO TEM'S REPORT

LIAISON DIRECTOR'S REPORT

The first meeting for finding a commencement speaker was today. They plan to send the invitation to the chosen speaker before leaving for break so ask your senior liaisons who they would like to speak. There is an upcoming dessert reception for seniors graduating in December. Talk to Liaison Director Grindley if you are interested in participating in the next liaison dinner which will be on Tuesday at 7:00.

DEAN OF STUDENT'S REPORT

The Dean of Students would like to get together with Chair Aweida to talk about various issues.

COMMITTEES

Student Concerns: When input was asked for on the student survey, the following was decided: The Student Concerns survey will include a section evaluating services offered on campus, including the Plant Department, Food Services, Residential Programs, Security, the Health Center, and the Dean of Students' Office. It will be distributed through liaisons, classes, a table in the SUB, and/or by mail. Before it is sent out a psychology or communications professor will be consulted.

Professional Standards Sub-Committee: On November 22nd at 4:00 in Library 124 the Professional Standards Sub-Committee will be making its formal presentation to the Professional Standards Committee. They will be meeting every Tuesday after the meeting.

NEW BUSINESS

Docket #9339, Student Concerns Committee, passed with Senators Heaton and Fischer opposing.
ANNOUNCEMENTS
Mistletoast is on December 3rd ... let your liaisons know! The Tacoma Dome is willing to book U.P.S. on May 14th for the graduation ceremonies. Senator Korst will ask Showcase if the noon Showcase series can be moved to 12:30 so that more people can hear them. Senator Heaton will make sure that Dave Wescott 's father is not harassed by the Phone-a-thon anymore. Senators Hurst, Fischer, Korst, and McGibbon are forming a committee to collect specific examples of the Plant Department ripping off students and Residential Programs' unfair treatment of Greeks and these will be put into a formal report which will be presented to Dean Kay. Each Senator should contribute to this report with specific examples from his/her own liaisons. In addition, Student Concerns will sponsor a Gripe Day about Residential Programs and the Plant Department with tables both in the SUB and in the tunnels. Ask your liaisons what they want the next Dean of Students to be responsible for.

PRESIDENT'S REPORT

The restructuring of Senate will be left for the next administration. If you have any questions, talk to President Werts. Dean Amrose and Residential Life wants a Senator to look into the on- and off-campus housing situation. President Werts will talk individually with those senators who expressed interest.

VICE PRESIDENT'S REPORT

There are still some Senate spots open so encourage people to run. The primary will be February 8th and the general election will be February 15th.

BUDGET PRESENTATION

The Budget Task Force has created a budget that will be presented to President Pierce who then has the option of accepting or modifying it. If you disagree with anything in proposed budget you have until February 8th to write to President Pierce and let her know that you want something different. The budget process began last fall when various areas of the university, including ASUPS, submitted budget requests to the Budget Task Force. ASUPS' request for a $10 increase in student government fees was granted. The Budget Task Force will pass on ASUPS' recommendations for increased computer lab and library hours, more periodicals, and better ventilation in the academic buildings to the appropriate departments. Tuition increased by 7.6% (the lowest increase since 1983), rising from 15,220 to 16,370, and room and board increased by 4.7%. The overall increase was 6.9%. Faculty pay averaged an increase of 4.5%. There will also be an increase in financial aid, with the Trustee Scholarships increasing by $250 and the base pay for work study students increasing by an average of 4%. Loans will be available for $400 - $1,000 more per year. Applications for UPS financial aid are due by March 1st and the FAF is due by March 15th.

Media Board: The Tamanawas will be given away at the polling booths in both the tunnels and at the SUB.

NEW BUSINESS
Docket #9343, Funding Request: Young Life Spring Conference, passed with Senator Watts opposing and Senator Guerrero abstaining. The representative stated that the theme of the retreat is to “Tear Down the Walls” and its purpose is threefold: 1) to educate the attending students, 2) to foster inter school relationships with PLU, and 3) to relax. They are expecting between 55 and 65 UPS students to attend and originally asked for $1,000 to cover everyone’s fees. Finance committee recommended an allotment that only covers 25 participants, believing that sending 25 students to any conference is a lot. The representative asked senate to amend the docket to cover the fees for more participants, which was not done.

Docket #9344, Funding Request: Campus Music Network, passed with Vice President Edwards abstaining. The representative stated that this year the Campus Music Network wanted to have an outdoor concert and a barbecue on the Sunday of Parents Weekend. In addition, there would also be booths sponsored by the various clubs and organizations so that parents can see what we do when we’re not studying. The money requested in this docket would be used to provide protection for the equipment and to publicize the event. Docket #9345, Funding Request: Showcase, passed with Senator Guerrero abstaining.

PRESIDENT'S REPORT
Congrats to all the new senators! Old senators: this was the best senate ever and it's been a pleasure working with you. Thanks for the memories.

FACULTY’S REPORT
The next Faculty Senate meeting is Monday at 4:00. They will be beginning the conversation about approving the new faculty evaluation form.

LIAISON DIRECTOR
All new Senators need to talk to whomever was their liaison groups’ previous liaisons and find out what’s up with the group. If you don’t know who the old liaison was, ask Liaison Director Grindley. Ask your senior liaisons what they want to give for the senior class gift and bring the suggestions to Informal Senate. During the next three weeks the Trail ASUPS page will have biographies on the Senators. Next week’s biographies will be on the At-large Senators, so At-large senators need to write a paragraph on themselves and give it to Liaison Director Grindley.
NEW BUSINESS
Docket #9348, Funding Request for I-Lead Conference, passed unanimously. She is one of sixty-four students in the United States who will be attending this leadership conference in Hawaii. I-Lead is a professional organization for college unions.
Docket #9349, Funding Request for JSO, passed unanimously.
Docket #9350, Funding Request: Ed Vogel, passed unanimously. Ed designed and implemented a psychology research project last summer on depressive mood states and memory. He submitted an abstract to the Western Psychology Association and will be one of the few undergraduates at the conference who will be presenting their experiments. Near the end of the semester he will be presenting his research to the campus. Representative Sheffield warned Senate to be careful about setting a precedent for funding such conferences and the Finance Committee representatives duly noted this and stated that it is a matter that the committee will be discussing. Although the psychology department is providing funds for professors attending this conference, it is not providing anything for Ed.
Docket #9351, By-Laws Revision, passed with Senator Grindley opposing.

VICE PRESIDENT’S REPORT
Publicize the committee openings. Try to support as many ASUPS events as you can by attending. Get copy codes from Faye. The following is a tentative list of committee and media buddy assignments:

   Cabrelle Abel: Finance, Showcase, Parents' Weekend
   Dan Schalk: Union Board, Photo Services
   Tom Bahrman: Governance, Media Board, Cross Currents

People were put both on the Budget and Finance committees so that some semblance of continuity could be preserved between our two methods of funding groups. Congratulate Galvin Guerrero on the Moonlight Serenade - it was a success!

LIAISON DIRECTOR’S REPORT
Push the committee openings at your liaison meetings! Ask about the senior class gift and let seniors know that the committee is considering dedicating it to Phil Hall. Liaison Director Grindley is meeting with President Pierce on Thursday, March 24th at 3:30 about the commencement speaker, so ask your liaisons what changes they would like to see in that process. Representative Johnson will be the advisor for the Campus Bigs & Littles Program next year. If you are interested in being on the committee for this program, talk to either Representative Johnson or Liaison Director Grindley. The application process for Programmer and Media Heads will begin after Spring Break. Juniors who are interested can apply to be on the Honorary Degree and Commencement Speaker committees.
FACULTY’S REPORT
The Faculty Senate met on Monday and discussed the new faculty evaluation form. The form will be discussed for the next month. This is a big deal because only students can evaluate the performance of professors; Representative Sheffield would guess that - as a rule - about 80% of a tenure decision is based on these evaluations. They are always at the top of a list of criteria for tenure. At the Faculty Senate meeting, there was discussion on the question asking how seriously the student filled out the form. There should be an organized system implemented that educates the student body on how to fill out these forms because the faculty assumes that the students already know how to fill them out. Comments are the most important part of the entire form, especially comments on particulars of the coarse (i.e. lecture style and what specifically did the professor do that was helpful or not).

The next Full Faculty meeting is March 23rd at 4:00 in McIntyre 103. Students can attend.

COMMITTEES
Governance: Still making committee appointments.
Union Board: If you can think of ways to help Union Board spend its $5,000, talk to Representative Johnson or Vice President Davis.

NEW BUSINESS
Docket #9353, Funding Request: Fencing Club, passed unanimously. The representative stated that the club is working on creating more clearly defined roles within the club. They are also working towards hosting a Puget Sound fencing competition either this year or next.
Docket #9354, Funding Request: Jennifer La Duke, passed with Senator Schalk opposing. Representative Sheffield stated that he liked the idea of this request but Senate needs to be forewarned that once word gets around there will be a lot more people making similar requests. It was suggested that since President Pierce will be coming to the Senate meeting on March 31st, this should be brought to her attention.
Docket #9355, Appointment of DBS and DPR, was given a friendly amendment and passed with Representative Johnson abstaining.
Docket #9356, Appointment of Senate Liaisons, was given a friendly amendment and passed unanimously.
Elections were held and Senator Meyers was elected Senate Chair, Senator Chamberlin was elected Senate Pro-Tempore, and Senator Gonzales was elected Senate Liaison Director. Congratulations!

PRESIDENT'S REPORT
To find out which gripes (compiled from last semester's Gripe Day) have already been taken care of, talk to Chair Meyers or President Aweida. Tell your liaisons about the Meeting of the Minds box that is in the ASUPS office and encourage them to fill it with budget surveys. Take a couple of surveys each time you eat in the SUB and ask people to fill them out. Two candidates for the position of Academic Vice President will be speaking and it is important that both the general student body and senators attend these talks. You will be receiving a memo regrading attending Judith Kay's accreditation discussion that will take place on Tuesday, March 28th from 3:00 - 3:30.

VICE PRESIDENT'S REPORT
Spread the word that both Programmer and Media Head positions are open. Letters of intent and resumes for the Programmer positions are due to Vice President Davis no later than 4:00 p.m. on March 30th. Applications for the Media Head positions are available in the ASUPS office and are also due on March 30th. The Meeting of the Minds is an opportunity for students to give input into the budget process ... take the surveys to your liaisons and maybe reward those who fill them out with treats. The Budget Seminars went very well and even the groups who did not attend have been notified of what is expected of them in the process. Senators Bahrman, Price, Abel, Watts, Hurst, Schalk, Gonzales, Pro Tem Chamberlin, and Chair Meyers expressed interest in attending either Preludes or Passages. There will be an Orientation Meeting on Wednesday, March 30th at 9:00 in SUB 101. Vice President Davis wants a list of last semester's Election Committee members.

CHAIR'S REPORT
There will be a NCBI mini-conference on Tuesday, April 12th from 6:00 - 8:00, probably in the SUB Boardroom. It will be a shortened version of the NCBI workshop and open to the general student body. Talk to senators and students about Senate Projects. There will be a sheet for senators to fill out at Informal next week regarding the projects which needs to be returned by Formal Senate. Make sure you go to your liaisons this week!

LIAISON DIRECTOR'S REPORT
Senior-directed plays are starting this week.

FACULTY'S REPORT
President Aweida's picture in Arches from the ground-breaking for the athletic facility additions reminded Representative Sheffield of Senate's tenacity with the issue a couple of years ago. When students complained about the athletic facility the senators pressed the issue and worked with Ray Bell, and even submitted an organized budge proposal for new equipment. People were amazed with their tenacity and President Pierce showed up with $40,000. Representative Sheffield believes that the current 1.8 million project is a direct result of Senate's follow-through on the issue. When President Pierce came up with the first $40,000 she wanted a picture with the current ASUPS executives, but they didn't respond to her request. This makes it all the more interesting to see President Aweida's picture at the 1.8 million ground-breaking.
COMMITTEES

Finance: Christine Miller's request for funding so that she can attended the Northwest Psychological Conference was denied. Mark Cummings and Brett Olson asked for money so that they can attend a conference where they would speak on deferred rush, and Finance is recommending $160.

Food and Safety: The meal plan fees don't finance Food Services' operation costs during Spring Break which is why the point system during the break is so inflated.

Governance: The committee is now in effect! They will be meeting soon and talking about the restructuring of Senate, possibly so that there are eight senators with the Vice President casting the deciding vote.

Media Board: The first meeting of the year will be April 4th at 7:00. They will be discussing the media advisor position.

Student Concerns: The committee is working on a resource list for the gripes compiled from Gripe Day (last semester) so that the next committee will have a direction to go with them. The committee meets every Thursday at 7:00. (Senator Thompson is planning to take fifty issues from the list and survey the student body about them.)

Union Board: The committee is using its $5,000 to re-felt the Rendezvous pool tables, purchase plants for the lobby, silk trees for the Rotunda, a refrigerator for the kitchen, and a fooz ball table and chess set for the Rendezvous.

NEW BUSINESS

A discussion regarding the revised teacher evaluation forms took place. In general, Senate disliked the new form. Senator Price stated that asking students to respond to a question by checking a box marked either agree or disagree is a farce. Classes aren't black and white and the form needs to allow students to be able to differentiate between various shades of grey. With this form the intelligence of students insulted and the value of the forms lessened. President Aweida responded that the agree/disagree was decided upon because the choices are so extreme that people will be more inclined to write comments to justify their responses. Senator Gonzales said that if comments are wanted, then more open-ended questions should be asked. Senator Grindley noted that the format is not very different from the previous form so it probably won't be any more effective in eliciting comments from people. If comments are wanted, then perhaps the form should either ask why after each question or an arrow should point to the comment area. Senator Abel pointed out that the "Other" category was asinine. Vice President Davis thought that Senate should focus on changing the presentation of the evaluation forms to the student body rather than on the form itself. Representative Sheffield commented that the Biology department did not like this form and found it insulting that we have to put words into students' mouths. Also, the comments area is ridiculously small. He is in favor of three or four open-ended questions and more time than twenty minutes for filling it out. He chastised the Senate for thinking on too small of a scale; Senate should demand to have the whole process re-examined from scratch. He encouraged Senate to exercise its power and to demand what's going on, perhaps even instigating a campus-wide refusal to fill out the evaluations until representatives of the faculty, administration, and students sit down in equal numbers to negotiate the process. Senator Bahrman suggested open-ended questions and turning it into a take-home survey. When questions arose about the return rate of the forms if it became a take-home, it was suggested that grades could be withheld until the form was returned.

Senator Gonzales wanted to know if evaluations could be filled out on every instructor, regardless of the career track they were on. Chair Meyers ended the discussion by telling Senators to take the form to the liaisons and get more feedback. Senators need to write down by next Thursday what is liked and disliked by the forms and propose how Senate's opinion should be presented to the faculty at the April 4th meeting. The only thing being decided at this meeting is if the form should be implemented or not. If it is not implemented than the old form will continue to be used. Senate needs to be willing to demand a new form and to be prepared to withstand intimidation from faculty.

ANNOUNCEMENTS

Senator Grindley's meeting with President Pierce regarding the commencement speaker has been rescheduled so you can still go to your liaisons and ask for input. Congratulate Senator Grindley on being called the best liaison ever by the Alpha Phi's. Congratulate Vice President Davis on a great job with the budget seminars!

FACULTY'S REPORT
Representative Sheffield met with Dean Kay and President Pierce to discuss the faculty evaluation forms. President Pierce encourages the Senate to present an alternative evaluation form to the Faculty Senate. Senate must be organized and persistent if anything is going to happen with this issue. President Pierce expressed concern that the administration might be financial liable if something went wrong with ASUPS' finances. (Vice President Davis stated that Ray Bell is technically the general manager of ASUPS and ASUPS' contingency fund covers most financial screw-ups.)

NEW BUSINESS
Docket #9357, Appointment of Senators to Media/Program Contacts, passed unanimously.
Docket #9358, Funding Request for Western Regional Greek Conference, passed unanimously.
Senator Bahrman's motion to allocate $950 to Campus Films for the purchase of a new 8mm projector passed with Senator Thompson opposing. The money will come from the contingency fund. A representative of Campus Films informed Senate that the 8mm projector had broke earlier in the evening and as Foolish Pleasures is tomorrow night, they needed a replacement immediately. Their only option appeared to be purchasing another one because there are no facilities that can repair the old one nor can they locate one that they can borrow for the event.

ANNOUNCEMENTS

PRESIDENT'S REPORT
There will be an Awards Committee meeting in Dean Kay's office on April 12th at 3:00. Fill out the awards nominations form! President Aweida met with President Pierce this week and discussed her concerns. He will meet with her again next week. All Senators need to tell President Aweida what their Senate Projects are. President Aweida also met with Kevin Richmond (Cellar Manager) this week. They discussed various ideas regarding how to use the Cellar during Orientation. If you have any ideas, let President Aweida know. The Cellar will be selling some of its extemporaneous items and they are also working on reorganizing the internal control of the Cellar so that there is more accountability. A member of the Tacoma community discussed President Pierce's article in the Journal of Higher Education with President Aweida and Vice President Davis. She wanted proof that 50% of the student body is involved in community service.

VICE PRESIDENT'S REPORT
Representatives from Tamanawas were asked to attend the Senate meeting so that Senate could offer its assistance to the staff. The editors passed around examples of this year's edition and announced a fall release date. They experienced some difficulties with their staff in the beginning but its been getting better. Their main concern for the process is establishing continuity between each year, bringing the staff together as a cohesive group, and ensuring accurate training for next year's staff. This is difficult because the staff generally consists almost entirely of freshmen and the editors from the previous year usually do not stick around. This year's editors are attempting to remedy this problem by being around next semester and working closely with next year's staff. Anyone who wishes to submit articles and/or information for this year's Tamanawas is welcome to do so by contacting an editor. Budget hearings are from 7:00 to 9:30 on the 12th and 13th. Each Senator needs to contact his/her Media and/or Programmer Buddy tomorrow and remind them that they need to sign up for a twenty minute slot. On Monday Senators need to call and remind their Media and/or Programmer Buddies about their meetings.
CHAIR’S REPORT
Memos to President Pierce will begin this week. Give Chair Meyers your project sheet and every Tuesday project updates will occur. Go to the Cellar concert tonight at 10:00.

LIAISON DIRECTOR’S REPORT
Liaison Director Gonzales now has her own hotline ... x3252. Go to your liaisons and get feedback. Liaison Director Gonzales went to the student forum for one of the prospective Dean of Students. She was the only senator there. Now that the candidates are narrowed down to two, students have already missed an important opportunity to give input on the new Dean of Students. Several Senators questioned the reasoning behind the student forum.

FACULTY’S REPORT
The Biology Faculty met with President Pierce and informed her that the intro classes are to big to be effective. She did not realize how big those classes were.

COMMITTEES
Off-Campus: The committee exists! Senator Bahrman announced that the committee wanted to do a mailing by next Wednesday and asked Senate for informal approval of the necessary $400. Although everyone believed that the idea was good, the general consensus was to wait until next year to do the mailing so that there was time to make sure that it was of the best quality.

NEW BUSINESS
Docket #9359, Committee Appointments, passed unanimously.
Senator Abel asked the Senate if she should pursue buying Seattle Symphony tickets for May 3rd for a performance of the Sorcerer’s Apprentice. Tickets will be $9 if 35 or more are sold. The general consensus was that she should go ahead and make the arrangements.

ANNOUNCEMENTS
There will be an Earth First lecture on Monday at 8:00 in Kilworth. Kate Sterling and Kevin Price will be heading the noon open forum next Tuesday on welfare reform. The Senior Class Gift will be a study table dedicated to Professor Hall in Jones, probably on the third floor. The Communications Department is considering matching the funds raised by the Seniors. Senator Grindley met with President Pierce about the commencement speaker. She was very receptive to the idea of a student speaking at graduation. Ask your liaisons for nominations in case it happens.

PRESIDENT'S REPORT
Great job with the budget process so far! Senator Gonzales and President Aweida discussed what parts of the faculty evaluation forms both faculty and students disagree with. Talk up the Seattle Symphony trip!

The search for a new Senate Secretary continues. Thank you President Aweida, Director of Business Services Gardner, and Chair Meyers for your work on the budget process until the wee hours of the morning.

FACULTY'S REPORT
The next Full Faculty meeting is April 26th at 4:00 in McIntyre 103. They are collecting agenda items.
COMMITTEES

Awards: The awards have been decided upon and the ceremony is on Saturday, April 23rd.

Budget: Budget recommendations are being sent out tomorrow. Clubs and organizations will have until Tuesday to notify ASUPS if they are planning to appeal.

Finance: The meeting next week is at 8:00 on Tuesday. It will be lengthy.

Food and Safety: The Push/Excel barbecue is this Wednesday.

Governance: The committee has met twice and has reviewed the ASUPS Constitution, By-Laws, and Standing Rules. The committee is beginning to discuss President Aweida's restructuring proposal.

OLD BUSINESS

There will be a student speaker at this year's Commencement. Get nominations from your liaisons ASAP. ASUPS is setting up the committee that will choose the speaker as well as taking nominations. A suggestion for the nominating committee was a sub-committee of Senate consisting of Senators Grindley, Chamberlin, Price, Bahrman, and Representative Sheffield.

NEW BUSINESS

Get feedback on the teacher evaluations by Sunday because on Monday at 4:00 the entire Senate is expected to attend the Faculty Senate meeting in the Boardroom. Put the feedback in Senator Gonzales' box. The information gathered will be presented diplomatically to the Faculty Senate at this time. Representative Sheffield told the rest of Senate that they were underestimating how threatening this is to the faculty. Strong opinions will be expressed at the meeting. Senate needs to tell the Faculty Senate that students have been given the responsibility of filling out the teacher evaluations and thus the students would like to work with the faculty in both the creation of a better evaluation form and the education of the student body on the importance of the process. Students need to have a good-size representation on the body that takes this whole thing apart.

The question arose over whether or not the Seattle Symphony tickets should be pursued as only eight have been sold. It was agreed upon that this was a worthwhile endeavor and suggestions for publicity included the following: word of mouth, through the music department, and asking the residential staff to support it as one of their programs. Senator Watts offered to create fliers for the residential halls. As the money for all thirty-five tickets must be turned in by Tuesday, Senator Bahrman moved for an allocation of $315 for the purchase of thirty-five tickets to the May 2nd performance of the Seattle Symphony and $268 for transportation. The $315 will be reimbursed through ticket sales. The motion passed unanimously.

ANNOUNCEMENTS

Thank you Vice President Davis and Director of Business Services Gardner for attending Senator Price's open forum. Next Tuesday at noon in SUB 101 there will be an open forum on environmentalism. There will be a student leadership breakfast with each of the two candidates for the Dean of Students position. The first is with William J. Planagan from 8:00 - 9:30 on April 19th in SUB 101 and the second is with Judith W. Kay from 8:00 - 9:30 on April 25th in SUB 101. On both days there will also be a Campus Forum from 3:30 to 5:00 in the Rotunda.

PRESIDENT'S REPORT
The cover for this year's Campus Music Network CD was offensive to some people. President Aweida met with Brian Best and it was decided that a new cover would be issued. ASUPS issued a statement that it does not condone offensive material and apologized for the incident. The ABC (APAC, BSU, and CHISPA) coalition has produced a brochure for the Admissions Office so that perspective students can see the campus' diversity. It is also an attempt to educate people. The question of doing away with the Pass/Fail option is being seriously considered by the Faculty Academic Standards Committee. Professors Weinman (Art) and Van Enkevort (Math) are strongly in favor of getting rid of it because they believe it encourages sloth. It is disturbing that teachers are adamant about his. President Aweida encouraged someone on Senate to write a statement that both ASUPS and the Senate believe that such accusations are incorrect. President Aweida suggested that Senate consider setting a quota of ASUPS-sponsored events that each senator would be required to attend each semester and let those senators who did not attend it know how it went. Part of a senator's job is to show support for ASUPS.

VICE PRESIDENT'S REPORT
The last appeals for budget were last night. Next week plan for long Informal and Formal Senate meetings. Informal may be off-campus so that people won't get distracted. Each senator will receive a copy of the budget by next Tuesday. There may be one more Senate meeting after next week.

DEAN OF STUDENT'S REPORT
Representative Johnson was impressed to hear that approximately thirty students showed up for the Student Leadership Breakfast with the Dean of Students candidate this week. Plan to attend the upcoming breakfast with Judith Kay on Monday at 8:00 in SUB 101. Be sure to ask probing questions! Representative Johnson applauded the manner in which President Aweida and Vice President Davis handled the CMN issue.
FACULTY’S REPORT
The next Full Faculty meeting is April 26th at 4:00 in McIntyre 103. They will be looking at the recommended changes in the faculty code regarding the personal and professional criteria for advancement. Representative Sheffield applauded the Senate’s handling of the meeting with the Faculty Senate this week (re: teacher evaluations). Plan to attend their next meeting on May 2nd at 4:00. The meeting may be long.

COMMITTEES
Governance: The committee is meeting weekly and is looking over the whole restructuring process. They want input from senators.
Library Committee: The committee discussed the problem of periodicals. The library staff knows there’s a problem and wants to help but the money isn’t available. If you are having problems finding the necessary periodicals, tell faculty because faculty are the ones who decide which periodicals are stocked in our library. Representative Sheffield stated that there is no possibility of our library ever catching up with what is needed. The only thing that can be done to remedy the problem is to tap into electronics.

NEW BUSINESS
Docket #9360, Earth Activists (Conference), passed unanimously. Five people attended the conference a couple of weeks ago.
Docket #9361, Fund request for the Women as Leaders Seminar, passed unanimously. Allison de la Cruz will be one of three Washington women attending a conference in Washington D.C. this summer. She is also getting funding from Sears & Roebuck.
Docket #9362, Fund Request for the Race and Ethnicity Conference, passed unanimously. The money will allow the presidents of APAC, BSU, and CHiSPA to attend a conference this summer in Atlanta. They are also getting funding from other sources on campus.

ANNOUNCEMENTS
Attend the Awards ceremony this Saturday at 3:00 in Kilworth. Twelve of the thirty-five symphony tickets have been sold ... encourage people to buy them! Tell people to buy tickets for Kevin Nealon and Black Happy during Spring Weekend. The noon open forum this week is on Tuesday in SUB 101. It is entitled: “Environmental Activism: How Can One Person Make A Difference?” Speakers are Sara Jordon, Jennie Jaeger, and Morgan Bradley. Be prepared for long meetings next week. Be ready on Tuesday to evaluate the recommendations of the Budget committee and be open to change if it appears necessary. The frustrations surrounding the budget process are historical so remember: you’re not the first ones to have to deal with it!

The Campus Music Network's budget of $1,850 passed unanimously.

The Sounds and Lights budget of $100 passed unanimously.
The Special Events budget of $10,430 passed unanimously. The decrease in their budget is due to eliminating superfluous items.
The Crosscurrents budget of $9,560 passed with Senator Gonzales opposing. The representative was unhappy with receiving only half of the amount requested for copies. The over-all budget increased $1,360 from last year. This year 2 people will receive $100 stipends rather than 1 person receiving $180.
The KUPS budget of $14,821 passed unanimously. Broadcasting problems this year were due to technical difficulties and have been fixed. Next year broadcasting should run smoothly.
The Photo Services budget of $9,275 passed with Senator Hurst opposing.
The Tamanawas budget of $42,900 passed with Senator Kiehl opposing.
The Trail budget of $21,650 passed unanimously.
The ACM budget of $150 passed unanimously.
The APAC budget of 165 passed unanimously.
The Bigs and Littles budget of $550 passed unanimously.
The Biology Club budget of $210 passed unanimously.
The Black Student Union budget of $555 passed unanimously.
The CHispA budget of $120 passed unanimously.
The Earth Activists budget of $805 passed unanimously.
The Fencing Club budget of $75 passed with Senator Thompson opposing and Senator Schalk abstaining. The representative thought the allocation was inadequate. One current member will be going to national competition and the club is working with a group at Fort Lewis to improve their skills.

The IAUPS budget of $110 passed unanimously.
The Jewish Student Organization budget of $445 passed unanimously.
The Men's Lacrosse budget of $4,250 passed unanimously.
The Outhaus budget of $400 was tabled with Vice President Davis opposing. The representative was unhappy with the allocation and the discussion was decided to be continued after the rest of the budget was passed.

The Phi Alpha Delta budget of $130 passed with Senator Bahrman abstaining. The representative realized that this year the organization didn't do anything and was hoping to turn it around and become active next year.

The Psychology Club budget of $60 passed unanimously.
The SAACS budget of $100 passed unanimously.
The Sailing Club budget of $195 passed unanimously.
The SDAF budget of $70 passed unanimously. It is an off-shoot of Understanding Sexuality, with a focus on gendered readings.

The Society of Physics budget of $218 passed unanimously.
The SHAC budget of $125 passed with Senator Gonzales opposing.
The US budget of $335 passed unanimously.
The Women's Lacrosse budget of $3,735 passed with Senator Hurst abstaining.
The Young Life budget of $505 passed unanimously.

The Outhaus budget was untabled. The representatives were concerned that $400 would not cover all expenses. It was explained that conferences and phone expenses had been pulled out, and capital expenditures would be dealt with separately in the fall. The representatives were also concerned that the budget request form was difficult to fill out. It was decided that the Outhaus could consider some of their trips as conferences and ask for money to rent vans under conference requests. The representatives had originally asked for $425 for guidebooks, maps, and magazines and budget committee had suggested an allocation of $100. The breakdown of the rest of their budget was $50 for publicity, $250 for equipment rental, and $200 for vehicle rental. The representatives also wanted funding to bring in workshop leaders for such things as C.P.R. training, and were told they could do this through another medium. Representative Johnson reminded the Senate that were considered a high risk club and in order to conduct their trips they needed qualified leaders. The question of how much students should be expected to fund the trips out of their own pockets was raised. It was suggested to the representatives that they do fundraising next year and work more closely with ASUPS when planning next year's budget. Their budget passed unanimously.

A discussion of the pros and cons of this year's budget process resulted in the request for senators to have access to last year's budget and a breakdown of the budget allocations to each group. Senator Hurst suggested a budget seminar for the senators on the weekend before the budget was to be passed.

Vice President Davis' motion to move $200 from office operations and to increase the Society of Physics budget from $63 to $218 (in order to correct a misprint) and add $45 to Conferences passed unanimously.

Vice President Davis' motion to pass the internal budget, including the administrative budget, passed unanimously.

The open forum began at 6:11 pm.

Introduction:
Andy Aweida (ASUPS President)—On April 9, 1994, Tacoma City Council passed recommendation of an ordinance that would limit the number of unrelated persons living in a given house. On October 3, 1994, there will be a public hearing in which Tacoma Planning Commission... Our [UPS] goal is to stop this ordinance from getting passed. Tacoma Planning Commission will accept a written testimony (a letter for or against this ordinance) up until October 10th. A petition for landlords, businesses, and parents has been written up that needs to be signed.
The panel consists of Jim Colburn from the Tacoma Planning Commission, Kyle Crews from the city attorney's office, Judith Kay, UPS dean of students, and Kevin Price, ASUPS Senator at-Large.

Jim Colburn—This proposed housing ordinance came about due to noise, parking problems, and parties. Because these problems have not been resolved through the Tacoma Police Department, the community decided to try another direction. This ordinance is not a brand new ordinance, it has been established in many other cities such as Pullman and Seattle. Seattle has a maximum of 8 unrelated people; other cities have lower numbers. Pullman has a limit of 2 to 4 unrelated people living in the same house. These other cities have set a precedent for the community of Tacoma. If this ordinance should pass, it would apply to the whole city. Because of this, many other constituents are concerned aside from students. The Tacoma Planning Commission's job is to take into account information from both sides of the argument (through letters, this open forum, and the public hearing), and then come up with a recommendation to solve and or alleviate this problem (via this ordinance or some other alternatives). Jim's goal for tonight is to come up with a number of alternatives, such as more creative ways to increase police enforcement, so that he can bring them back with him next time the Planning Commission meets. The recommendation has to be finalized by November 7 and then presented on November 15. So far, the Tacoma Planning Commission has received about 9 letters with about half of them for the ordinance and the other half against the ordinance. In order for the students of UPS to get heard, more letters must be written and received by the 10th of October.

Kyle Crew (City Attorney's Office)—The function of the city attorney's office is to look at requests from council members, at constitutional rights, and at various laws (legality) of other cities and then provide a solution. If this ordinance were to pass, it will be enforced city-wide.

Judith Kay (Dean of Students)—This ordinance does not affect the Dean of Students office directly. She is here mainly to help brainstorm and come up with ideas for
alternatives for this problem.

Kevin Price (Senator At-Large)--ASUPS goal is to come up with a strategy to fight against this proposal. By informing UPS students of the proposed housing ordinance through questions and answers, it will strengthen our unity and persuasiveness. The Northend Neighborhood Council members are deeply frustrated and furious and want something done. We (UPS) want to stop this ordinance from passing but we can't ignore the fact that there are many deeply concerned community members. We need to solve this problem in a positive way. We need to stand firmly, for this ordinance threatens to impose many hardships. If this ordinance were to pass, it will lead to skyrocketing price and limited living options. Business will lose much-needed customers and the University will be forced to build more on-campus housing. This ordinance will not only affect UPS students, but it will also affect low-income families, the students at Tacoma Community College and Pacific Lutheran, graduate students, and the soldiers from Fort Lewis who live in groups to save costs. This proposed policy is not going to solve any problems—3 people can throw a party just as easily as 7 people. This ordinance would increase the number of people who have cars and the number of rentals. We need to offer a hand of good will to the community, some form of cooperation. We need to propose a solution in place of this ordinance. Some of the ideas that Senate had were establish a task force of UPS students, community members, and officials that meet twice a month or so to help solve problems such as this one. Other ideas include UPS providing short and sweet seminar for students who are living off campus and UPS student representatives on the Northend City Council.

Questions and Answers:
1. Tristan (to Colburn): What is the perceived parking problem? Is it the fault of the students or the engineering of the city? CAN it be solved?

JC: The parking problem varies in different parts of the town. Some problem areas are alleys and streets where there are just enough parking spaces available for the residents. The Northend community feel that this ordinance will number the people at any location. This is because if five members of a family live together, they might have two family cars, whereas five unrelated students living together might have one car person or five cars for that house.

2. Dennis Schmidt (to Crews): How can this proposed policy go along with section that reads: ____________________________________________________

This is the policy of Pierce County.

A: This proposed ordinance does not have to go along with chartered county laws (Pierce County), as long as it does not conflict with state laws, it is legal.
3. check tape--?the student body gives a lot of money to the community, the community owes us? <what? I'm confused. must check tape.>

JK: This is not an approach that students should take in fighting against this proposal. We need to look at our common interests.

4. Josh--What year did Pullman decide to limit the number of unrelated people living in a house?

JC: Don't know. It was a cumbersome process. Landlords allowed residents to live out their lease before they were forced out.

5. Josh--When Pullman put a cap on residents living together, house owners had to scramble to find people who could afford the new higher costs. The house market went down. Students who couldn't afford the higher cost of living went to live in apartment buildings therefore creating the same noise problem. This ordinance caused economic impacts. What would happen if this ordinance were to pass here in Tacoma? Has the Tacoma Planning Commission followed up with the enforcement of this ordinance in other cities and the effects of the ordinance? <no>

6. Mark Girolami (landlord)--Several of his tenants are students. He is here to show support for the students. The students living in his rentals are clean and reliable. He has never had a better attendance or parking problems. His neighbors are a bigger nuisance. This problem has always been here. It is a simple issue with a simple solution--increase patrol, pass an ordinance for parking.

JC: The noise problem comes from the parties. In the past 8 months (from January to August), there have been 57 noise complaints and 54 parking complaints in a .5 mile radius of the school. City-wide, 394 similar complaints have been made. Police feel that the parking and noise problem isn't only due to UPS students.

<check tape>

7. Karen Nelson--All of the blame has been place on students. Her neighbor, who lives by himself, is one of the loudest people on the block. Her other neighbors, a family of five, are loud also. People who are related make just as much noise <if not more>. Plus, the family of five has only two licensed drivers and yet they still have four cars--a station wagon, a truck, and two vans.

8. Dave Kupferman--There will always be a parking problem when there are more cars in the world than there are parking places. If this ordinance passes, it will increase the cost of living which will increase tuition and therefore decrease the number of students who can afford attending the University of Puget Sound. A sensitivity training seminar teaching students how to be a good neighbor is not a good idea. If we didn't learn that in kindergarten, we never will.
9. Sreen Vaussen--Why isn't the administration taking an official stance in this issue. Why isn't the university administration supporting its students?

JK: The university has enjoyed the community not telling us what to do. We'd like to continue it being that way. <check tape>
The university would like to work with the community to solve this problem by other means--maybe by setting up lock-watch programs. ASUPS printed a booklet for students living off-campus several years ago, maybe senate can revive this service. Safe streets offered to mediate between students and the community. <?> Much of the noise problem is due to freshman students who all want to leave campus on weekends. We, maybe ASUPS <senate>, need to offer more entertainment on weekends.

10. Erika--This is a problem that needs to be resolved issue by issue. Homeowners need to establish good relations with students. Students need to be more receptive of the community. It is offensive that Tacoma wants to define family. That's saying either get married, live at home, or live at school.

11. David Droge (professor)--UPS students are dangerously underestimating the feeling of the community. It would be fair to say that our neighbors feel that they are being terrorized. They feel that the university is indifferent to their concerns. What kinds of things are you [students] willing to sacrifice to be good neighbors? Can the city do anything to hold landlords and homeowners subject to fines when their tenants cause problems? We need an alternative.

JC: There are four primary steps to dealing with this problem now: 1. Knock and Talk, 2. Increase patrols, 3. Provide citations, and 4. Arrest.

KC: In the last five years, the community feel that the problem has gotten worse and yet the numbers have gone down.

12. Chris Bellows--The community is very serious, there tempers are very high. They have zero tolerance to noise and they are not going to back down. It's either no parties or ban student housing.

AA: This problem is very serious. Every needs to write letters and or show up at the public hearing on Monday, Oct. 3, to make sure our voice gets heard.

13. Sarah Lang--Last year, her name was put into the housing lottery. In the end, she had no choice but to live off campus. Therefore, the university should support it's students in this case. Why isn't the university supporting us?

JK: The university is aware of the housing problem and is looking to build more residential halls and living spaces. This is a complex issue. There have been complaints on 11 student houses. She has talked to many angry people on the phone.
14. Will Belant--The university punishes students for having parties. He was recently one of those written up. And yet, the university does not support those students which it punishes. He feels that that is hypocritical.

JK: As D.O.S., she will bring this up to the UPS Cabinet. ...

15. Beth Wagner--Isn't Tacoma one of the most violent cities in the West Coast? There are drive by shootings and drug houses and other major violent crimes that occur daily. Have any of the students at UPS been charged with a major crime? Has there been any reports on violent behavior by students? <NO>

16. Dela White--A rumor has been going around that the university administration is in part behind this ordinance, is this true?

JK: Not true. The university was caught completely by surprise as were the students.

17. Josh--What are the specific “nuisances”?

JC: Beer bottle throwing, tires squealing, etc.

18. Josh--When, where, and will transportation be provided to the Public hearing?

AA: ASUPS will provide transportation--possibly a bus, to 747 Market St on Monday, October 3, at 4:00pm. This location may change. Be on the lookout or come to the ASUPS office for more information and times the bus will be leaving.

19. Josh--At a fireside chat with Pres. Pierce, housing was one of the topics brought up. Sixty-five beds were demolished this summer and currently, the university-owned housing doesn't provide very attractive housing so he chose to move off campus. The university says that they do want people to live on campus and yet there are no concrete plans to rebuild those demolished beds or increase housing. Why has there not been a stronger response from the University?

JK: The university is looked at its mission statements and at reasons students live off campus. This is a complicated quest which provides many unanswered questions. Where would be build the proposed living areas? <check tape>

20. Jeff Trimble--Dormitorys are not going to solve problems. Students move off campus because they are tired of living in dorms and the steep rent on campus. How fully would the passage affect on-campus housing?

JK: The University housing is in a different zone. That is one of the reasons the University decided not to take a side.
21. Janet (landlord)—If this ordinance were to pass and hypothetically speaking, the city chooses 4 unrelated people living in a house, what would happen to those homeowners who own houses with five bedrooms? Would this ordinance be per number of rooms or would one room be forced to go empty, therefore causing homeowners and landlords to lose money and or increase rent?

JC: This has not been decided yet. The Tacoma Planning Commission needs to hear public testimonies before deciding on the best recommendation.

22. Kevin Price—Many of the houses in the UPS area are built for a high number of people. <check tapes>

23. Michael Freeman (landlord for 22 yrs)—He is strongly opposed to this ordinance. There are already too many laws the police can’t enforce. We need some kind of cooperation between the community and their four to five year guests that attend UPS. People from Hilltop (etc.) are drawn to the UPS area when it’s students arrive with expensive cars and equipment. This causes his car to be broken into at least twice a year. Don’t litter the neighborhood with beer bottles, sexual ornaments, etc. He is appalled at the language he hears from UPS students. Students need to have common courtesy. This problem will continue. ASUPS needs to come up with a way to solve this problem. Guidelines need to be sent to students before they come to the school.

24. Name unknown-check tape—This problem works both ways. She has lived in the same house for the past two years. Last year, her neighbors daughter parked in front of her house on average, 3 nights a week. Sometimes, her or her housemates were forced to park in a different parking spot due to lack of parking space. Her neighbor got angry and went straight to her landlord rather than going to her with complaints. She did not even know that a problem existed until she was contacted by her landlord.

25. Tristan—In the housing lottery, many people, especially seniors could not live on campus. They were forced to go off campus by university and now the administration is not supporting those students. The school needs to reconsider its decision or come up with a better housing policy.

26. Tiffany Allen—The university has been here since 1819 and will most likely be here in 2019. About the beer bottles, it was an isolated choice the community members made in moving here. They knew they were moving next door to a university. The administration should not get involved in this issue. There needs to be more police enforcement.

27. Dave Kupferman—Over the summer there are groups who stay with the school, who bring their own cars, and due to the construction numerous parking lots were closed. This forced people not in any way related to the student body to park in the surrounding area, possibly affecting the numbers collected in the study of parking
problems around the school. Assuming the number people allowed in a house numbers five, and there are six in a house, how do you expect us to choose who we kick out? <JC: The house owner or landlord would have to comply to the ordinance.> And if that person is a minority, how quickly do you think this ordinance can be construed as discriminatory?

Senator Kiehl ~ Please read this note to the Senate.

I am disappointed in the declining quality of journalistic ethics on the Trail. At the university level, I expect the student paper to be a conduit for intellectual discourse.

The staff of the Trail, however, is seemingly interested only in publishing infantile and thoughtless material. There is no source of intelligent and ethical journalism in the pages of the Trail. Last week's "cartoon" on the back page is only the latest example.

I am not the only person who thinks this way. The student body as a whole disdains the paper they pay for. Professors (4 of which...
I have spoken to on this matter) used to read the Trail, but no longer.

It is time we quit paying for this non-sense.

Respectfully yours,

Judy Fankhauser

The students expressed their desire to exchange residences with the Kappa Sigma fraternity. Chair Gonzales voiced her concern at the meeting on behalf of Senate and spoke at length with Michael Curley. Alternatives to the housing crisis have not been discussed. Chair Gonzales will keep the Senate informed of new developments.  
There was a discussion regarding the housing crisis. Brian Buan, IFC President, has been in contact with Dean Kay regarding this issue and has been informed that, should Honors decline the offer of the Kappa Sigma house, the final decision-making panel to decide how to handle the housing situation will consist of 2 faculty members and one student, each of the Dean's choosing. Brian Buan stated that he would like to see an open and fair bidding process for reassigning the Kappa Sigma house. President Aweida encouraged Brian Buan and Tar Watkinson, Panhellenic President, to meet with both Deans Kay and Potts about the issue. Tara Watkinson reported that all sorority presidents will be writing letters to the Deans, of which President Aweida requested copies. President Aweida stressed that concerned students should be encouraged to write a letter to Deans Kay and Potts, with a copy addressed to him.  
The Library Committee is discussing including computer education, including e-mail, word processing, and library research, in the Preludes orientation program. BUSINESS TASK FORCE  
David Potts addressed the Senate regarding the 1995-96 budget proposal. He explained that the goal of the Budget Task Force Committee is to prepare a 1 year budget that reflects the long-term goals of the University, including vigorous institutional advancement, increased educational quality, and financial advancement. The members of the Budget Task Force Committee are: administrators Ray Bell and David Potts, faculty members David Droge and Alan Thorndike, staff members Jennifer Hagerman and Lori Blake, and Students Brian Buan and Kim Albee.

Brian Buan and Kim Albee explained the budgeting process. It begins with an invitation to all parts of the University to submit requests. Then the University’s long-range goals and current status are reviewed. Finally, the committee evaluates requests and considers their impact on tuition. ASUPS recommended a maximum tuition increase of 6%, expanding the library and computer labs, increased financial aid, and increased funds for relations with North-end neighbors.

Ray Bell outlined the new budget, a copy of which is included with the minutes. It is important to note that tuition increase is only 6.6% this year, 1% lower than last year. There is a significant increase in faculty and staff compensation due to the hiring of 2 additional faculty members, in keeping with the University’s long-range goals. Financial aid and student employment opportunities will increase. An increase in academic and student services spending is due to increasing study abroad programs and expanding commencement. UPS ranks third under Reed and Whitman for tuition expenses of private institutions in the Northwest, which is consistent with previous years.

Steve Thorndill from the Office of Financial Aid and Scholarships emphasized that the average financial aid award next year will increase proportionately to tuition. Questions or concerns can be brought to the Financial Aid Office. A scholarship bulletin is distributed and posted outside the office in Jones 102. Please pick up applications and turn them in on time.

The probable change of the University’s athletic level to NCAA division 3 will not effect financial aid for currently enrolled students, but would discontinue talent-based athletic scholarships for new students. Dick Ulrich has made a recommendation to accept the new status, and David Potts will be making his recommendation on Monday.

Any individual or group can present commentary regarding the budget to President Pierce until February 8, when she will present the budget to the Board of Trustees for approval.

PRESIDENT’S REPORT  
President Aweida has a copy of the press release regarding the change to Northwest Conference of Independent Colleges athletic status, which reviews Dick Ulrich’s
recommendation. It has advantages and disadvantages for students. This needs to be included in the Liaison Report to inform students.
A student's apartment burned down over the break. Senator Swanson will start a drive to help her. This will be included in the Liaison Report.
Senator Duffield has begun to revise the Senate by-laws. Senators input is welcome. Governance Committee will need to meet soon to review the by-laws.
Please approach President Aweida with any questions regarding the restructuring of elections.
President Aweida attended a luncheon today regarding the new combination of the counseling and health centers into a Wellness Center.
Kids Can Do presented President Aweida and Vice President Davis with a plaque in appreciation of assistance provided by ASUPS.
President' Aweida will be meeting with President Pierce tomorrow. Please notify him of any concerns.
President Aweida expressed appreciation to Senator Duffield for covering the Curriculum Committee in Kim Gonzales' absence.

VICE PRESIDENTS REPORT
While it is not specifically stated in the by-laws or constitution, it has been determined that Senator Le's term will expire at the new elections, and a new Senior Senator will be elected while Senator Chamberlin will continue his appointment throughout the year.
The elections schedule has been revised. The meeting January 29 will be at 9pm, not 5pm as originally planned. Residence hall speeches will be given February 8 in the cellar at 7:30pm following the RHAC retreat. Free breadsticks and drinks will be available. The open forum in the Great Hall has been canceled, and the Rotunda was unavailable that evening. Attention will be focused on used of The Trail and KUPS.
The Elections Committee decided not to allow the use of campaign buttons that some candidates have been distributing, due to a rule in the by-laws limiting advertising to signs and fliers. The purpose of this rule is to guarantee fairness and equality for all candidates campaigning. Senator Duffield pointed out that Article 4, Section 4 of the unrevised by-laws specifies the reprimands for failing to observe these rules.
Approximately 20 people have signed up for elections.
Senator Bahrman applauded the elimination of the open forum.

The Chair amended the orders of the day to accommodate a number of people representing Campus Music Network.

NEW BUSINESS
A motion to accept Docket #9386, Campus Music Network CD Request, was made and seconded.
There was a lengthy discussion regarding the proposed allocation of $2500 to CMN. Brian Best, CMN Director thanked Finance Committee for recommending the $2500, but stated that this amount is $500 less than the minimal funding needed to complete the project. Best and members of CMN appealed to Senate to contribute the additional moneys. Best outlined several reasons for ASUPS to support CMN with the additional $500, including the increase Cellar revenue and awareness on account of the Cellar music series, student participation and enjoyment of the music provided by CMN, CMN's support of other ASUPS sponsored events at their concerts, and the success CMN has enjoyed over the last 2 years. Senators' suggestions of charging participation fees for bands on the CD, raising money through sponsors, or other means of raising funding were disagreeable to CMN members, as the members felt their music was the only effort that
should be required of them. Vice President Davis suggested that CMN sell their CDs for $6 rather than $5 to offset the $500 lack of funding.

Senator Bahrman called the question.

The Docket passed, with Senator Duffield abstaining.

Senator Swanson moved to allocate an additional $500 to CMN in accordance with a raise in the price of their CD from $5 to $6.

NEW BUSINESS
A motion was made to accept Docket #9406, New Club Recognition.
Senator Duffield proposed a friendly amendment striking Catholic Campus Ministry and Mortar Board from the recognition due to the absence of their representatives. 
There was a discussion regarding the proposed amendment. 
Vice President Krejci had not received a response from Catholic Campus Ministry or Mortar Board, and thus had not informed them that they should attend Formal Senate. It was determined that student representatives need not be present in order to recognize a group. Senator Duffield suggested that their presence at Formal Senate would make them more accountable to ASUPS and proposed that their recognition be passed at Tuesday’s meeting. Representative Johnson advised against this, as they have no responsibility to ASUPS other than as a student organization.
Senator Price moved to vote on Docket #9406. Senator Kupferman seconded the motion.
The docket passed with Senator Duffield in opposition and Senator Kupferman abstaining, recognizing Catholic Campus Ministry, Mortar Board, and United Methodist Student Fellowship as new clubs.
A motion was made to accept Docket #9407, ASUPS standing committee and faculty committee appointments.
Vice President Krejci made a friendly amendment to add Denise Aulton and Andrew Baldwin to the Off-Campus Committee.

The Trail budget of $22,150 passed with Senator Hiranaga abstaining.
The internal allocation of $54,100 passed unanimously.

There was a discussion regarding the Business and Administrative Expenses budget. It was determined that there is a need for increased accountability for executive summer travel, not due to doubts of executive loyalty but to improve the system of checks and balances. Representative Johnson noted that the summer retreats are nationwide conferences of student government officers that are of great benefit to our officers. Senator Kiehl suggested that the first step in executive accountability should be inviting the Chair to President's Council. Senator Kiehl noted that he would be available to meet during the summer. Vice President Krejci explained that only two President's Councils have been held thus far, and the council intends to invite the Chair in the future. It was suggested that summer travel should be funded by a docket based on an estimation of previous conference expenses, but expenses have not yet been determined. According to tradition, executive summer travel expenses have been covered by the roll-over.

The floor was yielded to Thomas Bahrman, who stated that the by-laws give executives the discretion to appropriate summer travel funding. He recommended writing a docket allowing executives to attend their annual summer conference without allocating funds.

The question was called.

The Business and Administrative Expenses budget of $11900 passed unanimously.
The Service Expenses of $8055 passed unanimously.
The Conference and Contingency fund of $38,179 passed with Senator Kupferman abstaining.
Senator Chamberlin moved that Senate accept Docket #9048, tabling line items for Outhaus, DANCES, and Special Events until the next meeting due to their lack of representatives.

Subject: complaints from within the office.

It has been brought to my attention that there have been several complaints, rumors, and falsities brought against me. I would like to address those in question of my ability, integrity, performance, attitude and ethic. This is the problem however, I do not know who to respond to. I have only received word from my supervisor, Serni Solidarios, about these "complaints" from various people. It would make my life a lot easier and a lot more free of stress if I were to hear from the originators of the complaints. This way I can correct what has apparently gone wrong. If possible please contact me to discuss these problems in person immediately.
