TAMANAWAS 1983

When an Indian youth was ready to enter manhood he went into the woods, alone, and fasted. After days alone, thinking and praying, he saw some creature — or thought he saw it — which seemed of special significance. And the spirit of that creature became his TAMANAWAS — a link between himself and the spirit world. He did not speak of this spirit to others. It was there to sustain him all his life.

Students — Who are we? 3,000 crazy kids from around the world. Then you ask, what are we doing here? Don’t know, to tell you the truth. A long time ago, a short little man with a bow told us something about an education, or was an opportunity for a life-time. Since then, we’ve been sitting in rooms with a lot of other crazy kids listening to a crazy kid who, incidentally, thinks he’s an adult, but we all know he’s just faking it. He tells us about all kinds of things we don’t have to know. Most of us don’t know what we’re doing here; we’re just going through the motions. I don’t know what happens when we get out of here, someone said something about being in the real world and getting a job... if you know anything about it, come tell us, the students here need some extra help!

All I know is that it’s fun and I’m enjoying it and I’ll worry about the real world when I fill it.
Dorm Life

“Turn it down! I have an eight o’clock class!” It’s the joys of waking up to someone else’s alarm or the daily party in the bathroom. You know you’re living in the dorm when you walk in on your roommate and her boyfriend; “Uh, oops, excuse me!”. Dorms do have advantages though. It’s a great way to meet people, and don’t forget the outrageous party on the third floor! A feeling of unity develops within the dorm, giving you a list of friends to invite to your house warming party when you move out.
Greek Life

Yea, they're the ones who live across the street in the mansions... It's just another way to experience UPS. The fraternities' living rooms are always smelling like beer, and the sororities are always functioning, grouping and re-grouping people.

Greek life offers yet another "Opportunity of a lifetime," engaging it's members in all sorts of programs ranging from Big Brother, and Big Sister, community projects, social functions, leadership opportunities and more.

There are six fraternities; Beta Theta Pi, Kappa Sigma, Phi Delta Theta, Sigma Alpha Epsilon, Sigma Chi and Sigma Nu. The six sororities include; Alpha Phi, Delta Delta Delta, Gamma Phi Beta, Kappa Alpha Theta, Kappa Kappa Gamma, and Pi Beta Phi. So slip into your penny-loafers and izods and "Rush" across Union Ave!

“What was the gas bill this month?, one hundred dollars! You have got to be kidding me, what did you do, leave the hot water running all month, get real! no way... what’s for dinner anyway, macaroni and cheese, again? I should have gotten a full meal plan living with you. But in the long run, it pays off. It’s great having a room to yourself to breathe in. The house warming party was great, it would have been even better if the toilet had gotten fixed in time... It gives you a sense of responsibility to have to pay your own bills and cook your own food. But sometimes you wonder if living in the dorm wasn’t a lot easier...
ASUPS is the acronym used to represent the Associated Students of the University of Puget Sound.

ASUPS Student Government Organization exists to enhance student life by providing numerous forms of student activities and programs, and to represent student concerns by providing a liaison between the student body, and the University Board of Trustees, Administration, and Faculty. Our student governmental system exists of three branches: executive, legislative, and judicial. Each year the ASU governing body has the responsibility of budgeting and dispersing student fees to fund activities, programs, and the ongoing concerns of the student body. This year’s budget is approximately $225,000.

The yearbook has always been produced by students, for students. PICTURE YOURSELF was designed so students could freely express themselves in a way which they wished to be seen. All those who "pictured themselves" had a hand in making the 1983 TAMANAWAS their yearbook.
The Chinese Magic Circus

On September 24 the Chinese Magic Circus of Taiwan dazzled a Fieldhouse audience with incredible feats of acrobatics and physical endurance. The color, gymnastics, and tricks combined to create a magical and exciting evening for everyone.
Homecoming

Homecoming 1982, "Tac-Sea to Seattle," got off to a great start with the Songfest and Dance at the Seattle Center House. Those in attendance cheered "Yoda," and a creative number from an unexpected entrant — the Dean of Students. After the Songfest, No Cheese Please played in the carnival-like atmosphere. The evening was filled with clowns and balloons, and a good time was had by all. The weekend ended on a winning note as the Loggers beat Simon Fraser in the Big Game.
Showcase and Cellar

Entertainment presented by Showcase and The Cellar brightened up the lunch hour with music and flair almost every week. Pictured on these pages are: Uncle Bonsai, the Frank Wakefield Band, and Terry Lane.
Halloween

When Halloween weekend descended on the UPS campus, normal students were transformed into monsters, goblins, and ghouls (among other things!). There were costume dances in both the Cellar and Tenzler Hall on Friday, and on Saturday the Cowboys rode into the Great Hall to rock for the disguised crowd. This Halloween included the usual carved pumpkins, as well as candy-filled Trick or Treat bags, "the Shining", and lots of scary fun.
The Heats

Seattle's hottest band came to U.P.S. on September 25 and played to an enthusiastic Great Hall crowd. The Heats, one of the most popular bands in the Northwest, have two albums to their credit. Those in the SUB that night heard many of their old and new songs, most of which were written by the band members themselves, including the favorite, "I Don't Like Your Face."
Lectures

There are many sources of information at UPS, but sometimes the best resource can be the human mind. U.P.S. students are fortunate to be able to draw from the experiences and knowledge of guest speakers who appear on our campus. Perhaps one of the most popular speakers was Dr. Timothy Leary, best known for his experiments with hallucinogenic drugs during the 1960's.

Shortly after the Israeli forces moved into Lebanon, ASUPS hosted two lectures, one from each side. Dr. Hatem Hussaini, assistant PLO observer at the U.N., spoke for the Palestinians, and Dr. Daniel Pattir represented the Israeli point of view. The lectures were informative, giving both Palestinian and Israeli thoughts on the struggles in the Middle East.
Mistletoast
a Christmas Celebration

Christmas 1982 was celebrated in grand style at UPS. The evening included the traditional tree-trimming in the Great Hall, followed by carols by a children's choir, cookies, and cocoa. Later, the Twilight Zone Players entertained in the Snack Bar, while "Scrooge" played upstairs. The evening was topped off by a barbershop quartet and a big band dance that was enjoyed by all.

Mistletoast — a first time ever event is hoped to be an annual event — Sponsored by Showcase Special Events and Campus Films.
Danceworks Northwest

Danceworks Northwest delighted their Inside Theatre audience last November with their innovative style. The troupe, founded by former members of the First Chamber Dance Company, is well-known for its effective and entertaining combination of classical and modern dance techniques.

The company also treated UPS students and faculty to a dance workshop, to demonstrate the various techniques involved in dance, and to provide help and advice to young dancers.
Winterfest 1983 was a hot success for 300 attending UPS students. The weather conditions at Snowqualmie Summit let skiers enjoy a full day and night of fun in the snow. A local Seattle band, The Allies, rocked the mountain to end the festivities with a late night dance.

Since 1983 was the first successful Winterfest in three years, we hope to add this activity to the long list of UPS traditions.

Hamilton Jordan —
"The Carter Years"

Former White House Chief of Staff Hamilton Jordan made his first appearance at U.P.S. in January. Jordan has been heralded as one of today's best political strategists, and he shared with his Tacoma audience his brilliant and creative view of the American political scene.
Dick Gregory

Author, comedian and human rights activist. Dick Gregory spoke in Kilworth Chapel in February, sponsored by Lectures and the Black Student Union. Gregory is well known as a participant in demonstrations for human and civil rights, as well as the first black comedian. Gregory's lecture left his audience both laughing and crying with his combination of humor and concern for human suffering.
The Preservation Hall Jazz Band

New Orleans style jazz was performed with style at this Cultural Events/TCC sponsored concert. Its members are in the 60's, 70's and 80's, but the Preservation Hall Jazz Band still exudes the traditional spirit of New Orleans Jazz.

Staff

The department that keeps most of the student body functioning, the Food Service, is one of the hardest working and least appreciated groups on campus. While the food they serve may not be quite like Mom's, it is most often good and always nutritious. The staff works very hard, and takes pride in what they do. One has only to be present throughout the course of a few meals in either the SUB or Union Avenue Kitchen to fully appreciate the Food Service staff — their work and dedication.

Department of Administration

At UPS, the Department of Administration is both the throne and the power behind the throne. Led by Philip M. Phibbs, University President and David Dodson, Dean of Students, the Administration is the group who can be credited with the increase in the quality and quantity of the student body and the increasing funds available to students for school. They do their job, administering to the University, efficiently and effectively.

SPTA
While many groups bemoan the apathy of today's youth, the Aerospace Studies Department is not one of them. The present freshmen and sophomore classes in this department are noted for their enthusiasm and interest in the programs. Fostering this interest is the Aerospace faculty, with the new professor of Aerospace Studies Colonel Pavlu adding a very professional touch. The ROTC units are enjoying this upsurge of interest, having activity nights and parties to utilize and increase group spirit. The new policy of uniforms all day Tuesday brings pride to the department and respect from the UPS community.

Welcome Class of ’83

The students pictured here are all in their 50's. They were undergraduates for just a few brief years, filled with many memories. During the three decades since, they have been members of the U.P.S Alumni Association, which has been providing services and activities for over 20,000 alumni since 1900. Membership for a lifetime is automatic and provides alumni with an ideal opportunity to stay involved with the University, as well as to keep track of one another.

We look forward to your participation in the years to come.
