When an Indian youth was ready to enter manhood he went into the woods, alone, and fasted. After days alone, thinking and praying, he saw some creature — or thought he saw it — which seemed of special significance. And the spirit of that creature became his TAMANAWAS — a link between himself and the spirit world. He did not speak of this spirit to others. It was there to sustain him all his life.

The Students

Students — Who are we? 3,000 crazy kids from around the world. Then you ask, what are we doing here? Don’t know, to tell you the truth. A long time ago, a short little man with a bow-tie told us something about an education, or was it an opportunity for a life-time. Since then, we’ve been sitting in rooms with a lot of other crazy kids listening to a crazy kid who, incidentally, thinks he’s an adult, but we all know he’s just faking it. He tells us about all kinds of things we don’t have to know. Most of us don’t know why we’re doing here; we’re just going through the motions. I don’t know what happens when we get out of here, someone said something about being in the real world and getting a job… if you know anything about it, come tell us, the students here need some extra help!

All I know is that it’s fun and I’m enjoying and I’ll worry about the real world when I finish it.

"Turn it down! I have an eight o'clock class!" It's the joys of waking up to someone else's alarm or the daily party in the bathroom. You know you're living in the dorm when you walk in on your roommate and her boyfriend; "Uh, oops, excuse me!". Dorms do have advantages though. It's a great way to meet people, and don't forget the outrageous party on the third floor! A feeling of unity develops within the dorm, giving you a list of friends to invite to your house warming party when you move out.
Greek Life

Yea, they're the ones who live across the street in the mansions...

It's just another way to experience UPS. The fraternities' living rooms are always smelling like beer, and the sororities are always functioning, grouping and re-grouping people.

Greek life offers yet another "Opportunity of a lifetime," engaging it's members in all sorts of programs ranging from Big Brother, and Big Sister, community projects, social functions, leadership opportunities and more.

There are six fraternities; Beta Theta Pi, Kappa Sigma, Phi Delta Theta, Sigma Alpha Epsilon, Sigma Chi and Delta Nu. The six sororities include; Alpha Phi, Delta Delta Delta, Gamma Phi Beta, Kappa Alpha Theta, Kappa Kappa Gamma, and Pi Beta Phi. So slip into your penny-loafers and izods and "Rush" across Union Ave!

"What was the gas bill this month?, one hundred dollars! You have got to be kidding me, what did you do, leave the hot water running all month, get real! no way... what's for dinner anyway, macaroni and cheese, again? I should have gotten a full meal plan living with you.
But in the long run, it pays off. It's great having a room to yourself to breathe in. The house warming party was great, it would have been even better if the toilet had gotten fixed in time... It gives you a sense of responsibility to have to pay your own bills and cook your own food. But sometimes you wonder if living in the dorm wasn't a lot easier..."
ASUPS is the acronym used to represent the Associated Students of the University of Puget Sound.

ASUPS Student Government Organization exists to enhance student life by providing numerous forms of student activities and programs, and to represent student concerns by providing a liaison between the student body, and the University Board of Trustees, Administration, and Faculty. Our student governmental system consists of three branches: executive, legislative, and judicial. Each year the ASU governing body has the responsibility of budgeting and dispersing student fees to fund activities, programs, and the incoming concerns of the student body. This year's budget is approximately $225,000.
