University of Puget Sound
Tacoma, Washington
That time of year thou mayst in me behold
When yellow leaves, or none, or few do hang
Upon those boughs which shake against the cold,
Bare ruined choirs, where late the sweet birds sang . . .

Shakespeare
... Man is the shuttle,
to whose winding quest
And passage through these looms
God ordered motion,
but ordained no rest.

*Henry Vaughan*
There are moral, metaphysical, physical professors; Professors of languages, of history, of mathematics, Of experimental science . . .

*John Henry Newman*
. . . the wise man looks into space,
and does not regard the small as too little,
nor the great as too big;
for he knows that there is no limit to dimensions.

Lao-tse
But the artist appeals to that part of our being which is not dependent on wisdom; to that in us which is a gift and not an acquisition—and therefore, more permanently enduring.

*Joseph Conrad*
From harmony, from heav'nly harmony,
This universal frame began:
When Nature underneath a heap
Of jarring atoms lay,
And could not heave her head,
The tuneful voice was heard from high,
"Arise, ye more than dead . . . ."

John Dryden
... Read not to contradict and confute, 
   nor to believe and take for granted, 
   nor to find talk and discourse, 
   but to weigh and consider. Some books are to be tasted, others to be 
   swallowed, and some few to be chewed and digested...

_Sir Francis Bacon_
Each Life
Converges to some Center—
Expressed—or still—
Exists in every
Human Nature
A Goal—
Behold the life at ease; it drifts.
The sharpened life commands its course.

George Meredith
Sometimes with secure delight
   The upland hamlets will invite,
When the merry bells ring round,
   And the jocund rebecks sound
To many a youth and many a maid
   Dancing in the chequered shade,
And young and old come forth to play
On sunshine holiday,
Till the livelong daylight fail . . .

*John Milton*
If I should lose, let me stand
by the road
And cheer as the winners go by!

*Berton Braley*

LEADERSHIP
President Thompson

Dr. R. Franklin Thompson has been President of the University of Puget Sound for twenty-five years. In 1942 he came to this responsibility as the youngest university President at that time. In the intervening years the University of Puget Sound has become widely known for its academic excellence. Each year a major building has been added to the campus facilities and the Endowment Fund has been quadrupled. In these past twenty-five years Dr. Thompson has personally raised more than sixteen million dollars for the university. The R. Franklin Thompson Science Complex now nearing completion is the largest single building project in the school's history.

Dr. Thompson, a native of Nebraska, graduated from Nebraska Wesleyan University. He did graduate work at Drew University where he earned a Bachelor of Divinity degree, a Master's degree and a Ph.D. degree. While at Drew he received a graduate fellowship to Oxford University where he studied at Mansfield College and later at the University of Zurich in Switzerland.

W. DESMOND TAYLOR
Head Librarian

JACK MAGEE
Registrar
ASUPS President

As a student of this University you are made aware of many things, all of which will prepare you for your future role in society. The degree of participation you display in your undergraduate years, whether it be in academic, social or athletic affairs, will directly affect your later success.

Student Government will make available to you one area of such participation. In its desires to present further programs to the student body, to stimulate interest where it is needed, to supplement the academic, social and athletic fields, the ASB gears its programs to include as many University students as possible. By participating, you will make use of the outlets provided for furthering your practical education.

The Artist and Lecture Program, whereby the students are provided with "big name" entertainment, are exposed to top political issues and are introduced to a variety of fields through lectures by visiting professors, is entirely administered by the student body. Students are chosen each year to head committees for the annual events sponsored by the Student Government; Homecoming, Spring Weekend, Publications and Christmas ‘Round Campus are just a few of these events.

There is a close cooperation existing between Students, Faculty and Administration at UPS which makes possible the successful Student Government programs. Only through your added contribution can the existing life of the University continue to be rewarding for all. Those before you who have laid the cornerstones but they need the work of those who follow to build a strong base for growth.

This university community provides you with an opportunity to build your confidence and to become a good citizen and only through active participation can these ideas be realized by you.

Bill Y. Brown
A.S.B. President
1966-67 Officers

The Associated Student Body officers have the responsibility of managing the entire ASUPS; to see that it is run smoothly and to the wishes of the student body as a whole.

Bill Brown’s duties as president were to serve as chief executive of the ASUPS organization and to preside over all Central Board meetings. The president oversees the budget and the Artist and Lectures Committees. The president also maintains appointive powers subject to the approval of Central Board.

As first vice president, Marcia Burdette was chairman of the Publications Committee, the Elections Committee, and the Artist and Lectures Coordinating Committee. The first vice president also helps compile the budget and is responsible for printing the Log Book.

The duties of the second vice president, Clay Loges, were to serve as chairman of the Student Affairs Committee, as a member of the Publications Committee, and as director of the ASUPS budget. Clay, who was elected to serve as president next year, was also responsible for the printing of the Logger Ledger and the Social Calendar.

Cookie Riutta, as executive secretary, was responsible for keeping accurate records of all ASUPS proceedings and to perform the duties of a secretary.
1966-67
Central Board

Student government at the University took another step toward increasing student awareness and more meaningful expenditure of student energy.

The Student Used Book Association sold unwanted texts at low prices to fellow students. It proved a beneficial success during spring registration. The non-profit exchange won unanimous Central Board approval, with the Delegates-at-Large handling planning and operation.

Ideas regarding Central Board, the ASUPS, and the "University Community" as one united body were introduced during the Fall Leadership Conference. Improving student publications, the Artist and Lecture program, and interrelations among the administration, faculty and student body were discussed.

For the second year, ASUPS raised sufficient money to build a school in an underprivileged area of the world, increasing the educational opportunities for its people. This was directed by the Sophomore Class Council.

In an effort to improve communications, it was proposed that a carrier-current radio station be established with reception in all living areas on campus.

The most controversial topics of discussion involved tuition increase and reduction of the academic load to 15 hours. A mutual understanding of these issues was aided by an informal meeting of students, administration, and faculty members in the home of R. Franklin Thompson, President of U.P.S. Members of the administration attended CB meetings to explain reasons behind the issues and to assimilate student reactions. Each challenge that is met by Central Board is a progressive step toward maturity and responsibility citizenship.

EMILY BREITENSTEIN
Freshman Class Council

The Freshman Class Council serves as a means of communications between members of the freshman class and the student body. With representatives from each living group, it decides on a Freshman Class project. 

Sophomore Class Council

The Sophomore Class Council worked mainly toward completing their school-to-school Peace Corps project. Representatives were Standing L-R: Chris Huss, Mike Wood, Kathy Coplan, Sandy Browning, Nancy Cooper, Marilyn Minnitti, Helen Whitford, Laurel Call, and Richard Service. Seated L-R: Sophomore Senator Ralph McEwen, Marilee Puckett, Jim Rudolph, and Susie Phemister.
Panhellenic

Seated L-R: Cookie Riutta, Janie Nelles—president, Karyl Krah;
Standing L-R: Betsy Finch, Nancy Hall, Karen Bagne.

Interfraternity Council

Elections

Elections Committee sets up rules and regulations for campaigning during ASB elections. Pictured are L-R: Dr. Paul Huppe, Sari Islam, Marcia Burdette, Jill Priest, and Gay Brazas.

Publications

Serves as an advisory committee to the Central Board on matters concerning publications on campus. Standing L-R: Roy Jacobson, Clay Loges, Marcia Burdette, and Bruce Kellman. Seated: Jay Martin.

Finance Committee

Judicial Council has the power to review the Constitution of the ASB and suggest amendments, to decide questions regarding the constitutionality of actions taken by Central Board, and to approve and review the constitutions of various organizations under the ASB rule. Pictured from L-R are: Tom Iverson, Paul Durrand, Sue Rasell, Bob Sprenger—Chairman, Linda Snyder, and Steve Keesha.

Pictured from L-R are: Ramon Payne, Clayiloges, and Mrs. Mary Curran.
Standing L-R: Clay Loges, Virginia Soule, Doug Smith; Seated L-R: Marcia Burdette, Bruce Gladstone, and Dick Schmidt.

Artist & Lecture

Artist Entertainment

Artist Entertainment Co-chairmen Karyl Krah and Rick Couvert

Friday at Four

Friday-at-Four Chairmen Sue Wylie and Virginia Soule.
Academic Lectures

Seated L-R are: Gail Zimmerman, June Howell, Dick Schmidt, Dr. Paul Heppe, Lyle Green, Tom Rock.

Public Affairs Forum
Seven Day Campus provides recreational activities on campus and loans out equipment such as bikes, baseballs and bats, golf clubs, skateboards, tennis rackets, and footballs. Members are from L-R: Dean Ramon Payne, Dave Thomas, Mrs. Dessel Hamilton, and Mrs. Mary Curran.

The candle-lighting ceremony was impressive.

Christmas Around Campus

The Christmas Around Campus Committee planned the Christmas activities on campus. Members are seated L-R: Sandy McGilchrist, Linda Snyder, and Sue George.

Doc T. presented his annual Christmas message.
Spring Weekend Committee plans the activities for spring weekend, such as song fest, and the fund raising Spring Carnival for the all school project. Seated L-R are: Jerry Bassett, Mary Lou Couch, John Enz, and Don Moulton.

Spring Weekend

Student Faculty Relations

Student Faculty Relations Committee is a coordinating committee between the faculty and the students. It makes recommendations to the administration, faculty senate, and the Central Board.

Standing From Left to Right are: Coach Russell Wilkerson, Steve Kneeshaw, Dean Payne, Norman Anderson, Dr. Dewane Lamka, Seated L-R are: Mrs. Dessel Hamilton, Mrs. Joyce Ward, Janie Nelles, Mrs. Mary Curran, and Annie Donahue.
Homecoming Central Committee

Back Row From L-R: Karyl Krah, Annie Donahue, Peggy Drake, Jama Taylor—co-chairman, Barb Souther, Jan Hutson, Sue Bordner, Mary Magnuson; Middle From L-R: Ron McMullen, Rich Nevitt, Doug Smith, Alex Davis; In Front: Mike Hara

Daffodil Float Committee

Committee members are From Left to Right: Chris Huss, Mike Flynn, and Dale Beard.
Who's Who in American Universities and Colleges
The Department of Aerospace studies at the University of Puget Sound was officially organized on July 1, 1951. Its purpose is to select and educate college men to be leaders in the United States Air Force.

Arnold Air Society, a branch of the Department of Aerospace studies, trains men in college to be officers in the Air Force at the time of their graduation.

The Department's members have participated in many activities this year such as the Orphan Christmas party, car washes, and their annual Military Ball.
Art

The Department of Art, under the chairmanship of Professor Lynn Wentworth, offers courses that make available to the student, a degree of Bachelor of Arts, with a major in art or a Bachelor of Fine Arts degree with a major in art or a major in art education, and courses leading to the Master of Fine Arts degree with a major in art or a major in art education.

The students and faculty of the Art Department were featured in many shows this year including the Faculty Art Show which had work done by Bill Colby, Lynn Wentworth, Peggy Mayes, Francis Chubb and Monte Morrison; a Student Show featuring work of Puget Sound students; a NW Artist Show; and a Print Show.
Biology

The Department of Biology seeks to train students to appreciate nature, biological processes, and the usefulness of biological knowledge in every day life. The department also attempts to train in the basic biological sciences for pre-professional subjects such as medicine, medical technology, dentistry, and nursing.
Chemistry

The Department of Chemistry offers either a major in chemistry or an elective curriculum that is designed for students who want a general course in chemistry leading to the degree of Bachelor of Science.

The UPS Chemistry Department has been on the Approved list of the American Chemical Society's Committee on Professional Training for over ten years, the first to be so recognized outside the two large state schools.
The Department of English offers courses leading to both the Bachelor's and Master's degrees. Students have the opportunity to study American English; courses in advanced composition and creative writing.

This year Ralph Corkrum was awarded a Fulbright Scholarship to Finland and Dr. H. P. Simonson, Department chairman was chosen to give the second Regester Lectureship. He entitled his lecture "The Closed Frontier and American Tragedy."
The Foreign Language Department of UPS offers degrees in French, German, and Spanish. Classes are also being given in Japanese, Russian, and Latin.

This department, headed by Dr. Warren Tomlinson, sponsored the "study-abroad" program second semester in Vienna, Austria and also "study-abroad" opportunities are being planned for the summer and next fall.

The present foreign language classes train students in both speaking and reading the languages.
Geology is the application of Biology, Chemistry, Mathematics, and Physics to the study of the earth. A student who majors in Geology must have a thorough understanding of the principles of these fields in addition to those of Geology.

The program of a Geology major consists of one-third of other areas of science and mathematics, and one-third social studies and humanities.

The Geology Department has sponsored many field trips this year for its students and for other interested students.

The Department is also making preparation for moving into the new science complex, where they will have the opportunity to expand into needed space.

Speaking to the Geology classes from the University of Oregon was Dr. J. Arnold Snotwell on "vertebra paleontology". He spoke to all Geology sections.

Dr. Lowther, is this year completing his term as president of the Pacific-Northwest section of the National Association of Geology Teachers.
History

The Department of History offers courses in American and European history, with also a large range of courses in Far East history, Latin American history and Middle Eastern history. Dean Robert Bock has headed the history department’s competent staff who have taught these many areas of specialization.

Many of the graduates of the history department go on to graduate school then teach at the university level, while others go into such positions as the Peace Corps or an embassy position.
Home Economics

The student who majors in Home Economics has the opportunity to earn a degree of Bachelor of Arts in Home Economics or a Bachelor of Science in Home Economics.

Pi Phi Nu and the Home Economics Club sponsor a series of seminars during their weekly meetings.

In May was awarded the Helen Meyer Scholarship for an outstanding Home Economics student, and also was given out the outstanding senior award.

Other activities included the Mum sale and the Home Economics workshop in Ellenburg, Washington.

Math

The Mathematics Department offers both a major and a minor in mathematics. The students of this department usually go on to graduate school or teach at the high school level.
Physical Education

The Physical Education Department has been proud of many of its graduating members and one of the outstanding members was Joe Peyton, who was chosen "Little All American" in football. In honor of this, University of Puget Sound had a Joe Peyton Day.

Physics

The Physics Department, under the chairmanship of Dr. Martin Nelson offers a Bachelor of Science with twelve extra upper level hours, a Bachelor of Arts, and a minor.

The staff is also making ready to change place of residence from Howarth Hall to the R. Franklin Thompson Science Complex, which is near completion.
Political Science

Political Science has been used as a supplementary course for such courses as history, economics, philosophy, psychology and sociology and has been a course that may act as a foundation for many courses of study.

A major in political science can be earned in these three areas; a general political science program; a special program in international relations; a special program in public administration.
Psychology

Psychology, the study of the human mind and human behavior, can be a supplemental basis course for almost any major offered at the University of Puget Sound.

The Psychology Department offers a Bachelor of Arts and a minor in Psychology.

Library

The Library Department is Chairmaned by head librarian, Desmond Taylor.

This year the library has made an effort to improve the facilities of the library and improve the “missing book” situation. With the new entrance arrangement to control the library material going in and out, the amount of material on hand has increased over the preceding years.
Religion

The Department of Religion offers a major in religion and also specialized classes for those preparing to enter religious education fields such as Old Testament history.

The department's purpose in their introductory course, which is a requirement to graduate from the University of Puget Sound, is to bring a student perspective of the religions of the world into his view.

Of the students graduating in religion, many will go on to careers as missionaries or with the church of their choice to teach.

Philosophy

A background of philosophy gives a student a foundation for such careers as theology or law. The largest number of students attend its lower level classes of introduction to philosophy, logic, and history of philosophy. These classes serve as a general education for such areas of study as psychology, sciences and sociology.
Sociology

Over fifty per cent of all graduating seniors in the field of Sociology go on to graduate school. With the ratio this high the preparation for graduate school must be complete and each graduating senior is required to write a senior thesis and make an oral defense of this thesis.

The Department of Sociology offers a Bachelor of Arts degree and a minor for background in future careers of criminology, social welfare casework, public welfare research work, and social psychology.
Speech and Drama

The Speech and Drama Department of the University of Puget Sound has produced many successful plays and reading recitals this year, including the "Frosh One-Acts" and the Homecoming Play, "The Fantastics."

The department offers a Bachelor of Arts and major areas including Public Speaking, Speech Sciences; Drama, Radio, and Television; and Interpretation of Literature.
The School of Education has set its standards high for admission with a required G.P.A. of 2.25 to be admitted and a required 2.50 G.P.A. to graduate in all required courses for majors and minors.

Students who complete their teacher education are qualified to teach in all states. This complete program of education provides students guidance and instruction in all matters pertaining to teacher certification.

The Education School offers a Washington Standard Certificate after four years; Bachelor of Education after fifth year; and Master of Education.

Education Program Highlights:
- Washington Standard Certificate
- Bachelor of Education
- Master of Education

Faculty Members:
- Darlene Allen
- Tom Anderson
- Joseph Dolan
- Ed Gibbs
- Beth Griesel
- Milt Hoyt
- Dewane Lamka
- Ray Powell
- Candice Ackerman
- Sonna Alexander
- Jake Anderson
- Barbara Auguston
- Harry Bailey
- Ruthella Bee
- Nancy Blank
- Vicki Brown
- Kenneth Brownlee
Music

The Department of Music is headed by Dr. Bruce Rodgers.

The well-known Adelphian Concert Choir has been traveling this year on tour through Washington, Idaho, Montana, and Salt Lake City, Utah. The group has forty-four members this year.

The smaller group, University Madrigal Singers, with fourteen members, sang five Christmas concerts and a television show. They also presented the comic opera, "The Melting of Molly" by Dr. Leroy Ostransky of the music faculty.

The new feature of the Music Department this year was the Faculty Artist Concert series featuring concerts by members of the music faculty.
Mrs. Waggoner instructs O.T. student in woodworking with a jigsaw.

School of Occupational Therapy

The students of Occupational Therapy seek to develop an understanding of interpersonal relations and human behavior with their underlying meaning in addition to the therapeutic techniques.

The UPS Occupational Therapy School received accreditation in 1947 and has clinical affiliation in hospitals and clinics.
Business Administration and Economics

The School of Business Administration and Economics prepares a student in the principles of organization and management fundamental to the administration of any business enterprise.

The department is now enjoying its first year in the new Business Administration building, McIntyre Memorial Hall.
Senior Activities

- A -

ABEL, GEORGE: B.A. in Education Administration.

ACKERMAN, CANDICE: Oregon City, Ore.; B.A. in Education; Treasurer of Alpha Phi Beta Society; Alpha Phi Sorority and officer; U.E.A.; Who’s Who; Spring Weekend Co-Chairman.

Zitka, Patricia: B.A. in Business Administration; Tacoma, Wash.
Division Directors

Dr. Robert G. Albertson and Dr. Robert D. Sprenger have been named to new positions as division directors in the academic organization of the university. Dr. Albertson will head the Humanities Division and Dr. Sprenger the Natural Science Division.

The new directors will report directly to Dr. Robert Bock, dean of the university, who will also serve as acting director of the Social Science Division.

The three divisions represent every academic area except the professional schools (education, music, business, and occupational therapy). Curriculum integration at the division level will give the benefits of both general education and specialization for a career or graduate study.

Dr. Robert G. Albertson

Dr. Robert D. Sprenger
Dr. Warren Tomlinson accompanied the twenty-seven students participating in the Junior Semester Abroad program during their European studies. At the start of the spring semester the group left Seattle-Tacoma Airport by jet for a one week each stay in London, Paris, and then Rome. The remainder of the semester was spent studying in Vienna.
Sophomore Honors Colloquium for integrated study discussed the subject matter for their future papers with Dr. Leroy Ostransky.

Honors Scholars

Membership in the Honors Program is a distinction claimed by approximately 150 students at the University of Puget Sound. Freshmen and sophomores meet every Wednesday afternoon and engage in conversation groups (called colloquia) and dinner meetings where a variety of programs expose them to greater breadth in their general education. Juniors are apt to be away from the campus in Vienna or on an exchange program with another college. Seniors are in the library with an idea, enjoying the freedom of independent research. Twice a year, all honor students meet at the All-Honors Banquet.

Membership in the program is limited to ten percent of each class as selected from a larger group of freshmen admitted with Honors at Entrance. Nominations are made at the end of the first semester by faculty members on the basis of classroom performance as well as the results of personal interviews and the student’s own initiative. Once designated an Honors Scholar a student remains in the program as long as he wishes.

Whether on the football field, in the library, by the Danube, or on tour with the Adelphians the Honors Scholar is trying to combine both learning and living, both satisfaction and responsibility, and both personal knowledge and social concern for the sake of his own education and the expanding community that claims him as a citizen.
The Freshman Social Science Colloquium enjoyed discussing various historical controversies with Prof. Spencer Stokes.

Prof. Earl Scott and Freshman Honor Scholar Scotty Smith contrasted the views of Calvin and Nietzsche in an informal colloquium held in the professor’s home.
ACTIVITIES
After fraternity and sorority rush was completed, the complicated process of registration began once again. Long lines and confusion existed, but the Spurs were on hand to direct the freshmen to the card center, then to the Cashier, and finally out the door with their beany and a copy of the Trial.

Registration
Stock Show

September 25 was the date of this year’s Panhellenic Pledge Reception. The purpose of the reception is to introduce the new sorority pledges to parents, friends, and to the men on campus.
Homecoming Sixty-Six started off with the traditional Hootenanny. The next event that took place was the presentation of Glenn Yarbrough by the U.P.S. Artist and Lecture Series. This concert was well attended and enjoyed by the student body as was the third annual performance of the Olympic Jazz Band. During the intermission of Glenn Yarbrough's performance, this year's Homecoming Queen and King, JoAnn Poulsen and Greg Leuhrs, were announced.

Queen JoAnn is majoring in education, and is a member of the Alpha Phi sorority.

King Greg is an Independent and is majoring in pre-dentistry.
The Fantasticks was the Homecoming play presentation this year. It was a joint effort of the School of Music and the Department of Speech and Drama. "The Fantasticks grabs people with a lot of sugar and spice, but it ends up by saying some very incisive things about life," said Professor Manning. "It asks the same questions as the book of Ecclesiastes and even the New Testament as it considers the problem of evil."

The cast included: Jim Lyles, Raeder Anderson, Judy Markham, Roy Wilson, Dave Busse, Rick Cook, John Getz, and Craig Haines. The play was directed by Thomas Manning, and Tucker Keiser directed the musical portion of the play.
The Fantasticks
Homecoming Week included activities involving nearly all of the students of U.P.S. The second annual Trike Race, won by Todd Hall and the Tri-Delts, created much enthusiasm. The Torchlight Parade was attended by several hundred students. The Royalty and spectators toured the living groups' displays by torchlight, after attending a spirit raising bonfire.
The Game Approaches

Preceding the homecoming game with Lewis and Clark, truck loads of U.P.S. students drove through downtown Tacoma in the annual Spirit Parade. The long anticipated game ended with Lewis and Clark winning 19-17, after a halftime lead by U.P.S. of 17-0.
Jean Fenn

The UPS—Tacoma Symphony and UPS Artists and Lectures Series jointly sponsored the appearance of Metropolitan Opera soprano Jean Fenn. Her program included many well known operatic selections. The orchestra was conducted by Edward Seferian.
Dr. Harold P. Simonson, chairman of the UPS English Department, was chosen to give this year’s John D. Regester Faculty Lecture. The title of the lecture was ‘The Closed Frontier and American Tragedy.’ The lectureship was established last year to honor the service of Dr. John D. Regester, past dean of the university and graduate school.

Fijis Go Na

A toast to Tau Omicron Chapter at the initiation banquet.
Starting fall semester as colony members and ending it as brothers in Tau Omicron chapter of Phi Gamma Delta, the UPS Fijis faced a full year.

The year began with a triumph at the third annual rush banquet as Director of Admissions Larry Stenberg, who has been instrumental in the growth of the colony, read the telegram from the delegates at the national convention announcing the unanimous approval of Tau Omicron chapter. "Walk with pride!" it ended. Following this advice, the brothers took a pledge class outnumbering the initiates by four men.

The PhiGams were still the smallest house on campus, but actives started the year with such honors as best actor, outstanding speaker, ASB yell king and second vice president of the student body, plus men in every major sport and activity. Joint effort brought Fijis second place in Homecoming display, third in spirit, and a first place tie in swimming intramurals.

The biggest effort of the year was spent towards the installation weekend. National officers and Fijis from all over started pouring in on November 10 for the pledging ceremony and an informal get-together. The next morning saw the achievement of that long-awaited goal—full membership in the fraternity. The evening was topped off by one of the best social events of the year, the PhiGam banquet and Grand Ball.

Walk with pride? You bet!
Winter Play

"The Good Woman of Setzuan"

The University Players presented "The Good Woman of Setzuan" for the winter play this year. The play was a parable about the workings of good and evil within the human personality. The cast included: Pat McKennan, Bruce Gladstone, John Getz, Bob Countryman, and Rick Cook. The play was directed by Mr. Thomas Manning.
Dr. Phillips gave a Christmas Story.

Mr. and Mrs. Santa Claus arrived.

Dr. Thompson led the candlelighting ceremonies and Christmas carols.
Christmas Around Campus

This year's Christmas around Campus activities began with the lighting of the Christmas trees in front of Jones Hall and ended with the annual Christmas Banquet, which featured a program by the Madrigals, Dr. Phillips presenting the Christmas Story, a message from Dr. Thompson, and a surprise visit from Mr. and Mrs. Santa Claus. Freshman class president Scotty Smith burned his class numerals into the traditional Yule log. The annual Messiah was again presented with Dr. Bruce Rodgers conducting.

Yule log being carried into the Great Hall.
The University of Puget Sound College Bowl Team.

College Bowl

Captain Jim Corbin explains a point.

Ken Peterson listens attentively.
University of Puget Sound made history this year by competing in G.E. College Bowl. Steve Kneeshaw, Captain Jim Corbin, Ken Peterson, and Mark Wallace joined intellectual forces on December 25th in New York City to meet North Central College, Illinois. The toss-up questions were difficult and the bonus questions worse. Our team came up with the right answers time after time. U.P.S. should be proud of them. The long hours of practice, the many students who helped drill, and the practice sessions with schools like P.L.U. and Portland State helped our team make an impressive showing. North Central was the winner of the match, but we were evenly matched until the very final seconds, when North Central jumped ahead. The one minute spiel about our campus was impressive and made one proud to be a Logger. The whole show was dignified, stimulating, and helped to place U.P.S. among the top schools of the nation.
December 14 was Joe Peyton Day on the U.P.S. campus. The Logger Little All-American was honored at a ceremony on the steps of Jones Hall in front of a large crowd. Many civic dignitaries and school officials were on hand to present Joe with his award as the Northwest's only representative on the nation's top team. The U.P.S. band, Chips and Choppers, and the whole student body took part in the affair which was climaxed by the U.P.S. football banquet that evening. A short time later Joe's picture appeared in Sports Illustrated.
The Student Used Book Association came about as an idea from the Leadership Conference last fall. Under the leadership of Darrel McCluney, the association enabled students to sell almost $900 worth of books. The plan behind SUBA was to eliminate the middle man and thus enable students to get more money for their used books. Contrary to the bookstore's belief that it wouldn't work, it turned out to be a highly successful adventure and is planned to be a permanent campus organization.

Drew Middleton

Journalist Drew Middleton spoke to U.P.S. students February 10. Middleton has traveled extensively for the New York Times and is also Times Bureau Chief at the United Nations. Middleton spoke on "How Europe Looks at America Today: A Study in Change." He also gave a survey of current European feelings on topics such as Viet Nam, Red China, Cuba, and World Markets in relation to the United States.
Erick Hawkins

February 11, the U.P.S. Artist and Lecture Series brought the Erick Hawkins Dance Company to Tacoma. This modern dance group was a rare combination of modern percussion music, drama, and dance.
Ferrante and Teicher

February 13 Ferrante and Teicher appeared in the U.P.S. Fieldhouse, sponsored by the Artist and Lecture Series. The famed pianists performed many classical selections as well as their popular hits. Their sense of humor plus their musical ability pleased the capacity crowd.
The House of Critics came about to create interest among the student body in things other than the students' own personal lives. The steering committee tried to select topics that would give students and faculty a chance to express themselves on topics usually not thrown open to open debate. Some topics discussed were: "This house believes the faculty of U.P.S. does not publish—and deserves to perish," and "President Johnson has sufficiently justified our stand in Vietnam."

Cheering, booing, hissing jeers and anti-anything literature was present. The evenings that the House of Critics met were intellectually stimulating, but also fun and exciting.

The House of Critics was modeled after the parliament of England. The late Winston Churchill was one of the greatest advocates of the crowded hall and of moving people by 'real' debates. The U.P.S. House of Critics certainly typifies his ideals.
Critics
The Beta Theta Pi Fraternity was the official winner of the fifth annual U.P.S. Logger Day. The group won the honor by winning fifth in log chopping, fourth in log throwing, second and third in log rolling, second in Men's tug of war and a first in log sawing. The Sigma Chi's last year's winner, came in second by two points.

Tom Neu, a Phi Delta Theta sophomore, was named the outstanding single performer of the day after winning firsts in the log rolling and the axe throwing contests.
This year marked the 26th presentation of the Frosh One-Act plays. The actors were made up of interested Freshman students who were picked by student directors at the middle of first semester. The plays included: Tad Mosel's *Impromptu*, George Bernard Shaw's *Passion, Poison and Petrifaction*, Anton Chekhov's *The Celebration*, Tennessee Williams' *Talk to Me Like the Rain and Let Me Listen*, and *The Sandbox* by Edward Albee.

_Frosh One-Acts_
Kilworth Chapel
Becomes
A Reality
Mingled with the tops of the mighty fir trees on the campus is the gleaming white spire of the newly completed William W. Kilworth Chapel. It is an old-fashioned meeting house in Georgian architectural style.

Above the Kilworth Chapel is a 250-year-old bell that has been in storage for twenty years awaiting the completion of the Chapel. Since it was cast in England, it has served as the signal bell on a steamship, a church bell in Portland, Walla Walla, and Waitsburg, and as a dinner bell in Eastern Washington on a ranch. November 28, 1966, saw its dedication and elevation to its present location from where it calls the community to worship and work.

On March 9, 1967, the Kilworth Chapel was dedicated to an overflowing crowd as both President Thompson and Dr. Clark Wood spoke. One of the highlights of the day came when the Chapel Chorus and Brass Ensemble performed "Now Thank We All Our God", by Dr. Leroy Ostransky. It is an anthem written expressly for our chapel.
Science Complex Goes
Begun in January of 1966, the three million dollar science complex will be ready for use in 1968. Three times the size of McIntryre, the building has been one of the most interesting and yet frustrating experiences of the campus in 1967. The amount of shoe polish that has been used to cover up the messes that the construction has made of the fraternity boys' shoes would probably stain the walls of an entire classroom. The dark and quiet places of the new building have provided excellent opportunity for the pursuit of love and happiness on the UPS campus. As the student body moves into this giant new building next year, Howarth Hall will turn into the School of Education Building and students will find new places to go on Friday and Saturday nights.
Time Again
Clay Loges, a junior from Zillah, was elected president of the Associated Student Body of the University of Puget Sound in campus voting Tuesday and Wednesday, March 8 and 9.

Loges was second vice president this year. He will be succeeded as first vice president by Ralph McEwen of Salem Oregon.

Dave Thomas, of San Marino, California, was elected first vice president and Linda Gowdy was elected secretary. Miss Gowdy is from Juneau, Alaska.

Three propositions on the ballot were heavily favored by those voting, but they lacked the number of votes for validation. One of the propositions was for a new student body constitution. The others had to do with a student-sponsored radio station and with support of a student-sponsored literary publication.

Carolyn Emigh of Seattle, Dixon Rice of Mercer Island, and Bob Solie of Olympia were elected as delegates-at-large.

Tom Berg was elected yell king and Rick Stockstad and Kip Lange were elected as cheerleaders.

The new song queen is Nancy Doolittle. Cheerleaders chosen to assist her are Cookie Ackerman, Consty Green, Linda Pizzalato, and Anne Buckley.

Senators elected by the students were Jay Bassett, senior; Darrell McCluney, junior; and Ed Gaylen, sophomore.
The firing of a University of Puget Sound English professor caused wide-spread controversy. Dr. Robert C. Lee, now in his second year at the University, received notice February 17 that his contract would not be renewed for next year.

Because of the lateness of the notification, the English professor and campus chapter of the American Association of University Professors contested the action, and a few days later the Faculty Senate, representative body for the faculty here, recommended to University officials that Lee be rehired.

Some 200 students demonstrated on Dr. Lee's behalf outside the University library where the Faculty Senate was meeting to draw up their recommendation.

After receiving the Faculty Senate's position, Dr. Thompson, University president, issued a statement that Dr. Lee would be offered a contract for next year.

The president's statement also said that the professor's initial dismissal had nothing to do with a newspaper advertisement Dr. Lee and 17 other University faculty members purchased earlier calling for the cessation of the bombing in Vietnam.

Dr. Lee said that if the atmosphere of this university is to be one of academic freedom and the free flow of ideas, a common meeting ground must be allowed to exist where all campus groups are represented.

SPORTS
"And I Thought Lewis & Clark Were Supposed To Be Tough"

Homecoming Queen
Joann Paulson
(at halftime)

Homecoming hopes were high when the Loggers had a 17-0 lead over powerful Lewis & Clark but the eventual Northwest Conference Champions squeaked by in the final minutes for a 19-17 decision.

It was heartbreaking for a young Logger team, with only four seniors on the entire squad, but the agony of the moment prompted the Puget Sounders to finish their season with three wins in their last four games and a 43-0 thrashing of Whitworth in the finale.

Prior to Homecoming there was both good and bad. A 16-game winless streak ended early with a 17-7 win over PLU in the opener but the Loggers stumbled before Central Washington.

Whitworth took victory away in the final minutes at Spokane but UPS returned home to rudely upset the nation’s seventh-ranked team, Eastern Washington, 20-10. It was Eastern’s only loss of the year.

Then came an unhappy homecoming, followed by the thrills of a winning season as the boys became men.
"I'd Say They Were"

Coach Bob Ryan
(at game's end)
It Was a Year of Offense

There were plenty of offensive stars in 1966 as the Loggers rolled to a 5-4 season with 2334 yards gained, 23 touchdowns, 19 extra points, and six field goals for 175 points.

Terry Larson was the total offense leader with 423 yards and freshman Bob Botley followed with 402 yards. Both were quarterbacks. Although he didn’t score a touchdown, fullback Don Pulisevich sparked the offense with his great blocking. He also gained 384 yards to lead all ball-carriers.

Halfback Corky Diseth was the leading scorer with seven touchdowns and 42 points. Botley was the team’s top passer, completing 30 of 58 pass attempts for 404 yards and three touchdowns.

Busiest Logger was Pat Larkin who accounted for 462 yards running, passing, receiving passes and kicks. Jerome Crawford provided many of the big thrills with long runs, particularly on punt returns. He raced 239 yards with 30 enemy punts and 119 more with seven kickoffs.

They were the “go-go” boys, and Logger fans will long remember.
Records Were Set

The Loggers rewrote the records in several categories in 1966. Little All-America end Joe Peyton was the big contributor but a pair of frosh, Clint Scott and Dan Thorsten, also got into the act.

Peyton’s 14 pass catches for 191 yards and two touchdowns in the final game against Whitworth placed him in Evergreen Conference Records for the best single-game performance in the 19-year history of the league. The school marks which were set include:

Most passes caught, game—14, Joe Peyton
Most passes caught, season—46, Peyton
Most passes caught, career—119, Peyton
Most pass receiving yardage, game—191, Peyton
Most pass receiving yardage, season—609, Peyton
Most pass receiving yardage, career—1614, Peyton
Most touchdown receptions, career—14, Peyton
Most touchdowns, career—14, Peyton
Most points scored, career—84, Peyton
Most field goals, season—6, Clint Scott
Longest field goal—42 yards, Scott vs. Whitworth.
Most passes intercepted, season—8, Dan Thorsten

Randy Roberts (12) holds for Clint Scott (3) whose soccer-style placekicking efforts produced six field goals and 19 extra points in a record-setting freshman year.
The coach, the tears, the Logger yell squad along the sidelines at Baker Stadium provided cheers and tears as the 1966 season unfolded with promise for the future and five big wins.

UPS allowed 119.8 yards per game rushing compared to second-place Eastern’s 143.0; UPS allowed 111.6 yards per game passing compared to second-place Whitworth’s 130.8.
Defense With a Big D —

For the second straight year the University of Puget Sound topped the Evergreen in defensive statistics. Stopping the enemy was a matter of pride with Coach Bob Ryan's gridders.

Rival teams managed only 51 first downs by rushing against the Logger defense, less than six per game. Only 98 points were scored by the opposition and five times opponents managed only one touchdown or less.

Two conference champions, Eastern Washington of the Evergreen and Oregon College of the Oregon Collegiate, lost their only games of the year to the Loggers because of great defensive play. Eastern gained only 35 yards on the ground and OCE picked-up a mere 47.

The Loggers intercepted 16 enemy passes for 230 yards returned and ran back 48 punts for 383 yards, far and away the top mark in the league.

Opposing runners averaged a mere 2.4 yards per carry against UPS and lost 381 yards rushing during the year, another department at which the Loggers ranked atop the league.

Linebacker Steve Doolittle (80) and halfback Lou Smith (85) are there to greet Lewis & Clark halfback Tom Boyle as the Loggers contain the Pioneer running game on Homecoming.

Hands up on defense as Whitworth quarterback Tim Hess tries to toss Joe Roundy (83) and Logger helpers Scott McKnight (32) and Ron Dominowski (72) display the rush which crushed Whitworth 45-0.
The Season With a Happy Ending

The Loggers began their 1966 season with a pass to Joe Peyton; first play of their opening game with PLU. The season ended with another pass to Peyton; this one even more rewarding against Whitworth.

In between these two passes, Coach Bob Ryan’s youthful team packed more than the usual number of thrills and heartbreaks. When it was all over Peyton was a Little All-America choice; the Loggers had a winning season.

UPS finished second in the Evergreen Conference in their final fling at the championship. In the process they handed Eastern Washington’s champions their only loss of the year.

Included in the accomplishments were victories which snapped a 16-game streak of winless outings and the first UPS win in the three-year history of Baker Stadium.

The Loggers dropped four games they might just as well have won . . . but inexperience told and took its toll. Experience became a great teacher and the Loggers whacked Whitworth 43-0 in their finale after losing to the Pirates 21-17 early in the year. The improvement was measurable indeed.

Records fell at every turn. The Loggers uncovered some of the brightest freshmen players in the history of the school. They said goodbye to the greatest end ever to grace the Puget Sound gridiron; retired his jersey in an unprecedented tribute to his record-breaking performances.

Peyton was joined on the all-conference team by Don Brennan, Mike Sienkiewich, and Joe Roundy; on the all-NAIA District team by Roundy, Sienkiewich, and Dan Thurston; on the all-Northwest team by Brennan and Roundy.

He was alone on the Little All-Coast and Little All-America teams. He wasn’t alone in the eyes of Logger fans. They were looking to the future. Only four graduating seniors were listed on the entire UPS roster.

The cry was familiar, “just wait till next year!”

Head coach Bob Ryan; a satisfying season

A winning coaching staff: Bruce Orness, Jim Nacuso, Raul Ancira, Bob Ryan, Paul Wallref, Ray Payne.
Joe Peyton hardly took time to receive his honors; he had been receiving passes at a record-setting clip all during football season and basketball was about to begin. Nor would he pause in the spring; with track season at hand.

But the greatest all-around athlete in the history of U.P.S. was not to go without the recognition that was due. Dr. Thompson took care of that by proclaiming "Joe Peyton Day" on campus one bright December day and the Associated Press named him as the only Northwest collegian on the Little All-America first team.

United Press International selected him as the most popular vote-getter on their Little All-Coast team and he also was honored as National Association of Intercollegiate Athletics (NAIA) District #1 Lineman of the Year. A few weeks later the Tacoma Athletic Commission announced that Peyton was Tacoma-Pierce County "Athlete of the Year" for 1966. Honors weren't new for the 30-year-old senior from Monticello, Mississippi who twice had been an All-Army football selection prior to his decision after eight years in the service to continue his education.

The Army's loss was Puget Sound's gain. Joe was named "Freshman of the Year" at U.P.S. and made all conference team on both offense and defense in his first football season. Many other honors followed: U.P.S. "Athlete of the Year", "Most Inspirational Athlete", three times all-conference in football, twice named NAIA District Lineman of the Year, twice Little All-Coast, captain and inspirational award winner in football, all Daffodil Classic team in basketball, Evergreen Conference high-jump and long-jump champion and record-setter in 10 football categories and three track events. Joe's records are listed elsewhere. His great moments are recorded in the memories of those who have watched him perform. His football jersey has been retired; the first in U.P.S. history to be so honored. There never will be another number 81.
Head Coach Russ Wilkerson.

Assistant Coach Don Moscid, Head Coach Russ Wilkerson, and player Terry Hammond.

The University of Puget Sound completed the 1966-67 wrestling season by compiling a record of 3 wins out of 13 matches. Two of these were against P.L.U. and one against the University of British Columbia. Outstanding performers for the season were Jim Meyerhoff, who finished second in the Washington Junior College and Freshman Tournament, and Bob Hunt, who finished fourth in the same tournament. Jim Meyerhoff compiled a season record of 10 wins and 3 losses; Bob Hunt, 12 wins and 1 loss; Dennis Brennan, 10 wins and 2 losses. Bob Hunt won the pin trophy with a total of six pins for the season. He was also selected as the inspirational award winner by his team-mates. Jim Meyerhoff was selected as team captain for the coming year.

Splashers Win 10 of 16

Two wins over PLU, a successful swing through California, and a trip to the NCAA national meet for Lyndon Meredith and Jim Fredrickson highlighted the 1966-67 UPS season.

Jim Dupree, a freshman from Wilson high in Tacoma, set school records in both the 500 yard and 100 yard free style. Meredith established a new school mark at the nationals in the 200 yard backstroke while Fredrickson set two new marks in the 100 and 200 yard butterfly events.

Coach Don Duncan's swimmers found NCAA competition more challenging than NAIA events of the past but Meredith, a junior from Tacoma's Stadium high, finished 7th in the national meet and Fredrickson took 7th place in the 200 fly, also at the nationals. Each won the consolation finals of their events.

Letter winners were Meredith, Fredrickson, Dupree, Doug Hanna, Dan Pender, Don Macmillan, Al Nordell, Riley Whitcomb, Dan Hilleran.

An editorial policy of non-policy was followed by the TRAIL this year, as the staff aimed for an informative, thought-provoking and interesting publication. Editor Roy Jacobson, master of the spoof, gave the lighter side of campus issues in his satirical and witty editorials. The staff got themselves in hot water toward the end of second semester, as they devoted four pages to a Sophomore Honors Colloquium project, the RUT. The Rut met with widespread campus approval, from both the students and the faculty, however, and the matter of Trail sponsorship was eventually dropped. The weekly meetings of Central Board and the Student-Faculty Relations Committee were covered regularly in the Trail to keep the student body aware of happenings in these two groups. The staff, though small, was well-organized and managed to produce a four-to-eight page paper each week, which was newsy and relatively free from technical errors.
Associate Editors: Gary Emmons (spring), Gracia Alkema (fall).

News Editor: Davy Jones

Business Manager and Photographer: Doug Smith

Cross Currents, the annual literary publication of the Associated Student Body, saw some changes this year. There was no charge, although the magazine was about the same size and shape as last year's edition. The use of material from off-campus contributors was halted; This year's Cross Currents was an all-UPS student publication. The magazine's purpose is to give recognition to creative effort on campus. Poetry, short stories, one-act plays, photography and art are the areas covered. The Cross Currents staff assessed all work submitted, looking for a diverse range of subjects. The traditional Cross Currents cover contest was continued this year, with a ten-dollar prize going to the winner.
The objects of Alpha Kappa Psi, Professional Men’s Business Fraternity, are “To further the individual welfare of its members; to foresee scientific research in the fields of commerce, accounts and finance; to educate the public to appreciate and demand higher ideals therein; and to promote and advance courses leading to degrees in business administration.”

Activities of Epsilon Nu Chapter include: sponsoring of professional speakers on campus, service projects for the school, annual research projects, and independent tours of industries and business firms. Socially, Alpha Kappa Psi holds brotherhood parties and sponsors two award banquets a year.

Beta Xi Chapter of Phi Chi Theta is a national fraternity for women in Business and Economics.
"What was that?" the freshmen ask,  
That's a Spur doing her task.  
These sophomore women dressed in  
maroon and white  
Run in their tennies '-il things are  
done right.  
As one might think, Spurs are not  
chosen on merely running ability,  
But on their interest, scholastic  
standing, service and dependability.  
They appear at convocations and  
help with registration,  
They aid Freshman orientation and  
direct senior graduation.  
Spurs usher at all plays, chapel  
and the Messiah service,  
Their decorations at Christmas time  
can be seen around the campus.  
For all those parents, visitors and  
relatives that UPS hosts  
Who leads the tours? It's a Spur  
you can surely boast.  
Not only do these women serve  
their school in red carpet style,  
They correspond with mentally  
retarded women in O'gon—Spurs  
are busy, all the while.  
But, then there is fun stuff to do,  
know these cute little gals.  
Well, for instance they are all  
lucky enough to have secret pals.  
One of these pals is a girl in white,  
But the other is a secret brother  
from the Intercollegiate Knights.  
Then once a year—(the campus couldn't  
stand more than once) these girls send  
Spur-O-Grams and have some Valentine  
fun.  
Not only do Spurs run the university  
campus for free,  
They passed along their ideas at  
convention at Pacific Lutheran  
University.  
Then this is what a Spur is, she's  
always peppy and gay  
Naturally she smiles all the time and  
runs all of the way.  
She never answers a question with the  
familiar phrase "I don't know"  
Her reply is "I'll find out"—again  
she's on the go.  
Now there's one most special Spur that  
everyone must meet,  
"Teach" is what Spurs call her—with  
her Spurs is complete.  
But then again Gail Grant, Junior  
Advisor is another missing link  
For she helps baby Spurs along and  
organizes them 'til they think.  
Of course there are twenty-eight  
more happy blimps in white  
Their motto "Service with a smile"  
is truly everyone's delight.

Each year the Intercollegiate Knights select twenty-five men from the sophomore class who best exemplify the standards of good scholarship, citizenship, and the desire to be of service to the University. This year the Knights have carried on the fine tradition set by their predecessors and embodied in the words of their motto, "Service, Sacrifice, and Loyalty." During the school year the Knights have helped with orientation, registration week, ushering at campus activities, and an annual project supported by money-raising projects. This year's I.K. project was the initial financing of a campus radio station. The Knights also elected their Duchess, Miss Kathy Stockstill. She was later elected the Knights' Regional Princess, and she competed for the title of national Queen at the Knights' national convention in April at Brigham Young University in Provo, Utah.

Mortarboard

Mortarboard is a national senior women's service honorary for those who have shown qualities of leadership, scholarship, and service. Members are tapped in the spring at the Associated Women Students Banquet. Their uniform consists of a white blazer and a black skirt.

Spires

Spires is the sophomore women's scholastic honorary. A grade point of 3.5 or above during one of the first two semesters is the requirement for admittance. The group wears a red skirt, white blouse, and red plaid tam as its uniform. The purpose of Spires is to stimulate academic interest and endeavor on the UPS campus.
With the guidance of our advisor, Dr. Keith Berry, the University of Puget Sound's student affiliate chapter of the American Chemical Society had a busy and successful year. Our activities began with the annual safety program and membership drive. In December several of our members traveled to Portland to attend the first annual presentation of the Linus Pauling Award. The ceremonies were climaxed by a speech delivered by Dr. Pauling. The remainder of the year was rounded out with field trips, guest speakers, films, dinners at our professors' homes, and a variety of community activities. The Northwest regional convention highlighted the second semester by providing an opportunity for our students to hear papers and lectures presented by their peers from surrounding colleges and universities. This exchanging of ideas and discoveries supplies an invaluable link in communications between local Chemistry students. The annual year-end picnic completed an active and beneficial year.

Phil Sigma

Phi Sigma, the national biology honorary, met once a month. The programs ranged from movies made of invertebrates on the open coast to small mammals of Mount Rainier and prehistoric plants. Noon seminars were held to help acquaint people with what the members of the biology department were currently working on.

The Arnold Air Society is an honorary professional service organization open to selected AFROTC cadets at colleges and universities across the nation. The Arnold Air Society is honorary because of the high standards required of all basic and advanced course ROTC cadets. It is professional because of the established intent of its members to become officers in the USAF. It is a service organization because of its methods of fulfilling its mission. The local Ralph Brown of the society advocates the support of aerospace power through professional exposure acquired in lectures, meetings, and field trips. In addition, the members sponsor the annual military ball, the Angel Flight, the Drill Team, and support activities such as Armed Forces Day Displays, national conclave, and High School Senior Day. They participate in social gatherings such as dining-in-ceremonies and dinner dances.
Chips, Splinters

Spirit, enthusiasm, pep and loyalty: these are the qualities of a Chip, and her freshman counterpart, a Splinter. Chips is the women's spirit organization of UPS. Its purpose is to support the Loggers at games, both at home and at other schools. This year, Chips holds the Spirit Trophy awarded last spring by Dr. Thompson. A Chip can be recognized by her maroon uniform, her pep and her smile. Under the leadership of Chips president Diane Besel and Splinters president Lee Paulson, these two groups have helped to plant a firm foundation for Logger spirit.

The rejuvenated Choppers, under the leadership of their president Mike Hara, helped at various athletic events to promote attendance and spirit. They added excitement during halftime with their many unusual antics. Some of their stunts included kidnapping the Eastern Washington Savage and capturing the Pacific Lutheran banner. Choppers also painted signs for games and chartered rooter buses to games away from UPS.

Choppers

Lettermen
Sigma Alpha Iota

The prime objective of Sigma Alpha Iota is to advance American and world culture with special emphasis upon contemporary music. Musicals within the fraternity helped members with their professional development. The year was an extremely busy one for the members of SAI.

They purchased pictures for the music faculty lounge, helped the alum chapter with two contemporary music concerts and held monthly coffee hours for the faculty and students of the music department. All concerts were ushered by SAI girls.

University of Puget Sound
Concert Band

Concert Band

Chapel Chorus

Chapel Chorus
Adelphians
Madrigals

Dr. Bruce Rodgers, Director

With last season marking their second overseas concert tour in the past five years, the Adelphians resumed their annual 16-day tours of the western portion of the United States. From March 8 to March 24 they sang concerts in Washington, Idaho, Montana and Utah to their usual capacity houses.

After the home concert on March 31 they made appearances in Olympia and Seattle and closed their 35th season with a recording session which resulted in a new release to add to their other five records; the new recording will be released early in the fall with the title, "Choral Colors, Vol. II." This year marked the 35th season since the founding of the choir in 1932. The occasion was marked by the first reunion in the history of the choir during the commencement weekend of June 3-4. Under the direction of Dr. Bruce Rodgers, Director of the School of Music, the Adelphian Concert Choir continues to receive exceptional reviews from the critics. Charles Acton, music critic for the Irish Times (Dublin), wrote: "... an evenly balanced and blended choir with outstanding tone, great precision, impeccable intonation and just about everything it takes." The Adelphians continue to take pride in representing the student body wherever they appear.

The University Madrigal Singers continued to fill Jacobsen Recital Hall night after night with the music of their 15th annual Christmas program. Sixteen hundred tickets were given out the first day of their release to the public. This year's program saw the introduction of a new harpsichord to the School of Music; the instrument was used, together with other instruments, in the various arrangements of compositions for the program. The group was founded fifteen years ago by their director, Dr. Bruce Rodgers, and since that time the Madrigal Singers have established an enviable record of musical achievement. Their appearances are always a guarantee of a packed house and they continue to do unusual numbers arranged in unusual settings. This Spring, they took part in the premiere performance of Dr. Leroy Ostransky's new chamber opera, "The Melting of Molly," in which they served much like a Greek chorus in the development of the opera's story line. Another first was registered by the group this year, as they made their annual Christmas Eve appearance on television in color for the first time.
KAPPA PHI: Standing: Mrs. Raymond Proudfoot, Carol Wilson, Carol Ann Addington, Sue Stover, Jane Richardson, Sharon Bell, Sherry Smeets, Fran Bernten, Diane Tetzlaff, Leah Duffy, Janet Westendahl, Amy Fukuda, Sharon Chun, Pam Chaffee, Barbara Knapp, Marsha Lash, Ruth Keller, Mary Allen. Seated: Carol Ross, Pamela Hubble, Ruthella Bee, Diane Kaidahl, Alice Glenn, Sue Bordner, Aileen McClurg, Dot Morris, Pat Burtner, Janet Kinley, Karen Kamcheff, Dorothy Rowe.

Kappa Phi, Wesley Club

WESLEY CLUB: Standing: Jim Lindsey, Rick Cook. Seated: Sharon Bell, Donna Coats, Ruth Keller, Fran Bernten, Alice Glenn, Doree Rafanelli, Mary Allen.
Kappa Phi Club, the national organization for Methodist college women, seeks to strengthen Christian ideals through following Christ's example. Speakers, discussions, service projects, and retreats unite the girls in a spirit of fellowship.

Wesley Club is a Methodist organization providing fellowship, discussion, and worship for its members.

The Christian Science Organization strives to give the college community an opportunity to learn about Christian Science and to promote a spirit of Christian fellowship.

The Campus Faith Council is comprised of representatives from the living groups, denominational organizations, special committees, and the faculty. It meets each week to coordinate religious activities on campus.

CHRISTIAN SCIENCE ORGANIZATION: Jerry Baker, Elin Gratten, Shirley Stella, Mrs. Dorothy Patterson, Emily Campbell, Sharon Mitchell, Steve Bradley.
A.W.S. OFFICERS: Back: Mrs. Dorothy Patterson (advisor), Suzanne Sherdon, Kathy Schiller, Stephanie Pepelnjak, Barbara Abendroth. Front: Sarah Bruns, Chris Wyckoff.

Women's Recreational Association
Silver Seals

The purpose of Silver Seals is to further interest and proficiency in synchronized swimming among the women of UPS. Their annual aquatic presentation achieves this purpose. After fall tryouts, 25 new Flippers began an intensive training period. Near the end of first semester the Flippers were asked by the P.E. majors and minors to perform their newly-acquired skills at their meeting. After the initiation of the Flippers into Silver Seals second semester, the group started work on their show. All show routines were written and directed by the members of Silver Seals.

The purpose of the Women's Recreational Association is "to promote and coordinate women's sports events and other activities." This year it achieved its goal through intramural sports for the women's living groups and other activities.

Sailing Club
Chinook Club

CHINOOK CLUB: Jeff Slottow, John Goman, Penny Matthews, Holly McCafferty, Eileen Oelschlager.
LIVING GROUPS
The Glenn Yarbrough Concert highlighted the year for the Alpha Phis as JoAnn Poulsen was crowned 1966-67 Homecoming Queen. We also received first place for our Homecoming display with the Kappa Sigmas. We had a Roaring Twenties theme. Along with UPS tradition, the Alpha Phi customs of our Dream Man, Founder's Day in October, and our Eastern Orphan Party were carried out this year. Alpha Phis serve our school in Spurs, Mortar Board, and Associated Women Students. We also have members participating in Adelphians, Madrigals, and Silver Seals. The Trail and Tamanawas include active Alpha Phis this year as they were selected for Who's Who in American Colleges and Universities. We enjoyed a year of social and academic gains.
Officers for Alpha Phi for 1966-67 were President Jean Groth, JoAnn Poulsen, Candy Ackerman, Carol Brandt; and Kay Zaback.
Chi Omega

Margie Altmann  Ginni Bartram  Arlene Brown

Joan Calisewski  Ruth Davis  Julie Denuclville

Elizabeth Dunham  Terry Eicher  Nancy Emerson

Donna Fenwick  Scott Foster  Pat Garber  Linda Geddy  Nancy Hall

Darlene Hammermaster  Jean Hand  Kathy Harris  Melanie Hilstad  Pam Hooper

Officers for Chi Omega for 1966-67 were Nancy Emerson, President Adrienne Linneman, Sandy Smith, Patty Mason, and Jenny Smith.
Chi Omega ventured off campus this year to serve the Tacoma Community. Our members entertained at Tuman School for the handicapped. We also helped the women at Western Washington State Hospital at Christmastime. Chi O's sponsored the Tacoma Art Show at the Kitterage Art Building and many of our members were associated with the Tacoma Symphony.

Chi Omega was also active in campus service organizations. We worked with People to People, Splinters, The Chapel Committee, Spires, Spurs and Chips.

"Gung-ho" is the word for our group. We are always ready and willing, full of enthusiasm to tackle any project, whether it be an off-campus service project or an on-campus event.
The spirit of Delta Delta Delta was exemplified as two pledges and two actives combined pedal pushing efforts to win the Homecoming trike race.

Delta spirit was further exhibited as we took top honors for the Homecoming Spirit trophy and second place for the Sigma Chi Derby Day Spirit trophy. Spirit was the key which aided us in winning the Powderpuff Football Trophy.

The highlight of our year was the kidnapping of all the independent and fraternity men presidents. For ransom each living group had to present a box of canned food. This was donated to a children's home—Home on the Hill.

We were especially proud of winning the Christmas Dorm Decoration Display with the Pi Phis.

Group spirit characterizes Delta Delta Delta in all of our activities from eating together at the long table in the Student Center to winning the trike race at Homecoming.
Officers for the Tri Deltas for 1966-67 were, Mary Margaret Hillier, Liz Hill, President Sue Spring, Judy Nichols, and Mary Magnuson.
Gamma Phi Beta

Officers for Gamma Phi Beta's for 1966-67 were Janet Hutson, President Karen Smith, Betty Briggs, and Marcia Hamann.
"Crescent Christmas" highlighted the year for Gamma Epsilon Chapter of Gamma Phi Beta. The annual event was a formal dinner dance held at the Lakewood Terrace.

A project, unique to the Gamma Phis, that we have been doing for the past three years is supporting a thirteen year old student from India, Manata Dey. We send money, raised by our chapter, to support her schooling. We correspond with her regularly, both as a group and individually. Our letters to her and hers to us are translated as she can neither read nor write English.

Another project carried on by Gamma Phis has been serving with the Tacoma Community House as advisers to the children and co-workers with the Community House permanent staff.

One wet event of Gamma Phi was the Sneak Breakfast held by the actives for the pledges. The pledges were roused from bed with a song at 6:30 in the morning and led to the swimming pool. Into the water they went: curlers and pajamas, too—the only lifeguard was a man! After their swim, to breakfast they went—semi-dry, but still in rollers and nightgowns.

Gamma Phis enjoyed a year of dancing, service, and swimming, as well as studying.
Kappa Alpha Theta

PIG, Pi Iota Gamma is a fraternity within a fraternity. Established by the members of Kappa Alpha Theta, PIG requires the ability to eat a lot, always be at meals when the doors open, and have as many members as possible present at all meals. Kappa Alpha Theta presented its PIG award to individual members who best exemplified the ideals of Pi Iota Gamma.

Spirit prevailed this year with us, not only in PIG, but with campus activities also. We received the Sigma Chi Derby Day Spirit Trophy and third place for our Homecoming Display with Todd Hall.

We enjoyed an active year with members participating in Silver Seals, Occupational Therapy Club, Model United Nations, Spurs, and Spires.

Spirit and big appetites helped lead the Theta’s to a very successful year.
Officers for the Theta's for 1966-67 were Chris Oliver, Diana Rippeon, Nilmah Gray, President Janice Jensen, and Linda Snyder.
Being only two years old this year, Kappa Kappa Gamma took in more pledges than actives. Our actives were active, though. We had three varsity cheerleaders this year and members in Spurs, Spires, Chips and Silver Seals.

Not only were our actives busy, but our pledges were active also. Having more pledges than actives kept the members on their toes. The pledges found time to sneak, plan their pledge dance, and participate in service projects. Their overwhelming spirit and unity enabled the Kappas to achieve many things this year.

One big event for Kappa Kappa Gamma was receiving first place for our inanimate Homecoming display with the Sigma Chis. Being active in Homecoming and other campus activities as well as participating in campus service organizations kept us busy, but our pledges still had time to aid the Sigma Nus in their orphan party. We still had time to study and maintain our high academic excellence.
Officers for Kappa Kappa Gamma for 1966-67 were President Linda Gowdy, Chris MacLennan, Susie MacLennan, Susie Wiggle, Sylvia Brown, and Janice Munro.
A unique highlight of Pi Beta Phi this year was our houseguest, Christiana Obermeier from Austria. She was invited to live with us by our sisters who were in Vienna last year. She has accompanied us on all our Pi Phi activities.

One of our favorite events was a retreat with Rev. Albertson. The topic of the retreat was "Situational Ethics," acted out by excerpts from "The Misunderstanding" by Camus. Our speaker was Dr. Magee and his topic was "Definition of Maturity." We feel that it was a successful retreat.

Pi Phis were active at U.P.S. We had girls working with all of the service and honorary organizations on our campus as well as for Homecoming, Spring Carnival, and Parents' Weekend.

Service and scholastic honors are a part of Pi Beta Phi, but most important to us this year was our exchange student from Austria, Christiana. We like to say that any time that we are together is a special time, as each of our group has unique characteristics.
Officers for Pi Phi's for 1966-67 were Libby Brown, Vicki Brown, Margaret Rempel, Jean Crosetto, and President Diane Garland.
The independency of Harrington Hall women has been aptly exemplified in its many social and dorm activities this year.

Hayrides, swimming parties, and firesides with the men of our campus highlighted Harrington's social events. A Christmas Dance and Spring Formal, given with the other independents, culminated Harrington's social activities.

Dorm activities included Secret Santa's Helpers, floor parties, popcorn parties, midnight walk to steal 26 roses, and a scavenger hunt for an egg to make cookies!

Harrington Hall has enjoyed a year of academic improvement and social freedom. We enjoy being independent women because we are individuals.
Thirty-three independent women occupied the bottom two floors of Regester Hall. Because they were a small group, the Regester women were able to maintain a unique closeness and dorm unity.

One aspect of this unity was that every girl held a dorm office or a place on a committee. Having such complete committees enabled us to plan an active social and academic year. Our social activities included exchanges and firesides as well as dorm parties.

Members of the dorm were active in Silver Seals, Chips, Public Affairs Forum, Campus Faith Council, American Chemical Society, Sailing Club and Occupational Therapy.

We are interested in UPS and work for its betterment through academics and service. Although a small group, we strive to remain independent.

Officers for Regester Hall for 1966-67 were Stephanie Scherer, Nani Wigert, Kay Bronson, Janet Reinhardt, and President Sandy Mostoller.
Langdon Hall housed only freshman women, enthusiastic but unaware of college life, and a few sophomore women who helped guide these questioning freshmen their first few months at UPS.

Guided by their president, the women in Langdon were involved in spaghetti dinners and redecorating our halls. One night instead of going to the Student Center for dinner, we cooked spaghetti in the dorm. Served on an ironing board table with paper cloth, candle, and flowers, the spaghetti was "great." Just before Christmas, we redecorated the halls with a spider web of toilet paper. It was really a challenge to leave our rooms.

A less humorous but unique event which occurred in Langdon this year was the twice-a-month Faculty Exchange. Several girls each week went to a faculty member’s house to talk and get better acquainted.

These exchanges met with independent freshmen and sophomore enthusiasm throughout the year. We felt the faculty enjoyed the opportunity to get better acquainted with the Langdon women.

Given spirit, enthusiasm, and interest in UPS activities, the independent women of Langdon Hall worked with Spurs, Chips, Splinters, Sailing Club, and Home Economics Club.

Langdon Hall topped the year off with a Spring Dance and final dorm party before finals.

Gaining a better communication with our faculty, having spaghetti dinners and redecorated halls made Langdon Hall a unique home for freshmen women.
Officers for Langdon Hall for 1966-67 were Wendy Wilkens, Cheryl Smith, President Diane Phillips, Jana Lau, Sue Scoonover, and Olivia Gentry.
Marlys Jobe, Anderson-Langdon Hall

Mrs. Jobe, Director of Women's Housing, has been Head Resident for five years. She finds the girls this year more "homey" as they come in to use her kitchen for baking and her sewing machine for sewing. She is only taking one class this semester: Shoe-making!

Aris Swanson, Tenzler Hall

Taking eleven hours this semester, Mrs. Swanson, Head Resident for Tenzler Hall, finds it hard to develop too many hobbies. She is working for her master's degree in science teaching and hopes to get it in June.

Dorm Mothers

Margaret Norgord, Harrington Hall

Finishing her second year as Head Resident of Harrington Hall, Miss Norgord is also finishing her master's degree in English. When she isn't studying, Miss Norgord enjoys knitting, reading, listening to her stereo, and baking.
Bernice Peterson, South Dorm

The picture behind Mrs. Peterson, Head Resident of South Dorm for five years, is one of her own creations. It was done from the tower of the dorm. Oil painting is one of her hobbies. She has taken oil painting at UPS and is now taking Oriental Art History.

Kay Noftsinger, Regester Hall

Miss Noftsinger, whose home town is Auburn, has been Head Resident of Regester Hall for two years. She is student teaching and hopes to be teaching junior or senior high school in Tacoma next fall, so will not be Head Resident again.

Molly Martin, North Dorm

Mrs. Martin is finishing her seventh school year as Head Resident. Each year she takes one or two courses "just because I like to." She is not working toward a degree. She enjoys traveling and has been all over the United States, including Hawaii. Mrs. Martin hopes to go to Alaska next.
Have you ever noticed a commuter at an eight o'clock class? You can always spot him. He's the one in the back of the room with the blue complexion caused by inhaling carbon monoxide fumes for the past hour and a half. He's also the one with the galoshes, sweater, top coat, over coat, under coat and umbrella. If you look closely you can see his pupils are dilated and he appears to be in a state of shock. He is. On the way across town this poor commuter has: narrowly escaped death three times, run over four little old ladies in cross-walks, been ticketed twice for driving with faulty equipment (his wife) and been electrocuted by a short circuit in his electric ear-muffs. So, when you see this poor fellow in the mourning, you might stop, and pray for his safe return home. He pays tuition too!
Head residents in Todd Hall were the Collins, Jerry, Evelyn, and Angela.
Officers for Todd Hall for 1966-67 were Dennis Bakke, Ted Snyder, Pete Stanley, Dave Busse, Larry Yok, President Davy Jones, Dan York, Rocky Smith, and Greg Leuhrs.

Todd Hall is diversity and achievement on all fronts. The surge of independence embodied in Todd continued to assert itself on the UPS campus scene this year. Through exciting innovations, enthusiasm and activity have become by-words. Who has ever staged a dance in its own confines with slow music, fast music, and comedy routines occurring simultaneously in three different rooms from a large stereo tape complex? A 40 foot Christmas tree in Todd’s lobby, decorated with lights which blinked in time to taped music won first place in the decoration contest.

Homelands, interest, abilities, are widely varied among the ninety Toddlers as evidenced by entertainment ranging from listening to the latest Nigerian popular music to the celebration of Beethoven’s birthday. Despite diversity they all united behind the world’s first Christmas tree marathon, as seen on KING and KTNT, and behind our freshman class president and homecoming king. After a successful Logger Day, Todd ended the year with a cruise on the Sound.
Since coming to the campus in 1961, Beta Theta Pi has always been able to look with pride on the past and present records of its service to the University and the community. As a part of a great fraternity on other campuses, Delta Epsilon is also proud of the record of service to its members. We brought orphans from the community to Homecoming and sponsored some activities for Tacoma orphans at Christmas time.

Strongly supporting an effective study program, coupled with freshman scholarships and awards, we consistently serve our house, fraternity, and our University.

The spirit of a varied and well-rounded grouping of personalities was displayed in the representation of Betas found in every major field of study, athletic program, and campus organizations and in our popular and diversified social calendar. Many of our social functions were costume: a pajama dance, yard party, and kindergarten party.

Conscious of the responsibility of a fraternity, the Betas are unified in their effort to further the realization of expectations held by the University and community, and look with anticipation and optimism to the future.
Officers for Beta Theta Pi for 1966-67 were President Bill Marcy, Tom Berg, Bill Sievers, George Mills, Clinton Campbell, Alf Johnson, and Jim Mousel.

Officers for Kappa Sigma for 1966-67 were Bill Guinn, Rob Atkinson, Al Burmester, and President Norbert Fratt.
Hosting a tea for Governor Daniel J. Evans and State Representative Tom Swayze was one of the highlights of the year for Kappa Sigma.

Rep. Swayze, a member of the 1948 pledge class, invited Gov. Evans to visit the Kappa Sigma house and TIPS. The campus and community were invited to attend. Highlighting the visit was a thirty-five minute question and answer period with the Governor and a "good time was had by all."

Another exciting activity for Kappa Sigma this year was receiving the award for first place for our Homecoming display with the Alpha Phis. Our theme was Roaring Twenties.

Many of our men were active in intramural sports. Their participation helped us to place first in football for the third consecutive season.
Officers for the Phi Delta Theta's for 1966-67 were Jack Allen, Arthur Ward, Frank Whylie, President Gary Birchler, and John Geddes.
The Phi Delta Thetas ended their forty-fifth year on the UPS campus maintaining their previous academic achievements. Besides scholarship, we were also active socially.

One of our annual events, the Pirate Party, was a success again this year. Our guests entered the Good Ship Phi from an outside gangplank to the second floor. Entering a window, we wandered through a maze of halls which led to the main staircase. Lined with all our mattresses, the staircase provided a bumpy, but interesting ride to the recreation room, which was decorated like a pirate's lair.

The Pirate Party was only one of our successful activities this year. Others included our Pledge Dance, a Barge Dance, a Christmas Party with orphans from Tacoma, and a Christmas Dance at the Olympic Hotel in Seattle.

The diverse abilities of the Phi Delts led us to a successful year in varsity athletics and intramural sports. Campus participation was high also as we had presidents for Alpha Kappa Psi, the National Educational Association, and the Senior Class. One of our members was selected as Dream Man of Alpha Phi.

Highlighting the year for us was our Goddess Ball at the Bay Shore Inn in Vancouver, Canada. This was the first year we have held our dance as a weekend event.

From the Good Ship Phi to the Bay Shore Inn, we had a year well worth remembering.
Sigma Alpha Epsilon

Washington Gamma Chapter of Sigma Alpha Epsilon is extremely proud of its record on the campus of the University of Puget Sound.

Many of Minerva's men hold responsible positions in school government and serve on various committees and boards. Intercollegiate athletics, intramural sports, academic excellence, and a rounded social life are prime ingredients in the lives of SAE's.

The year was filled with various social functions ranging from the "Embalmers Ball" to the colorful Hawaiian Luau, which gave everyone a chance to draw one last deep breath before plunging into spring finals. The social year reached its zenith with the annual SAE Little Sister Ball. Other areas that we take special pride in were our outstanding Homecoming activities and proud association with several service organizations such as the annual Muscular Dystrophy Drive.

The house itself is faithfully guarded by our mascot, the King of Beasts. Fully implanted in solid concrete, we rest assured he will continue his vigil, not always safe, however, from frequent alterations of color and on one occasion an authentic tar and feathering.

Such scars will be worn proudly, however, as the lion guards those of us who look to the future with confidence as we strive to uphold the high ideals of our fraternity.
Officers for the SAEs for 1966-67 were Bob Blethen, President George Abel, Scott Griswold, Burn Anderson, and John Johnston.
Officers for Sigma Chi for 1966-67 were Jerry Bassett, Doug Peterson, Milt Reimers, Don Moulton, Don Montfort, President Wayne Spiekerman, and Alex Davis.
The Sigma Chis were busy again this year on the UPS campus.

Beginning with the White Rose Serenade where each pledge presented each sorority pledge with one white rose, to the Sigma Chi Sweetheart Ball at the Empress Hotel in Vancouver, Canada, the Sigma Chis led an active social year.

Sports and campus government were other activities of Sigma Chi this year of which we were especially proud.

Our well-rounded and diversified group enabled us to participate actively in UPS social, athletic and academic life.
Sigma Nu

Officers for Sigma Nu for 1966-67 were President Jeff Hale, Ed Adams, and Jim Pierson.
Sigma Nu is an honor fraternity. Started as a military institute, Sigma Nu upholds the honor system in all aspects.

Through our honor system, we were able to maintain a combination of diversity and unity—men with diverse personalities and interests.

Our varied interests enabled us to win the Logger Trophy for the second year in a row. This trophy is awarded for "campus leadership and spirit, intramural achievement, and academic excellence."

We had men participating in every intercollegiate sport and intramurals. Our men were active in many campus clubs, organizations, honoraries, student government and leadership.

Our social activities, exchanges and firesides, ranged from grubbies to formal attire.

The highlight of Sigma Nu was our White Rose Dance and announcement of our White Rose Queen at Timberline Lodge, Mount Hood, Oregon.

We are a well-rounded house, combining academics, athletics, leadership, and spirit.
Officers for the Theta Chi's for 1966-67 were President, Jim Corbin, Lewis Dibble, advisor, Mike Hara, Dean Derthick, Dale Beard, Rich Nevitt, Al Lawrence, and Charles Huss.
The Theta Chi pledge class was busy this year standing guard at the Rock, trying to keep it white. Between changes of the guard, Theta Chis had an active social year.

Our social events included our Lewis dinner dance, pledge dance, Christmas dance, Paddy Murphy Dance, as well as firesides, and special Friday-at-Four exchanges with the sororities. The highlight of the year was our Dream Girl Ball in April held at the Rossairo Inn in the San Juan Islands.

Spirit remained as a characteristic of Theta Chi this year as for the past two years we won the Homecoming Spirit trophy.

The Theta Chis were active in student government with members working on ASB, Publicity, Homecoming, and the Daffodil Float. We were proud to have seven men listed in Who's Who in American Colleges and Universities. We participated in intramural sports, campus plays, and Adelphians.

We ended the year successfully: our Rock still remains white.

PROMPT RELIEF FROM
NERVOUS TENSION
Prompt, safe, calming relief from simple NERVOUS TENSION now available to everyone. The answer is TRANSIL, a remarkable new product perfected by American Laboratories. Transil quickly eliminates nervous tension and restores your calm and composure—prepares you to meet your daily responsibilities. And since Transil contains no habit-forming barbiturates or narcotics, it is available without prescription. So when you become nervous, irritable, unable to relax—ask for . . .

TRANSIL
Reasonably priced, but so effective.
