We leave part of ourselves...
There is so much we would like to say, but all we can say is “Thank you,” and dedicate the 1973 Tamanawas to Doc T., a man who has dedicated his life to UPS.

We leave: part of ourselves
We Take Hope, Maturity, a Little Fear, Memories of People and Places, a Diploma... Photographs.
But is the picture a tenth of the thing? a hundredth?
Is it anything without the faces and voices or the sound of the chimes in the morning?
But we've got all that, too.
It is exposed forever on the sensitive emulsion sheets of our minds.
THEATRE ARTS AND SPEAKERS
Ehrlich, a leader of the international crusade for population control and environmental awareness, is the author of the best selling 1968 paperback *The Population Bomb*. He states in his book that the world's population is fast outstripping the world's food supply in growth. If population control measures are not initiated immediately and effectively, all the technology man can bring to bear will fend off the misery to come.

In Dr. Ehrlich's lecture on "Population and Environment" that was delivered October 17 at Mt. Tahoma Auditorium, he stated that three things are needed to avoid mass starvation. First, the countries of the world must suddenly and effectively control their population growths. Secondly, it is necessary to distribute wealth and resources evenly among all peoples. Thirdly, more food must be grown.

The University of Puget Sound was fortunate enough to sponsor Dr. Paul Ehrlich as their Homecoming speaker.

ARTISTS AND LECTURES

Providing students with sources for cultural improvement, as well as good entertainment just for fun, Artists and Lectures set up another busy year's schedule. Concerts & Flicks & Speakers—
Dr. Frank Peterson, chairman and professor of the Sociology department at UPS presented the prestigious Regester Lecture for 1972. In his talk: "Society in Search of Survival," Dr. Peterson cautioned his audience to beware of the coming ecological crisis and of its effect on society. He urged his listeners to help society to establish long-term goals, in addition to short-term goals, in order to combat an ecological disaster.

A noted local environmental advocate, Dr. Peterson was graduated by UPS in 1950, and received his Th.M. and Th.D. degrees from Iliff School of Theology, in Denver, Colorado.
WINTERIM ACTIVITIES

SAC keeps campus alive during winterim.
SAC'S Ski Carnival and Las Vegas night.
Frank Herbert warns about future environment

UPS students were offered a new experience in the dimension of science fiction, when Frank Herbert appeared on campus. Mr. Herbert, author of the famed book, Dune, chose the title "New World or No World" for his presentation to the UPS audience. An environmentalist, as well as a writer, he offers stories that not only employ fascinatingly complex plot lines, but also that serve to warn people of what the future may hold for those who disregard their environment for the sake of progress.

SPRING SPEAKERS

Germaine Bree, noted author and educator, spoke at the twenty-first anniversary of the notable Brown and Haley Lecture. She spoke on the subject of French women writers in literature.

William Kunstler is best known for his defenses of the Chicago Seven, Adam Clayton Powell, H. Rap Brown and Stokely Carmichael. He told the audience that, "Human beings can be pushed only so far; when those limits are transgressed, the only alternative left is violence."

"The Middle East in Conflict" was presented in a four-day lecture series. Rafael Israeli, the first to speak, is a specialist in Chinese-Israeli relations and the Chinese Islam religion. Mahmoud Osman was the second speaker in the series, followed by Sadat Hasan. David Schoenbrun, U.S. news commentator, wound up the series.
1973-74 ASUPS officers: President Randy Foster; Executive vice president, Doug Wyckoff; Business vice president, Steve Mills; Activities vice president, Brooks Hull. One year term senators: Mike Goldfein, Dave Olsgard, Mike Purdy, Lois Segal, and Owen Strecker. Six months term senators: Dave Campbell, Joy Flynn, Ken Johnson, Tom Kennedy, and Eric Spurell.
... There have been many causes
Men have chosen to die for, And
many black men are dying for a
cause...

The Last Poets
The 1973 Hawaiian Luau featured the Hapa-Huole Hula, the Kamehameha Waltz, the Hoke Hoke, Tinicling, the Coconut dance, and the Fire dance. Lloyd Matsunama served as Master of Ceremonies.
HAWAIIAN STUDENTS

First row (sitting) — Sheila Lee, Colleen Hee, Maggie Jones, Noni Floyd, Liane Leong.
Third row (standing) — Bruce Fukumitsu, Frank Washburn, Frank Johnson.

First row — Hudson Soon, Colleen Eto, Donnette Paison, Kim Lee Soon, Sue Pierce, Gail Ferreira, Lloyd Matsunami, Karen Kubota.

Tiare Hanchett serving pineapple at the Luau.

**STANDING LEFT TO RIGHT:** Coach Del Rossberg, Walley Adams, Jim Alcorn, Mike Reed, Mike Johnson, Mike Schmid, and Mr. Andy Monroe
THE PEOPLE
We are more than just faces ... each of us is an unique individual with dreams, wandering hopes, and an acute awareness of reality ...
but are we really aware of each other . . .?
The Tamanawas is the recorded history of the University of Puget Sound. Each year it grows more precious as one leaves the halls of the University.

Here will be found pictures of your activities, your friends, your associates, your professors, and your administrators.

Each Picture will recall those events which have been most meaningful in your collegiate life.

We are proud of the heritage of the University of Puget Sound, we are proud of its present student body and faculty and the innovative programs which are so much a part of our campus.

The University of Puget Sound is a friendly campus, it is a beautiful campus, and it represents the highest in the tradition of university education.

We wish for every student the very best in the future.

Sincerely,

[Signature]

President
To us he is more than just "R. Franklin Thompson." He is Doc T., a man who has earned the respect and admiration of the people and the university.

He came to U.P.S. in 1942, at the age of 34, a young man willing to accept the challenge and responsibility of a college presidency. He stayed for 31 years, an accomplishment in itself. Behind him lie many achievements and fulfilled dreams. Among them: raising $1 million for the University for every year he served here.

**THEN**

C.P.S. in 1942

5 buildings
400 full time students
30 faculty members
1,000 Alumni

**NOW**

U.P.S. in 1973

37 buildings
2750 full time students
200 faculty members
13,000 Alumni

However, as he retires from the University presidency, he faces another aspect of service to U.P.S. He will remain as chancellor, with responsibility for public relations, church relations and financial development.

In August, 1942, a wealthy trustee told young President Thompson, "Franklin, we still owe $8,000 on Kittridge Hall. It's not fair to have you start here in debt. I will match dollar for dollar everything you raise between now and Dec. 31." On Dec. 31, Thompson told the trustee that during that four months he had raised $41,000. Doc T. remembers watching the trustee quietly writing a check for $41,000 and saying, "Franklin, remind me never to do this again."

CENTRAL BOARD

Central Board Members: Russell Lau, Junior Senator; Tom Kennedy, Men's On Campus Rep.; Debbie Turner, Senior Class Senator; Barry Brush, Sophomore Class Senator; Doug Wyckoff, ASUPS Second Vice President; Randy Foster, ASUPS Secretary.
1972 - 1973 ASUPS OFFICERS

Officers LEFT TO RIGHT: Randolph C. Foster, Secretary; Douglas Wyckoff, Second Vice-president; Dave Wissmann, President; Bob Phaneuf, First Vice-president.

To lead yet not to dominate,
To serve yet not to rule,
To govern yet not to control
To inspire yet not to insist,
To be officers and students
and themselves
All at once . . .

This is an ASUPS officer.

Doug Wyckoff, Second Vice-president with Barry Brush and John English.
CLASS OFFICERS

Freshman council: Peter Sherwin (Sgt. at Arms), David Lord (VP), Jim Chalfant (Pres.), Marci Christiansen (Sec'y).

Class officers bridge the gap between the people and their government.

Senators: Berry Brush (Sophomore), Debbie Turner (Senior), Russell Lau (Junior).
"Be it resolved that a University Council be formed whose powers and duties shall be to develop and review the primary policies for the University."
Over twelve hundred students live on campus, and every year the Housing Committee co-ordinates their living situations. They offer Dorms, A-Frames, Fraternity Houses and Annex Houses for student living; and try to accommodate the students' individual needs.
How to keep nearly 3,000 students busy during out-of-class hours—this was the goal of SAC Advisory Board and the SAC Committee. Activities were set up by the Advisory Board, publicized by SAC and carried out by the students.
Interfraternity Council will always have great potential as long as fraternities remain viable at UPS. But that potential must combine responsible leadership with active programs. This year, IFC regained a measure of responsibility with a crop of active officers and wise expenditure of its money.

As the representatives of a major portion of the UPS student body, the members of IFC concern themselves with maintaining a strong fraternity system. They are not, by nature, threatening or clandestine. They make few headlines because their work directly supports their constituents. It is IFC's organizational qualities which make it important; and it is the cooperation of the fraternity men which makes it strong.
Every UPS student is offered the choice: Greek or Independent?
And when the choice is Greek, one finds—
Rush
Common Bonds
Sisterhood
Functions
Community Projects
Individuals as groups
Someone to live with
Pledge Dances
Spring Formals
Chapter Rooms
And beyond this... the joy of one another.
1972 - 1973 AWS ACTIVITIES

Creating the Women's Center, creating the women's resource library, women's art show, sponsoring speakers: paramedic, women law students, dramatic reading, contraceptive methods, women artists.
BSU
Black Student's Union promotes brotherhood on campus

1973 TAMANAWAS
ORGANIZATIONS AND HONORARIES
Organizations offer a grouping together of the same philosophies ... same interests ... and a companionship
The Netherlands School of Business and the University of Puget Sound jointly offer business students an exciting opportunity to expand their learning experiences. The schools have established an exchange program, and thus far have successfully graduated one hundred participants.

At present, UPS is accommodating twenty-five residents of the Netherlands; while four American students are now in Holland.
Twenty-nine University of Puget Sound students were selected to appear in the 1973 edition of “Who's Who Among Students in American Universities and Colleges” a yearly publication listing those students who have displayed outstanding academic and activity accomplishments during their college careers.

For most people, living in the family situation comes naturally. For 16 kids at Group Home it is something that is learned.

Funded by the government and organized by the University of Puget Sound, Group Home occupies both White House and Stucco House near the University campus. It employs eight live-in staff members, six volunteer workers and two dozen UPS students; and provides planned activities for the kids in sports and crafts as well as programs designed to teach self care.
FIRST ROW LEFT TO RIGHT: Laura Boll, Joy Fraser. SECOND ROW LEFT TO RIGHT: Cathy Peavy, Leslie Pyl, Curtis Barber, Claire Luiten, Tim Russell, Mary Schoenleber. THIRD ROW LEFT TO RIGHT: Mark Wilson, Jim Baker, Mary Jane Towner, Michael Deviny, Joh Palmason, Chris Ward, Scott Baker.

LEFT TO RIGHT: Sandy Coons; Mrs. McDonell, Senior Adviser; Sandi McKenna; Mari Gratzer

Sponsored by the Arnold Air Society, the women of Angel Flight are specialists at community service. The group kept itself busy with bi-monthly visits to Madigan Military Hospital, letters to POW’s, marching for the March of Dimes and making crossword puzzles for a Veteran’s home.
Arnold Air Society—a voluntary honorary within ROTC. These men donate their time to such projects as Toys for Tots, campus ecology, blood drives and recruiting for ROTC in order to strengthen ROTC within the Air Force and within the community.

The Independent men of Smith Hall, known athletically in U.P.S. intramural competition as the DB Hoopers and generally as the “Best Living Group on Campus,” are currently in the second year of their existence.

Their nomadic history is revealed by last year’s trek from Independence Hall to this year’s sharing of Smith Hall with our friends, the girls of Kappa Kappa Gamma. From a band of mostly freshmen, we have evolved into about an even split of freshmen and sophomores, led by dorm president Scott Ager and Resident Assistant Randy Jones.

We have distinguished ourselves in intramural competition in never having a losing season and have achieved a high level of dorm spirit for such endeavors. We are an intellectual group, but put much credence in the maxim of having a good time. Such feats as snowball fights, the great balloon launcher and various dorm pranks hardly need to be enumerated to those who are familiar with our ways, and may not be understood or believed by those who unfortunately have not come into contact with us. Our leadership and involvement in campus processes have ranged from membership on Central Board to heading and working with committees and clubs to varsity competition on U.P.S. sports teams and working with campus ROTC and KUPS.

Whether you are familiar with us as individuals or as a collective unit or not at all, we state unequivocally that the men of Smith Hall are good guys and “brothers forever,” strengthened by the addition of this year’s freshmen, and symbolized spiritually in the existence of our dorm possession, the Idaho Rock.

I'll catch the sun
And never give it back again.
I'll catch the sun
And keep it for my own.
And in a world where no one understands,
I'll take my outstretched hand
And offer it to anyone who comes along
And tells me he's in need of love,
In need of hope or maybe just a friend.
Perhaps in time,
I'll even share my sun
With that new anyone
To whom I gave my hand.

Rod McKuen

We spent so many hours together . . .
And those, my friend,
Are the ones I remember.
The Betas have a purpose—to work hard toward the most worthwhile goals in a University experience. We succeed and therefore jealously guard our victories. Yet we try our best to exude a straightforward respect for others and a confidence in ourselves.

This Beta experience remains mysterious, especially to one who lacks the years of association with this fraternity. But we feel that we work hard at studying, at sports, at play, at organizing and participating in activities, and especially at understanding the strengths and weaknesses of the men we live with.

And after all our work, we can look back with pride to our successes, and our friendship—and it feels good.
“Sometimes, not often enough, we reflect upon the good things ... and those thoughts always center around those we love. And I think about those people, who mean so much to me, and for so many years have made me so very happy. And I count the times I have forgotten to say—thank you, and just how much I love them.”

DELTA DELTA DELTA

First of all, I would like to say a word or two.
I know you won't be thinking this applies to you,
But it's true and it do.
All your life you have had to sing your song alone,
Not believing anybody could have known.
But you're wrong and you know...

I've got a song, let me sing it to you.
Let me say it now while the meaning is new.
But wouldn't it be good if we could sing it together?
Don't be afraid to sing me your mind;
Sing about the joy that I know we can find.
Wind them around and see what they sound like together.
The song is love... the song is love... the song is love...
the song is love.

Last of all, I would like to thank you for the word or two,
Spoken in the moments that I needed you
To see me through.
And they do...

The song is love... the song is love... the song is love...
the song is love.

It seems to be a crime that we should age,
These fragile times should never slip us by.
A time you never can, or shall erase,
As friends together watch their childhood fly.

Making friends for the world to see—
Let the people know you’ve got what you need.
With a friend at hand, you will see the light,
If your friends are there,
Then everything’s all right.

What a vision it was,
With interlacing arms
And shiny, big smiles
All joined as one.
Laughing and singing,
Dancing and clapping,
Nightgowns swishing
In the joy of friendship.
What a feeling it was
To know her last name
Without the nametag,
And to find a smile
In the crowd
Without giving one.
Or to have a home
Without having been there.
What a wonder it is
To reach out once
And be inside.

It may seem peculiar how I think of you. If you want me darling here's what you must do. You've got to free me 'cause I can't give my best unless I got room to move. I don't want to see you keep me for a prize... I want several lovers who ain't got jealous eyes. If you want me darling, love me when you can. I'll be circulating and that's the way I am... You got to free me 'cause I can't give my best unless I got room to move.

By the Time He Finishes High School

That's what it comes to when you add up food, clothing, school medical bills, and all the extras.
If you've got that kind of money, fine.
If not, maybe birth control can help. Birth control means having your children when you want them, and can afford them. Not before.
And here's something you may not know - the most widely used form of birth control in the world today is still the man's contraceptive. That's right, the condom is still the most popular method worldwide. It's safe. It's simple. No side effects, and requires no prescription.
And now there's a major new development in men's contraception:
FETHERLITE-Imported from England. Highly effective and discreetly packaged, Fetherlite is made by LR Industries of London, the world's largest manufacturer of men's contraceptives, so you know it's reliable.
What more, Fetherlites are available through the privacy of the mails. If you'd like more information, just fill out the coupon.

Congratulations
Seniors!
And we fly now at the peak of the Great Mountain Wind. Beyond a few hundred feet, I can lift this old body no higher.

"But you can, Jonathan. For you have learned. One school is finished, and the time has come for another to begin."

As it had shined across him all his life, so understanding lighted that moment for Jonathan Seagull. They were right. He could fly higher, and it was time to go home.

He gave one last long look across the sky, across that magnificent silver land where he had learned so much.

"I'm ready," he said at last.

And Jonathan Livingston Seagull rose with the two star-bright gulls to disappear into a perfect dark sky.

from Jonathan Livingston Seagull
