The garlic bread is sooo good. "Tacoma Aroma." University of Puget Sound is awesome because I'm here. We have awesome lawns. Ron Tom is the head of our home. We have a tight-knit community. You actually get to know your classmates. I love singing along to the music in the dorm. I get to wear scary costumes and harnesses. Super Fun. Ron Tom is the man! He's a real Al. He's like our preoccupation. He's mowing the lawn. The people here make a difference. You can wear flannel all the time, any day. We have sassy professors. Oh Puge, Bricks of Red/Tress of green, fall foliage/Intertwined with Diversions should probably be called Distractions. PaRDG weekend. The garlic bread is sooo good. People still wear high-heels when it's pouring outside.

Pretty campus for Olive/To pursue knowledge. There's a constant supply of amazing coffee; people love it! But definitely coffee. Oppenheimer is like a snowglobe when it snows. Leggings are not pants. The education inspires so many questions. Fro-yo, yum. The cellars always feels like a party. I like how it feels like we're in a forest all the time. Writing sentences for the yearbook is so mainstream. If I had a nickel for every time they mowed the grass my tuition would be covered. Men actually dress nice here. We have a fun Ultimate Frisbee crowd. "Tacoma Aroma." University of Puget Sound is awesome because I'm here. We have awesome lawns. Ron Tom is the head of our home. We have a tight-knit community. Don't swim in Jons Fountain, they'll catch you. I love midnight breaks, oh, wait. Sunflower patties galore. The natural Ts are chicken in the sub is great. "The mount out today!" Oppenheimer at night looks like Hogwars. I love the ivy on the brick buildings. Its changing colors in the Fall. People stick to high-heels when it's pouring outside. The world really nice. The Tamanawas Staff is proud to present to you the 2011-2012 Tamanawas Yearbook!

This year we sought to showcase the students, staff, and professors of Puget Sound in all their glory. We believe that every person is a unique part of our campus community—and that the perspective of every one of these people is worth sharing.

Toward that end we sought to bring diverse perspectives of the University of Puget Sound into our book. Each member of our staff worked independently on these pages; that way, with every turn of the page you will not only find something new, but something new presented in a unique, personal way.

If you find in these pages everything that you love about our school, our community, and our home, then we have accomplished our goal. But we also hope that somewhere in this book you may get a glimpse of a perspective that you haven’t seen before.

Perhaps you’ll find a student club you didn’t know about, or maybe you’ll learn something new about one of the disciplines that students here study. Regardless, we hope that you enjoy browsing these pages—now and in years to come.

Thank you. See you next year!

Photo services is the organization on campus that is responsible for taking the photos that appear in the Trail and Tamanawas. They also run the campus darkroom. Photo services consists of about 15 photographers.

"The best part about working for photo services is being able to actively engage in the campus community through photography."
-Jane Cornell, General Manager of Photo Services

KUPS is Puget Sound’s 100% student-run, non-commercial radio station. It includes programming in alternative, loud rock, hip-hop, electronic, and various other genres. KUPS, The Sound can be listened to at 90.1 FM and online though the Puget Sound website.

"Being a part of KUPS lets people share their love of music with the greater community!"
-Skye Pascall, General Manager
The Trail is Puget Sound's independent student newspaper. It is published weekly throughout the school year.

"The best part about working at the Trail is that it gives individual students the ability to start a campus-wide conversation."
-Zane Muller, Editor-in-Chief of the Trail

Crosscurrents is a literary arts magazine that is contributed to and run by Puget Sound students. It provides an opportunity for students to be published in a serious publication and allows the campus community to see the exciting things that are being produced within it.

"The best part of crosscurrents is seeing the creativity that abounds on campus."
-Amber Catford, Editor-in-Chief of Crosscurrents

Elements is Puget Sound's bi-annual scientific publication that includes articles about students' science related passions, research, and hobbies.

"Basically, we are a bunch of nerds whose goal is to encourage other nerds to show people how cool science is and to present it in a way that is less intimidating, more accessible to the community, and highly informative."
-Claire Simon, Co-Editor-in-Chief of Elements
The Logger motto is "Once a Logger, always a Logger!" and Log Jam really showcases this idea. With tons of great clubs to sign up for, fireworks, prizes, and a movie under the stars, Log Jam is the much-anticipated start to the school year!

"All my life I wanna be a Logger!"

Students sign up for fun and interesting clubs to get connected on campus.

On October 28, 2011, the William T. and Gail T. Weyerhaeuser Center for Health Sciences was formally opened and dedicated to the University of Puget Sound campus.

Psychology professor Robin Foster speaks at the dedication ceremony. Foster was instrumental in the design and construction of the new health sciences building.
During the summer of 2011, the Northern and Southern parts of campus were linked together with the Commencement Walk. Extending from Collins Memorial Library to Memorial Fieldhouse, this concrete masterpiece created a more unified campus dynamic. It is named for the Commencement procession that every graduate walks from Karlen Quad to Baker Stadium.

A lot has changed since the first issue of the Trail was published in 1911. What hasn’t changed is the demand for a credible, entertaining and thought-provoking newspaper catering to the Puget Sound community. The Trail is integral not just as a historical record for the University, but for the vibrancy it adds to student life.

In my mind, campus media is equally valuable for the opportunity it provides for students to get directly involved. Each issue represents the collective efforts of over forty student writers and editors, who admirably balance their academic and personal lives with their journalistic commitment. I personally am immensely proud of the effort our staff put forth over the course of the year. We strove to raise the bar in terms of writing caliber, presentation and the quality of our coverage, and I believe we succeeded on all counts. From marriage equality to liquor laws to an unlikely Puget Sound connection to the late Steve Jobs, we tried to cover issues that were relevant to students in a way that promoted engagement and conversation.

That’s not to say we didn’t ruffle a few feathers along the way. We’ve received both criticism and praise for our coverage of controversial issues on campus, a fact that reflects the diversity of student opinion and the visibility of student media. Readers expressed agreement, dissent, outrage and delight with our coverage - we were even accused at one point of promoting a liberal media agenda. But while our coverage may not have always been flattering, popular or convenient, our aim was to be fair, candid and staunchly in defense of journalistic values.

The Trail has been going strong for over a century, and doubtless will continue to evolve, inform and intrigue. To my staff, thank you for your effort and dedication. To our readers, thanks for reading.

This year, the University's Kitterage Art Gallery hosted a wide array of events which showcased both student and faculty artwork. While Kitterage strives to appreciate and celebrate the artistic accomplishments of the UPS community, Kitterage's contribution to a broader cultural community in the Pacific Northwest cannot be ignored.

Band
Members of all three choirs performed in Pirates of Penzance in February 2012.

A key part of the Puget Sound Music Department is choirs, the 40-voice Adelphian Concert Choir from which the 16-person Voci d'Amici is selected, the all-female Dorian Singers, and the nonauditioned University Chorale. These choirs perform two to three times per semester. Their repertoires range from Renaissance polyphony to Modern choral music such as Eric Whitacre and "Toy Story 3=Awesome: The Facebook Song." Adelphians and Voci d'Amici are conducted by Dr. Stephen Zopfi and Dorians and Chorale are conducted by Dr. Ann Lyman.

Foreign Languages and Cultures

The University of Puget Sound offers degrees in five different languages: Spanish, French, German, Chinese, and Japanese. The staff believes that every student should learn at least one foreign culture through its language, as language is an essential part of a liberal arts education. This department offers many ways to learn and cultivate these languages. Classes are offered every semester, with speaking hours set aside each week to ensure fluency in the languages. Each language also has a language theme house in which students can live and learn together.
The Humanities program on campus is a growing one. This year they have made a noteworthy change by adding the humanities minor, which will allow more students to explore the discipline. The minor will be composed of several parts including digital humanities—a computer science type course—as well as an experiential component. This allows students to get a broader understanding of what humanities is and how technology is changing it. One of the unique things about the department is their connection to the Humanities Hall. Both the minor and humanities hall are headed by Professor George Erving. The Humanities hall hosts a "Pavlov" dinner twice a semester which is an outlet for good food and conversation on a variety of topics. There are usually about 30 people who attend the dinner and 4 different presentations with students presenting, MC’ing, attending, and cooking dinner. The Humanities Department as a whole is comprised of a variety of teachers from many disciplines coming together to teach students about a discipline unique to liberal arts education.
A portion of the Orchestra musicians also played for the popular opera performed early in the Spring semester, *Pirates of Penzance*.
The Symphony Orchestra is directed by the talented and motivated Christophe Changard. It provides an opportunity for more than 50 musicly talented students to play and perform together. The majority of the musicians are strings players but there are also woodwind, brass, and percussions.

The Math and Science departments work to equip students with the problem solving techniques, logical reasoning and data analysis needed to tackle the conceptual problems that affect modern life. Professors in the sciences department encourage students to work both collaboratively and individually to collect and interpret the relevant data needed to simplify real life problems. Critical and analytical thinking is integrated in many courses.

The production was set in 1960s America, making the ragtag bunch in the forest representative of the counterculture movement. As You Like It was directed by Geoff Proehl with set design by Kurt Walls and costumes by Mishka Navarre. It was performed in October, 2011 in the Norton Clapp Theater on campus. The Spring production, directed by John Rindo, was Mary Zimmerman's Metamorphoses based on Ovid. Metamorphoses was performed in March 2012.

The theater department consists of Geoff Proehl (chair), John Rindo, Kurt Walls, and Sara Freeman.
Aside from the theater department, each semester students direct a number of one-act plays in the Town Crier Speaks festival, Infinite Monkeys Festival, and the Directing Class One-Acts. Additionally, VAVA puts on Eve Ensler's The Vagina Monologues. On top of all that, many students are involved in a sketch comedy group, Ubiquitous They, known around campus as UT.

Physical Education Exercise Science

The Physical Education program offers students up to 40 classes ranging from dance, to fitness, to sport skills and recreational activities.

The mission of the Department of Exercise Science is to deliver a program that applies the scientific foundation of human movement to help graduate students understand the complex relationships among work, physical activity, health, and realizing human potential.

Basketball

Basketball is a sport that epitomizes teamwork, endurance, sportsmanship, and commitment to its fullest. In the 2011-2012 basketball season, these qualities were embodied by Logger men and women which, win or lose, positively represented Puget Sound and its values. Great job to the men and women for this season!
Crew Team
Alive, Awake, Alert, and Enthusiastic!

You can always count on the UPS crew team to be Alive, Awake, Alert and Enthusiastic, especially as the Women’s and Men’s teams work hard to prepare for the fast racing in spring. They are excited to challenge the status quo when they travel to the west coast to compete in the championships there. The crew team enjoys erging to quality collections of music from the 1990’s and 2000’s. They practice rowing on the beautiful American Lake, rain or shine.

The 2011 cross country season went well for both the men's and women's teams. The season opened with the Puget Sound Invite. Junior Carrie Keith came in first out of the Loggers and took seventh in the entire race. Freshman Joshua Seekatz led the men's team and finished ninth in the race. He was one of several freshmen, including Justin Higa, Dylan Hutchinson Enos, Andrew Southworth, Johnny Moore, Molly Bradbury, Laura Leach, and Glynis Bawden, to make their Puget Sound debut.

At the Chuck Bowles Invite in Oregon, Seekatz led the men again, and Molly Bradbury led the women. It was a successful race for many loggers, as 11 loggers ran personal-bests. The women's team did exceptionally well at the Boxer Rebellion in Forest Grove, California with three runners, Kathryn Flyte, Molly Bradbury, and Laura Leach, coming in 7-8-9. Both teams continued to achieve personal bests at the NWC Championships in Oregon.

Lacrosse

The women's Lacrosse team is coached by Liana Halstead. They had a great season, and won their game against the Linfield Wildcats. (Pictures 2, 7, 9)
6, 7, 8, 9, 10, 11 Athletic Department.
Soccer

The Women's soccer team finished the 2011-2012 season with fourteen wins, and only three ties. This season marked the return of head coach Randy Hanson. He was assisted by coaches Dan Keene, Adrienne Folsom, Kelly Bendixen, Maya Mendoza, and Lance Fischbach.

The UPS Men's soccer team is shown in photo NUMBER as they high-five Linfield after a home game. The final score for this game was 3-0, with a win for the University of Puget Sound. There were no red cards given to either team during this game. Way to go guys! The members shown Sam Naatz, Peter Russell, Connor LaFerrier, Colin McIntosh, Carson Swope, Ryan Rush, Terence Blackburn, David Leslie, J. Marcus Rudd
The Men's soccer team was headed by head coach Reece Olney and assistant coaches Bobby McLaughlin, Byron Conforti, and Greg Swanson. The season ended with eleven wins, six losses, and no ties. The UPS Men's soccer team avoided red cards throughout the season, showing a remarkable display of sportsmanship.
Softball

And it's outta here! Our Lady Loggers Softball team started their season with a home game against Lewis and Clark. Although the game was a nail biter they pulled out a win in the final inning! This season the 12 players under coach Jen Peterson have bonded off the field with many activities that create a stronger team during the game. For these ladies it isn't about the win, but what you learn in the process and the triumphs that aren't reflected in the score. Along with their spring break tour in California with 12 games and a visit to Disneyland, the team engages in a service project to benefit Tacoma every month, the 4th annual alumni game, and Logger Buddies, which pairs teammates to enhance team dynamics. This year 2 seniors, Megan Jones and Aryn Grause, organized the HomeRun Derby to raise money for the Athletic Trainer, Stana Landon, who is battling cancer. These wonderful women are focused on the community and making a difference while improving their athletics during their time here at Puget Sound. As Coach Peterson said "Watching them develop and being a part of their growth and development process each season, both individually and as a team, is an extremely unique experience."
The 12 players on this team have a ton of personality! Their motto this year is "stronger together," and despite injuries and other setbacks out of their control, they have grown as a team.

"Lanakila" cheer at the bottom of the 4th inning of every game brings up the spirits of the defensive players to finish the game!

5 Chris Spalding. 6, 7, 9, 10 Chris Putnam. 8, David Pendleton.
Swim Team

The 2011-2012 varsity swim team was the 54th in the University’s history. The swim team is a tight-knit community of athletes who have come together this past year training and competing together. Coach Chris Myhre remarked that while the team tries to win events and provide entertainment for the University, what really distinguishes them as a team are the shared memories and life lessons they have acquired during their time together.
This season the women's tennis team had a record of 3 wins and 6 losses. They began the season strong with a decisive victory against PLL 8-1, but then were just beat out for the win by Pacific University with a 5-4 record. The team endured challenging losses against Seattle University, Whitworth, and Whitman, but then managed to turn their losing streak around to beat George Fox University 6-3 and Lewis and Clark College 5-4. The women's tennis team is coached by Steve Bowen.

Team Roster:

1 Hattie Lindsley. 2, 3, 4 David Pendleton
This season the men's tennis team had a record of 0 wins and 8 losses. They started their season off with a tough loss to Seattle University 9-0. Despite this difficult start to their season the men's tennis team stayed strong and continued to work on improving their game. This hard work was evident when they only lost to Lewis and Clark College by 5 points and even more so when they only lost to Linfield College by 3 points. The men's tennis team is coached by Jake Hobaugh.

Team Roster:
Mike Cutter, Sam Finkleman, Ben Miller, George Murphy, Abe Noyes, Jake Peterson, John Stevens, Michael Tieu.
Run Forest Run! Famous words I am sure every runner is tired of hearing, however fitting they are for a Logger. With 51 members the Track and Field team did great this season! There have been many records broken and awards given to this team—too many to include on this page. But one of the things that is most impressive about this team is that a majority of the athletes are involved in another sport or organization. The head coach Mike Orechia has been with UPS for 15 years and is very excited to be coaching yet again. He is assisted by numerous other coaches, many of whom held Track and Field records when they attended Puget Sound. The team’s first home meet was on March 3rd, and the campus gave them loads of support as they showed off all their hard work. On top of fitness together and events like the food drive they held in April, leadership is encouraged and at the end of the season a few influential students are voted to serve as Captains.

"My favorite part about coaching Track and Field at Puget Sound is working with the athletes and watching them attain their goals." — Mike Orechia
Both the Men's and Women's side have 20 events each making a track meet an all day event. From hurdles and distance, to shot disk and pole vault all events are thrilling to watch!

Assistant Coaches:
Ed Boitano, Randy Moon, Francis Reynolds, Greg Bailey, Frank Prince

Volleyball Team

The Logger women’s volleyball team began the season strong with an 11 game winning streak. Despite a few losses they finished strong on November 5th with a win against Willamette, an overall winning record of 18-6. Senior Brynn Blinkenstaff, sophomore Jackie Harvey, and senior Erika Greene were awarded All-Northwest Conference honors. They received first team honors, second team honors, and honorable mention respectively. Additionally, Blinkenstaff reached 1000 career kills in the final game of the season.

Student Theatre Productions

Cast and crew of the Fall 2011 Town Crier show. Town Crier is put on by the Student Theatre Productions Club and features student written and produced single act plays.

Campus Films

The Campus Films club provides a popular movie viewing for students to attend at the affordable price of $1. Events are held in Rausch Auditorium and refreshments are always available.
Psychology Club

Psychology club is a student club for students of all majors and backgrounds to come together and learn about psychology with activities, lectures, and field trips. The picture to the left shows a club field trip to the University of Washington Infant Primate Research Lab, where the club toured the facilities and learned about the types of medical and psychological research they are doing with macaques. The club also discussed the ethics of animal research.

Nerf Club

What is Nerf? Nerf is a great amalgamation of the releasing of one's inner child combined with exercise, fun, and capture the flag. And also, the propelling of foam projectiles at one another. Remember those toy blasters you played with when you were little? That's what we use. We horde them, loan them at matches, and fun ensues.
Garden Club

The Garden Club maintains and cares for the school garden located on 17th and Alder. The club has seven raised beds, a compost, blueberry and raspberry bushes and other fruit trees! All of the food is open and free to students regardless of whether or not they participate in Garden Club. Garden club is apart of the greater Puget Sound mission devoted to creating an environmentally friendly community.
The Bluesion Dance Crew offers students at the University of Puget Sound the opportunity to come together to learn and practice different dance styles, such as ballroom, tango, and swing.
Anime Club

ANIME CLUB is a gathering of students from all different academic backgrounds all FIRMLY DEDICATED to the cause of INTERGALACTIC JUSTICE. Each week we embark on a new adventure in lands of MYSTERY AND INTRIGUE, equipped with such powerful weapons as LOVE, FRIENDSHIP, FANGIRLS, GIANT ROBOTS and a healthy dose of CAPSLOCK. Fueled by Japanese candy and the power of our BURNING SOULS, ANIME CLUB will wave its collective hand to ensure that OUR HOME GALAXY forever rotates at a PLEASANT RATE!

Habitat for Humanity was chartered on the UPS campus in December of 1991 as the 100th campus chapter in the nation. Their purpose is to support, teach, fundraise and build for the Tacoma/Pierce County community through their Habitat for Humanity affiliate. They want to combine their efforts and band together to provide those in need with adequate housing.

Above and right: students try their hands at painting to help the Tacoma Community.

Got Word?

"The Bible strengthens our bones—our relationships with God. It's important to spend time with friends and other students to talk about what it contains and how it applies to our lives. So, every Tuesday evening, we have dinner and drink lots of milk together. And by milk, we mean Scripture. Well, we don't drink it, we read it. Got word?"—Jan Bienacke, Got Word President.
Needlecrafts for Charity promotes sustainable sewing, knitting and crocheting for fun and for charity.

Veggie Might unites vegetarians, vegans, and all students who have an interest in eating and living healthy. With cooking nights, going out to restaurants, and discussions, anyone is sure to have a great time.
Puget Sound Outdoors (PSO), provides opportunities nearly every weekend for students to get off campus and enjoy the Washington outdoors. All trips are organized and led by students. Trips range from hiking and backpacking to surfing, rock climbing, kayaking, biking, and blueberry picking.
Crouch, tough, pause, engage. These rugby terms may be foreign to you unless you have been to a rugby game on Todd Field. The Puget Sound Mens Rugby team is a close knit group of men. As Captain Gav Baudry '12 said "There is a global community among rugby players, I can travel anywhere and be a part of the local rugby community!". After every game the boys had a social with the other team, a tradition in the sport. With their coaches Tobin Rops and Mark Sullivan the team has grown to over 40 players this season as well as continuing the fall sevens team. This sport is a sight to be seen and is always open for those who are adventurous enough to try!

Men's Ultimate Frisbee

The Puget Sound Mens ultimate team, The Postmen, had about 40 members this year. With Captains Ky Lewis, Luke Jesperson, and Spencer Sheridan leading the way, the team traveled to many tournaments in Washington, Oregon, and California. As Frank Mark Frank (Mark Janszer '13) said, "Frisbee seems to emphasize fun without taking away from hard work and accomplishment!" Although frisbee is a club here on campus, the boys practice hard to become athletes. "We're a bunch of fun loving guys who spend way too much time throwing around a piece of plastic," says Junior Jonas Cole. The community which the sport fosters is unlike many, welcoming anyone to join this fast growing sport!

As co-captain Serena Berkowitz said "It's the spirit of the game that I love," and these ladies have it! The women's ultimate team, Zypher, has worked hard this year to find games with other teams. The had a scrimmage again Corvallis, and an "Olympic" themed one against PLL. Before the games the girls bond as a team and make t-shirts and hangout. They also bond with their opponents before and after every game, making everyone feel included and making new friends!

Repertory Dance Group is a group of students, of all levels, who basically just wanna dance! They put on two shows a year with pieces from Bollywood to Lyrical to Brazilian to Hip Hop. This fall’s show, "It’s Your life," was a great success. They have over 200 members and are constantly trying to find new people who share their appreciation of dance. They donate all proceeds from concessions to Arts Corps and have managed to provide 1,000 hours of dance classes to kids all over!

Scarlett Flow gave a spectacularly unique performance as one of only two Drag Queens.
On Friday, March 23, B-GLAD held their 10th annual Drag Show with the help of VOX, VAVA and RDG. It was in the Field House for the first time, hosted by Seattle’s Geisha Starr, to an audience of over 500. The show featured dance and Lip Synch acts as well as student drag queens and kings and was a huge success.

Chelsea Schnapps lit up the stage with both her voice and unique costume.

The Real Deal Goodies (officers and coreographers of RDG) shook their ‘Buns’.

A young Cher sang her heart out with two beautiful performances.
American Medical Student Association

Presidents: Stephen Reller and Maya Heck

AMSA is a club of students considering a career in healthcare fields. They bring in health care professionals to speak to their members, practice interviewing and visit the UW medical school.

Phi Eta Sigma

President: Bailey Bartlet

Phi Eta Sigma is the National Honor Society. Their goal is to encourage and reward academic excellence among first-year students in institutions of higher learning.

Dental Club

President: Rachel Burke

The Dental Club is an organization of students looking to pursue careers in the field of dental health. They work to motivate each other and to share their knowledge of the dental health field.

Mortar Board

President: Hallie Conyers

Mortar Board promotes scholarship, leadership and service and recognizes students who embody these values. They sponsor Last Lecture and a blood drive and put on events such as film discussions and trips to local museums.
Future Animal Health Professionals

President: Maria Sokova

The Future Animal Health Professionals club provides guidance in class choices, résumé creation, and the application process to students who are looking to go to enter the field of animal health.

Collegiate Washington Music Educators Association

Presidents: Amy Polete and Jason Lazur

CWMEA works to give music education students the opportunity to network with local teachers and learn from their experience. They also work on skills that will help them be better educators and attend the state-wide Music Education conference each year.
Minnesota Club

Minnesota Club is a community of Minnesotans and Allies of Minnesota who come together to celebrate their love of lakes, loons and hot dish. It provides the campus with mid-western themed events and activities (such as apple picking, butter carving, and hot-dish making) and spreads Minnesota Nice across campus.

Founding Members: Ian Fox - President
Laura Richardson - Vice President
Emily Menk - Historian
Fallon Boyle - Treasurer
Sean Tyree - Event Coordinator
Professor David Andresen - Faculty Advisor
The Community for Hispanic Awareness represents the Latino and Hispanic population of Puget Sound and their allies. CHisPA welcomes all students who would like to learn about Hispanic culture to take part in their organization. Beyond that, CHisPA values the experiences of all Student Diversity Center clubs and strives to work collectively to alleviate injustices.

DID YOU KNOW?
The name of this club "CHisPA" is a play on words? In Spanish, the word chispa means spark, like the one that is seen when lighting a fire.

Club Members: Karen Valle, Micheal Piper Cair Ortiz, Michelle Barreto, Jeremy Gwinner, Jeann Stevins, Michael Leventon
Lighthouse is a community for those who want to find greater depth and trust in Christ, as well as a place to belong and feel accepted. It's the kind of group where you can be who you are -- flaws and all -- without any fear of judgment... because if it weren't that kind of place, none of us would be able to fit into it. The group was very excited by their growth this year and has participated in many events including weekly meetings of both big groups and core groups as well as tutoring and monthly dinners.
The Fellowship of Christian Athletes is a club all about challenging coaches and athletes on the college level to use the powerful medium of athletics to impact the world for Jesus Christ. Club President Trevor Horn states that “We focus on serving local communities by equipping, empowering and encouraging people to make a difference for God.” Their club motto is “Teamwork makes the Dream Work.”
The Puget Sound French Club unites all students interested in French language and culture. All levels are welcome, you don't have to speak any French to participate in activities. Club events include cooking nights, playing French board games, and going out to French restaurants.

Asian Pacific American
**Hui O Hawai'i**

*Hui O Hawai'i* is one of the largest clubs on campus. It is open to both students from Hawai'i as well as those interested in learning about Hawaiian culture, and is a great opportunity to meet new friends. The club also hosts one of the biggest events held on campus, the annual Lu'au.

Right: Male and female students perform the couple's dance in *Hui O Hawai'i*'s spectacular Lu'au.

**Student Association**

The Asian Pacific American Student Association, known as "APASu" for short, offers students of Asian Pacific descent and others who want to learn more about Asian culture a place to gather and hold discussions as well as fun activities. They host many events in the Student Diversity Center that are both fun and educational.

Below, FLAC residents flee the tiny but vicious barbecue that has taken up residence beneath the bushes next to the front stairs. Where did this tiny barbecue come from? Only the students of FLAC know for sure. However, when asked to comment, they were running to quickly to speak. Perhaps this tiny barbecue was once used by the residents to cook some tiny hotdogs, and overstay its welcome. The only thing we can know for sure is that the residents of this house might forever live in fear of this petite grill.

Each is given a list of rules; a shapeless mass; a bag of tools. And each must fashion, ere life is flown, a stumbling block, or a Stepping-Stone.

Thanks for
the Memories!
On the second morning back from what was surely a restful winter break as students awoke, bright-eyed and eager to learn, they were greeted not by the traditional Tacoma drizzle, but an unexpected snowstorm. With classes canceled, students amused themselves by frolicking in the snow, making snow sculptures, or hiding in the safety of their rooms. As day two of Snowpocalypse 2012 rolled around, campus was encased in a thick layer of ice. Students and tree branches alike tumbled to the ground. The University of Puget Sound community emerged victorious as the temporary winter wonderland melted away and life went back to normal.

As another year draws to a close I want to take this opportunity to thank all the amazing people who made the 2011-12 yearbook possible. I would first like to thank the administrative team of ASUPS, without whose support this book would not have been possible.

Next, I would like to thank the wonderful and talented photographers at Photo Services. A great yearbook needs great photos, and you provided us with just that. Along with that I must also thank Jane Cornell for facilitating the acquisition of our yearbook’s visual elements.

Most of all though, I must thank my brilliant and dedicated staff. You put together all the puzzle pieces to make a beautiful picture. I thank you for bringing your unique styles and tastes to this book; it is both unique and awesome. I thank you for staying on top of deadlines and working as diligently as you did. You were a dream team if ever there was one.

And last but most definitely not least I would like to thank the students of the University of Puget Sound. You create the rich, diverse, unique, awesome environment that gave our staff great material to work with. You all make the book. Congratulations to the class of 2012, we’ll miss you!

Have a great summer,

The 88th volume of the Tamanawas Yearbook was edited by Henry Babbitt-Cook. Its Business Manager was Ashlynn Yolbert. It was sponsored by the Associated Students of Puget Sound (ASUPS), and printed by Digital Print Service in Kent, Washington. It is also supervised by the Student Senate and by Student Affairs. Tamanawas is paid for by ASUPS, and by revenue from the Senior PDA ads as well as yearbook sales.

The press run of the 2011-2012 Tamanawas was 700 copies of 144 pages, 8 1/2” by 11” size for April 2012 delivery. This book was created on Apple computers using Adobe InDesign CS3 and Adobe Photoshop CS3. The type styles used throughout the book were Dakota and Calibri. Photos were taken by the photographers of Photo Services—an ASUPS Media managed by Jane Cornell—and by Tamanawas Staff.*

The opinions expressed in the Tamanawas are not necessarily those of the University of Puget Sound or of the student body. For further questions regarding production, please contact the Editor-in-Chief through Tamanawas, ASUPS Wheelock Student Center, Tacoma, Washington, 98416 or at tamanawas.pugetsound.edu.

We have a tight-knit community. You actually get to know your classmates. Singing along to the music in the Cellar. I get to wear scarves. "Hey you, crew team!" My professors have hella office hours. Super Hyphy! Rom Tom is the man. It's so green. We have a cat named Al. Our school is really preoccupied with mowing the lawn. The people here make a difference. You can wear flannel all the time, any time. We have sassy professors. Oh Puge, Bricks of Red/Tress of green, flannel/Intertwined with rain. Diversions should probably be called Distractions. The garlic bread is good. "Tacoma Aroma." University of Puget Sound is awesome because I'm here. We have awesome lawns. Ron Tom is the head of our home. We have a tight-knit community. Don't know what they'll catch you. I love midnight breakfast...oh, wait. Sunflower patties. The General Tsao chicken in the sub is great. "The mountain's out today!" Oppenheimer looks like Hogwarts. I love the ivy on the brick buildings, and its changing colors in the fall. People still wear high-heels when it's pouring outside. Waffle Weekends get me through the week. The water's really nice. Magically glowing/Pretty campus for Olive/To pursue knowledge! There's a constant supply of amazing coffee; people too, but definitely coffee. Oppenheimer is like the globe when it snows. I'm transferring next semester. Leggings are not pants. The education is too mainstream. Writing sentences for the yearbook is so mainstream. If I had to mow the grass, my tuition would be covered. Men actually dress nicely.

We have a fun Ultimate Frisbee crowd. The professors sometimes booby-trap the doors and there's day night lasagna rocks. Mount Rainier in the morning is breathtaking. Great hipster hunting near the closest to Hogwarts I've gotten thus far. I like the waffles. I love late night fire drills. Nos are a staple of the UPS fashion world. Our colors are not gold and brown. I came, I partied, I lived, and I crossed over the threshold into the world. People here are open minded and everybody loves each other! Loggers live green. BGLAD is my second family. We are awesome. We get Sound is awesome because I'm here. We have awesome lawns. Ron Tom is the head of our home. We have a tight-knit community. Don't swim in Jones Fountain, they'll catch you. I love midnight breakfast...oh, wait. The Writing Center saves my grades. Leggings are too pants. Mowed, called, don't ask. Writing sentences for the yearbook is so mainstream. Exercise Science building! PaRDG is awesome. Oh, and...
