Oh, the Places You'll Go!
The Road Not Taken

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;

Then took the other, as just as fair
Though one less traveled by,
And that made all the difference.

And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.

I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I—
I took the one less traveled by,
And that has made all the difference.

CONGRATULATIONS
Before you had a name or opened your eyes or anyone could recognize your face, you were being formed, so delicate in size, secluded in God’s safe and hidden place. He breathed in you a strong will to succeed and has pressed on you faith, that he will take care of your needs. Now look at you, graduating from college. This will be the first day of the rest of your life, guard it with prayer, sustain it with faith, anchor it with Love and nurture it with the word.

We love you.

FACULTY
Oh, the Places You'll Go...
To the Students of the University of Puget Sound:

Tamanawas is meant to provide for each of you a chronicle of your Puget Sound experiences. The year covered in this edition have been especially exciting ones for the University, often because of your energy and talents.

The faculty consistently praises you for your academic abilities and your intellectual curiosity. And your record of achievement bears out that perception. Many of you have been involved in very high quality independent work which will, we are confident, serve you in the years to come. Many of you have studied overseas in one of the Puget Sound sponsored programs. All of you have written a great deal. Your academic program has been rich both in its breadth and its depth.

You also have enriched campus life through your involvement in such areas as music, theatre, athletics, student media, campus programs, and our many clubs and organizations. Some of you have served as RA’s and CC’s. More than 75% of you have also made important contributions to the community beyond the campus boundaries through volunteer service, a pattern of giving back to the larger society that we hope will become part of your lives in the future.

Tamanawas is a record of your Puget Sound experience. I hope that the memories recorded here and your other more personal memories will be enduring and that you will maintain a lifelong connection to your classmates, to the members of the faculty and staff with whom you’ve worked closely and to the University in the years to come.
The Art Department offers a Bachelor of Arts degree in Studio Art and Art History. The two majors are distinct, but students in either major are required to take supporting courses in the other area to ensure breadth.

Oh, the Places You’ll Go...
(1) This sailing group encountered more than just the wind in their faces when they picked up a jellyfish.

(2) Not many people have experienced building a true sweat lodge, but thanks to Passages, our freshmen have first hand knowledge of the invigoration that comes along with this activity and the satisfaction that comes with the first sweat.

(3) These freshmen were assigned to spray paint using stencils of warning of death to river wildlife with disposal of chemicals by storm drains in a nearby neighborhood.

(4) Hot chocolate proved to be a great energy booster among backpackers whenever they stopped for lunch.

(5) These backpackers finally scaled to the top of the mountain with their gear still intact.

(6) Canoeing was the way to go when it came to traveling with new buddies across the water. Between the overnight canoe trips and spontaneous outings from basecamp, much time was spent paddling.

(7) These students let it all go as they jumped into the Sound and felt the extreme chill that ran through their veins. This was all part of the fun at Camp Parsons.
Freshmen orientation is a week-long program unique to the University of Puget Sound. Its name, “Preludes, Passages, and Perspectives” describes a series of activities meant to introduce students to campus life and classes, give time for making new friends, and to promote participation in our local community.

“Preludes” is a classroom program that helps get freshmen into the “college mode” of thinking. Many students found this to be a helpful introduction to the style of college classes.

“Perspectives” gives students a chance to get involved in the Tacoma community by doing community service work at a variety of levels.

“Passages” is an extremely unique part of orientation that helps freshmen get to know their peers. Many learned that spending three days in a forest with strangers is an excellent way of getting to know new people. The time spent at Camp Parsons has become a tradition of freshmen orientation at the University of Puget Sound. Camp Parsons is located on the Hood Canal and yields many activities. Freshmen choose from backpacking, canoeing, or spending three days at base camp. Many students try out new experiences and greatly enjoy themselves. “Passages” seems to be more successful with each passing year and definitely helps freshmen relax and feel comfortable with their new friends before the start of their college classes.
The display of school spirit present throughout the events of Homecoming Weekend, October 20-22, followed the renewal of Logger pride that gripped the campus during the fall. The dominating success of many sports teams and the efforts of the ASUPS Log Jam push, helped students, faculty, and the community rally behind the UPS teams. On Saturday, October 20th Baker Stadium hosted the highlight of the Homecoming weekend as the UPS football team took on Whitworth College. A large crowd turned out to support the Loggers. Unfortunately, after a hard-fought battle to the cheers of an enthusiastic crowd, the Loggers lost to Whitworth, 16-8. Despite the loss, fans enjoyed the crowning of Homecoming King David Sugihara and Queen Christine Reehl by President Susan Resneck Pierce during halftime. Sports fans weren't left completely disappointed, as the women's soccer team won two exciting and important games and the men's team won one. The women defeated Linfield on Saturday 2-0 and Willamette on Sunday 1-0. The men lost to Linfield on Saturday 0-1 and defeated Willamette on Sunday 1-0. Attendance for all games was high.

The Log Jam Spirit Competition sponsored several events on Saturday. Prior to the football game, a Float Parade traveled around campus with entries from a variety of groups including Hui'O Hawaii, Sigma Chi, KUPS, and Student Development. The game's halftime entertainment included a spirit competition and later in the day, the house/hall decorating competition was judged. The day ended with the annual Songfest in which student organizations and Greek houses represented themselves in song and dance before a large crowd. The student voices that filled the Fieldhouse during Songfest echoed the singing talents of Shawn Colvin the night before. Known best for her hit “Sunny Came Home,” Colvin performed for UPS students and the community on Friday evening as the kick off for Homecoming Weekend.

This year, Log Jam helped to raise campus spirit for Homecoming. Based on the attendance and participation of students at events, it was clear Logger pride was running high.
ASUPS Lectures and Concerts brought a wide variety of vocal and instrumental music to campus as well as many guests speakers. The speakers’ subjects ranged from eating disorders to the death penalty and sitting on death row. Each year, ASUPS brings at least one well-known artist to campus; this year Shawn Colvin came to campus and performed during Homecoming celebrations. The lectures and concerts offer alternative entertainment and education to the student body. With the continuing support of ASUPS, the lectures and concerts will continue to be an integral part of campus life.

The University Wind Ensemble is conducted by Robert Musser. The Ensemble is made up of 50 auditioned students. The December 2000 concert performed the following pieces: “The Year of the Dragon” by Phillip Sparke, “Apollo March” by Anton Bruckner, and other works by John Barnes Chance and Claude Smith.

The University Symphony Orchestra is made completely of undergraduate musicians and is conducted by Philip Baldwin. Their April 2001 concert featured the following student winners of the concerto aria competition:

- Hovhaness: Fantasy on Japanese Woodprints; Richard Frey, marimba
- Mozart: Exultate Jubilate, K. 165 Teresa Smith, soprano
- Ibert: Concertino for Saxophone, Erik Steighner
- Also Tchaikovsky: Symphony #2, “Little Russian”

The University Jazz Band is conducted by Syd Potter. They play free concerts at the University as well as appear elsewhere, such as the Seattle Opera House Annual Kent-Meridian Jazz Festival, the Western International Band Clinic, and on regular tours throughout the Northwest. The Jazz band also has regular guest artists, such as Ramsey Lewis, Ray Brown Trio, T.S. Monk, Paquito D'Rivera, Toshiko Akiyoshi, Cleo Laine, and Johnny Dankworth.

The University Band is open to all interested students. It is conducted by Robert Musser and has several performances throughout the year.

Middle: Two women from the Adelphians Choir perform during a noon recital in the Concert Hall.

Bottom: Adelphians bask in applause after a terrific performance.
As usual, the choral program this year has been outstanding. With three main choirs, there was always something fun and exciting going on. The Adelphians choir met five times a week to practice and also to perform for the public. They made regular appearances outside of their University commitments and even spent a portion of their time touring the western United States. University Chorale is another popular group on campus. The group is composed of students that perform concerts twice a year for the school and general public. Their show is always very popular. The third group of singers are the Dorian Singers. Dorian Singers are a group comprised of only women, who must first audition. The group met twice a week to hone their skills and to practice for the many concerts they have each semester. All of the choirs had a fabulous year, drawing multiple crowds at their many events, on and off campus.

The Associated Students of the University of Puget Sound's main focus for 2000-2001 was to promote the student voice so that it would be recognized, not only by the administration, but by the community as well. When asked what he hoped was accomplished this year, ASUPS President Ryan Mello stated, "I hope that students feel like they are equals on this campus." To this end, this year's student government has put incredible effort into being an advocate for the entire student body in issues ranging from budget concerns to freshmen orienta-
tion to the furniture in the café. No issue was too small or too large to be tackled by ASUPS. For each concern on the campus, ASUPS did their best to get the ideas and feelings of the students to be heard.

On top of confronting topics of concern on campus, ASUPS worked to organize events that would provide entertainment, education, and interest to the campus. ASUPS worked a great deal in order to renovate the Cellar so that students would have a place on campus that is all their own. On top of this, the student government organized special events including First Fridays, Mistletoast, Spring Weekend, various culture events, ASUPS Showcase, popular entertainment events, and a large number of thought-provoking, informative lectures that brought new perspectives to campus from people all around the world. ASUPS MISSION STATEMENT:

The mission of the Associated Students of the University of Puget Sound is to serve and promote student interests through democratic representation and collaboration with the greater University community. As a dynamic student-focused and student-run organization, we operate with integrity and are accountable to the student body and the educational goals of the University. In our work to develop and support the co-curricular and extra-curricular life of the campus, we shall strive to foster and celebrate diversity of all kinds and to build a strong sense of community.
Crosscurrents is a semi-annual literary magazine dedicated to publishing the artistic talent of UPS and providing a forum for student expression. Each semester, students and faculty submit over 100 poems, short stories, photographs, and art works that the Crosscurrents staff then sorts through weekly to decide which pieces will be included in the final publication. As an added incentive, $50 prizes were awarded to the best poem, short story, and visual artistic piece. Senior Liz Coen worked as editor-in-chief.

THE SOUND 90.1

KUPS is the voice of the campus, providing around-the-clock programming on 90.1. Students and the community can tune in to hear classmates and faculty fill air time with news, antics, and a wide variety of music, including jazz, alternative, and techno. "We are the best student-run radio station on campus," admits staff member Robert Beiser.

PHOTO SERVICES

Behind the scenes of all major UPS events are the photographers of Photo Services who capture the images used for the Trail and Tamanawas. Photographers meet for assignments then work independently, attending everything from sporting events to ASUPS elections, tracking down the best shots, and developing them in the basement darkroom.

Elie Wasser insists that, "Nowhere will you find a more wretched hive of scum and villainy." This year's general manager is Elie Wasser with Nicole Bavo as photo editor of Tamanawas and Todd Stefan as photo editor of the Trail.

THE TRAIL

The Puget Sound Trail provides information on a variety of student issues from campus news and sports results to controversial opinion pieces and the satiric back page Combat Zone. Under the direction of senior Bill Parker, editor-in-chief, staff members and editors meet weekly to evaluate and discuss article ideas and concerns for the publication. Staff members work the long hours necessary to ensure a delivery each Friday.

Down in the cellar of the Wheelock Student Center, students can take a break from studying and enjoy the official university food: pizza, served cheaply in abundance with gooey, cheesy breadsticks, and thick milkshakes. The Cellar took on a new look this year to provide more of a restaurant atmosphere. Couches were replaced by booths, a juke-box was added, and the walls were decorated with UPS memorabilia. New foods—such as Ben and Jerry's ice cream and salads—were offered along with classic favorites that student workers served, filling in hours after school and between classes. Worker Carly Blanchard summed it up, “The Cellar: Great people, great food, great atmosphere.” The Cellar is student-run and this year’s managers were: Robert Beiser, Sam McIntosh, Teri Longworth, Robin Shakal, and Judy Wong.
Campus Films was the answer to that pesky question of what to do some weekend night. It only took a few friends and $1 to enjoy the magic of Campus Films. Old and new movies were shown all semester long, so whether it was the latest blockbuster you missed or your favorite oldie, there was something exciting going on!

Hui O Hawaii organization provides a social environment in which members can participate in a variety of activities. The culminating event for the club is a massive annual Luau in which the organization presents the Hawaiian culture to the UPS student body and outside community. The Luau starts with a massive traditional Hawaiian meal with preparations including an Imu pit in which a pig is slowly cooked under ground on campus. The festivities then move to the Fieldhouse where months of preparations are revealed through impressively choreographed dance routines. The Luau has traditionally been one of the most popular and eagerly anticipated entertainment events of the spring.

Lighthouse is a ministry for students to help each other “grow in relationship with Jesus Christ.” Activities include weekly large and cell group meetings, retreats, service projects, community outreach, and leadership training.
The UMETH fellowship provides students the ability to freely explore spirituality through critical thinking, dialogue, and friendships. As a campus ministry, people of all religious beliefs and backgrounds are welcomed into UMETH.
INTERVARSITY

This is an interdenominational Christian fellowship whose goal is to help individuals "grow to wholeness under the Lordship of Jesus Christ." Small-group Bible studies are available, as well as weekly large-group meetings, including scripture study, prayer, singing, and fellowship.

The purpose of Intervarsity Christian Fellowship is to establish and advance at colleges and universities witnessing communities of students and faculty who follow Jesus as Savior and Lord: growing in love for God, God’s Word, God’s people of every ethnicity and culture, and God’s purposes in the world.

SPURS

SPURS is a sophomore honorary society whose purpose is to serve the university and the community, to support the activities in which the student body and the college participates, and to foster among all students a spirit of loyalty and helpfulness. SPURS stands for Service, Patriotism, Unity, Responsibility, and Sacrifice.

Freak Out is an organization where anyone can come and explore interests in social justice, politics, and raising awareness in a variety of issues. The group provides more of an activism component than the typical volunteer service. The group’s biggest and most successful contribution to the campus has been the implementation of UPS food services’ daily donation of extra food to local homeless shelters. Other issues the group has focused on are voter registration; international issues such as WTO; sweat shop injustice; and gaining students access to interaction with political candidates.

The goals of the campus chapter of Habitat for Humanity are to promote awareness about Habitat around the campus community and to assist in the production of Habitat homes throughout Tacoma. The organization is currently attempting to raise money with other college chapters in the area for the sponsorship and production of another Tacoma home.

The Student Health Awareness Club works to address issues important to the campus community by making information available to students. Through multiple elaborate displays around popular student spots, predominantly the SUB, the club has worked to make students aware of their health and promote healthy living. Displays have included information about meningitis, eating disorder awareness, birth control, and sun protection.

The Exercise Science Club was initiated to promote the goals of the Exercise Science major that was recognized several years ago. The goal of the club is to promote healthy, active lifestyles among both students and community members. This year the club put on a Health Risk Analysis Night in which students of the major performed a series of health tests on any student interested and then explained their health risks to them. Other activities have included monthly indoor hockey games and activity nights with the Kids Can Do program.

Mortar Board, Inc., is a national honor society of college seniors. The society recognizes in its membership the qualities of superior scholastic ability, outstanding and continual leadership, and dedicated service to the university community.

The mortarboard is a symbol of ancient honor and distinction. Students in many colleges and universities, wear this distinguishing sign as a tribute to the profession of learning. They are bound by the three Greek letters: Pi, Sigma, and Alpha, which represent the ideals of Mortar Board: service, scholarship, and leadership.

FOOTBALL
This UPS Men's Cross Country team had a strong year, successfully defending their title at the Northwest Conference Cross Country Championships with 29 place points. They placed second at the NCAA West Regionals, narrowly missing the win by 5 place points. Reagan Grabner's 6th place finish allowed him to advance to the Nationals. Senior Bryan Mulry was captain of the men's team in which competition was close throughout the season and pushed them to their best.

The women's team experienced a year of rebuilding and improvement with a young team of freshman and sophomores led by team captain, junior Dana Boyle. They finished the season well with a 6th place finish at the NWC Championships and look ahead to building on this season for next year.

CAPTIONS: 1 Men's captain Bryan Mulry strives to pull ahead; 2 Kim Racine picks up the pace; 3 Jarrod Larson(L) competes with teammate Michael Muener; 4 JR Flower looks ahead to the finish.
The 2000 soccer season proved to be another outstanding one for the University of Puget Sound's Men's soccer team. The season had a rough start with a record of 0-2-1. The team had to face many obstacles, including the loss of as many as five starters due to injuries. However, the extraordinary character and determination of the team came through and they ended their season winning six of the final eight games with a double-overtime tie. Overall, the Loggers finished 9th in the region with a 12-5-3 record, the second best in team history. In the Northwest Conference, they were ranked second with a record of 9-3-2.

This year, the team captains were Doug Porter, David Ludwin, and Chris Raymond. For seniors Joe Dragavon, Brendan Hanke, Doug Porter, and Tye Tolentino, the 2000 season is their last. During their four years playing for the soccer team, they have increased the level of skill of the UPS Men's soccer team and have helped the team become nationally recognized. They have seen the team come together over the past few years under the guidance of Coach Reece Olney. The 2000 season is one that shows the growing skill of the team and one that all Loggers can be proud of. There is no doubt that the UPS Men's soccer team have many more successful seasons to look forward to.

WOMENS SOCCER
The 2000 Women's Soccer team at the University of Puget Sound has shown nothing but extreme talent and dedication. This team of 22 women is driven for excellence and this was proven by their winning season. They won 15 out of the 17 games played. This standard of excellence took them all the way to the NCAA Division III West Regional Championship, where they represented the University of Puget Sound to the best of their ability.

The Women's Soccer team is coached by Randy Hanson with the assistance of Kelly Bendixen and Amanda Robetson. These wonderful coaches have helped the talented women reach their full potential. Practices and games can be brutal, but all the women do it for the love of the sport. The Loggers won their first Northwest Conference title and also broke many UPS records.

---

1 Dusty Marcell, sophomore, battles it out for the ball with the pressure of a player from Linfield College; 2 Ann Giesa, freshman at the University of Puget Sound. Sets up to fire the ball down the field in the game against Linfield College; 3 May Mendoza, sophomore, is surrounded by Willamette players but does whatever it takes to get the ball into the goal; 4 This year's team consisted of 22 women: four freshmen, eight sophomores, four juniors, and six graduating seniors; 5 Ann Giesa races for the ball with a team member from Willamette University. Soccer can be all about who gets to the ball first.
The Logger Women’s Volleyball team had a season that will be remembered for many years. After an injury filled 1999 season the Loggers came back amaze people around not only the Northwest but also the nation. The team swept through the regular season with relative ease and went into the playoffs as the #1 seed. The team won the West Regional Championship and moved on into the National Quarterfinals. Unfortunately this is the point at which the dream season ended with a loss to Wisconsin-Whitewater 2-3. The Loggers finished the season with a 25-1 record and were ranked #5 in the nation in the final poll.

Coach Mark Massey who was named the West Region Coach of the Year led the team. Massey has led the Loggers to top 20 rankings in three of the past four years. The Logger players also received end of the season honors. Karen Elmgren, Lindsi Weber, and Eileen Gamache are received first team all-conference and all-West region honors. Weber was also named second team All-American. Elmgren in addition to being named Northwest Conference player of the year was also named first team All-American. The Loggers experienced great success this year and with a young core group of players returning next season’s team should be a lot of fun to watch.

CAPTIONS: 1 Karen Elmgren and Karen Thomas jump to stop the oppositions attack. This type of imposing presence was a threat in every match for the Loggers; 2 The Loggers start their aggressive attack with a dig by the solid back row; 3 The Logger volleyball team congratulates each other after a good win. The team was a very close unit, which helped the team achieve all of its success; 4 The 2000 Logger Volleyball Team. Top: Coach Mark Massey, Angie Cashman, Megan Apperson, Anna Marsh, Karen Elmgren, Adriane Ougendal, Jennifer Kallalitsch, Jessica Davis. Middle: Katie Griffin, Anela Iaaca, Rachel Quisenberry, Tasha Wong, Karen Thomas, Wynne Scherf, Trisha Kawamoto. Bottom: Sarah Grog, Eileen Gamache, Lindsi Weber, Peggy Togioka.
The 2000-2001 Logger Ski Team had one of the best seasons in many years. The team began the season with their Annual Winter Training Camp in Big Sky, Montana. After competing in multiple Conference races, both the men’s and women’s teams qualified for Regionals in Park City, Utah. The men’s team struggled a bit in the races but still competed well to finish their season. The women’s team had a tremendous week, finishing second overall which qualified them for Nationals’. This made the season one of the most successful in UPS history for the women, and with young talent returning next year, the team should continue its success.
Logger Swimming is more than just an intercollegiate sport, it is a way of life composed of the long-living dynasty of swimmers. Being a Logger Swimmer means more than spending just as many hours in the pool as one does in class, it means developing into a spirited and supportive teammate as well as an energetic and goal-oriented individual. These athletes swim for more than just their times and their meets, they swim to learn more about the nature of themselves on both mental and physical levels.

The Lady Loggers took first at the Northwest Conference held at Evergreen College in Olympia, Washington while the Logger Men took second. With head coach Chris Myhre and assistant coaches Ralph Grant and Paton McClung, these athletes have proven once again what it means to be a Logger Swimmer. They will continue to meet and raise the standards for years to come.

CAPTIONS: 1 Many alumni from all over the nation come back to participate in the first meet of the Logger Swim season. The Alumni Meet itself is an ongoing tradition for the swimmers, coaches, and alumni of Puget Sound. It is astonishing how the alumni, once again, managed to beat this year’s team of highly competitive athletes; 2 This year’s roster includes 21 women and 21 men: Donella Adrian, Kelly Avedovech, Katie Becklin, Emily Cares, Melissa Clark, Kim Draggoo, Carla Fellezs, Mari Ganter, Tammy Greasy, Kristina Haley, Val Ironside, Lizzy Jones, Janet Massey, Wenn Murphy, Miko Nomoto, Krista Prescott, Cate Reynolds, Kate Snow, Andrea Stevens, Stacy Swanson, Lindsay Taggart, Sherwin Baghai, Ryan Bennett, Justin Brooks, Eric Camacho, Andrew Caruthers, Kevin Cooley, Brian Cunningham, Colin Flanagan, Matthew Fong, Josh Kramer, Dan Morelli, Jason Parkin, Josh Patterson, Mark Penarozza, Alex Plain, Shawn Postma, Branson Quenzer, Justin Tholen, Daniel Wandschneider, Nick Wilson, Matt Wright, and others; 3 And the races begin... The first relay of the first meet during the Alumni Meet marks an amazing start to a marvelous season of Logger Swimming; 4 Head Coach Chris Myhre stands on deck this year’s winter training was at Claremont McKenna College in California. Each year, the Logger Swimmers come back early from their winter break in order to train hard for the upcoming meets. This shows the high level of commitment required to; 5 Magic Mountain here they come! Logger Swimmers do more than just conquer the pool during their winter training. This trip brought spirit, unity, and fun to the team when they got to play at this well-known amusement park.

With a 14-10 overall and 8-8 conference record, the Logger Men were led by captains Ryan Boyle and Craig Henneberry. The season started with the Logger Classic Tournament, which invited teams including Menlo College, Pomona-Pitzer, and Seattle University. The Loggers closed out the season with a score of 108-76 beating George Fox University. Boyle, from West Linn, Oregon finished his last season at the University of Puget Sound by being selected as a first-team All-Northwest Conference player. Senior Jeff Carlson from Chelan, Washington was an honorable mention pick.

1 Senior Jeff Carlson beats his opponent to the net. Carlson is an asset for Logger success; 2 Head Coach Joe Callero intensely watches the game. Callero's care for the team portrays his dedication; 3 Sophomore Matt Scarlett attempts to pass to a teammate. Scarlett is one of three sophomores on the team; Men's Team: First row (l-r): Doug Sobotta, Jon Grobins, Jeff Carlson, Matt Scarlett, Ben Shelton, Brason Alexander second row (l-r): Asst. Coach Brandon Bakke, Asst. Coach Kurt Nelson, Ryan Boyle, Tom Lynch, Sean Kelley, Craig Henneberry, Ian Crawford, Asst. Coach Jim Clifton, Head Coach Joe Callero
Captains Julie Vanni, Tina Garrett and Allison McCurdy led the Logger Women in a great season with an overall record of 16-8. The women have a conference record of 9-7 placing them fourth in the Northwest Conference. The season started off with a bang in mid-November and concluded with the last game of the season against George Fox University on February 17, 2001. The season resulted in Senior Tina Garrett being chosen as a first team All-Northwest Conference player and Senior Julie Vanni being chosen as a second team player. It was an intense season for all of the players, but the Loggers persevered and reaped the benefits of hard work.

1 Freshman Sarah Farber dribbles down the court. Farber was obviously too quick for her opposition; 2 Sophomore Allison McCurdy dribbles past her opponent. McCurdy also served as a captain for the Logger women; 3 The women attentively listen to Coach Suzy Barcomb. Time outs are crucial for last minute play adjustments; 4 Senior Tina Garrett is on the defense. Staying alert helps her avoid stealing.

Crew is a sport that requires a strong will, a big time commitment, and intense competition. Men's and Women's Varsity Crew teams require dedication with practice three mornings a week at 5:00 am. The novice crews practice in the afternoon. Time commitment for practices lasts about three hours with a fifteen minute commute to American Lake in Tillicum. Rowing for practices can range from 2000-8000 meters.

During the fall, the crew team participates in 6000 meter staggered races with teams throughout the northwest region, including Washington, Oregon, and California. The spring brings the official racing season for the crew team into head to head 2000 meter sprints with up to 7 or 8 boats per race. Major races of the spring season in Seattle and California, in which UPS Varsity and Novice Crew teams participate, draw college crews from around the country. San Diego's Crew Classic boasts teams from the Ivy League Colleges, the Midwest, and the best of the West Coast.

The long tradition of rowing at UPS has helped progress the Crew team into competitive standing in the Northwest. The UPS Crew team is associated with Division III NCAA, the US Rowing Association, Western International Rowing Association (WIRA), and the Northwest Conference of Rowing Colleges.
The 2001 Logger Baseball season was a season of development and growth. The Loggers began the season strong with a 6-1 record in Conference play, but with some injuries and tough opponents, the team faltered. The season, though, helped the young Logger team gain experience, sure to be a huge help in the future. During the season, some of the young players emerged as big contributors making the future look promising.

The Loggers had three first team All-Conference selections this year. Junior, Kyle Hoover led the offensive attack for the Loggers batting .415 on the season. Senior transfer Tim Friedman led the Loggers with 45 runs batted in. Sophomore Ryan Keller was the third selection, anchoring the tough Logger infield and posting a .356 batting average. The Loggers were led by Senior starting pitcher Jake Goode who was named honorable mention All-Conference. Joining him was fellow pitcher Matt Sorenson who had a very successful sophomore season and Pete Doumit, who transferred to UPS to anchor the outfield. The Loggers have a lot of young talent that will translate into future success.
The 2001 softball season was once again successful for the Loggers. Led by experienced seniors and some good young talent, the Loggers were once again challenging for the Conference title. Under the guidance of Head Coach Robin Hamilton the Loggers finished third in the final Conference standings.

Five Logger players were given all-conference honors this year. Jill Voorhies led the pack, being named the Northwest Conference Most Valuable player. First team All-Conference selections went to Marie Potter, Heather Lovejoy, and Allaire Maki. Jenny Erickson was given an honorable mention. The Loggers have some key players to replace but with the young talent they already have, next season looks to be another logger softball success.
The 2001 Logger Golf team began the season with very high expectations. After a fairly successful fall golf season, the spring season looked promising. The team competed right with the league's top team Pacific Lutheran all year. The two teams battled especially hard during the Pacific Tournament at Pumpkin Ridge Golf Course in Oregon. The Lutes barely edged out the Loggers for first place, but both teams played exceptionally. The team was once again coached by Dr. Dick Ulrich and assisted by Charlie Blake. Captains Brett Schlameus and Travis Allen led the team. The team has bright young talent in Travis Anderson and Ian MacFarland and with most of the team returning next year may just be the year that the Loggers overtake the Lutes for good.

CAPTIONS:
1. Jeff Grayson lines up a key putt for the team. Grayson was another senior who played all four years and helped lead the Loggers; 2. Andy Bruno prepares for a competitive match. Bruno was one of three seniors on the team this year that gave stability and experience to the Logger attack; 3. Joe Sherwood hits a putt during competition. Sherwood is only a sophomore and looks to...
The 2001 Logger Tennis teams had a very successful season. The men and women competed in local tournaments against league rivals, as well as in California against some of the tough national competition. Chet Dawson guided both the men and women this year to winning records. The men’s two Senior Captains Paul Kelley and Rob Cunningham led the team. Two seniors Kate Fusillo and Melanie Hiramoto, led the women. Both teams have many players returning for next year, which makes the future look bright for Logger tennis.

CAPTIONS:
1 Paul Kelley checks his racket after blasting a winner past his opponents; 2 The doubles team prepare to serve against their opponents. Doubles was one of the more successful areas for the Loggers this year; 3 Senior Co-Captain Paul Kelley sets up to attack the opponents shot. Kelley provided leadership and much-needed humor for the team this year.
As always, Track and Field had an exciting season. The 2001 season started with the University of Washington Preview Meet on March 3rd in Seattle. Jamie Questa placed second at the Women’s Hammer Throw, while Hannah Seebach, Marika Henderson, and Kristen Emura rounded out the top ten. In the same event, the men had two top ten placers: Owen Bartels and Eric Chaput. Both the men and women of UPS’s teams have set personal and team records. Jamie Questa set a new school record in the Hammer after her phenomenal throw at the University of Washington Preview Meet. In the Pole Vault event this year, both Matt Perry and Nate Sutton have landed themselves in the top-ten all time UPS men. The team has travelled throughout Washington to locales including Parkland, Edmonds, Bellingham, Spokane, and Seattle. They also have travelled as far south as Los Angeles for a meet against Occidental. The team has meets from the beginning of March through May, so there was always an opportunity to see them in action.

CAPTIONS:
1 A UPS Logger attempts to catch up to her opponents; 2 Team members watch as the Loggers break records; 3 A track team member prepares to throw the shot put during a daily practice; 4 Another great wind-up sends the shot put flying; 5 It's a race to the finish for the Logger track team
Women’s Lacrosse is a varsity sport at the University of Puget Sound and is rising on the popularity scale. UPS student and fans found their way to the East Field to support our team in the home games during this spring season. Our Lacrosse team has had many long traveling hours and trips in order to meet up with other varsity competition. The time and effort put in by the women on this team is absolutely astounding.

CAPTIONS:
1 The lacrosse team this year included Natasha Nicola, Lauren Frank, Sievheng Ly, Annie Kellett, Erika Juergensen, Courtney Buck, Liz Perry, Christina Pollard, Clara Brown, Sussanne Olson, Abbie Wold, Kristi Hoshibata, Jennifer Johnson, Joanna Katcher, and Erin Carlson; 2 On one Lacrosse travel trip, they took a little time out for fun in the sun. Their time of relaxation was spent in the happiest place on earth, Disneyland; 3 Goofy Lacrosse coaches show off their best purchase in Disneyland: their Goofy hats. The coaches for the Women’s Lacrosse team knew how to take moments to have fun with their team.
The Intramural Sports Program provides students with the opportunity to compete in organized sports. Some of the objectives of the intramural program are to encourage the development of interest in sports and recreational activities, develop good sportsmanship, provide a healthy emotional and physical outlet, and allow for social interaction. Often coming off strong high school athletic careers, yet not wanting to compete at the collegiate level, Intramurals provide the outlet for retained athletic passions, continuation of beloved hobbies, and exercise. In addition to providing students organized activities for the continuation of sports previously played, it also allows for the introduction and sampling of new sports.

During the 2000-2001 seasons, as many as 500 students participated in each of the four sessions. Some of the most popular sports include basketball, indoor and outdoor soccer, and volleyball, which require men’s and coed divisions. For each division, as many as eight teams battle it out for the coveted honor of IM champion. Competition is tight with qualification for play-offs determined by winning percentage. Winners of the finals take home an IM t-shirt. With the opportunities that Intramurals provide for a competitive atmosphere, there is also a visible social environment with many clubs and dormitories coming together to compete in teams. During the Spring Session alone, team entries included Seward All Stars (dorm entry), Gphi-Snu (joint Greek entry), Hui (club entry), and Beta Dragons (Fraternity entry). Other teams get creative with their names with Magic Manatees, Matty's Bean Dip, and Team Glaucoma stealing the show.

Intramurals provide the perfect outlet for UPS students to enjoy aspects of competitive athletics in a laid back social environment. Intramurals are open to all UPS students, with most participants enjoying the experience enough to return in other sports over several seasons.
Repertory Dance Group
CAPTIONS: 1 Heather Donahoe falls to the charm of Brett Broek; 2 Cold-hearted snakes: Ryan Mello, Dawn Rego, Jason Neighbors, Tiana Krohn-Ching, Mariette Clardy, and Jena Wakeman; 3 Mikey Elm breaks for a solo; 4 Flashback to the 80's: Carolyn Van Sant, Carmen Jones, Jessi Schendel, and others; 5 The Tech crew shows off their own talent; 6 RDG officers perform for the camera: Stephanie Kriege, Tessa Bennett, Erica Gerken, Alison Hunt, Adriana Sloan, Brett Broek, Jennifer Vetterman, and Charla Henderson; 7 Many members of the dance group showed off their breakdancing skills.

The lights dim in the house as the music begins and a general anticipation overtakes the audience. Friends bring bouquets of congratulations and shift in their seats, waiting for the same music that the dancers listen for to begin. A rustle of costumes, hushed footsteps rush to positions, and the stage lights come up to reveal the splendor of movement, the reach, turn, twist of the body, music transformed into the physical. The next two hours are spent captivated by the talent of the Repertory Dance Group in their fall recital "Rhythm is a Dancer." They set the audience clapping immediately with a break-dance sequence, steam up the stage with the sensuous "Cold-Hearted Snake," and dazzle the sold-out crowds with Latin flair in their dramatized version of "Copacabana." A hush watches the lyrical ballet, a giggle of recognition greets the 80's flashback, and the entire theater bounces to the swing. The show provides a chance to see classmates in a new light, doing what they love, expressing their hidden talents. All numbers are directed, choreographed, and performed by students and showcase a diverse range of music, experience, and themes.

This is RDG's fourth successful year; it was started in 1998 by a couple of students who wanted to emphasize the involvement in dance more than the try-outs. They created a group in which everyone who tries out makes at least one dance, with the goal of bringing dance of all types and forms to the UPS community. The show has since grown in popularity and technique, with over 100 students trying out for this year's production. The performance shows the dedication of over three months of rehearsals.

Due to the campus living situation at UPS and the access to rental homes around the campus, many students choose to live off-campus. With the campus located in the middle of a residential neighborhood, off-campus students do not miss out on the school experience. This is due to approximately 90% of all off-campus students living within one mile of campus. Many students come together and enter into lease agreements that give them the real life experiences that they will continue to encounter after they graduate. These experiences range from handling bills to hosting afternoon barbecues. The off-campus houses give students a broader range of education due to the opportunities and choices presented by off-campus living.

Good-bye! Juliet Anderson, Drake Lucas, and Carly Blanchard wave their hard work good-bye, as another deadline is shipped off to the plant.

The 2000-2001 yearbook was produced by a group of hard working and dedicated staff members. Many of the staff were new to Tamanawas this year, but they learned quickly and contributed greatly. The combination of creative writing and dynamic page layouts have given Tamanawas an exciting and fresh look. After a period of struggle, Tamanawas has improved over the past two years and with a solid core of staff members, Tamanawas will once again be a popular publication at UPS.

Co-Workers and friends: Editor Audrey Kittams and Assistant Editor Tom DePonty work well together to complete a fantastic edition of Tamanawas.

Enjoying a day off: Editor Audrey Kittams and Business Manager Ashley Clipson take a moment to enjoy themselves in Seattle.
Congratulations
to the
Class of 2001!

Alma Mater
All hail to Alma Mater, the best that can be found
The spirit of the westland, all hail to Puget Sound!
Her guardian is the mountain beside the silver sea.
We love thee, Alma Mater, all hail, all hail to thee!
