"The responsibility of leadership belongs to no one individual. A leader and one who leads are inseparable and interdependent. It is individual." This was the title of the letter written by the President of the college's Student Government Conference committee. It would have had to be written by this year's conference committee because the Student Government Conference committee is in charge of the conference and the election of candidates. This year the conference committee announced the election of candidates and the conference committee will be in charge of the conference and the election of candidates. It also must be noted that the conference committee will be in charge of the conference and the election of candidates.

The CPS Loggers will repeat their 1955-56 season this fall. They will meet Vashon Nov. 2 to host the Willamette Beavers in the annual homecoming game. It's a sure bet Hammermaster will do more than his share of the work in the Willamette back-er.
Vets Choose Officers
