INTERESTING LETTER FROM PROF. M. C. STUART

Professor Stuart reports a delightful trip to the Conference at Salt Lake City. She says that there were twenty-five boys and forty-eight students representing colleges of ten states. The people of the city cordially entertained the guests from the states, and the trip was a complete success.

SPECIAL REPORT

The Annual Debate Banquet, which is an affair of interest to many C. P. S. students, will be held on December 9th, 1922. As usual, the banquet will be held in the Duke Hotel. The program will be announced in the near future.

CONVENTION TO BEGIN TUESDAY

Next Tuesday, November 21st, the convention of the Associated Women Students of the University of Washington, as well as the current executive of the Y. W. C. A., will hold their monthly rally in the Student Union. The Y. W. C. A. will hold our monthly rally in the Student Union, with Miss Mabel Anderson, president of the University of Washington, and Miss Beryle Smith, president of the Associated Women Students of the University, to give the welcome address. The convention will be held at the Student Union, and promises to be an interesting affair. One of the principal features of the convention will be the announcement of those who have been elected to the Freshman tryout.

The tryouts for the Freshman team will be held on Friday afternoon, before the banquet. Those who wish to tryout for either the men's or women's intercollegiate debate teams should report to Mr. Munsey, the debate manager, or Miss McNeal, the debate manager, at the banquet on Friday afternoon. An announcement of those who have been elected to the Freshman tryout will be made on Friday afternoon.

GIRLS HOSTESS AT FOOTBALL BREAKFAST

The football boys on their return Monday from the West Coast School in Portland, were entertained at a pep rally at 6 o'clock Sunday morning at the Girls' Dormitory. The football boys and cheerleaders were entertained at the Girls' Dormitory by the Washington Alpha Chi.

abroad there are plenty of places with no one to fill them. People do it abroad. There are plenty of opportunities of today. She said, the world. Read the Bible any more. What's denomination alone, which are with—
conversation with a man who was sitting in a lamp shop. The man pointed out one church which had been made into a Masonic Temple. Another was serving as a fire station, and a third man, said, "Dying to lead the band." This ignorant man said, "Educated people don't read the Bible any more. What's the use of a church anyway?"

This is a practical suggestion and should not be all at first—effect. On the contrary it would save the speakers and the speech.

Mr. Hurtlett says there are many opportunities of today has to compete with the thousand dollars, be used to establish theological viewpoint. Students from among the people of this state and let them know that the Student pain will be a world Christian

Some students will of course, be able to pay more and, some less

Stimulated by any change in the

PHILOMELIAN LITERARY SOCIETY

The Baby Philo program given by the few members revered the high expectations of the old members of the society.

The program was as follows:

"Baby's First Day in Chico"
Marjorie Davis, Alice Morgan, Milly Leary, Frank Pfeifer, Henry Ernst.

"Baby's Arrival at Post"
James McNaught.

"Baby's Memory Ingrained"

"Baby's First Day in School"

"Baby's Violin Gig"—Nan Napier.

"Baby's School Picnic"—Catherine Fuller, Mabel Boucher, Bertha Waddell, Ernestine Smith, Walter Hunt.

"Baby's Ambitions"—Sixty-Minute Menu.

"Baby's Philosophy"—Baby Philo.

Flaxman extended a hearty welcome to all visitors to the weekly program.

DELTA KAPPA PHI

Last week the freshman lunch was attended by a host of freshmen who were decorated in the Finer Woman colors, purple and white, and glad to please to the occasion of the new social season. The pleasure of these returning to their present home Mr. McNeil who joked and cut up with the boys, but emphasized the need of more Life Service work with those present. Those present were urged to sign the Finer Woman pledge.

SIGMA MU CHI

The last entertainment was held for the T. C. M. A. and was varied to the extent that it included a program, athletic games and re-creation. The entertainments of the week were so long that only a few could be present. The speaker of the hour was a basket ball game and then went down to the shore.

Refreshments consisted of ice cream with cake and hot chocolate. Nearly thirty fellows were present and the first looks forward to putting on another big program in the near future.

KAPPA SIGMA THEA

Thea surely has something to be proud of this week. We have a new member, Ruth Whipple, who was initiated last Wednesday. Our generous pronouncements on the week’s big program? If such a person as Mrs. Hall, who is a member of Phi Mu, is a member of Phi Mu, and that she or she is deserving of a free pass to the Bieta theater. The name of the meeting may have implications on what it will be like. It is "Our Best Regards," and it will be given by the new girls and certainly sound interesting.

DELTA ALPHA GAMMA

We’re just the busiest girls now. Do we get a rest? And we’re just finishing up our Alpha Gamma home. It’s just like home, but we are allergic to it. So we can move in.

Flaxman wants to remember us, and we think each other’s name.

APRILIGHT

"Patronize the Advertisers" was the topic of the Aprilight meeting last Monday evening. Our Fine Woman evening committee was on the job, and we had our room all decorated with ads of all kinds. From Contested Gown to Joyful Kisses.

Doris Lewis gave a clever talk on "Long, Long Flowers," and Peggy Dowlin, whose topic was "Prove It With Candy," proved, during the discussion, that she could make the best chocolate candy. Elma Hahn very cleverly interpreted "Try This Over Your Fins." with a group of popular jazz numbers.

Anyone wishing to retain their class status should see Harold Wade as the extempo "Keep That School Girl Composition." fall to him. Preston Wright decorated it with a basis ad.

As a class number a stunt was put on. Our barracks friend, Rich- ard, and Ida, had more troubles than a married man had he advertised for both a cook and a wife. Others playing part in the skit were Miss Libby, Betty Reynolds, Gladys Brown, and the colored soul, Smith Snyder. We are not sure whether it was to advertise or not, but it certainly was not single.

LAMBDA SIGMA CHI

The better we know our new girls, the better we like them, and the more we anticipate a happy and worth while year together.

Our meeting today is to be devoted to the study of chemical reactions. We are to study Mr. Myhrman in Mongolian languages for the ground following. The first singing hour will be Margeret Anderson and Edith Turley.

T. W. C. A.

Tuesday, November 14, we had one of the most signal events that has ever occurred in the T. W. C. A. girls' Dorm. The Cabinet girls were the hostesses. After the music and game tea was served informally. It has been planned to have a Cozy for the last Thursday for the next month. Watch for the date of the next one.

The initiation which was to be November 4 was postponed to November 10 which is this Sunday. It will be held at the Girls' Dorm A 4 7.

All the new members were in Mrs. Mathews' home. Of course, we understand that the girls were coming. Thursday evening November 7, the W. C. A. Women's Advisory Board will hold their annual tea for all of the girls of the college at the home of Mrs. James Garvin, 2016 8th Ave. Girls are especially invited to be present.

STUDENTS VOLUNTEER NOTES

This past week we have felt that we were accomplishing more and doing bigger things than heretofore. Wednesday we had a broad meeting in which we discussed plans for the coming of Christmas. Hartlett, our secretary from New York, arrived in Hartlett held conferences all day with students. Thursday morning a business meeting was held with Mr. Hartlett in which he discussed plans for making one week broader and place than the remaining year. This meeting meant much to everyone of us. Mr. Hartlett had some very fine suggestions. He asked the bulletin board for our ideas.

Friday noon Mr. Hartlett met and spoke to the Life Service Club emphasizing the fact that the home can’t be Christian and that we, by perseverance, could make the Friday afternoon and left for the other colleges on the Coast.
