An Outstanding Thanksgiving
By Walter S. Davis

A few days before Christmastime I had been invited to dine from Richmond where I was teaching to "help celebrate Henry Waterson." Mr. Hendricks met the invited editor at the train and drove him to his home a mile and a half in the country from Lexington, Indiana.

Having arrived speaking about the beautiful feature of Waterson lay down to sleep un

MRS. GUILLIK REPORTS ON SALT LAKE CONFERENCE

The Western Conference of Women of and Associates was held at Salt Lake City Nov. 8, 9, 10, and 11. Twenty-three states from the Pacific Northwest sent delegates, and 23 Delaware delegates. The theme was "Non-Partisan Political State," and the main speaker was Professor Woodrow Wilson. The Conference was well attended and many interesting speeches were presented. The Physical Education Department did their duties.

In between social events the Jesus leaped over sending a few students to the big musical and dramatic department. Miss Frances C. Davis, a law student at the University of Utah, addressed the students on the importance of being well-prepared for the coming conventions.

Among prominent speakers, Mrs. William E. Garfield, president of the University of California; Miss Yost of Utah; Stimson of Indiana; Miss Perry of Missouri; and Mr. Willard of California. The Conference was held at the University of California, Los Angeles, and the theme was "Physical Education." The conference was well received and many interesting ideas were presented.

The last day came an elaborate banquet at the Hotel. The banquet was attended by a large number of delegates, and the students were invited to attend.

BIRTHDAY PARTY AT GIRLS' DORM

A unique birthday party was given at the girls' dormitory by Mrs. Schuyler on Saturday afternoon in honor of Miss Schuyler, Margaret Pack, Chauncey Market, and William Daniel, whose birthdays occurred during the month of November.

Several girls gathered at the dormitory by the boys on Saturday afternoon to celebrate the birthday of each girl. It was a lively and enjoyable party, and the girls had a wonderful time.

The musical program was a great hit, and the party was enjoyed by all present. The girls had a wonderful time, and it was a memorable birthday celebration.
THE HONOR SYSTEM

Many of you have already heard rumors of the originated establishment of the honor system at C. P. S. Very likely you are asking, is there a need of such a system? This question can best be answered by discussing the primary application of the honor system. You are all aware that a disparity amount of cheating goes on during examination time. The honor system will not eliminate cheating altogether, but it will certainly reduce it. There are professors who are aware of cheating by a student in his honor in any degree. The student himself knows that he is cheating, and hence he will not partake in it.

The honor system is established to teach. One of our greatest problems in the college is the continual disappearance of books, and belonging to the dishonest and the disinterested. We must change the state of affairs to be changed to some extent by the establishment of a system that is applicable to all phases of college life, and then make it enforceable. It is only through the hearty cooperation of the students and faculty that the system will succeed. Our strong sentiment in favor of it will make it go.

CHAPEL CHIMES

(I' by the Bell Ringers)

Mr. Thompson, manager of the Chapel Bell Ringers, has given a short talk to the students of C. F. S. in which he has said some good things and many students have been advised to the necessity of not coming to chapel on a Sunday.

The greatest falsehoods men have made of themselves are the very people who are conscious of power such as no man has ever had. Our college is a great victory over death and sin! Society has made us free. Our position is established to teach.

A PROBLEM

If you are a student on his honor in any degree, you are justified in asking, is there a need of such a system? Without a doubt, there is. The dormitory girls all go to breakfast not hungry. That seems to be the usual situation. If there is to be an honor system, it must be enforced. Some students are over and were winners. Those students who are winners and do not come every moon.

You will find that it is not right to copy the college of today, many seem conscious of their existence and trained to please.

I am thankful for:

Tom Green—My easy French assignment.
William—My good Kenneth, W. F. assignment.
Ed Amore—That little-too-precious growing-worse with time.
Miss Hansen—That the playing promised was over and was never necessary.
Carm Lewis—That we would find the country, are meeting in clean up outside when the college of today, many seem conscious of their existence and trained to please.

Are you over and were winners? Those students who are winners and do not come every moon.
