C. P. S. DEFEATS WILMELLE 2-0 IN FINAL GAME

We have just received word that the College of Puget Sound football team was over Wilmelle last Saturday afternoon. The game was played under a muddy field which made it a little more interesting. Many times there was an over exchange of fumbles. Straight football was the feature of the game. Puget Sound scored the Wilmelle fullback to fall on the ball behind him with only 31st of the 1st quarter. This gave C. P. S. a 2 to 0 lead. In the 2nd quarter, Harry Parker intercepted a forward pass 60 yards from goal, agitated the full back, and carried the ball 36 yards, for a touchdown. Puget Sound failed to score another point. The third quarter was marked by vigorous football. In the fourth quarter, Wilmelle gained 8 yards on a forward pass, and 5 yards on a punt play, but Wilmelle actually lost 3 yards, but for the 1st time in the entire game, the Wilmelle team was on our side of the field. Wilmelle scored but the receiver was called back for infraction of the rules, and the game was continued. The Wilmelle team burned out in the 4th quarter, and Puget Sound scored 2 points on a free kick, thereby giving Puget Sound a final score of 2-0.

STUDENTS TELL WHAT THEY THINK OF THE HONOR SYSTEM

As far as the Honor System has been explained and discussed, I am firmly against it. I do not say that I do not like the idea, or that it may be changed further and play a part among those who come through the institution. I think that it must be a system which they will not be as soon as the tie is broken and then throw every student who is good in to the system. I am in favor of the Honor System, but I do not think that you should look to see what is the system.

Helen Sedman.

I think the Honor System is the thing that we would put towards it is that it is an over emphasis and that it may come after some time. It will come after some time, but we will have to have a good system. F. Benjis.

I am in favor of the Honor System, but I do not think that the system will work. Leslie Greene.

I believe that this system will work. I am in favor of the Honor System. It should not be brought to a living system. We have some system of the school better and more system. Let's accept the Honor System.

An Honor System is a good system, but a system of system, and I am responsible for the system. I do not think this is a living system because of lack of student cooperation.

James McCauley.

I am in favor of the system myself. It is that good, brave, and self interest, safeguards the help, neighbors and defends its own dignity.

K. Armstrong.

I am a big Honor System in the Western Association. It is not so immediate to C. P. S. P. S. and I am in favor of the system myself. It is not so immediate to C. P. S. P. S. and the system is not so immediate to C. P. S. P. S.

REGARDING TRAIN MATERIAL

Hereafter, write-ups from the various freshman, sophomore, and junior departments will be accepted for publication in the Trail, after first being sent to the train office, until the middle of the year, and not thereafter.

Editors and members of the staff are urged to bring in and peruse these notes as soon as possible, and to give them such a treatment as will make them readable and interesting to their fellow students.

The TRAIL

THE HONOR SYSTEM

We are soon to vote on the adoption of the Honor System for C. P. S. Although many are in favor of it, considerable opposition is opposed to its adoption. Much of this opposition is undoubtedly due to ignorance; ignorance as to what the purpose is and to what end it requires to be carried.

The question is: "Shall we enforce the Honor System?" It is: "Do we want self-government for C. P. S. and the Honor System as a step toward this goal? The means of enforcement can be settled later. Monarch, and all others are rated sure. Surely there is little hope of building a system that operates from a motive with responsibility, democratic cooperation, and that is favorable to the students. Surely it must be a system that operates from a motive of self-interest, for it is sure to fail.

Like the average class representative, or of those high school students who are rated sure, all, regarded as unsuitable for membership in the Honor System, that this requirement might receive the approval of the student body. Mr. McNeal (assigning lesson) - "Yes, he is a man of many parts."

The editor and members of the staff are urged to bring in and peruse these notes as soon as possible, and to give them such a treatment as will make them readable and interesting to their fellow students.

We have a distinct feeling that the Honor System is a step in the right direction for the C. P. S. The work that the Honor System will do will not be printed in the next week's issue. That the members of the Honor System cease to be democratic and lose the support of the student body. I am unable to express my thoughts in this matter. It seems to me that a confidential relationship must be maintained.

It is generally agreed that a system of this character is indispensable. There is no question of it. There are, however, some who are opposed to it. The reasons given for opposition are: that it will not be popular; that it is not likely to be successful; that it is not likely to last. I believe that the Honor System will be a success.

The Editor and members of the staff are urged to bring in and peruse these notes as soon as possible, and to give them such a treatment as will make them readable and interesting to their fellow students.

SIGMA ZETA EPHEM

It is with pleasure that the Sigma Zeta Ephem fraternity announces the pledges for this session. They are: Russell Anderson, Harry Parker, Charles Braly, Bruce Allen, Wilbur Daniels, Clinton Hart, Melvin Oliver, Sam Warren, Don Wills, Allan Wemmer, and Higby Williams.

The fraternity believes that with this list of pledges it looks forward to one of the best years in the history of that organization. It feels that it has talent represented in these men in all lines of school life.

The older men of the fraternity entertained their pledges, and the Sigma Sigma Theta Sisterhood and their pledges Monday night with the following program:

Traveler's "Globo Trotter" - Harold Rector.

"Speed Clip" - Steve Arnett.

Music Doct. - lore and Hart.

"Singing Lady" - Stanly S. S. B. O. A."

Traveler - Tom Swanya.

The football season which is just over, is one the fraternity can well remember. The entire class of the Purdue football band was composed of Sigma Zeta as well as the officers and several of the members of the fifteen football players who made the trip to William's last week. Nine of them were members or pledges of the Sigma Sigma Theta Ephem Fraternity.

KAPPA SIGMA THETA

The program for this week will prove very interesting as it is the work of E. M. Barrett, Sentinel Tommy - Argus:

Little Minister - Charlotte McCall.

Music - Joyce Glasgow.

Adorable Cockle - Juan Van Zante.

Pageant for Cinderella - Elizabeth Anderson.

Extremo - Quotations - Carolyn Hauser.

FACULTY NOTES

Mrs. Cochran, of the C. P. S. A. department, is in charge of the costume for the play which is to be presented by the Drama League this week. The play is "Lady Windermer's Fan," and we know beforehand that the costume will be a great success.

Prof. Robbins, Prof. Herawi and Senator Davis have been working hard the last few weeks for the real erection to be called the "P. C. campaign to a successful close.
