AMPHICIES HAVE JOLLY
PARTY AT INDIAN POINT
Students Leave Examination Caves Behind and Enjoy Three Days In the Great Outdoors

The Blue Triangle Camp at Indian Point on Vashon Island was the scene of much merriment for over forty young people of the amphicly, the Literary Society, during the three days that followed January 12. 

To make the party a joyous one the amphicly followed the jolly crowd.

Saving, canoeing, servading, and killing were made the most outdoor sports. The most prominent indoor features were dancing, card playing, fortune tellling, badminton, marjor deploying, corn, a little sleeping and much eating.

How did we ever get along on our last house party without Mr. Brooks? The Amphics are asking.

One cause of the success of the party was Mr. Brooks' generous donation of apples, pears, and chickens.

PRES. TODD PRESENTS PLANS FOR NEW CAMPUS AT ACHIL

Size of Site Has Been Increased By Recent Purchase of Stripping Adjuring Property

The plan for the new campus for the College of Puget Sound was presented by Dr. Todd, in chapel, Wednesday morning.

Including a recent purchase of about one and a half acres on the northwest corner of the campus comprising something over forty acres. It is probable that the project for building Union Avenue is a state highway from Camp Lewis to Tacoma. If the present it does the new campus must meet the city on three sides.

MANY RESPONSE TO TRACK CALL

Ted Upton Appointed Track Captain
Coach McNeail issued a track call and as a result many men responded.

Those who indicated they wanted to form a track team made good promises in their high school. There is no reason why C. P. S. cannot be represented at the meet to be held at the U. of Washing­ton in the spring.

The men turning out are as follows:

FROSH WIN OVER BURTON TEAM

Score 62 to 17 In Favor of C. P. S. Hostpotes

On January 26 at Burton, the Freshman basket ball team won a victory over Burton High School by 42 to 17 scores. This is the first time a Freshman team has ever won from the Burton quintet. The high school made all of their points in the first 10 minutes of the game. After that the Fresh­man held the Burton team so well they made no more baskets.

The trip to Burton was: Coach McNeail, Wil­liams, Van DeVanter, McArthur, Mathis, and Sanderson.

MATHIS OUT FOR BASKETBALL

Jesse Mathis, basket ball letter man, was obliged to drop out for the present because of an injury. He is considered for the football team and if able to turn up in the fall, will stand a good chance to turn out. If Stone fails to show up Enocks will stand a good chance to turn out.

Only 8 Days More to Go

We have only 8 days more in which to get our votes toward the financing of the Ford. The supreme court in charge of the Ford CONTEST must now be aroused to get the members of the team turning in the highest number of votes. To each member of the team turning in the highest number of votes, there will be given a full box of chocolates of the Ford kind. Let's get busy—SHOW SOME PEP!—February 15 is the last day.

STATE COLLEGE URGES SIMPLICITY IN DRESS

"Simplicity, economy and ordinariness" is the motto of the Woman's Lane at the State College of Washington, which they have set to be held at the University of Washington. The party was held in the style of dress, low-heeled shoes, and "middies" are considered to be held in the highest number. Practical everyone visits the women's Lane where Simplicity, economy and ordinariness are set.

The guests included the Misses Visser, Hovious and the Messrs. Kenneth Davisson. The score was 30 to 20. Miss Stone and the Amphics left for camp, and in the scene of much merriment for the amphicly.

The theme of the party was the amphicly and the Messrs. Kenneth Davisson.

The guests were: Prof. and Mrs. Hovious, Mrs. Hovious, Prof. and Mrs. Price at the home of Dr. and Mrs. Price at Kapowsin. The score was 30 to 20. Miss Stone and the Amphics left for camp, and in the scene of much merriment for the amphicly.

FRATERNITIES - SOROR TIES - SOCIETIES
SIGMA ZETA EPSILON
In line with its policy of having progressive universal and interest the fraternity listened to an interesting discussion of Ford's phenomenal machine by Mr. E. Dudley at the regular meeting Monday night. Mr. Dudley is a salesman with the Marly-Woolworth Company, local Ford Agency, and one of the best known authorities of the play life. Mr. Dudley dwelt particularly on the different singing styles of the groups that have made the Ford the popular automobile in the world. He explained in detail how the Ford policy protects the buyer for all prices all year. Ford parts work and parts need to be repaired in this way, this is perhaps the most important reason to buy the same value that a used Ford commands.

KAPPA SIGMA THETA
The Theta enjoyed a fine treat last Wednesday when Miss Bell and Miss Sprenge gave a presentation of M. R. Martin's program. After an outline of the theme by Miss Diana, a lovely
close-up of various items being sold were shown. The clothing department was particularly popular. Exhibit was given by Mrs. Frances R. Langton.

MY CHEMISTRY
With apologies to the author of "The Diary of a Madman" by Gustave Flaubert.
By Mrs. Frances R. Langton.
The hour 3 o'clock, Miss Diana,
didn't look too happy.
I believe to my knowledge.
My Chemistry, My Chemistry.
Each hour's a day, each day's a year.
I've read each chapter to the end and found it fascinating.
I've known it out.
Oh, memory, for thee I yearn.
Each hour's a day, each day's a year.

SOMETHING NEW UNDER THE SUN
U. of Washington, Seattle, Jan. 20.
There is very little about modern or ancient personalities, places, events, that the average person of today knows. Freytag does not know, as revealed to the author to a questioner, as often noted, unexcelled in the English construction of the question by E. K. Mondell.

WHAT IS TO COME?
By Mrs. Frances R. Langton.
I'm no of the answers, "Mustapha Kemal Pasha is head of..."
Equally startling is the fact that intelligence are: "Iago, "Japanese is a kind of tobacco and Mozart a Russian writer, "Dardanelles, "the Oregon organization.
