A mock Democratic National Convention will be held promptly at the Political Science class of C. S. The candidates nominated were duly notified and the following interesting replies received:

April 12, 1923.

Mr. Charles T. Morgan,
College of Puget Sound,
Tacoma, Washington.

My dear Mr. Morgan:

I have your interesting letter of April 6, and I am writing in regard to political preferences, I am interested in the students of the College of Puget Sound. I congratulate the students of Political Science on the success of practical experience in the machinery of party government. Only by genuine experience by active assemblies, and therefore obtain

factual truth that valuable for

practical office in the hands of his
do his duty as a citizen, or
who ultimately may repay in pub-
documents.

In the days before the coming of the Primary, the Elec

tional conventions held by the political parties were

only gave the general public some

of the machinery of partici-

parative government, but help-

are not

CAMBERBETT
"THE END OF THE TRAIL"

This edition marks the one of the publication of the Trail for this year, where there have been many objectives to overcome owing to the fact that this is the first year that the Trail has been published as a weekly. If the Trail has been and is entering into the College of Hard Knocks, it is due to Miss Benson whose advice and help has been greatly appreciated by the Editors.

The Editor wishes to thank the members of the press, Staff, and those who were forced by circumstances to resign at the end of the first semester, for their faithful and consistent work. Benson is also due to those students who have thus willingly unburdened material from time to time.

In our "Sunday Swimming," we wish a bright and prosperous year for next year's Editor and Staff and hope they will put out a better and larger Trail than we have done.

"THE GLEE CLUBS' HOME CONCERTS"

After having done our bit to put the play across successfully, it is only fair now that the Student Body give their unqualified support to the two Glee Clubs.

The women give their concert tonight in the College Chapel and the men will give theirs on May 16 in the First Christian church.

"THE NEW WHEELS"

At the Senior class of the University of Oregon last Friday evening, Elmer Gandy of the Agricultural College, with great feeling, handed a list of seven month's accounts from the chief colleges of the United States Senate, from the fourth annual Peace Oriental contract. Several plans fall into George Owen of the University of Oregon, and third place to United States Senator of Willamette University. The winners of the first and second place plans will remain prizes of fifteen dollars and fifty dollars, respectively, and the third place prize in the national contest.

"THE TENNIS IN THE INCLINE AT C. P. S.

The spring tennis teams have turned out this year more than any other year. There is no reason why we should not drive strong teams, both for men and women. The men's team has already been chosen and they are open to challenges. The team of tennis is: Daniel, Robinson, Nevels, Ginn, and Kaufman. The women's team has not been chosen, but will be by the end of this week. Two of our big names, Seniors, Mary Andersen and Ermine Warren, appeared on the place in the life of every student.

"ESPECIALLY VALUABLE ARE THE MORE VOLUMES PRESENTED"

Interest of the people of Tacoma, especially valuable are the more volumes presented is over 1,400. This spring more tennis fans have turned out than any other year. After having done our bit to put the play across successfully, it is only fair now that the Student Body give their unqualified support to the two Glee Clubs.
