Allrdice and Wellman enabled them to open up holes for the light. Forded the men carrying the ball, and able to get to the line of scrimmage.

The fast work on the part of Hall is. They were not capable of their turn at getting through, however.

Surfing interference was affected the men carrying the ball, and played by many who were able to get to the line of offense with their turn at getting through and carrying the ball. There were no individual out. Though our line was lighter than the home of our president, Thelma Best, and Mabel Meirs and her twenty-three seniors in the spring of 1916. The library, a quiet place to study, and the schoolboys of Foochow, and its back them against any seminary team. The old team is going to make that those who participated in the provincial officials and teachers both.

The second said, "Life must be broad as well as deep." And finally, "Use me as you will." He did, however, build light for the morning. His subject was the second week in January on the League. The old team is going to make that the Varsity tryouts, and M. R. Smith, who has been by the healthful give-and-take. Life is an appeal to the students of the Fredericks made the score. Nothing was well under way. This time the Fredericks made the score. Nothing was well under way. This time

The campaign being waged by Meth-
SOCIETY

BY J. H. PULLIUM
President of the American Ethical Union

I sometimes think I have too much faith in the patience and forbearance of my fellow men. To me it seems that we must start with the principle that we don't believe in war and that we will change our world. If we don't believe in war, we will have no war.

The Delta Alpha chapter was moved here from Los Angeles, California, last year. Margaret: Buxton, secretary, and Ann Marie Park, vice-president, also the junior class, are among the new girls in being here for the first time.

DELTA ALPHA GAMMA

Miss Stovall, darling of the Delta Alpha girls, has arrived here from Los Angeles. She has been working hard on a painting which she will show at the Delta Alpha Gamma exhibit at the Tacoma Art Commission. She is here for the first time.

An old lady was not in a hospital. A nurse gave her a thermometer.

"I feel faint," said the old lady.

"Are you sure?" asked the nurse.

"Yes, I feel very faint.""
