WELCOME ALUMNI, OCTOBER 27, 1930

TO THE ALUMNI AND FORMER STUDENTS

The College of Puget Sound has celebrated a new beginning to a new era in the history of the college. The college has undergone a significant transformation over the past century, and the current celebration marks a milestone in its continued growth and development.

The college has grown from a small, rural institution to a modern, urban campus with state-of-the-art facilities. The transformation has been facilitated by the dedication and hard work of generations of alumni and students, who have contributed to the success of the college.

As we celebrate this new beginning, we invite you to join us in marking this important moment in the history of the college. We look forward to welcoming you back to campus and sharing in the excitement of the new era.

WHY HAVE HOME COMING DAY?

For most of us college life loses a period of time short of the college years. We lose the feeling of a small world, the sense of belonging to a group, and the sense of community that makes college life worthwhile. A feel that the year is out for all of us and it is the time when the spirit of school is revealed and the memories of the past are cherished.

The alumni association is formed in order to bring together the old students and the new, and to provide a sense of continuity and tradition. It is a way of keeping the spirit of school alive and the memories of the past fresh.

The Western Conference of Audiovisual Education was founded in 1933 and is currently headquartered in Los Angeles. The conference is dedicated to the advancement of audiovisual education, and its members include educators, researchers, and professionals from across the United States.
