FACULTY

Professor Harwood and Dr. Wilks were the regularly elected delegates from the Pacific Northwest to the annual National Education Association meeting in Seattle and were present during most of the session. Other members, including those in attendance, were present at the Annual Business Session of the organization. Professors Guppy, Dows, Swards, Cooper, Gifford, and Wood were present throughout the meeting.

Display Illustrates History of Bible

Throughout the week the Library will have an exhibit illustrating the history of the Bible, from the earliest days to the present. There are included editions from the 15th century, Gospels of the Negroes, and several modern versions. The Translation appears in no less than fourteen distinct versions, ranging from the pre-reformation Gospels of Paul to the 20th-century American of Professor Grinnell.

Entertainment for Members

The Los Angeles chapter of the Literary Society's entertainment for members this week was a musical evening featuring Miss Bonney who sang duets, and Miss Joyce Hazelton, who accompanied on the piano.

Football Men Were Guests at Two Dinners

To honor the C. P. S. Football team, two dinners were given last week by the American Legion and the Pierce County Chamber of Commerce. The men of the faculty who had promised were present in holding the University of Washington game to one meeting of the quarter. The meeting was attended by Miss Barbara Bowden, the Pierce County Chamber of Commerce representative.

This year, the Legion sent a card to the faculty for their good work. The only speech of the evening was by Dr. M. E. King, Professor of Economics, who expressed appreciation for the hospitality shown the group by the Legion.

The Pan American Theology conference concludes at C. P. S., and its proceedings will be published at a later date.

C. P. S. Buildings Will Be Moved

The superintendent's department office will be in the new building this week. The present building will be moved to the new site.

The greenest, most down-to-earth of the Chicago four, was Miss Robinson, who has been made the first lady of the U. S. S. Mississippi bunch to 21 to 10 in a good showing, and it will be up early in the season, and that the student body to support the shows that they have some team during this week that they did better.

The Moon-Path

Edward George

I had never seen anything more beautiful than the sky filled with the stars. It was a beautiful night, but it was late, and I was tired. I had been walking for hours, and I was hungry. I decided to find a place to eat. I walked down the street and found a restaurant. The place was empty, and I was the only person there. I sat down at a table, and I ordered a meal. The food was good, but I was still hungry. I decided to order another meal. The food was delicious, and I was satisfied. I paid my bill and left the restaurant. I walked down the street, and I saw a moon. It was a beautiful moon, and I was in love. I followed the moon, and I found a place to stay. I was welcomed by the owner, and I was given a room. I was happy, and I was at peace. I knew that I had found my home. I was in love, and I was in love with the moon. I was in love with the moon, and I was in love with the stars. I was in love with the universe. I was in love with the moon, and I was in love with the stars. I was in love with the universe.
