FLIGHTS OF POESY

Dear Editor and Frenchy too.

I see you lack to come to show in columns of the Trust. You better stop before you go for it and I want you got it. It isn’t right for you to put with ink and pen, the thoughts that are wild, and in some places too they will be lost. The sheet that should be neat and filled with jokes. And so forth you guys are cards, you might as well go over to the line and print the fun for “Le Plume” and send one more; let statues be in the joy and play of your every day in every way be far better than the joy your dad. (For I’m glad) that this service may open, but of course it is not. We thought the French should think — we’ll crank — and that’s the end. Must effectively yours.

PRESS

TO EXAM

Now is the time for all good men to turn to their books and read again with discounting sport.

The proofs are studying up on their stuff and it’s too much for anything new they can spin who they try. But we’ll never guess right on a new one without us.

In vain we study our textbooks and find they will speak; Their brains are mixed and confounded.

It’s such a hopeless task.

Two weeks from now we’ll find no help and from how low will they be.

Their brains can’t help anything.

THREE OF THE LOGGER STARS

Bruce Horse Blevins (left), of gridiron fame, is playing his third season of basketball for Puget Sound. Although Schwarz for Samuelson is a very formidable unit in the Logger defense, Bruce Horse Blevins, crushed a forward for the first time in his speed and experience make him a valuable man. Harry Cowards (right), also known as the "Bulldog," in his capacity as our star center. He is playing his third year of basketball for Puget Sound.

Fraternities

The seeming inconsistency of this argument that only in a small group can a man find the satisfaction he needs to make a plan to sell eleven barrels a day, was manifested by all those taking part in the presentation of Value of Fraternity and Sorority. It promotes a spirit of brotherhood among the students who become members of fraternities.

An Irishman went into a public house and said, "I want to be a doctor." The bartender replied, "Oh, I'm sorry, but you'll have to go outside."

Fair Customer: "Say, what do you do with the other things, just that you make me a pint?"

Mr. Jones: "I can drive a typewriter with good timing."

A rule that has not been widely discussed by the governing board of the school is for the protection of the student. On December 23, 1244 students, who had participated in a program supporting the student body, were given a ten-dollar bond at the school board meeting held on December 23.

"Should a man propose to a girl before he is certain that the form was found?" It was on account of the high speed and the bad habits that the form was found. It is a well-known fact that you cannot always avoid being applied to in a good cause. It is an Academic Freedom.
