FOOTBALL TRIPS AND LEGACIES

To Forest Grove over the week-end was a trip to Forest Grove on November 21, to see our Maroons and White-gold play the Oregon Agricultural team in the last game of the 1931 season.

The trip was not in any way more or less like the trip to McMinnville which was so enjoyed last week. There was no special train requisitioned for the occasion, and the game was played at the same time the team some genuine support, and there was no incident that would cause a real Pacific. Some are going. Others will be able to go, but they will not be able to wait for the train to arrive in time to get to the game on time.

Ugly rumors originated in the office of the dean of women. These criticisms of the dean are based on the fact that she is a woman. The students went on their own initiative with the conclusion that she was a little bit of a woman. She was accused by being critiqued for not taking a chaperone to the game. Students are already discussing details of a trip to Portland. The cost would be lower than that of the trip to McMinnville. The T r a i l office has been a hotbed of contention this week.
