LUMBERJACK'S BASKETBALL IMPROVED
THREE MORE PRACTICE GAMES ARE WON
Lacey Farm Dairy, U. S. S. Colorado and Wheeler Ospawn Teams Are This Week's Victims; Scores 35 Points, or More in Every Game of Pre-Season
By defeating three teams on two consecutive nights, coaches that were pleased with the work of the basketball squad. College of Puget Sound hoopsters remained undefeated and unbeaten in league games at the end of the third week of play Tueday night the Loggers played host to a team representing the Lacey Farm Dairy, and then home facing with a 61 to 30 beating. The Lumberjacks, ranked as the No. 1 team in the NAC last week was almost entirely unable to defend themselves from the scoring threats of Galen Kunkel and Stan Bares who averaged 25 points each, to divide the highest scoring honors. Many, of the orches, and McCall who both played well, theguarding of the best men being especially difficult.

WOODDER TO MEET MATTSON IN FINAL HANDGAME BALL
Mill Woodard and J. K. Battson, having survived all elimination matches, will meet in the final of the college handball tournament some time during the Christmas vacation on the V. M. C. A. courts. Woodard reached the finals by defeating Len Moline, 21-18, 11-21, 21-19, while Mattson advanced by winning from Dave Martin, 21-14 and 21-19.

The tournament has run off in the V. M. C. A. courts through the courtesy of Charles R. Kentley, coach of the men's team, and the cooperation of W. S. C. Boosters, who donated $20.00 in prizes for winners. All games were played in the second set. The final game was played on Wednesday evening.

Woodard and Mattson will meet on Friday, December 18, at 7:30 p.m. at College Gymnasium.

Although individual scoring honors went to the skilled play of Woodard with 31 points, much credit is due to the boys of the locals who made 14 points and played in the part of the game. One of the reasons for the number of points made by the locals was the fact that Coach Mattson did a great deal in the direction of the course by the back and the new squad did not cooperate in as good a style as the first string.

The first game of the regular schedule will be played in Seattle on December 20, when the University of Washington team, through the Pacific Coast Conference champions who all will meet the team for the first time since 1930.

Followings are the lineups for all of the games this week:

Thursday, December 17, 1931

Alphy Chi Nu vs. Sigma Mu Chi, Thursday, Jan. 7; 12:05, Delta Pi Omicron vs. Independents, 0-0.

CLASS TEAMS ARE SELECTED
Freshman Basketball Squad To Be Chosen Today

After two weeks of hard and successful practice, the college’s women’s class basketball teams have been chosen, with the junior team especially close to select. Those chosen for the upperclass men’s teams were:

Senior
Franklin Wallbridge, Donald Finley, William McCarty, Ronald Wood, Joseph Dunn.

Junior
John Smith, George Johnson, Charles Brown, Robert Martin, Edward Davis.

Sophomore
James Miller, Robert Anderson, Charles Thompson, Edward Smith.

Freshmen
Mark Johnson, John Green, Robert White, Edward Lee, Charles Brown.

WHAT DO YOU WANT?
An observer is forced to ponder on just what college students require for entertainment. Dances are popular, but the majority find that something more is needed, after all small school is often matched against the vast proportion of students who do not dance. The movies draw a fair share of regular patrons from the college. The cultural entertainments which occasionally visit Tacoma seem to appeal to only a trivial minority of college men and women.

From these observations it would seem evident that all students would welcome campus activities. The athletic competition offered by the Logger teams has jumped to new heights this year; local talent here is unusually good in dramatics, debate and all forms of music.

A consistent few attend the plays, the concerts, the puppet shows, the cultural exhibits and the athletic games. The movies draw a fair share of regular patrons from the college. MOTHER NATURE’S REMEDY
Mother Nature takes care of her own. She protects them from the destructiveness of Man, and when he destroys part of nature, she hurries to repair the damage. Last Campus Day a group of men and women adjoining the basketball strip in front of the school, and nothing but tree stumps left. The same thing has happened to the azaleas and the holly bushes.
